## Chapter 201

### Chapter 201

Not only did they underestimate Selena, but they underestimated it too much!

To them, Shengshi's press conference at nine o'clock tomorrow morning is like a ticking time bomb, anything can happen.

Just after Empire's press conference ended, Shengshi's side made such a big move that people couldn't even doubt that it was premeditated.

At present, even the naval forces are unable to reverse the public opinion, and they are all waiting for tomorrow's press conference. Tomorrow, it is estimated that all the media in the city will be there.

In a pile of smashed debris, Susie ran back and forth like a trapped animal, "What is the content of the press conference at Shengshi? Can't you find any news?"

Janice shook her head, "I've tried all kinds of methods. About Selena's incident, only a few high-level people in Shengshi knew about it. The others didn't hear anything about it. They all saw Saul's Weibo post just like us. I know, there is no way to inquire about it!"

"What about Ling Zhizhi? Didn't she repost Selena's Weibo? Obviously she is Selena's manager! She must know everything!"

Seeing that Susie had obviously lost her senses, Janice said helplessly, "Back when Ling Zhizhi was leading Leng Manyun, we fought fiercely and took the

role from her. Now we want to take the role from her." How is it possible to listen to news there?"

Susie was furious, "This is not okay, that's not okay, so why not just sit and wait for dawn?"

Janice really wanted to reply that there was really no other way but to sit and wait.

Susie drank the remaining half glass of wine on the coffee table, and a stern light flashed in her eyes, "That country bumpkin! What if we really entered the prosperous age? So what if we have the support of the prosperous age! You think you can sit back and relax after entering the prosperous age Yet?"

Seeing this, Cui Caijing hurriedly took the opportunity to come up and say something nice, "Yes, sister Susie, as long as this stain remains, she will never be able to hold her head up in front of you for the rest of her life! Besides, she must have an inside story when she entered the prosperous world this time, and there will be more in the future." Opportunity to pull her pigtailed! For a person like her, Shengshi will be implicated by her sooner or later..."

...

The next morning, the Ballroom of the Pearl Hotel.

All the reporters and media are all ready, eagerly waiting for today's protagonist to appear.

It has been a long time since there has been such a big news in the entertainment industry.

It feels like any hot spot today can be a headline.

In addition to the reporters at the scene, all the people who followed the incident were also waiting in front of the TVs and computers to watch the live broadcast.

At exactly nine o'clock, people from Shengshi's side took their seats one after another.

The one in the middle was Selena, Lin Zhizhi was sitting on Selena's left, lawyer Chen Jing was on her right, and on both sides were Director of Public Relations Liang Feixing, and Saul.

This lineup alone has already murdered countless film rolls of on-site reporters.

"Oh my god, my dog eyes, Selena's manager is actually Lin Zhizhi! This is a disguised announcement that Leng Manyun is going to retire. It's true! What does it mean that Shengshi arranged for Selena to be Lin Zhizhi's manager?" ? Do you want her to be Leng Manyun's successor?"

"Why does the man on Selena's right look familiar? Isn't this Chen Jing, the lawyer who worked on the big economic case not long ago?"

"And Liang Feixing actually attended the press conference in person..."

"What is Liang Feixing? Saul, the general manager, is here!"

"Dmn! This lineup! It's amazing! The Lifetime series!"

"Isn't it! Do you think any artist in Shengshi holds a press conference with such pomp?"

...

## Chapter 202

Saul was the first to speak: "First of all, here, I would like to introduce you to our newest member of Shengshi, Selena."

Selena got up, bowed to all the media and cameras, and then sat down.

Photographers took shots one after another.

Selena wore a black dress with steady makeup today, very suitable for a formal occasion like today.

Saul went on to say, "Next, for the questions that the netizens are more concerned about about us, Manyun, his manager, Ms. Lin Zhizhi, will answer them one by one."

In the past, anything related to Leng Manyun would definitely be the focus of everyone's attention, but now, it has suddenly become a topic that everyone hopes to end quickly...

