

# Cruel Heart Lover Novel

## Chapter 196

And the public opinion on the Internet also reversed in a magical moment:

God! What did I see! I'm going to the toilet to eat Sanjin Xiang calm down!

One may be account hacking, and now even Daniel has reposted it, so can it still be a fake? Shengshi Entertainment actually signed Selena! And even Daniel was shocked! I can't understand the world anymore!

Since Daniel retweeted it, it means that he must know about it and even agree with Shengshi's decision. Saul may have lost his head for a while, but Daniel is absolutely impossible! So, this matter is strange!

Yes, there must be something wrong! Shengshi may have a big move next! Wait for the reversal!

I don't speak, I just wait for the reversal! Resolutely support my male god!

Waiting for the truth to come out! Trust my brain!

...

In short, after Daniel retweeted it, the one-sided public opinion was pulled back in an instant, and all netizens began to remain neutral, and even gradually began to regain their senses.

Selena swiped Weibo all the way, and this series of changes simply made her amazed.

Sure enough, the big devil's attack is extraordinary!

The main reason is that Daniel's image is too perfect. He has never made a wrong decision since he took over the Lu Corporation. During the economic crisis five years ago, many companies went bankrupt and closed down. Only the Lu Corporation survived and went upstream. Basically, he said The words are like an oracle, no one does not believe it...

At the same time, in the living room downstairs of the Lu residence.

Saul was rolling around on the sofa with his mobile phone in his arms, "Dmn it! What are these ba5tards talking about! What do you mean? I might be fascinated by sex for a while, but you absolutely can't! What the fcuk? It's me! The person who is obsessed with sex is clearly you! It's you, it's you, it's you! Aww, June Feixue! I'm wronged...I'm more wronged than Dou E..."

Howling, Selena came back.

"Second Young Master, I heard you howling inside from a long distance away, what are you talking about?"

"It's nothing!" Saul sat up in an instant, it's hard to say if he was wronged.

Just now Saul rolled hundreds of times without even looking at Daniel, who immediately raised his head from the book, "You're back, have you met Lin Zhizhi?"

Selena nodded again and again, "I've seen you, Sister Lin is pretty nice, she's exactly my type, she looks so safe with a cold face and an unhappy look!"

Daniel: "..."

It seems that there is nothing wrong with this statement, but why does it sound like it makes him feel insecure?

After Selena finished speaking, she immediately glared at Saul, "Second Young Master, you are too impatient, why are you announcing my signing with Shengshi now?"

Saul said with a young master's wise and powerful expression, "Of course it's to fuel your popularity! Look at how popular you are now, and everyone is talking about you!"

Selena let out a "hehehe", rolled his eyes and said, "If it wasn't for Daniel's rescue, both of us would have been called adult3rers, okay?"

Hearing the words, Saul finally showed some guilt, and muttered in a low voice, "If you curse, just curse, anyway, the truth will be revealed tomorrow!"

He expected that netizens would scold him, but he didn't expect to scold him so badly, so he still thought about it...

His brother's face turned green when he saw those comments just now...

"Now you can post on Weibo to announce the press conference tomorrow." Daniel reminded.

"Oh ok, I'll post it right away!"

After Selena posted Weibo, Saul retweeted it immediately, and soon after, Ling Zhizhi also retweeted it.

At this time, the phone screen flashed, and a call came in, and the caller ID was Louis.

## Chapter 197

"Hey, Jiang..."

"Selena! You actually signed a contract with Shengshi!!! Why didn't you discuss it with me! Did you see the email I sent you?!" Louis roared from the other end of the phone.

"Uh, aren't you busy? I didn't bother you. Besides, what does this have to do with the email you sent me?" Louis's voice was really too loud. Selena smiled awkwardly at Daniel, and then Take the phone and go upstairs to answer the call.

Behind him, Saul rubbed his chin and gave his brother a meaningful look, "Brother, it seems that someone is going to trip you up! Oh, sorry to see you, I have to fall in love with the same woman as you! Fortunately, I don't like Selena's type of tsk tsk..."

