

# Cruel Heart Lover

## Chapter 181

Lu house.

Selena coaxed the little bun to sleep, made another mask, and was about to have a good night's sleep, when suddenly the phone screen flickered and a call came in.

Caller ID, Ning Yaohua...

Selena narrowed her eyes, then walked to the balcony and connected the phone.

"Hey..."

"Hey! Don't you know how to call father? What about your upbringing!"

"Are you sure you want to argue with me on this issue again?"

"I wish the Ning family didn't have you, but you have the blood of our Ning family on your body, no matter how hard you try to erase it! Those dirty things you did outside were also our Ning family's. Face!"

"Heh, the dirty things I did... Was it Susie again?"

"Is Susie still talking about this? It's being talked about everywhere on the Internet now! It's said that you are a snake and a scorpion, you are unrepentant, and...you are still being taken care of by others, you are not ashamed but proud, showing off in front of people everywhere!"

Don't say that I wronged you again. I have had people waiting for you outside your apartment for several days and I haven't seen you come back. Instead, tell me where you live these days? Where did the money come from?

I'm warning you Selena, I'll give you one last chance, you come back immediately and apologize to Susie! Also, I have arranged a serious job for you. In the Singapore branch, the air ticket has already been booked. You pack it up and leave the day after tomorrow! "

Heh, I exiled her once five years ago, and actually wanted to exile her again five years later...

Selena said each word, "Chairman Ning, I do have the blood of the Ning family flowing through my body, but you didn't educate me for a day other than donating a sperm, so I'm ashamed and thrown to the Pacific Ocean." , and it is not your turn to talk about me, let alone your turn to intervene in my life!"

"Selena! You're presumptuous! You think carefully about the consequences of angering me! You..."

Selena hung up the phone directly, blocking the roaring sound from the other end of the phone.

This time, her heart was unusually peaceful, without anger, disappointment, or sadness.

"Selena..." A soft call suddenly came from beside her.

Selena turned her head and saw Daniel looking at her worriedly on the balcony next door.

Selena said unexpectedly, "Uh, Daniel...you haven't slept yet?"

Daniel walked to the edge of the balcony near her, "Come out and check if you hear the sound from the balcony, are you alright?"

Selena shrugged her shoulders as usual, "It's okay, Ning Yaohua's phone calls are always the same set of words, I will recite them."

Daniel was not very good at comforting others, across the balcony, he reached out and rubbed her head, "Don't be sad."

Selena smiled, her brows and eyes under the starlight were calm, "I'm not sad. In this world, those who can hurt us are those we have given affection to, and the more we care, the more hurt we will be. But Now, I won't get hurt again."

Because don't care anymore.

That time in the hospital was the last time she felt sorry for those people, and she would never do it again.

"Okay! I'm going to bed! I have to get up early tomorrow! Good night!" Selena waved at him.

"Get up early? There's nothing to do tomorrow, you can sleep more."

"I have to get up early to go grocery shopping!"

"What do you do grocery shopping?" Daniel was puzzled.

"Of course it's cooking! I promised to cook a meal for you and Rick last time, but I haven't done it until now!"

"Your health is just better, don't rush for a while."

"It's not tiring to buy a vegetable and cook a meal, and it happens to be free tomorrow, so it's settled! By the way, remember to eat less tomorrow morning and save more stomach. You will definitely want to have an extra stomach!"

Seeing the girl's proud expression, Daniel smiled lightly, "Okay."

## Chapter 182

Early the next morning.

Selena wore a light pink long dress, paired with white low-heeled sandals, and put on a refreshing light makeup. Her long, naturally curly hair was straightened and slung over her shoulders, with the pink heart still sandwiched between her temples. Hairpin, in short, she looks like a very good wife and mother.

Daniel, who was sitting on the sofa and reading the newspaper, was slightly taken aback when he saw her, "Your body..."

If she doesn't need to go to any special occasions, Selena usually dresses in a simple and light style most of the time. This is the first time she has seen her dressed like this...a lady.

