

Cruel Heart Lover Novel

Chapter 171

Chapter 171

After listening to Selena's self-deprecating words just now, Little Treasure resolutely magnified his move...

Selena was both moved and worried, "Daniel, Rick must have inherited this from you. He is too good at pleasing girls! What will happen when he grows up! I can't imagine that if he can speak so well, How confused am I!"

Especially the last sentence, it just poked into her heart.

Call her a princess...

She has always wanted to be a queen, because then she can face all difficulties and obstacles without fear.

When facing Rick's "princess", her girlish heart that was hidden in the depths was drawn out...

Which girl doesn't want to be a carefree princess, she just has no choice.

Looking at his own son, Daniel sighed in his heart, this is no longer just heredity, but the fact that the blue is better than the blue.

Seeing Rick standing there looking up at her with a serious face, Selena chuckled helplessly, then leaned over and hugged him, "Okay, okay! I got it! Knowing that I am a good person in your eyes! The most beautiful! In the future, I will never belittle myself again, okay?"

Only then was Rick satisfied, imitating what she usually did when rewarding herself, and kissed her lightly on the cheek.

Selena couldn't help rubbing the little bun again, "Hey, what should I do, I really want to steal you away while your father isn't paying attention!"

Rick blinked his eyes, looked very expectant, and nodded in agreement, as if to say, steal it quickly!

Selena: "Pfft..."

Daniel: Why does he have a sense of seeing that he is the light bulb?

At the same time, in Susie's ward.

The reporters couldn't catch up with Selena, so they had to go back and continue interviewing Susie.

Now everyone is frantically looking for Selena, but she seems to have disappeared from the world. There is no news at all. The reporters have not blocked anyone in her apartment, film crew, or company.

If they knew that Selena lived in the ward on the same floor as Susie before, and had passed them just now, they would probably go crazy.

Roman felt sorry for Susie's body, and interrupted everyone after asking a few more questions, "I'm sorry everyone, Susie's injury has not recovered and her body is weak, so let's end today's interview!"

"Yeah, I'm not feeling well, I'm sorry everyone!"

Although the reporters were not reconciled, they could only express their understanding, telling her to recover from her injuries, and then left cooperatively.

Janice sent them out politely, "Thank you for your concern for our Susie. I believe that justice is in the hearts of the people, and you all have a steelyard in your heart. It is not easy for everyone to run back and forth on such a hot day. This is for everyone. Hard work!"

After finishing speaking, the assistant Cui Caijing next to her began to distribute red envelopes to everyone one by one.

The reporters knew it well, and they all agreed to help Susie seek justice.

On the hospital bed, Susie didn't know what to think, she showed a suspicious look, "Roman, what happened to those reporters just now? Why did they all run out suddenly? Is it really Selena?"

"No, they recognized the wrong person." Roman tucked the quilt for her, with a dazed expression.

Most of those reporters had never met Selena in person, but he was different. The figure he caught a glimpse of just now really looked like Selena, and he was almost sure that it was Selena herself.

But how is it possible? How could Selena be so close to a man with a child beside him?

Chapter 172

Late at night, Lu Zhai.

Selena watched the entertainment news online for a while, and was about to go to bed when several messages popped up on her sn.

It was sent by Roman.

Roman: Selena, where are you now? I saw a person in Susie's hospital today, was it you?

Roman: It is true that you have gone too far in this matter, you cannot rely on our guilt towards you to consume our patience towards you recklessly!

Roman: Escape cannot solve any problems, you owe Susie an apology!

...

Selena snorted lightly, then typed back to him: I bought a watch last year!

At this time, there was a knock on the door of "Dong Dong Dong".

"Please come in..."

Daniel pushed the door open and walked in, holding a cup of hot milk in his hand. Seeing that she was still lying on the computer, he immediately frowned, "Why are you still surfing the Internet? You need to rest."

"I was going to bed just now, but I got sick before going to bed." Selena complained.

Daniel walked over and handed her the milk, "What's wrong?"

