## Chapter 216

Susie: "..."

There was a long silence on the other end of the phone, and then it hung up suddenly.

Without thinking about it, she could know what Susie's expression would be when she heard these words, and how she hung up the phone in panic.

"Pfft! Selena, you are too mean! That woman must have been frightened by you!" Saul was full of admiration.

"Is this bad? I've never seen the world! I'll let you see something worse today!" Selena curled her lips and tapped her phone a few times. Conversation with Susie.

That's right, she recorded it.

Originally, she really planned to call Susie in front of Roman, and then turn on the loudspeaker to let Roman listen carefully, because Rick had no choice but to change her plan.

Fortunately, the final result does not affect.

Selena edited the recording just now, then sent it to Roman, and sighed regretfully, "It's a pity that this trick can only be used once, and Susie will definitely be wary when talking to me in the future. But, once is enough." Already!"

She had expected that Susie would refuse to admit it, but today she was going to plant a seed of doubt in Roman's heart. At that time, she just had to wait and see the dog bite the dog...

Saul shuddered and said tremblingly, "Selena, if I offend you in the future, just tell me and I'll beat you up to relieve your anger, but don't be so mean to me! I'm so scared Afraid..."

Selena chuckled, and said simply, "Don't worry, for your brother's sake, I won't argue with you."

Saul's eyes lit up when he heard the words, "Is my brother so proud?"

Selena rolled his eyes at him, "Nonsense, he is my boss and benefactor! It's not an exaggeration to be a cow or a horse!"

Hearing this answer, Daniel closed his eyes, the light in his eyes flashed away like a meteor, leaving only darkness...

Although she had been very careful, he still clearly noticed the change in her attitude towards him after she came back tonight.

From choosing Saul to accompany her to the hospital just now, to being close to Roman on purpose and even trying to cause him to reject him all the time, to reminding him of his identity inadvertently and disregarding him...

Just like how he boiled frogs in warm water and moistened things silently made her slowly accept herself unconsciously, now she has learned to use the same method, and is slowly moving away from him...

There is no doubt that she is really a good student who applies what she has learned.

He was trapped in a cocoon, trapped in the cage he created, knowing what she wanted to do, but he was helpless.

Late at night, Lu Zhai.

Selena lay on the big bed, counting the bleating sheep in her head, but she still didn't feel sleepy at all.

So he picked up his phone and opened WeChat.

After swiping Moments for a while and posting in a daze for a while, she typed a line: I could have tolerated the darkness, if I had never seen the sun. But now, the sun shines on my loneliness even more desolate.

This sentence comes from a little poem by the female poet Dickinson. I don't know why, but when I think about it at this time, I feel that it is very suitable for her state of mind...

The first person to reply to her was... Saul...

Aww, everything is recovering, spring is warm and flowers are blooming, and animals are here again... Ah bah! I smell the breath of love!

The corner of Selena's mouth twitched, Saul was too fast, and he didn't need to sleep until midnight?

Surprisingly, that ba5tard Louis didn't sleep at such a late hour, so he commented to her It's so sour that Laozi's teeth are about to fall out!

Selena was about to say something to Louis when her expression tightened suddenly when she heard the sound of her door being pushed open...

## Chapter 217

Selena subconsciously put down her phone and held her breath. She wasn't vigilant or defensive, but nervous.

Because she recognized Daniel's footsteps.

Why did Daniel come to see her at this time?

It's three o'clock in the morning!

The strangest thing was that with Daniel's character, he would never come in without knocking...

Just when Selena's mind was in a state of confusion, that familiar figure had already walked to her bed.

There is no light in her room, and there is no moon tonight, so that the whole room is dark, and only a vague shadow can be seen.

The shadow just stood there quietly, motionless.

Selena's heart was pounding in her throat, and she was about to speak out to break the tormenting silence, when a flash of inspiration flashed in her mind, and she suddenly thought of something.

Daniel has sleepwalking!

