

Cruel Heart Lover Novel

Chapter 211

Chapter 211

Daniel didn't even blink his eyes when he heard the words, but he spat out three cold words from his thin lips: "Destroy."

Saul immediately felt a pot of cold water poured down, "What? God is helping you! You don't even listen to this?"

Daniel's expression became even colder, "Need I say it a second time?"

Seeing that his brother was really angry, Saul hurriedly nodded like a chicken pecking rice, "All right...I'll destroy...I'll destroy..."

Hey, I really don't know what to say about his brother. Except when she was in front of Selena, she was too principled at other times, and she didn't know how to change it at all!

However, he was different, he said it in his mouth, but he didn't really plan to destroy it in his heart.

Tsk, keep it secretly...

Come in handy someday!

Saul was sighing, when suddenly a small figure ran down the stairs like a gust of wind, and then ran outside...

"Selena is back?" Saul hastily followed Rick out.

When they got to the door, they saw that Selena had returned, and she was in Louis's car.

Judging from the expressions of the two, there was nothing unusual about it. Louis seemed to have drunk a lot, while Selena didn't seem to drink much.

Selena got out of the car, picked up Rick who rushed out to meet her, with a helpless and distressed expression, "My dear, it's already eleven o'clock, why are you staying up so late? Didn't you promise not to wait for me?" Well!"

Rick clings to Selena's arms, hugging her neck tightly, staring at Louis behind Selena, his little face is full of vigilance and rejection.

The corners of Louis's mouth twitched slightly, it's so fucking unfair, Daniel is cheating! Hang up!

Saul saw Louis's thoughts at a glance, walked over and patted him on the shoulder sympathetically, "My condolences, who made you have no son!"

Louis's heart skipped a beat, "What do you mean?"

Saul leaned closer to his ear and said softly, "Stop pretending, you like Selena, right?"

A trace of panic flashed across Louis's face, and then he said with a straight face, "Second Uncle, are you joking? How could I like her!"

Saul stroked his chin with an inquiring expression.

It's strange, it's strange, what happened between these two people, Louis obviously likes him, but he still doesn't want to admit it to this point...

Selena was about to carry Rick into the house when the phone in her bag rang suddenly.

She pressed the answer button casually, "Hello, who is it?"

"Hello, is this Miss Selena? Your boyfriend got into a car accident and is being rescued in our hospital! Please come here immediately!"

Selena had a question mark on her face: "What? My boyfriend?"

As soon as the words were finished, the eyes of Saul, Louis, Daniel, and even Rick all fixed on Selena for an instant.

Selena coughed in embarrassment, "Hey, did you make a mistake? I don't have a boyfriend!"

"But the patient left his number before he passed out, so you should hurry over here! The address of our hospital is..." The person on the other end of the phone hung up the phone in a hurry.

Selena stood there with her cell phone in her hand, confused, "I'll go! Who the hell is it?"

Louis leaned against the car, squinted and squinted at her, "Which ex-boyfriend of yours is it? He was about to die in a car accident and left your number, how infatuated!"

Selena kicked him, "Stop making sarcastic remarks!"

"Then Selena, do you want to go?" Saul's eyes sparkled, although it was a question, but his face was full of go, go, go!

Chapter 212

Selena pinched the center of her brows with a headache, "Human life is at stake, let's go there! What if it's someone I know! But what about Rick..."

Before he could say anything, Rick had already hugged her tightly, buried his small face in the crook of her neck, as if he had waited for her to come back with great difficulty, and never separated from her again.

Because Rick refused to let her go no matter what, Selena could only take him along.

If Little Treasure was going to follow, Daniel would naturally follow along.

As for Saul, he insisted on asking Ying to drive for them.

When Louis saw that the members of the Lu family had run away so shamelessly, he resolutely squeezed into the car without saying a word.

In the end, everyone followed suit...

Selena was also speechless.

When I arrived at the hospital, I saw several ambulances parked at the door, the medical staff were busy back and forth, and the stretchers were full of bleeding patients. It seemed that there was a major traffic accident.

Selena covered Rick's eyes to prevent him from seeing the bloody things, and coaxed him softly, "Honey, it's a mess in the hospital right now, can you obediently wait for me in the car?"

Rick hugged her waist, with his little head drooping pitifully as if he had been abandoned. He was clearly dozing off from sleepiness, but he still refused to sleep.

Selena leaned over and kissed his little cheek, "Be good, little treasure! I'll be back soon!"

After being kissed, Rick regained his spirits and nodded.

"Then I'll go there first!" Selena greeted everyone.

Daniel: "I'll accompany you."

Louis: "I want to go too!"

The two spoke almost simultaneously.

Selena: "..."

"It's not safe for you to be alone." Daniel frowned.

Louis snorted, and said confidently, "I'm just curious to see who it is!"

Selena felt her head hurt even more. She looked at Daniel, then at Louis, and finally her eyes fell on Saul.

Saul blinked innocently, what was his sister-in-law doing looking at him?

Finally, Selena said, "I don't know what's going on over there. It's really not right for me to go alone, so please go with me, Daniel, you... you better stay with Rick! "

The dark light in Daniel's eyes flickered, "Okay."