Selena took the milk, thanked him, and then showed him the chat history without any shyness.

Daniel took a look, his face darkened, and then he showed a suspicious expression, "I bought a watch last year, what does this mean?"

"Pfft..." Hearing Daniel read this sentence in such a serious manner, Selena almost spit out the milk, and explained in embarrassment, "Ahem, this is Internet language, it's a sentence... a classic and straight sentence White cursing words!"

"Really? What is it?" Daniel humbly asked for advice.

Selena had no choice but to start teaching popular science in earnest: "I bought a watch last year whose abbreviation is wqnlgb... Well, do you understand?"

Daniel nodded and understood in seconds.

Selena heaved a sigh of relief. Fortunately, the Great Demon King has a high IQ, otherwise she would have been too embarrassed to say such curse words as "I'll go to your Marle Gobi".

After Roman saw Selena's reply, she immediately sent a lot of messages excitedly, all to the effect of telling her to "turn back to the shore of the sea of suffering".

Seeing Selena's clean and disgusting performance, Daniel expressed that he was in a good mood, "I have already contacted Susie for you."

"Really? What did you say?" Selena asked immediately.

Daniel took out his phone and opened an email for her to read.

Selena hurried over to take a look. After reading it, she was speechless, "..."

Apart from evidence and a receiving account, the email Daniel sent to the other party contained only a few words, without even punctuation marks – eight million in 24 hours

It was really Daniel's style.

"Not bad, not bad, the simpler it is, the easier it is to cause the other party to panic, that's good." Selena nodded her head in praise.

"When the money arrives, you can talk to Empire about terminating the contract, so as not to make things difficult for them deliberately, and then I will arrange a lawyer to accompany you.

I have asked Saul to prepare the contract between you and Shengshi, and I will show it to you tomorrow morning. If there is anything that needs to be revised, we will discuss it at that time.

After signing the contract, Shengshi will hold a press conference for you at the right time to release the evidence. After that, we will start the legal procedure..." Daniel's voice was as low as a cello, and he said the next plan and arrangement calmly.

Selena was stunned for a moment, except for nodding, she just nodded, and then subconsciously asked, "Then what else do I need to do?"

"Eat, sleep, and take care of your body."

"Oh..."

Chapter 173

Imperial First People's Hospital.

Susie was lying comfortably on the hospital bed, holding red wine in one hand, and scrolling through Weibo with the other. Looking at the words cursing Selena on the Internet, she felt happier than ever.

While massaging her calf, Cui Caijing said flatteringly, "Sister Susie, your legs are so beautiful, long and straight!"

In fact, it is just a little better-looking than ordinary people. Every year, millions of dollars are spent on maintenance and plastic surgery. Can it be better than ordinary people?

Susie liked such compliments very much, and said in a smug tone, "It's innate."

Janice on the side was always a little restless for some reason, and said in a worried tone, "Susie, you said that Selena hasn't shown up for so long, is it because she is thinking of some way to blackmail us?"

Susie taunted her disdainfully upon hearing the words, "You overestimate her too much, even if she is slept with a hundred times, this matter will not be reversed!"

"That's right, in the entertainment circle, the consequences for an artist with such a serious misdemeanor are no less than Jia Qingqing's. It's useless for anyone to help her clean up!" Janice calmed down a little, "By the way, I just told Selena I sent an email with an ultimatum, informing her that she must come to the company before 6:00 pm tomorrow, otherwise she will be banned, and I don't believe she won't show up tomorrow!"

"Remember to arrange more reporters to wait for her!" Selena laughed heartily.

Just as she was replying to a fan's comment about her injury, a reminder of a new email popped up at the top of the screen.

Who emailed her so late? And it was sent from her personal mailbox...

Susie didn't pay much attention to it, she opened it casually, just glanced at it, and stayed on the spot for an instant, spilling the red wine in her hand.

"Oh, sister Susie, what's wrong with you?" Cui Caijing hurriedly took a tissue and wiped it for her.