So the words were almost spoken, but she quickly swallowed them back, so as not to wake him up.

Cough, but... what on earth does he want to do?

About five seconds later, Daniel took another step forward, sat down on the edge of her bed, lifted half of her quilt, and... just lay down beside her...

Selena: "..."

And, this wasn't over yet, as soon as Daniel lay down, he stretched out his long arms and pulled her into his arms, hugging her tightly, like hugging a pillow.

Selena: "..."

Selena's cheek was forced to airtightly touch Daniel's warm chest, his steady breathing was on top of his head, his burning palm was on his waist, and his breath was filled with the coolness of cologne mixed with it. breath...

Young life! This is going crazy!

In her heart, Selena had already ran eight hundred miles screaming to the sky, but in reality, she could only bear it until she was almost injured internally.

Back when Daniel was sleepwalking for the first time, she still thought it must be because of "thinking every day and dreaming at night", and reminded Daniel the next day that he needed to find a woman...

Now, she completely understands!

Understand the true meaning of the phrase "Think about it every day and dream at night"!

So, who can tell her, what should she do now?

Are we waiting for Daniel to leave by himself again?

It was fine when I didn't know anything before, but now, why isn't it appropriate?

Selena moved her body tentatively, trying to break free, but in the end she was panting and sweating, and someone remained motionless.

She was worried about waking him up, but she didn't dare to use too much force.

There was no other way, Selena finally gave in.

Hey, forget it, just go to sleep! Anyway, he doesn't remember anything after waking up...

Outside the window, the breeze was playing with the dark clouds, and the moon poked its head out from the clouds, and sprinkled a room of clear light through the window.

Daniel's profile, which was so close at hand, suddenly appeared in front of her eyes...

Selena's heart missed half a beat, and then it was like a drum beating instantly.

She was really afraid that if she jumped too hard, she would wake Daniel awake.

Not knowing whether it was because of the beautiful moonlight tonight, or because of the person in front of her, Selena couldn't help reaching out and touching the man's cheek, "Daniel..."

Does it mean that no matter what she does now, he doesn't know anything anyway, and he doesn't have any memory?

Well, doesn't that mean she can do whatever she wants?

This thought made the repressed beast in her heart start to move...

Selena gently touched the man's forehead, eyebrows, nose, and finally stayed on the thin lips...

## Chapter 218

Afterwards, Selena leaned over slowly, and barely stopped when she was only one centimeter away from the man's lips.

Well...

k!ss, or not to k!ss...

This is a problem.

"Wouldn't it be good to take advantage of others while they are in danger?"

"But who made you come to my bed by yourself, you can't blame me, can you?"

"Besides, you bit me last time!"

"I'm going, what the hell am I doing here! I'm so dizzy! I've lost my head!"

...

Selena thought about it for a long time, and finally lay down obediently.

The stiff body of the man beside him finally relaxed, and at the same time, he felt a sense of loss in his heart.

This kind of feeling of being teased halfway is simply...

However, in the next second, the girl who had given up in her arms and was lying obediently moved suddenly, and then two pieces of warm softness were caught off guard and pressed hard on his lips...

The slippery tongue licked his lips desperately, and the teeth tentatively tapped and bit several times, even boldly trying to pry his switch off...

Rao was as calm as Daniel, but now he almost lost his composure.

This feeling of being kissed by force can only lie down and cannot regain the initiative, it is even more sad than the former!

The girl's kissing skills were really bad enough, she was just licking and biting randomly, but it set his lower abdomen on fire instantly...

After the kiss, Selena wiped her lips, and finally lay down contentedly, and muttered to herself, "If you're dizzy, then you're going to be dizzy! Such a good opportunity, it's worthless if you don't kiss me! This way at least it's my life." No regrets!"

Hearing this, Daniel really didn't know whether to be angry or laugh.

Just a kiss and no regrets in this life?

Honey, your goals in life are really too low.

I want to give you, and more...