"As for you, Louis, please calm down, don't you know how much trouble you have with your face? You're going to the hospital at night! You want to make big news, don't you?"

Louis looked angrily, because Mao was so fierce to me, he only whispered to Daniel! By the hair!

"Let's go! Selena, I'll accompany you! I'll accompany you!" Saul was so excited that he almost danced in the street.

Happiness comes too suddenly! This is really a fight between the snipe and the clam for the fisherman's benefit!

Hospital emergency room.

It was a mess inside right now, and Selena searched left and right for a long time before finally finding the doctor who called her earlier.

"Hi, I'm Selena, where is that friend of mine you mentioned earlier?"

"You are Selena. He has just had an operation. He is in Ward 307 on the twelfth floor. Go and identify him. He has nothing on him to prove his identity!"

"Okay thank you!"

So Selena and Saul rushed upstairs again. The elevator was too crowded and they could only climb the stairs. The entire twelfth floor was a crime!

Selena was exhausted, but Saul was still in high spirits like a normal person.

She finally understood why Saul was able to manage Shengshi Entertainment so well. This guy's enthusiasm for gossip is unmatched!

Chapter 213

Finally rushed to the 307 ward.

Panting, Selena bent over and was about to push the door, but Saul couldn't wait to push the door open in front of her.

A second later, before Selena could see who was inside, Saul suddenly put down his face and closed the door, then grabbed her shoulders with both hands and pushed her out, "Selena, let's go!" What the hell! I waited for so long and it turned out to be this guy! Just let him die!"

"Who the hell is this, your reaction?"

"You won't regret leaving anyway!"

"Roman?" Selena raised her eyebrows and asked.

Saul put on a serious face, "It's his fault! You can go now!"

"It's him who can't leave!" Selena brushed Saul's hand away, turned around and walked towards the ward again.

Saul stomped his feet anxiously, "Selena, why do you care about him! You, you, you... don't you still have feelings for him?"

Selena ignored him and walked directly into the ward.

It was indeed Roman who was in the ward, with gauze wrapped around his head, dripping in his hand, lying quietly on the hospital bed.

Selena gently sat down on the edge of the bed, stretched out her hand to brush his messy hair, her face was gentle, and her tone was even gentler, "Roman..."

Saul: "...!!!"

What the hell did he see! What did you hear!

Could it be that Selena really has no feelings for this sgumbag? Fortunately, his brother didn't come up, otherwise he wouldn't be crazy if he found out!

Just as Saul was thinking this way, he suddenly felt a chill coming from behind him, and then he turned his head and saw...

His brother was actually standing behind him!

"Brother...Brother...why are you here?"

And Rick and Louis in his arms, all three of them came.

With his brain power, he immediately guessed that Rick must be impatient to come up, so his brother brought him here, and Louis couldn't help but follow up.

This... this is the end!

On the hospital bed, Roman frowned palely, then slowly opened his eyes, "Selena..."

"How are you feeling?" Selena asked.

Roman looked at the girl in front of him in a trance, "Am I dreaming?"

Every time they met, they would quarrel with cynicism and then break up unhappy. He couldn't remember how long it had been since he had seen her talking to him in a pleasant manner.

The moment he woke up just now, he caught a trace of worry and concern in her eyes, and even heard her call him Roman...

Selena stood on the edge of the bed, her expression returned to coolness, "You just finished the operation, the doctor said that there is no serious problem, but you have some concussions, you need to observe for a while, if there is nothing wrong, I will go first..."

Just as he was about to turn around after speaking, his wrist was grabbed...

"Don't go! Selena, don't go..."

"Any thing else?"

"I..." Roman looked at her struggling, and said in one breath, "Although I know you don't need it, but I'm sorry... I still want to say sorry to you! I misunderstood you! You know When I thought I was going to die, I thought of nothing else at that moment, and my only regret is that I haven't had time to apologize to you..."

Outside the door, Saul looked at Selena's wrist that was being held by Roman, and swallowed tremblingly in fright, then turned around to see his brother's expression, it really wasn't as scary as usual...

She's really going crazy, what on earth is Selena trying to do?

Chapter 214

"Roman, you don't need to apologize, because even if you are given another chance, you will still choose to trust Susie."

Roman said anxiously, "I don't..."

"Don't say you don't know how to do it, just take the current matter as an example, did Susie tell you that she was innocent, did she separate herself and blame Cui Caijing for everything? And you, did you do it again? Trust her unconditionally? If I tell you now that she is lying to you, do you believe me?" Selena asked word by word.

Roman subconsciously avoided her cold eyes, and then said firmly, "I will investigate clearly!"

Selena smiled and shook her head, "Believe it if you need to verify it, then it's not called trust. When you believed her back then, you couldn't even listen to half a word from me."

"Selena, I..."

"Roman..."

"Selena!" Roman suddenly raised his head, this time, he heard clearly that she really called him "Roman".