Rivals are terrible!

Louis on the other end of the phone almost died of anger, "You haven't read your email yet?"

"Sorry, I forgot! Is it something important? I thought it was some kind of prank video..."

Louis took a deep breath and said word by word, "You, right now, right now, right now, this second, open my mailbox to check what I sent you, don't hang up on my phone, open it now!"

"All right, all right, I'll go and see!"

Reluctantly, Selena opened the computer and logged into the mailbox, found the email that Louis had sent her, and then downloaded the attachment in the email.

Attached is a picture and an audio.

She clicked on the picture first, and the content of the picture was a wechat chat record.

Oh, my grandson is so cute, oh, my son is so handsome! Daniel, who chose the clothes for you and Rick? Is that the girl you like?

Ok.

I KNOW YOU CAN'T SELECT THIS STYLE OF CLOTHES! Look at how bright and beautiful the color is! It's not like you know how to dress in dusty clothes all day long, and toss Rick into dusty clothes! This family really needs a woman!

The photo was also taken by her?

Ok.

good.

I'm going, my future sister-in-law is against the sky! You actually have the ability to let you wear clothes of this color, and obediently take pictures! I gave you a set before, and the color is similar to this one. Your eyes are so contemptuous, and you criticize my aesthetics!

...

At first glance, the people in this conversation were Daniel, the elders of the Lu family, and Saul.

"Are you watching?" Louis urged.

"Yeah." Selena nodded with a complicated expression, and then turned on the audio.

After bursts of rustling sounds, Louis's voice came from inside...

"Uncle...what do you mean to Selena!"

Then came Daniel's voice: "To Selena..."

"Yes! Don't you think your attitude towards Selena is too strange and ambiguous?" Louis asked.

Daniel's tone was lazy and dangerous, "I think I've made it obvious enough, since you still don't understand..."

Hearing this, Selena's heart suddenly rose to her throat, as if she could feel Louis's mood when she was waiting for Daniel's answer.

Daniel... what would he say?

After waiting for three seconds, what seemed like three centuries, Daniel's voice finally came through the audio.

He said, "Got it?"

Selena was confused, what's going on? understand what?

Just when Selena thought she had missed something and clicked the mouse to replay, Louis's cold voice came from the other end of the phone, "Don't listen again, you heard it right, he really only said three words. But, before he said those three words, he kissed you in front of my face."

## Chapter 198

"Wh...what..." Selena's face was blank, "Why don't I know?"

"You were drunk that night, that was the night when the crew had a dinner for me." Louis reminded.

Selena finally remembered...

It was the night when she went to the wrong box and was raped by Zhu Xiangcheng...

Later, it was Daniel who personally sent her back to the studio's box, and asked her to wait for him to go home with him after the end.

Later, when she first saw Daniel, she became drunk and passed out, and she had no memory of what happened afterwards. Louis was by her side at that time, and the conversation between him and Daniel should have happened at that time...

Seeing that Selena didn't reply for a long time, Louis didn't have any hope at first, but now he was even more disheartened, "I still don't believe it? I know these two are not conclusive evidence. You can take the screenshot as if Daniel was there Perfunctory to his parents, I didn't even record the most important things in the recording, empty words are useless..."

After a long while, a sigh came from the other end of the phone, "Louis, believe it or not, this does not affect my decision to sign with Shengshi. Even if he really has something for me, he will not disregard public and private interests and take advantage of his position." No matter what you do to me, you won't do anything that forces me."

As soon as Selena said this, Louis knew it was over.

He never thought that Selena's trust in Daniel had reached such a level. He had only known him for a few months...

Selena continued, "Thank you, I know you care about me. There will be a press conference tomorrow, and I need to concentrate on preparing for the final battle. When this matter is over, let's meet and discuss in detail!"

When this matter is over, you'll fall into Daniel's trap! There's no escape!