"What's the matter Susie?" Seeing Susie's terrified expression, Janice also asked suspiciously.

"Look for yourself!" Susie shook her hands and threw the phone on Cui Caijing's head angrily, "How on earth did you manage to leave such a big

hole! Why did you send that email in my apartment? Didn't I tell you to use an anonymous account to send money?"

Cui Caijing was knocked dizzy for a long time before she came back to her senses, she was also stunned after reading the emails on her phone with her forehead covered, and said in a panic, "Sister Susie, you can't blame me, mine really works It's an anonymous account! As for the email...you were there when I sent the email, and you didn't say anything!"

Susie smashed the wine glass, "If I don't tell you, can't you think of it yourself? If you want me to tell you everything, what's the use of you?"

After reading the email, Janice's face was full of solemnity, "The thing I was most worried about happened! I was afraid that someone would discover some flaws... Who sent this email? Could it be Zhang Qiang?"

Susie's face was sullen, and she said in a firm tone, "Impossible! Zhang Qiang is just a ra5cal with a primary school education and doesn't even know what an IP address or an anonymous account is!"

"Then this matter is really strange... Anyway, apart from us, only Zhang Qiang knows about this matter. The news must have leaked from Zhang Qiang! Could it be that he conspired with someone? Ask everywhere!" Janice said anxiously.

Susie ran wildly back and forth in the ward, "What's the use of talking so much nonsense? The focus now is how to solve this matter!"

Chapter 174

Janice calmed down and comforted her: "Susie, calm down, the email said that we should transfer 8 million to that account within 24 hours, obviously it was for the money! Just give the money! As long as you can Things that can be solved with money are nothing!"

Susie said irritably, "Eight million! Only one day! Where can I get so much cash?"

Although she earns a lot, she spends even more. She usually puts on a facade to please the Ning family and people in the circle. Why not spend money?

"If you gather around... you can barely make it together!" Janice pondered. I thought that the other party would really make an offer, and it happened to be stuck at their maximum tolerance.

At this moment, Susie suddenly thought of something: "Since the other party can check our information, why can't we?"

Janice shook her head, "Is the anonymous account so easy to check? This requires hacking into the banking system! Even if you pay someone, you can't find a hacker who can reach this level in a while! Besides, Even if we find out who it is, so what? Our handle is in the hands of the other party, this money... No matter what, we still have to give it!"

"Dmn it..." Susie glared at Cui Caijing who was hiding in the corner, "It's not enough to succeed, it's more than nothing to fail!"

If it weren't for the fact that she held the handle of this person in her hand, she would have been driven away by now.

Cui Caijing wanted to refute, but dared not speak out, she really died innocently...

Susie tried her best to recover from the panic just now, and forced herself to calmly urge, "Sister Chang, help me raise money now! Quick! Also, hire a few more sailors, and within a week, we must let Selena will never stand up!"

"Susie, anyway, we have Zhang Qiang's confession, tell me... Shall we put her in jail once and for all?" Janice tentatively suggested.

“No, although the Ning family doesn’t want to see her, it’s not enough to let her go to jail. Remember, don’t let her terminate the contract. It’s best to let her stay in the company for the rest of her life to pay off her debts, otherwise she will run back to Ning Home, I will not be able to control it when the time comes...

Also, in case something happens tomorrow, I will arrange a competent lawyer for you! ”

Susie racked her brains to tell them one by one, and only after she made sure that she had missed nothing did she feel at ease.

Everything went well at first, but I didn’t expect such a big mess in the middle. Fortunately, what Janice said was right, things that can be terminated with money are nothing, and she will never allow any mistakes to happen in the next thing!

...

the next day.

Selena successfully got the 8 million. At 6:00 in the afternoon, she went to Starlight Entertainment accompanied by the lawyer Daniel arranged for her.

It was the time when the employees got off work, and everyone saw Selena with a stunned expression, and then they frantically ran around telling each other, sending messages and taking photos to the group’s online Weibo...a thing that evaporated from the world Selena finally appeared!