Selena glanced at the night outside the window, as if seeing a distant time and space through the night, and said in an ethereal tone, "Roman, do you remember? When I was nine years old, I wanted to buy a schoolbag with my idol print on it. But the family refused to let me, and immediately after, the family lost 50 yuan. My grandma insisted that I stole it. At that time, even my parents were a little suspicious of me. He also thinks that I took it, because he knows that I really like that male star..."

Selena was halfway through, but Roman could no longer listen, her body trembled slightly and her eyes were red.

Selena laughed at herself, her voice was a little hoarse, "It was only you at the time, only you believed that I didn't take it. You took me out and knocked on the door in the middle of the night to ask the children who came to my house that day... Finally asked Someone who actually stole the money..."

do you know? At that time, I was thinking, this person in front of me, I must marry him when I grow up! "

"Selena, stop talking..." Roman closed his eyes in embarrassment.

Outside the door, Saul also roared in his heart, sister-in-law, stop talking!

I'm afraid this hospital will be demolished tonight!

Because Daniel's aura was so terrifying right now, even Louis's anger was suppressed, and he coughed lightly to move away from him.

Just when everyone's eyes were on the ward, Rick who was standing next to Daniel suddenly broke away from Daniel's hand and rushed into the ward quickly.

Like a little wolf cub, the little guy snatched Selena's hand away, then hugged her leg tightly, his beautiful big eyes were full of anger and stared at Roman on the hospital bed...

"Dmn it! Little Treasure..." Saul was startled, and was about to rush in when Daniel raised his hand to stop him.

Only then did Saul realize that if he went in, it would be hard to tell.

Selena was taken aback by Rick who rushed over suddenly, "Uh, baby...why are you here?"

She looked out through the glass window on the door, and seemed to see Daniel and the others in the corridor outside.

Rick looked up at her with his small head up, his eyes were red, and became wet after a while, and the big eyeballs rolled down...

Selena immediately became anxious when she saw it, "Hey, don't cry! What's the matter! Be good, don't cry, don't cry! Auntie will take you back!"

Selena picked up Rick and was about to leave when Roman, who had already been dumbfounded on the hospital bed, finally came back to his senses and called her to stop...

"Selena! This child...is...who is it?"

Chapter 215

Selena subconsciously pressed Rick's face on her shoulder, patted him on the back, and replied casually, "A child of a friend, I'm leaving, you should take care of your wounds! I will contact you later Susie came over."

After Selena left, Roman stared at the door with surprise and doubt on his face.

What the hell is going on with that kid?

Why did he feel for a moment that the child's eyebrows and eyes were somewhat similar to Selena's?

He even terribly recalled the dead baby five years ago. If the baby hadn't died, it would have been about this age...

Dmn, what the hell is he thinking! It's crazy! That child died five years ago!

Yes...dead...must be dead...in that case there is no possibility of survival...

Seeing Selena who came out less than five seconds after Rick went in, Saul couldn't help snapping his fingers, Rick, you did a great job!

Seeing Daniel's expression, Selena immediately knew that he was going to blame Rick, so she hurriedly protected Rick before he could speak, "Don't blame Rick, what does he know as a child! Besides, he didn't bother you. me!"

Daniel looked helpless, "You're too used to him." The tone was clearly reproachful, but there was no trace of anger on his face.

Louis on the side watched helplessly as Daniel waited for Selena to calm down all his depression as soon as Selena came out, and even put on a tender expression, his face changed faster than turning the pages of a book, his inner shock was beyond words.

Hypocrisy is too hypocritical!

"Who made you always be so mean to Rick? I'm here to help you make it up!" Selena touched Rick's head, and a trace of sadness flashed imperceptibly in her eyes.

If you don't treat Rick well at this time, there will be no chance in the future.

After leaving the hospital and getting in the car, Selena held the little bun in her arms and coaxed him for a while, and the little guy soon fell asleep.

Saul held it in for a long time and finally couldn't hold it anymore. He glanced at Selena in the back seat from the rearview mirror, and asked anxiously, "Selena, you were killed by Roman and sensational memories. What are you playing? Don't you want to rekindle your old relationship with that sgumbag?"

Louis, who was in the co-pilot, snorted when he heard the words, "Resurgence! I was almost fooled by her just now, and she's playing the role of little white flower again! Not only that... but also a fcuking beauty trick! "

Selena held her chin and raised her eyebrows in surprise, "You have grown golden hair, you've actually seen it all!"

Sitting next to Selena, Daniel looked slightly cold.

Just now he saw at a glance that Selena's attitude towards Roman was not sincere, what really made him angry was...

A beauty trick... She actually used it on someone other than him...

"By the way, I still have to call Susie!" Selena was still holding Rick in her arms, moved carefully, and took out her phone.

"Let me hug you." Daniel helped carry Rick.

After the number was dialed, Susie's shrill voice came from the other end of the phone, "Selena? Heh, what are you calling me for? Showing off your power? b!tch! Seeing my reputation ruined, are you happy and proud now? Let me tell you, it's too early for you to be complacent! Do you think Roman and Mom and Dad will believe your nonsense? But a country bumpkin really thinks that Pong Shang..."

When Susie was almost done cursing, Selena said quietly, "Miss Ning...let me remind you, I've turned on the loudspeaker now, and Roman is right next to me..."