No, she is already at the bottom of the pit now...

What if I knew it? He can't do anything.

And... I don't just care about you...

What right did he have to despise Daniel's actions, what he was doing was not very noble...

Louis felt a deep sense of powerlessness, "Go ahead and see you later."

"Well, bye."

Selena hung up the phone, as if all the strength in her body had been drained suddenly, she flung herself powerlessly on the bed behind her, with a blank expression, and her eyes were unfocused on the ceiling above her head.

Until now, she still hasn't recovered from Louis's "he k!ssed you in front of my face".

Probably because she has a strong image sense and brain comprehension ability as an actor, she can almost completely restore the scene at that time in her mind.

Heart beats faster than once...

Selena took out her phone and quickly sent Daniel a WeChat message:

Boss, I have to memorize the manuscript of the press conference, so I don't need to ask me to eat at night, I can just eat some fruit, I ate too much meat last night, just in time to lose weight\_

Try to put on a nonchalant tone.

You shouldn't see anything, right?

She was obviously good at disguising, but she had no confidence in front of Daniel at all.

Downstairs in the living room, Daniel looked at the WeChat message that Selena had just sent, raised his eyes slightly, and glanced in the direction of Selena's room indistinctly.

Saul quickly leaned over to take a peek, and then his face was full of disappointment, "Really, my sister-in-law won't be cooking tonight? I've been looking forward to it for nothing...sad..."

After speaking, he rolled his eyes, wrapped his arms around his brother's shoulders, and said earnestly, "That kid Louis was pushed into a hurry, right? This time he seems to be a bit ruthless?"

## Chapter 199

Daniel withdrew his gaze, his face was like the surface of a lake blown by a breeze, although there were ripples, it quickly returned to calm.

He knew that there would be such a day sooner or later, and he had been waiting for this day all along.

Although this period of time was like walking on thin ice, it was finally passed without any danger, and now it was the best situation he could have imagined.

All he had to do next was wait.

Seeing his brother's expression, Saul couldn't help feeling worried for him.

His brother has spent all his life's forbearance and restraint in these few months, in case something goes wrong...he can't imagine what will happen to him...

Ever since he met Selena, he had really changed not a little bit. It would not be an exaggeration to say that he was reborn. I really hope that he will change back to his original appearance, and even become more terrifying.

I have decided, I will go to the temple tomorrow to pay respects to his brother, and I must kneel for a while longer!

...

Selena, who had agreed to memorize the manuscript, lay on the bed for at least two hours.

I didn't think about anything, just completely empty state.

Generally, when she encounters something extremely difficult to solve, she will use this method to relieve the pressure. When this method cannot relieve the pressure, she can only choose some more extreme methods...

However, it has been a long time since something troubled her to such an extent.

Looking at the clock on the wall, it was almost ten o'clock, so Selena got up and spent an hour memorizing the materials Ling Zhizhi had given her.

Her lines are solid, and it is quite simple to memorize these things.

Only then did she suddenly realize that Rick hadn't come to look for her all night, probably because Daniel told Rick that she was busy.

After memorizing the materials, Selena was going to check on Little bun.

Walking to the door of the little bun's room, Selena thought that the little guy must have fallen asleep, so she gently pushed the door open.

As a result, the warm yellow bedside lamp was on as soon as it was pushed open.

I saw Rick sitting on the bedside, concentrating on playing with a Rubik's Cube, and Daniel sitting on the edge of the bed, with a hint of helplessness on his cold face.

"It's already 10:54, and it's 11:00 in six minutes," Daniel said.

The implication is that it's late, you should go to bed.

Rick continued to turn the Rubik's cube with his head buried in it as if he didn't hear it, and it was assembled within a few seconds.

Daniel picked up a colorful fairy tale book with little rabbits and big bad wolves that Selena bought earlier on the bedside table, and asked expressionlessly, "Which one do you want to hear?"

Little bun finally raised his head and glanced at him, but his gaze seemed to be a bit contemptuous...