Fortunately, Ling Zhizhi's style has always been clean and tidy. In just a few sentences, she announced Leng Manyun's marriage news and her future work arrangements concisely. The main idea is that her future work will focus on her family. Everyone guessed that Selena was indeed groomed by Sheng Shi as Leng Manyun's successor.

At this time, an impatient reporter urged: "We just want to know why Sheng Shi signed an artist with corrupt moral character, not only that, but let her take over Leng Manyun's position! Sheng Shi is not afraid of self-destruction in doing so. Is it a sign?"

Other journalists chimed in:

"Self-destructing signboards is considered good, it's like a piece of mouse droppings destroying a pot of porridge!"

"I wonder if the senior management of Shengshi has been lowered collectively!"

"I'd like to see if Sheng Shi can tell flowers today!"

...

Saul met Chen Jing's eyes, "Leave the rest of the time to our lawyer Chen, please keep quiet."

Lawyer Chen?

Just now they wondered why a lawyer was hired for the press conference, but now they all looked at Chen Jing strangely.

I saw Chen Jing clicked the laptop in front of him with the mouse, and then everyone heard a voice from the speakers on the scene...

Not Selena! It wasn't Selena who bribed me! Someone else gave me money to tamper with the sword! But I don't know who the other party is! I received an anonymous email, and the other party asked me to do this in the email, and also directly deposited a 100,000 deposit in my account, saying that they would give me another 100,000 after it was done!

As soon as the sound stopped, the air was silent for three seconds, and the audience was in an uproar.

Saul's eyes turned cold, "Please be quiet."

The reporters stared with suppressed shock and held their breath.

Then, the big screen behind Chen Jing lit up, and two pictures were shown on the screen. One picture showed that the IP address of the anonymous email was actually the Pearl River Royal View where Susie was located, and the other picture cracked the anonymous account from Susie. Luo's assistant Cui Caijing.

Now, the exclamation at the scene could no longer be suppressed.

However, this is not the end.

Chen Jing also released Susie's injury certificate and the doctor's diagnosis report, proving that Selena withdrew her hand very quickly at that time, and almost immediately withdrew her strength as soon as she realized something was wrong, so Susie's injury was only very minor. Skin trauma, can be discharged on the same day.

However, Susie was hospitalized for several days, and every time she appeared in front of the reporters, she would look as if she was seriously injured, bled out, and weak to deliberately win sympathy.

After releasing the evidence, Chen Jing showed a lawyer's letter, stating that he would formally file a complaint against Susie for slandering Selena.

## Chapter 203

Compared to Saul's vile taste of keeping things secret, Chen Jing's series of actions took place in just three minutes, very fast and efficient. The atomic bombs one after another directly bombarded everyone on the scene.

Liang Feixing on the side suddenly realized that he didn't seem to have anything to do, so he touched his nose and said, "Okay, let's move on to the questioning session. If you have any questions, please ask!"

Reporters: "..."

They...they asked for a ball of yarn!

The plot reversed so quickly that it was like a tornado, they didn't know what to ask!

In fact, they guessed from the very beginning that Sheng Shi might be planning to whitewash Selena. They even thought that Zhang Qiang was bribed to frame Selena.

But what no one expected was that the person who bought Zhang Qiang was actually Susie herself, all of this was directed and acted by Susie herself behind the scenes!

Could it be that these self-proclaimed righteous reporters and so many netizens who enthusiastically denounced Selena were being played around by Susie these days?

It is extremely difficult for them to accept this fact, but the iron-like evidence is right in front of them, which cannot be denied no matter what.

After a long while, a hand in the crowd finally raised weakly.

Liang Feixing signaled that he could ask questions.

The reporter who raised his hand stood up and looked at Chen Jing: "I would like to ask, Mr. Lawyer, through what channels did you obtain these evidences? Is it legal? How do you prove the authenticity of these evidences?"