Selena jumped up to him excitedly, "How is it? Does it look like a married wife?"

Daniel looked at her, the light in his eyes had a profound meaning: "It's very similar."

Married wife.

Really beautiful four words.

"Hey, that's good! This way you won't be slaughtered when you go to the vegetable market!" Selena nodded in satisfaction, "Then I'll go!"

Just as he was about to take a step, his legs couldn't move.

He was hugged by the little bun again.

Selena looked at her "leg pendant" dumbfounded, "Honey! Why did you wake up so early?"

Rick rubbed his sleepy eyes, stretched out his arms, and motioned for a hug.

Selena had no choice but to pick him up, "I'm just going grocery shopping, I'll be back soon!"

The little bun still hugged her neck tightly.

"Can I go with you?" At this moment, Daniel asked from the side.

Selena blinked, "Hey, you guys are going too?"

"Just take Rick out for a walk." Daniel said.

The little bun on the side also nodded vigorously.

Selena scratched her head, "Of course it's possible! It's a place like a vegetable market, and it might be a little messy! I didn't go to a supermarket, but a big market a little far away. The ingredients there are the freshest!"

"It's okay, let's go." Daniel put down the newspaper and picked up the car keys.

So Selena's one-on-one trip turned into a threesome with Little bun and Big bun.

underground garage.

Looking at the row of dazzling luxury cars, Selena swallowed salivatingly, especially after seeing her male god "Xiaobai".

Seeing Selena staring intently at the white Bugatti supercar, Daniel asked, "Drive this one?"

Selena came back to her senses and quickly shook her head, "Of course not! We're just going to a vegetable market, what's the fuss about driving a supercar! Do you want a low-key one?"

She glanced at it briefly, but there was really nothing...

How could there be...

Daniel nodded, "Yes."

After speaking, I don't know what switch was pressed, and a black car was transported out of another compartment.

This is a family scooter with a price of around 500,000, and it seems to be brand new.

Selena nodded repeatedly, "This is a great car!"

However, why did Daniel have such an out of place car here?

Daniel seemed to see her question, and explained, "This was prepared for you when you first came here, but you never drove it."

"Ah..." So this is the scooter that Daniel prepared for her back then.

Looking at Daniel's slightly lonely expression, Selena felt as if she had made a huge mistake, and quickly explained, "That's because it's more convenient for me to take the subway, and there are no traffic jams!"

After finishing speaking, he hurriedly changed the subject, "Let's go quickly, the good products will be picked out by others! It will affect my performance at that time!"

## **Chapter 183**

On the way of driving, Selena opened the car window, the morning breeze was slightly cool, it was very comfortable to blow on her face, and it also dissipated the pent-up mood of the past few days.

Daniel turned on the radio, and soft music wafted from the car...

The confession balloon is blown across the street smiling and flying in the sky

You said you were a bit difficult to follow and wanted me to quit

You don't need to choose the most expensive gift, just the fallen leaves of the Champs Elysees

Oh make a romantic date not afraid to screw it up

Own you, you have the whole world

My dear, falling in love with you has been sweet and easy since that day

Don't let your eyes go baby

saying i do

...

The melody of this song is very sweet, bright and light like summer, but Selena always felt something weird when listening to it.

It's obviously just going out to buy some food, why is it like a date?

And the lyrics... For some reason, she always feels guilty when she hears it!

Half an hour later, in such a delicate atmosphere, I finally arrived at the vegetable market.

"Do I need to buy you a mask?" Daniel asked worriedly. In order not to be disturbed, he did not let the bodyguard follow him this time.

"No need, the working people here don't have so much time to care about gossip. Besides, I'm such a lady today, no one knows me. Compared to me, I think you and Rick need masks more!" Selena teased .

Although it was still very early, there were already many people in the vegetable market, and the crowd was bustling.

Selena was worried that Little Treasure would not get used to it, so she bent down and picked him up.

It was the first time Rick came to this kind of place, looking around all the way, his little head shifted from her left shoulder to the right shoulder, watching very intently.