Daniel pinched his brows and changed to "On the Monarch".

Rick dismissed it.

Daniel changed to "A Brief History of Time".

Little bun was still not interested.

Daniel finally gave up, glanced at his watch, his face became gloomy, "It's already eleven o'clock."

Seeing that Daniel was about to lose his temper, Selena hurriedly knocked on the door with a light cough, "Little baby, isn't he asleep yet?"

As soon as the words fell, the little bun on the bed, who was as immobile as a mountain, threw a Rubik's cube like a little whirlwind and ran over. He hugged her calf extremely skillfully, raised his little head, and his big eyes flashed like electric discharges. looking at her.

Selena clutched her chest, expressing that she had received a knowing blow.

## Chapter 200

Seeing Selena coming, Daniel showed a relieved expression, "Are you done?"

"Well, I've almost recited it." Selena nodded, sat on the bed with Rick in her arms, and covered Rick with a quilt.

Rick immediately reached out to pick up the colorful fairy tale book on the bedside that he had despised so much just now, and expressed that he wanted her to read it.

"Continue reading from last night?" Selena asked.

Rick grabbed the quilt with his small hands, and nodded obediently.

"Okay, let's read "The Little White Rabbit of Politeness" today..." Selena cleared her throat, and began to tell the little bun a story, "The hot summer is here, and the little bird cries from the tree: 'It's hot! It's hot!' The beautiful little white rabbit was wearing a beautiful floral dress, humming a song, and jumped on the bridge. It wanted to go to the opposite side to pick mushrooms..."

While Selena was reading the story, Daniel was sitting on the chair next to him, leaning his forehead, quietly listening to the girl's sweet and soft voice in the night.

He seemed to understand why his son had to listen to such childish content every night to fall asleep.

What matters is not the content, but who is reading the story.

In less than five minutes of the story, the little bun was already sleepy, and Selena patted him on the back lightly, and the little guy soon fell asleep soundly.

"I'm sorry to trouble you." Daniel thanked him.

"No trouble." Selena said, her expression a little emotional, "Daniel, do you know? In fact, I used to hate children very much!"

"Hate?"

Selena nodded, but didn't say the real reason, "Anyway, I think children are annoying, and I want to hide when I see them... But, I never knew that I would like little buns so much. I can't explain it myself. What kind of feeling is it, I always feel that there is a special connection between us, this is the legendary fate!"

Daniel looked at her deeply: "There is nothing impossible in this world, only you haven't met it yet."

Selena was slightly taken aback, and replied vaguely, "Probably. It's getting late, and I'm going to wash up and go to bed too. Boss, you should go to bed early too!"

"Yes." Daniel nodded, then suddenly leaned towards her.

Selena was startled, and subconsciously hid back. Seeing that Daniel was close enough to touch her face, he just passed her, kissed the little bun behind her, and said softly, "Good night".

In the middle of the night, Selena felt like she had a dream while she was in a daze. She dreamed that Daniel was sitting on the edge of her bed, kissing her lips, and saying "Good night, I love you" to her...

Well, I had this weird dream again...

But it was clearly a dream, why did it make her feel so real...

At the same time, Pearl River Royal View.

It was already late at night, but Susie's apartment building was still brightly lit, and the atmosphere was extremely depressing.

Janice and Cui Caijing sat in the corner of the sofa, neither of them dared to make a sound.

Now that the matter has developed to this point, you can't blame them again this time, can you?

Who would have thought that Selena would sign with Shengshi Entertainment just after being kicked out?

If she signed with any other company, it would be easy to handle, and if Empire wanted to block people, even if those companies signed her, she would definitely not be able to support them.

But it happened to be a prosperous age!

In front of Shengshi, Empire Entertainment's ban order is just a dead letter.

Janice originally wanted to comfort Susie, saying that with Selena's current reputation, even in a prosperous age, she would not be able to recover.

But she really didn't have the confidence to say that.

After all, even Daniel showed up this time...