“Oh my god! Selena! It’s really her! How dare she show up!”

“That’s right! You’re really brave! If I’m sure I’m going to run away, why come back?”

"That's right. After this incident, she will definitely not be able to get along in the entertainment industry. She might even be accused of going to jail. Why don't she just run away!"

"Did you see the man following her? He looks like an elite! What's his background?"

"It's not like a lover, is it an assistant?"

"How is it possible! You are so down and out, can you still afford an assistant?"

"Shouldn't people be allowed to come out with a benefactor?"

"Hehe, I would like to see what kind of benefactor has the ability to settle such a big matter for her!"

...

Chapter 175

reception room.

After seeing Selena's appearance, Janice showed her expected smug expression, "Our big star Ning is finally willing to show up! But I've been waiting so long!"

As he spoke, he looked at the cold-faced man beside Selena with some strange eyes, "Who is this person? Don't you know that the company can't bring outsiders in?"

Selena squinted at her, "I'm a lawyer."

"Yo, there's a lawyer!" Janice thought she was just invited here to make a big splash, and snorted coldly with disdain, "It's this time and you're still playing tricks on me, do you know that you How much trouble did you make? If I

hadn't repeatedly pleaded with the company for you, you would have been blocked long ago!"

Selena frowned slightly, and chuckled, "Heh, you plead for me? Then, sister Chang, what is the result of your pleading?"

Janice threw her a speech, "Next, the company will hold a press conference. As long as you apologize publicly at the press conference and automatically withdraw from the crew of "The World", Master Susie has a lot of options not to sue you. A chance to reform. It's just an entertainer with a corrupt character like you, even if I try my best to protect you, I'm afraid no crew will dare to use you."

Janice gave her another jujube after hitting the stick, and said with a sincere expression, "However, don't be discouraged. If you sincerely repent, the company will not leave you alone. You must know that some directors don't care It's scandalous, no, I just accepted another film for you, as long as you work hard, you still have a chance to make a comeback!"

Selena looked at her with a half-smile, and said in a low tone, "A big production... I don't know which big production Sister Chang picked up for me?"

Seeing that Selena had taken the bait, Janice gave her a mocking look, and then said, "Are you still afraid that I'll cheat you? You've heard of "Laughing Spring Breeze", right?"

Selena's fingers tapped the armrest intermittently, "Jiang Penghai's new work?"

"That's right, it's Director Jiang! As you know, Director Jiang's films are not unpopular. When he was filming in Hong Kong City, Guo Qisheng didn't know where he was!"

Hearing Janice's serious praise of Jiang Penghai, Selena almost laughed out loud, and then her eyes lit up suddenly, "Sister Chang, if you want me to sell it, just tell me! Don't be so devious!"

This Jiang Penghai was the one who took pictures, and after he was purged, he didn't have much whiteness. The most criticized thing is Jiang Penghai's character.

This guy is extremely horny, he has slept with almost all the actresses in his crew, and was almost sued for having sex with a minor last year.

It's really hard for them to choose such a big movie and such a director for her.

Janice frowned when she heard this, "What do you mean by asking you to go out and sell it! Isn't it just bigger? Why, you're not willing? You're the kind of guy, if it wasn't for my strong recommendation, they might not be willing to have you! You Think about how much loss you have caused the company this time? If you can't take over the show, are you going to let us support idlers?"

"I'm sorry, I won't accept this scene." Selena didn't bother to listen to her refresh the lower limit there, and directly refused.

Janice broke out on the spot, and slapped the table hard, "Selena, don't listen to the arrangement again and again, do you still have my agent in your eyes? Let me tell you, if you don't want to take director Jiang's play, you have to take it! "

"Manager?" Selena sneered, "You won't be any more soon."

"Hehe, you still want to change your manager? It depends on whether someone from Empire dares to take you!" Janice was confident.

"What I want to change is the company."