However, the little bun had grown some flesh recently, so it was really heavy, and Selena struggled to hold it for a while.

Daniel on the side took Rick from her hand in time, "Let me hug you."

The little bun was already in Daniel's hands, but his hands were still tightly grasping Selena's neck.

Daniel's face was serious, "Do you know you are very heavy?"

When Rick heard the words, he immediately had a shocked expression, just like a girl who was said to be fat.

Although Selena thought it was quite funny, she hurriedly comforted her, "Don't listen to your father's nonsense, you are not heavy at all, and you can be a little fatter. It's just that Dad is more stable when holding you, and he is taller, so he has a better vision when holding you. Good!"

Little Treasure was barely coaxed, but he didn't want to look at the scenery anymore. He stared at Selena all the way, as if he was afraid that she would be pushed away by the crowd, and whenever he saw that she was a little far away, he would reach out to reach her.

"Wow, the fish over there looks so fresh!" Selena sneaked to a stall like a loach.

Daniel glanced at the girl, then freed his other hand to hold hers.

Selena froze for a moment, then subconsciously looked at her grasped hand, her palm felt hot.

"Little Treasure is very worried that you will get lost." Daniel looked helpless.

Selena glanced at Little Treasure, only to realize that the little guy looked anxious.

"Hey, ma'am, do you want more of this fish?" At this time, the aunt selling fish next to her asked.

Selena hurriedly said, "Yes, yes, I've looked around for a while, auntie, you are such a watery fish!"

"Ma'am, you have a good eye. You can ask casually, and you will know that my fish is the best in the whole market!" The aunt looked proud.

Selena listened for a long time before realizing something was wrong. This aunt called her "Madam"?

Obviously they misunderstood that they are a family of three...

## **Chapter 184**

Forget it, it's troublesome to explain, and Selena didn't bother to explain, "Auntie, give me one!"

"Okay!" The aunt weighed in a very honest way, and gave her a lot of weight.

After selling the fish, the aunt looked at the man holding the child in her arms with admiration, "Madam, you are so lucky, your husband and son are so handsome!"

Even in a place like the vegetable market, with a baby in his arms, Daniel still has an outstanding temperament, which is really a talent.

"Haha, really? But I'm handsome too!" Selena joked.

"Yes, yes, the whole family is handsome! Especially your little one, who is so attractive! It has completely inherited the advantages of you and your lover! Come, Auntie will give you a small one!"

Selena touched her face subconsciously, did she inherit her and Daniel's strengths?

It seems that this is not the first time I have heard this statement...

Next, Selena and Daniel, who was holding Rick, almost became the focus of the entire vegetable market. No matter where they went to buy something, the stall owner would give away something, onion, garlic, eggs, fish and shrimp, everything. Selena's There's almost no room in the basket.

Selena excitedly exclaimed with an expression of discovering a new way to make a fortune: "I never thought that bringing Rick would have such benefits! Next time I will bring Rick!"

Rick nodded.

Daniel: "Okay."

In the end, the three returned home with a full load.

Selena was in a good mood all the way, but she suddenly remembered something and called out, "Daniel, do you know my apartment? Turn left at the intersection ahead!"

"Yes, you want to go back?" Daniel drove the car to her apartment downstairs with ease. Even if he only came once.

"Enn, I'm going to get my super secret spice! Wait for me!"

"it is good."

Selena trotted into the apartment building, and quickly came down with the spices. When passing by the lobby, the girl at the front desk hurriedly stopped her, "Hey, wait, it's Selena, right? You have two couriers, it's been a few days, do you want more?"

After speaking, he looked at her recklessly with extremely gossip eyes, thinking that this Selena hadn't come back for a long time, so she must have been adopted long ago...

Selena pretended not to notice her scrutiny, and took two boxes, one big and one small, and left.

Walking to the door, I saw Rick in the opposite car lying on the window looking forward to seeing him from a distance.

