

Cruel Heart Lover

Chapter 186

"Have you been scared, baby?" Selena looked at Rick worriedly.

Rick shook his head, clinging to her arm holding her, his expression didn't look frightened, but rather sullen.

Why is he only five years old?

I really want to grow up quickly.

This way she can be protected instead of just watching from afar.

Daniel obviously saw through his son's thoughts at a glance, this is your father's job, so don't covet it anymore.

"Not many people know my address. Who sent me the courier..." Selena muttered as she picked up one of the courier boxes to look at the sender, but the writing on it was too blurred and she couldn't see clearly.

Just as Daniel wanted to ask her if she needed a knife, Selena had already skillfully tore open the package with her bare hands.

This is probably a must-have skill for every girl.

After opening the express box on the outer layer, I saw a bottle of perfume lying in an exquisitely packaged square gift box, and a very simple note: Happy birthday.

Daniel looked very happy when he saw Selena's expression in the rearview mirror: "Friend?"

Selena put the perfume back carefully, and then said, "It's my cousin! Didn't I tell you before that my second uncle has a son and three daughters? That son is not his son, and the other two daughters are outsiders. My second aunt only gave birth to one illegitimate daughter, my cousin Ning Tianxin!"

Daniel looked slightly relaxed, it turned out to be his cousin. Well, my cousin is fine.

Selena showed a nostalgic expression, "During the Ning family, Sister Xin was the only one who treated me well. Although her temper was quite cold, she was actually cold on the outside and hot on the inside.

It's a pity that I didn't get close to her at first because she looked too cold and cold. She reminded me several times to pay attention to Susie, but I didn't take it seriously...

Speaking of which, Sister Xin's personality is quite similar to yours, she looks cold on the outside, but she is actually a very nice person! "

Daniel: "..."

Be praised. But I don't know if I should be happy or not. Is this the legendary good guy card?

After Selena finished speaking, she continued to unpack the second courier.

This courier is not illegible, but the sender is not written at all.

"Huh? Anonymous delivery... I've been hacked so badly recently, shouldn't I just open the anonymous delivery casually at this time?" Selena shook her head as she spoke, there was no sound inside, and she couldn't hear anything.

"I'll help you take it apart." Daniel stretched out his hand from the driver's seat.

"Ah?" Selena was just about to say how can you help me dismantle it when you're driving, but she saw that Daniel's hands had left the steering wheel, but the car was still driving smoothly, and even turned a corner by herself at the intersection ahead.

Selena was stunned, "What... what's going on with this car?"

Daniel replied calmly, "The system has been changed a bit."

Selena: "..."

Although unmanned driving is not uncommon now, but you actually change it yourself? ? ?

Only then did she realize that although the appearance of this hundreds of thousands of cars is a fairly common mid-range brand, the interior and structure inside are all different.

Could it be that Daniel just borrowed a shell and changed all the interiors?

The seat under the butt0cks should not be leather, right? This metal armrest is so shiny, it must not be some high-tech material, right? The Ping An jade pendant hanging in front of it is so crystal clear, it must be... the best ice species...

I just can't keep thinking about it...

Selena managed to come back to her senses, and then nervously reminded Daniel in front of her, "Daniel, be careful! If the express delivery really..."

As soon as the voice fell, there was a "bang"...

Chapter 187

Countless glitter and sequins exploded in the surroundings like a mushroom cloud, and all of Daniel's hair, clothes, and face were covered all at once.

If you look closely, you will find that there are many shiny things scattered inside the things that exploded, which seem to be... diamonds...

This familiar way of sending things, you don't need to ask to know who it is.

Only this time it was even more sinister.

People are throwing money at people, but he is throwing diamonds at people!

Although the number of carats is not large, but with so many of them together, one ring for each person is enough for hundreds of young men to propose marriage!

Not only Daniel, but Selena and Rick in the back seat were also affected a little bit, their bodies were full of sparkles.

Selena: "..."

Daniel: "..."

Rick: "..."