After kissing Daniel, Selena couldn't fall asleep even more, so she reached for her phone, opened the webpage and checked the entertainment news for a while.

As she expected, Susie immediately issued a statement, putting all the responsibility on her assistant Cui Caijing and putting herself in the position of the victim.

However, Shengshi is not a vegetarian here, especially controlling the direction of public opinion is Liang Feixing's forte.

Under Liang Feixing's public relations, Susie's statement has not had much effect at present. Most people think that Susie is deliberately shirking responsibility. A small assistant is so troublesome just because you scolded her a few times. It is too unreasonable to take pains to retaliate against you.

Some people thought that Susie vented her anger on Jia Qingqing because of her good relationship with Jia Qingqing, others thought that Susie was jealous that Selena was prettier than her, and some even speculated whether Roman often went to the film crew to see if Selena fell in love with her. That's why Susie was so anxious to get rid of Selena...

In short, the gentle and generous image that Susie had created on weekdays suffered a severe blow this time.

In addition, what fans are most concerned about is the future filming of "The World", which is also what Selena cares most about.

The company is already dealing with it, but there is no definite answer yet.

Call Ling Zhizhi tomorrow to find out!

After reading the entertainment news, Selena logged on to Weibo again, and unexpectedly found that after this incident, her Weibo followers increased greatly, and she gained a lot of passer-by fans, and the comments below were all words of encouragement and comfort.

Selena thought about it, then edited a Weibo and posted it...

## Chapter 219

Instead of caring about the betrayal and badness of others, it is better to manage your own dignity and beauty. What doesn't kill us makes us stronger!

There are a lot of night owls on Weibo, and the number of her comments, reposts and likes are soaring.

Less than five minutes after posting Weibo, Louis also retweeted it with a well-regulated sentence of support.

The fans screamed excitedly below, the CP in the play actually joined a company in reality, wouldn't it be more likely for something to happen?

To Selena's surprise, among the most popular comments on her Weibo, apart from those who cared and supported her and those who gossip about her and Louis, the most popular comment was...

Goddess Goddess! The last time I saw Daniel actually forwarded a Weibo related to you! Have you met Lu \*\*oss in Shengshi Entertainment? Have you spoken to him? He is handsome or not! Ask for a photo! Ask for benefits!

Selena's head was full of black lines, "Have I met Lu\*\*oss? Of course I have, you nonsense! Just lie next to me, you stupid human beings! Send a photo? Then forget it! Of course the male god will stay. Hiding it for myself..."

Selena continued to swipe while muttering, and the final result was that she became more and more energetic.

Hey, I really shouldn't use meager when I'm insomnia.

What she needs now should be a book of advanced mathematics!

Just as she was worrying, a call came in from her mobile phone, and the caller ID showed Louis, but fortunately she had turned on mute just now.

Selena answered the phone in a low voice, "Hello, what are you doing?"

"I still want to ask you, why don't you sleep at night?"

Selena rolled her eyes, "I'll give you back the same..."

"Why is your voice so low?" Louis asked suspiciously.

"It's late at night, do you want me to yell at you?"

"No..." Louis said firmly with the tone of Sherlock Holmes, "There is someone next to you!"

Hearing this, Selena cursed in her heart, and then said confidently, "What's wrong with me sleeping with Rick? Do you want to be so surprised?"

"real?"

Selena suddenly felt that the hands around her waist tightened, and she almost lost her mind, and hurriedly replied, "What else? Could it be Daniel who was lying next to me? Are you delusional?"

Louis curled his lips, feeling that he was thinking too much, "Why don't I just ask casually!"

"By the way..." Selena suddenly remembered something, frowned and said, "How is your family going?"

Louis was silent for a while, and then replied: "It's almost settled. Just after I met you last night, the partner who was not letting go suddenly let go. What a coincidence!"

The implication is obviously because Daniel guessed something...

"That's good." Selena breathed a sigh of relief, "Then are you free tomorrow?"