Chen Jing, who hadn't said a word until now, glanced at the reporter, and then said: "I am here, which is enough to prove the authenticity."

"Uh..." The reporter was speechless and unable to refute.

After all, Chen Jing's authority and professionalism are here, and he is indeed a bit self-defeating by asking this question...

"In addition, the channels for us to obtain evidence are also legal. The police have already intervened secretly in this matter." Chen Jing said these words with that trustworthy and impartial face without changing his face.

All reporters nodded, no longer doubting the legitimacy and authenticity of the evidence.

Selena on the side tossed her hair in embarrassment, she really admired Lawyer Chen, she was so guilty when she heard it, okay?

What legal means? The confession was obtained by torture, and the evidence was obtained by Daniel...

No wonder she always felt a sense of déjà vu when she first saw Chen Jing, but now she finally understands that Chen Jing's style of doing things is very similar to Daniel's.

As expected, things of a kind flock together and people are divided into groups.

Then, the reporters began to recover from the shock one after another, and began to rush to ask questions.

Reporter: "I want to ask General Manager Lu, why do you spend so much time and energy helping Selena? Is there any special relationship between you and Selena in private as rumored?"

Saul rubbed his chin, thinking that there must be a special relationship, Selena is his future sister-in-law!

"The relationship between me and Selena can be described in one sentence, Bole and Maxima.

As for why I spent so much time and energy, of course it is because I believe in my own eyesight and believe that she is worth it.

I will put this sentence here today, and you will know in the future that this is the most profitable business I have ever done, and Empire will regret losing Selena too much! "

## Chapter 204

Saul's answer was perfect, and no one could find a single flaw.

Seeing that Saul couldn't get any words out of his mouth, the reporter finally turned their attention to Selena.

Although Selena was the protagonist today, Shengshi protected her tightly, and there was almost no time when she was needed.

Reporter: "Selena, as far as I know, you and Susie have a very good relationship on weekdays. What is her motive for doing this? Is there any festival between you?"

Selena: "You seem to be asking the wrong person this question."

Reporter: "A staff member of the apartment where you live said that you stopped living there a few months ago. Do you have anything to explain?"

Selena: "No, where I want to live is my freedom."

Reporter: "Then where did you live during this time, can you disclose it?"

Selena: "A friend's place."

Reporter: "Does Louis know about your joining Prosperous World? I heard that you two have a good relationship in the crew? Did he help you in this matter?"

Selena: "I know. It's not bad. No."

reporter: "..."

This Selena is really too tricky, it is almost impossible to get gossip from her...

The reporter had no choice but to give up the too sensitive question, and asked another question: "This time, it was a blessing in disguise to join Shengshi, how do you feel?"

Selena: "I want to work hard, help my boss earn more money, repay the kindness of my mentor, and prove that he has not misunderstood the person."

The reporter automatically brought the boss into Saul, and only Saul knew that she was talking about his brother!

Tsk tsk, his brother must be delighted to hear that!

"Okay, that's all for today's press conference. If you have any questions, you can make an interview privately in the future. All matters related to Selena will be handled by her manager, Ms. Lin Zhizhi." Liang Feixing got up and ended today's press conference. .

All the reporters were full of unsatisfactory expressions. The press conference on Empire's side lasted for three hours yesterday, with all kinds of accusations against Selena, but Shengshi's big news only lasted half an hour. Hour. This grade, who is high and who is low, can be known at a glance.

The reporters were about to leave when Saul who was on the side suddenly said, "Slow down."

what happened?

What else is revealed?

The reporters all stopped and turned around with excited faces.

Saul had his usual good-natured smile on his face, and kindly reminded him, "Did everyone forget something?"

uh, forgot what?

The reporters looked at each other in blank dismay.

Saul was still smiling, but there was no warmth in his eyes, "Selena has been scolded by you all for nothing for so many days, and she has been charged with countless trumped-up charges, so why don't you say anything? Doesn't it seem unreasonable?"