Selena wiped her face, then helped Rick wipe her face, and then quickly leaned over to help Daniel pick off the messy things stuck to his body, "I'm sorry, I'm sorry... are you okay? Did you get any in your eyes? ?"

Daniel flicked his hair, shaking off a layer of broken diamonds and a small piece of paper.

When I twisted it up, it said: Happy birthday, dear, are you satisfied with what you see? ...ys

"You..." Daniel looked at her with a slightly complicated expression, "You like this way?"

He began to reflect on himself, was his expression too tactful compared to others who were simple and direct?

Selena was speechless, "Do you think I like it? One can still be said to be a surprise, and the rain of flowers all over the sky is completely terrifying, okay? Daniel, although you are rich, you must never You can chase girls like this! If you want to chase someone, I can teach you later! Baojiabaohui!"

The corners of Daniel's mouth curled slightly when he heard the words, of course he couldn't ask for more: "Okay."

At this moment, out of the corner of his eye, he caught a glimpse of a car following them from the rearview mirror.

It seems to be Ning Yaohua's car.

Seeing that Daniel's expression was not right, Selena followed his gaze and found the car, "Dmn! This guy is not finished yet!"

"Do you need to get rid of them?" Daniel asked.

Selena pondered for a while, then shook her head, "Forget it, don't worry about him, they won't be able to get in anyway. Rick is still in the car, it's too dangerous to drive too fast."

"Ok."

Ten minutes later, Platinum Emperor Palace.

Daniel's black car, which was extremely inconsistent with the luxury cars coming and going, slowly drove up to the gate.

When there were still a few meters away, the guard saluted respectfully, then opened the door graciously, and watched until the car was out of sight.

Afterwards, Ning Yaohua, who was following closely behind, was stopped immediately.

"Hello, please show your pass." The guard looked businesslike.

Ning Yaohua looked anxiously at the black car that was invisible at the corner, and asked impatiently, "What pass?"

"If you don't have a pass, you can ask the residents inside to call me and tell me," the guard said.

Ning Yaohua frowned, "Then why was the car just now allowed to go in?"

"He is our resident," replied the guard.

"What?" Ning Yaohua's expression changed instantly.

Is there something wrong?

This is the Platinum Emperor Palace! The top richest gathering place in the imperial capital! There is a price but no market!

How could that little boy with a broken car be a resident here?

Could it be... Could it be that he is the housekeeper or special assistant of some family, or the illegitimate child of some family?

Chapter 188

After twists and turns, the three finally got home smoothly.

I carried my things into the kitchen in big and small bags. The first thing I did was not to cook, but to take a shower.

All three of them were covered with sequin powder and small diamonds to varying degrees, and they might lose tens of thousands of dollars as they walked, causing Selena to pay attention to her feet while walking, which was also a crime.

After coming out of the shower, Selena deliberately changed into clothes that were more convenient for her to move around, as if she was going to have a big fight.

"Do you need help?" Daniel and Rick also went downstairs.

Selena rubbed the smelly little treasure in her arms, "Ask Wanwan to come over and help me. You two can go watch TV and wait to eat. Just wash it, so don't get dirty again!"

"Wanwan isn't here, they are all on vacation today," Daniel said.

"It's a holiday?" Selena thought for a while, and decided that it would be better for Rick to participate in person, so she said, "Then come over here, do you have an apron? I seem to have forgotten to buy one when I went out just now!"

"There should be." Daniel dug out a plastic package from the pile of vegetables he bought just now, and after opening it, there were exactly three aprons inside, the same style and color, and two large ones and one small one.

"Huh? When did you buy it?" Selena asked in surprise.

"Given by the girl who sells crabs."

“Uh, well...” There are really all kinds of gifts!

Selena brought over the small apron and called out to Rick, “Come here, Rick, I’ll help you wear it!”

Rick opened his short hand with great cooperation and anticipation.

Selena helped him put it on, fastened the belt, and sighed, “Baby is so cute even in an apron!”

As soon as he finished speaking, he turned his head and saw Daniel, who was wearing a pink apron over his casual clothes... he was still so handsome...

And there is an unexpected contrast.