Louis snorted, "What are you doing? I'm very busy!"

"Oh, forget it." Selena said as she was about to hang up the phone.

"Wait, but it will be useful tomorrow, what do you want?" Louis asked hastily.

Selena said leisurely, "Tomorrow will be the beginning of autumn, the weather is so good, and it just so happens that we don't need to film, why don't we go out for a while?"

"What?" Louis almost thought that she was hallucinating for a moment, after all, she had been avoiding herself like a scourge since returning to China, "You... What conspiracy do you have?"

"Where are there so many problems, don't push them down!"

"go!"

## Chapter 220

late at night.

Amidst the girl's long breathing, the man finally opened his eyes slowly, his pupils like a deep pool were cold and waveless.

Under the moonlight, he quietly looked at the girl's peaceful sleeping face, and gently kissed her lips.

From the first moment I saw her, I wanted to lock her at home, lock her on the bed, not allow her to go anywhere, not let anyone look at her, only he can look at her, and only look at him...

Even he himself was surprised how he endured until now.

After the man kissed lightly, he opened the girl's teeth and wrapped her tongue tightly until the girl frowned and almost woke up because she couldn't breathe...

After a while, he finally left, touched the girl's cheek, and sighed inaudibly, "Selena, don't test my endurance anymore. I can't guarantee how long I can endure... and I can't guarantee... I will what to do..."

the next morning.

Selena didn't know when she fell asleep last night, anyway, when she woke up, Daniel was no longer in bed.

Because I went to bed too late, it was almost nine o'clock when I woke up.

There were a bunch of Louis's missed calls on his phone, and he sent a WeChat message scolding her for letting him go again.

Selena scratched her head and sent Louis a message telling him to come over, then went to wash up, and then went downstairs.

Daniel went to work, Rick didn't disturb her sleep, and was obediently sitting on the sofa reading a book.

"Baby, come here!" Selena waved to Rick.

Rick immediately put down his book and ran over.

Selena picked up the little guy, "Auntie will take you out to play today, okay?"

Rick was full of surprise when he heard the words, and nodded vigorously.

At this time, a car horn sounded at the gate.

Selena led Rick out the door.

Louis was stunned when he saw Selena. Today she was wearing a ponytail, overalls, a white T-shirt with a cartoon print, and a shoulder bag slung across her shoulders. She looked like a student.

"Let's go!" Selena took Rick to get into the car.

Louis stared at Rick next to her with wide eyes, "Don't tell me, you still brought this kid with you on a date?"

Selena rolled her eyes at him, "Who is dating you! I took Rick out for an autumn picnic, okay?"

Louis's eyes widened, "Then what did you ask me to do?"

"Of course it's driving! I thought about it for a while, and you are the only one who is free today!"

Lu's group was discussing some big deal again, Daniel and Saul were busy these days.

Louis was speechless.

"Go or not! If you don't go, the sun will be setting!" Selena urged.

Louis got into the car, "Aren't you afraid that we will be recognized?"

"Just put on a little disguise!"

Louis was slightly taken aback, and said uncomfortably, "What are you pretending to be? A family of three?"

"Good idea, I'm the older sister, Rick is the younger brother, as for you..."

"What am I? Dad?"

"Bah! You are the driver!"

Louis: "..."

"Remember to go to the supermarket first! You also need to buy a grill, meat and drinks!"

"Understood." Louis replied with a dark face. This ba5tard knows how to trick him!

After shopping in the supermarket, Selena found a small river with a nice view and no people, and happily taught Rick how to skewer meat while humming a song.

Louis sang while setting up his fishing rod: "Today is sunny, but you showed up with your brother. Seeing his face, my mood immediately turned cloudy, like salt being sprinkled on a wound..."

Selena put her hands on her hips: "That's enough! Sing a cheerful song for Grandpa!"

"The weather is so sunny today, everywhere is beautiful, beautiful..."