The reporters were embarrassed when they heard the words, and started apologizing to Selena one after another. At the same time, they hated Susie in their hearts.

Selena who was at the side raised her eyebrows in surprise, thinking that this funny little koi can really bluff people when it's serious!

However, as soon as he returned to the backstage, Saul immediately returned to his original form, jumping over with excitement on his face...

"Selena, Selena, dear Selena...it's fine in the afternoon, shall we eat at home tonight? I do the grocery shopping, I wash the vegetables, and I wash the dishes. You can do the cooking!"

Selena completely withdrew her previous thoughts, she just wanted to send this funny one to heaven...

Does he know how easily his words can be misunderstood?

## Chapter 205

Liang Feixing was so shocked that the glass was already full and he didn't know it, the water overflowed all over the floor...

He finally understood, no wonder the boss asked about Selena himself in the middle of the night, so Selena and Saul have this kind of relationship?

Selena beat Saul a hundred times in her heart, and her dry smile almost froze, "Second Young Master, I might not be able to do it tonight. I have an appointment with a friend and I have something to deal with. Let's do it another day!"

After speaking, he said to Liang Feixing, Lin Zhizhi, and Chen Jing with a natural expression, "Director Liang, Sister Lin, and Lawyer Chen, please come together if you are free! I told you before that my cooking is delicious. I have been clamoring for me to cook a meal to repay him, so I can't afford him alone! Thank you all very much today! Thank you!"

After speaking, he bowed deeply.

Selena's simple words resolved all the ambiguity just now.

Ling Zhizhi nodded appreciatively, this girl's ability to deal with emergencies is good, and her performance at the press conference today is also very good, she is indeed a good seed.

As for her and Saul, it seemed that the relationship between her and Saul was easy to be misunderstood, but it was obvious that the two of them were not the kind of atmosphere between men and women, they should be just good friends.

...

Pearl River Royal View, in Susie's apartment building.

Roman bought supplements early in the morning and came to see her. After the two talked for a while, Roman checked the time on his watch, and then turned on the TV.

On the screen, Shengshi Entertainment's press conference had just started, and Saul was introducing Selena's joining.

Susie didn't sleep all night, she put on several layers of powder on her face to barely cover her dark circles, she had been waiting for this moment to watch the live broadcast, but she didn't expect Roman to come.

She can't predict what will happen later, but she knows that she must not watch this press conference with Roman!

Susie hugged Roman's arm and acted coquettishly, "Roman, what's so good about TV, is it as good as me? Let's do something else?"

Roman patted her hand, still focused on the TV screen, "Susie, don't make trouble."

"Roman, do you really care about Selena's affairs so much?" Susie looked unhappy.

"Don't you care? You don't want to know what Selena will say at the press conference?"

"I..." Susie choked, "Of course I also care about Selena! But I don't like it when you put all your eyes on her!"

"Okay, don't be childish, stay with me quietly for a while." Roman's attitude this time was extremely firm.

Susie gritted her teeth, and could only continue watching the live broadcast on pins and needles.

Right now, the TV was showing Lin Zhizhi announcing Leng Manyun's marriage and retirement. Then, a reporter got up and asked why Sheng Shi signed Selena.

Susie's heart rose to her throat, and she thought to herself, let's make a fuss, it's best if we can break up in a bad way.

However, this is the scene of the prosperous age after all, even if the reporters did not dare to go too far, they complained a few words and then there was nothing to say.

Susie looked carefully at Roman's reaction, but found that Roman's eyes never left Selena from the beginning to the end, even though Selena didn't say a word the whole time.

She couldn't help feeling a strong sense of crisis in her heart. At this moment, the lawyer clicked the mouse, and then a familiar voice came from the TV...

It's Zhang Qiang's voice!

Susie's heart was beating fast, and she kept comforting herself. Even if Selena got Zhang Qiang's confession, she would at most use it to clear things up. No one would know that she did it.

However, what happened next... shattered all her luck step by step...