“No, no, no... I can’t resist the urge to take pictures again!” Selena ran to get her phone over and started to take pictures. From time to time, she stuffed tomatoes, big ribs, etc. into Little bun’s hands as props .

The cute little bun is paired with a big cold bun. It should be a very unharmonious picture, but after being in the same frame, it is extremely loving.

“Want to take a picture for you?” Daniel asked suddenly.

“Ah? I don’t need it...”

“Help you take pictures with Rick.” Daniel helped her put on the apron while talking.

Little Treasure couldn’t wait to rush towards Selena.

In fact, Selena didn’t want to leave too many traces and memories in her heart, but she couldn’t hold back Rick’s expectant eyes.

Forget it, what do you think about so much! If you have wine today, you are drunk today, and you will worry about it tomorrow!

After Selena and Rick were in the same frame, their painting style became much more consistent, and they took Rick to do a lot of cute and funny poses and movements.

For example, she asked Rick to hold a piece of lotus root in his hand, and made a gesture of launching a shock wave, and Selena coordinated with the gesture of being knocked into the air... In the end, he almost forgot about cooking!

"I'll go, Daniel, you are decathlon! How can you take such good-looking photos! The composition and lighting are so perfect!" Selena flipped through the photos on her phone, amazed.

I really want to use it as a phone desktop...but I can't.

After all, Rick has a special status, and she usually pays attention not to disclose any information about him.

If she had such a cute son, she would definitely show off every day until everyone blocked her!

Chapter 189

With the cooperation of the three of them, a big meal was quickly prepared.

Salt and pepper pork trotters, crayfish with fragrant sauce, spicy crab, roasted leg of lamb, pan-fried veal...

Most of them are big dishes, and most of them are meat dishes, it's a struggle for Selena who needs to keep fit!

After all, Rick was still a bit skinny, and Daniel needed to make up even though he was so tired from work.

Looking at the delicious dishes on the table, Daniel looked a little surprised, "Now I believe what you said."

"What words?"

"Being a cook."

Selena laughed heartily, "You think I'm exaggerating! Although I'm unfamiliar with it, I've been practicing for many years!"

"You originally wanted to be a cook?" Daniel was puzzled.

Selena's smile dimmed a little, "Don't laugh at me when you say it, I don't want to be a cook, I want to be a wife."

Daniel narrowed his eyes slightly, with a trace of coldness that was hard to detect.

"I want to be someone's wife", such a touching sentence, but that "person" is not him.

"Back then, I was so stupid and naive. I thought that by grabbing a man's stomach, he could grab his heart! But..." Selena stopped suddenly at this point, and caught a scruples glance at the man who was staring at the soup pot. Rick then moved closer to Daniel, and continued in a low voice, "As everyone knows, the position of the hand is raised, and the truth is three inches below the navel. I have cooked for him for so many years, but I can't compare to Susie accompanying him Get some sleep. Isn't it pathetic?"

"It's sad for him, he will regret it." Daniel's comforting tone seemed to be telling the truth.

Selena admitted that she was really comforted, and said with a light smile, "Okay, I'm so happy today, let's not mention those disappointing things, this soup is finished, just stir-fry a vegetable!"

Hearing this, Daniel glanced at the vegetable basket, "We didn't buy vegetables."

"Didn't you buy it?" Selena was dumbfounded, "What about the cauliflower? Where's the radish?"

"I didn't buy either."

"Uh... dare I buy all the meat? How can I eat this! I can't get tired of it! There is a gift of eggplant, but it's not enough for a plate of frying..."

Currently there are eight meat dishes, only two vegetarian dishes, one sliced lotus root mixed with sugar, one sliced tomato...

"It's okay, I'll go to Saul to help you pick it."

"Huh? Second Young Master has such a thing?" Selena was surprised.

"Well, there is a vegetable shed behind his yard."

"That's great! But let me go! You definitely won't pick!"

"Okay, then I'll look at Tang. Let Rick take you there, otherwise the guard won't recognize you." Daniel urged.

"Okay! I'll go and come back!"

...