Selena's eyes were warm, and in the next second, three black-clothed men who looked hostile at first sight suddenly ran towards her...

Selena's eyes lit up because of the conditioned vigilance, she immediately put down the things in her hand, tore open the hem of the skirt forcefully, and kicked one of them when she rushed up.

Unprepared, that person was kicked out, and the two men next to him were stunned for a long time before they came back to their senses, and then they attacked her with even more fierce expressions...

Selena was too ladylike today, causing her movements to be restricted everywhere, and she couldn't settle the two of them immediately.

When they were fighting with the two, another person rushed up behind him, grabbed her arm, and tried to tie her with a rope.

Selena was about to fight back when the man's hand suddenly left her arm and let out a heart-piercing howl.

She could almost hear the cracking sound of the bone breaking in that person's hand...

Selena looked along the man's arm, and saw Daniel who had gotten off the car at some time and arrived with a frosty face, a terrifying murderous look, and his palm was firmly strangling the man's wrist...

## **Chapter 185**

Daniel's hand twisted for some unknown reason, and then he saw that person turned sideways in a circle and was thrown out. He fell to the ground like a torn sack, motionless...

It was probably because Daniel's attack was so brutal that the other three all looked at each other and retreated subconsciously.

"All right?" When he turned to Selena, Daniel's eyes still had a little hostility.

Selena nodded blankly, "I'm fine..."

She had never seen Daniel make a move, and most of the time she even felt that Daniel was gentle and refined, but she never expected his skill to be so...amazing...

At this time, a black Ferrari slowly pulled over, and a person stepped out of the car.

It was Ning Yaohua in a giiioaran haute couture suit.

Ning Yaohua looked at the man next to Selena with eyes looking at trash, and then looked contemptuously at the car parked downstairs in the apartment building, "Selena, this is the man you've been hanging out with all these days? Drive a broken car worth hundreds of thousands!"

Selena was so angry that she almost laughed, "For you, the standard to judge a man is how much money he drives?"

According to what he said, he didn't care about her being raised, but whether the person who raised her was powerful enough?

Wouldn't it be more noble for her to be taken care of by someone who drives a Bentley?

"If you don't look at the car, do you still look at the face? I thought you found someone who is sacred! You actually found a half-baked boy! It's getting better and better!" Ning Yaohua cursed.

Although this man looks good, but driving this kind of car, at most he is just a small boss of a small broken company.

Selena: "..."

He actually said that Daniel was a jerk...

After Ning Yaohua scolded Selena, he looked at Daniel domineeringly, "Who are you! Do you know who she is? Even my Ning Yaohua's daughter dares to play with her! Believe it or not, I won't let you get along in the emperor!"

Selena: "..."

Daniel cherishes words like gold in front of outsiders, but now he is even more condescending when facing Ning Yaohua, without even giving him a straight look.

Ning Yaohua wanted to continue humiliating the other party, but for some reason, his heart felt inexplicable chills, and he was suddenly speechless.

Why does a small local boss have such an aura...

Hmph, his ineffective daughter must have been deceived by his pretense!

"Selena, what I said last night is still valid, it's still too late for you to choose to go back with me!" Ning Yaohua said in a benevolent tone.

Selena curled her lips and hugged Daniel's arm affectionately, "I'm sorry, I chose my little boy! You should go where you came from!"

"Selena! You will regret it!" Seeing the two leave arm in arm, Ning Yaohua was furious, and then told the bodyguard beside him with a sullen expression, "Follow them!"

There were too many things that surprised him today. One was Selena's skill. In his impression, his daughter was so weak that she couldn't hold her back.

In addition, it is the identity of this man.

He always felt that something was wrong...

back to the car.

Selena immediately scratched her head and apologized to Daniel, "I'm sorry! You got scolded for inexplicably..."

"It's okay." Although he was scolded, Daniel was not angry at all at the moment.

The reason, of course, was because of Selena's last hug, and even the word "little white face" became a sweet nickname because she added the attributive "my family" in front of it.