Because there was a little bun to wash her face, Selena smoothly entered the vegetable shed behind the courtyard of Saul's house.

Not to mention that the vegetables in this shed are growing really well, they are juicy and fresh, and they are much fresher than those in the vegetable market. After all, they have just been picked.

That guy Saul is pretty good at eating...

He was picking vegetables with Rick with a basket on his shoulders, when a sharp siren sounded above his head.

Selena raised her head, "What's the situation?"

Immediately afterwards. A loud shout came from behind...

"Hey! What a little thief! He even dared to steal my master's food! Uh...Rick...Selena..." Saul was wearing pajamas, with a hair that just came out of the bed, and he could see clearly One or two were dumbfounded.

Selena was carrying the vegetable basket, the corners of her mouth twitching, "The vegetable shed also needs to install an alarm...Second Young Master, what are you doing? Did you bury gold in the ground?"

Chapter 190

Saul stared at her with a heartbroken expression, "ba5tard! Why didn't it happen! Put down all the radishes, vegetables, cauliflowers, and Chinese cabbage in your hand! I planted each of these vegetables by myself, and watered and fertilized them myself. Play music, listen to stories and tell jokes to them every day! They are all my darlings! They are a hundred times more precious than gold! Haven't you seen that they are all fresher than home? Is that a common dish! Is it so pretty?"

Selena: "..."

She thought he did it for food, but she never expected that besides picking up girls, Saul would have such a magical hobby of growing vegetables...

"Quickly put it down! Otherwise, I'm going to lose my face!"

Selena blinked, "But I picked them all! Or I'll give you money?"

"How dare you insult my little ones with money! Selena, I'll fight you!" Saul rolled up his sleeves and was about to rush over.

Selena's head was full of black lines, and she pulled Rick up, "Run..."

The two were running out of breath, and Selena called out to the opposite door from a distance, "Daniel! Help..."

"what happened?"

As soon as Daniel came out of the house, Selena immediately pulled Rick to hide behind him.

Saul complained with a full face of accusation, "Brother, don't worry about it, your two brats actually went to steal vegetables from my vegetable patch!"

Daniel: "I let them go."

Saul: Sure enough, there is a bear parent behind the bear child!

"You are too much! I don't care, you give me back my little baby!"

Selena poked her head out from behind Daniel, "But your little one is dead!"

"How dare you say that! Can't I bury them and chant scriptures to save them?"

"Well, I think it's better to eat!"

"You, you...you cruel woman! I can't beat you, but I will die with you!"

Before Saul could rush over, a handsome robot suddenly appeared and blocked his way.

Rick, who was controlling the robot behind him, stared at him coldly, as if warning him not to bully Aunt Selena.

Saul beat his chest and stamped his feet, "Oh! It's unreasonable! Rick, I'm your second uncle! Where did you turn your elbows!"

Seeing that the three brats and a robot were about to fight, Daniel pinched his brows helplessly, "Don't make trouble anymore, Saul, come over and have dinner together."

"I don't..." Before Saul finished speaking, he suddenly smelled an extremely tempting aroma of food, "Brother, didn't you let all the servants have a holiday today? Who cooked the food?"

"I'll do it!" Selena immediately raised her hand.

Saul's face was full of contempt: "You know how to cook? Can you cook?"

In the end, after entering the restaurant, Saul was dumbfounded when he saw a table of dishes comparable to a chef's level, "You really made these?"

Selena took the vegetables she stole from Saul, quickly cooked three stir-fried vegetables and served them up.

After seeing it with his own eyes, Saul couldn't believe it, but because he hadn't let go of his "revenge of stealing food", he snorted disdainfully, "It's so old, and you still believe in grabbing a man's stomach?", can you catch a man's heart? Is it such a stupid thing? The three inches below the navel is the point, okay?"

Selena couldn't help laughing. Her thoughts and views were astonishingly consistent with Saul's in some respects!

However, she can say that she is stupid, but she can't tolerate others saying that she is stupid.

"Oh? Really?" Selena raised her eyebrows meaningfully, then picked up a piece of glutinous rice ribs and stuffed it into Saul's mouth.
