

Cruel Heart Lover Novel

Chapter 251

Chapter 251

"Of course! Sister Xi, don't you know?" Xiaotao looked surprised, and then whispered in her ear mysteriously, "Su Yimo's backstage... but our boss Lu!"

"Boss Lu? Saul?" Selena's first reaction was Saul, which shows how immoral Saul is in her heart...

Xiao Tao shook her head violently, then pointed her finger upwards, meaning the people above Saul.

Now Selena was a little surprised, she frowned slightly, "Daniel?"

Xiaotao nodded like a chicken pecking at rice, then looked around nervously and said, "Keep your voice down... In short, you just know what's in your mind!"

Selena rubbed her chin, "But why is there no rumors about such explosive gossip?"

"Who dares to drag the **oss out to hype it up? So only people inside our company know about it!" Xiaotao explained.

"I see..."

Before Selena could ask for more details, Xiao Tao couldn't hold back and started talking to her, "At first, Su Yimo was just wandering around the second and third tiers, and there were many people who were more famous than her, but in the end, she didn't know how to hook up with her." After going to our

**oss, and getting his blue eyes, all the resources of the company are placed in front of her for her to choose, and she is on the way to the sky like a rocket..."

The more Xiaotao talked, the more angry she became, and she said indignantly, "It took ten years for our sister Manyun to achieve what she is today, and it's so unfair to be suppressed by her like this..."

Selena heard that Xiaotao had a good nose and eyes, so it must be true, but she didn't know what kind of relationship she had with Daniel...

Although Xiaotao didn't say it clearly just now, her voice seems to be related to... "sleeping"?

However, based on what Selena knew about Daniel, it was naturally impossible to completely believe Xiaotao's gossip.

Xiaotao, who was talking non-stop, suddenly realized that it was inappropriate for her to be so majestic, so she hurriedly comforted, "Well, but sister Xi, your backstage is also very powerful, and you were dug by our second young master himself!"

Although Xiaotao said so, there was disappointment in her tone.

She was originally Leng Manyun's assistant, but this time she was transferred to Selena's side together with Ling Zhizhi.

When she followed Leng Manyun before, she was respected wherever she went, but compared to Leng Manyun, Selena is a rookie. Now that she is Selena's assistant, when she thinks about meeting Su Yimo's manager in the future, People and assistants have to be a little bit lower than others, and it is inevitable that they will be a little unbalanced psychologically.

How could Selena not see the disappointment on Xiao Tao's face, but Xiao Tao's reaction was also human, so she didn't take it seriously.

It's just that she can't just expose Su Yimo's problem...

After all, in these seven crucial days for her, any small detail may affect her decision.

So Selena didn't bother to guess on her own, she took out her phone and sent Daniel a WeChat message...

What is your relationship with Su Yimo?

At the same time, the Lu Group.

In the meeting room, Daniel was having a meeting when the phone next to him suddenly rang.

While Daniel continued to listen to his subordinates' reports, he casually clicked and glanced at it.

Then, all the subordinates present saw a rare scene in a thousand years...

Their boss, who almost never showed a smile in the company, actually looked at the phone, his eyebrows slowly stretched, and then he let out a pleasant low smile...

Chapter 252

"The meeting is suspended."

Daniel left four words and walked out of the meeting room with his mobile phone.

Selena was waiting for Daniel's reply, but she didn't expect him to call back directly, which surprised her.

So Selena talked to Xiao Tao, and then quickly found a corner where no one was around to answer the phone.

"Hey..."

"I saw your message." Daniel sounded in a good mood.

Selena scratched the tiles on the wall with her nails, "Oh."

Originally, she thought nothing was wrong when she sent that message, but now why does she feel something is wrong?

"Jealous?" Daniel's deep and hoarse voice came from the other end of the phone.

"Cough cough cough cough..." Selena was startled by these three words and coughed violently, and then said angrily, "Who is jealous! I think it is necessary to find out the company's interpersonal relationship, just ask casually!"

Depend on! No wonder she felt something was wrong! Sure enough, it will make people feel that they are jealous!

"Since it's a casual question, I refuse to answer it," Daniel said.

"Huh...?" Selena was dumbfounded, never expecting that Daniel would be so childish, "Then what are you going to do to tell me?"

Daniel: "Recall my question."

which question? Jealous?

actually...

When I heard Xiaotao's ambiguous guesses, and heard her bring Daniel together with other women, I really felt a little uncomfortable...

However, how could it be possible to admit it!

So Selena curled her lips and said indifferently, "Forget it if you don't answer, then I'll treat you as having an affair with Su Yimo, and this one will deduct you to zero points!"

Daniel sighed and had no choice but to compromise, "Don't worry, it doesn't matter, you don't have to worry about her in the company."

"Then why do people say that you are Su Yimo's backstage? Didn't you order someone to give Su Yimo a lot of resources before?" Selena was puzzled.

"I'm your backstage," Daniel replied.

Selena's face turned hot, and she immediately said seriously, "Speak well! Don't flirt!"

Daniel chuckled, "Heh..."

"Don't laugh either!"

Daniel finally stopped teasing her, and replied with a light cough, "I did give the order, but I am innocent. The reason why I gave that order is because she saved Rick's life."

"What? What's wrong with Little Treasure?" Selena immediately asked nervously.

"In order to let Rick get in touch with people more, I tried to send him to school, but he lost control and ran out, and was almost hit by a car that couldn't avoid it. Fortunately, another car rushed out at that time, hit the car, and saved Rick's life. It was later found out that the person in that car was Su Yimo. She rushed over because of drunk driving, but saved Rick by accident... "

Selena was stunned when she heard that, "I'll go! I don't know whether it's Su Yimo's luck or Rick's luck! So you gave that order to repay?"

She could understand Daniel's repayment very well. Even if Su Yimo saved Rick by accident and not out of intention, she saved Rick after all.

"yes."

"Tsk, he really saved Rick's life! Why didn't you agree with him at that time?"

Daniel said instantly: "Do you think I will give my body to anyone?"

Chapter 253

It wasn't enough after the instant kill, Daniel mercilessly made up the knife again: "How much is it now?"

"How can I tell you this! Think I'm stupid! I hung up! The assistant is still waiting for me!" Selena quickly hung up the phone.

What a pity! Sure enough, he shouldn't have had any contact with Daniel!

Over there, Daniel had just finished calling Selena, and the smile on his face hadn't faded away, when suddenly a big face approached him in a slanted stab, with a resentful tone...

"Brother... Tell me honestly..... Do you have something to hide from me?"

Daniel did not deny it, and raised his eyebrows slightly, "Obviously?"

Saul was shocked when he heard that, and almost rolled on the ground, "Oh! You really have something to hide from me! I'm your younger brother, your most capable deputy, your little padded jacket! You actually have something to hide from me! !!"

"Aren't you good at guessing?"

"Hey! Let me guess!" Saul paced back and forth in the room. After three minutes, he suddenly stopped and looked at him, "The day before yesterday you deliberately dismissed Rick. At that time, it was only two days before Selena started work. In order to catch up with the schedule, she will be very busy when the time comes, which means that your time is running out, so you will definitely make a big move in these two days! The big move...is it a confession?"

Daniel: "Continue."

Seeing this, did he guess right?

Saul's eyes lit up, and he continued to speculate, "What about the result of the confession? It probably didn't work out! Otherwise, how could you be still in the company right now? You must be in bed..."

Daniel: "..."

In the end, Saul snapped his fingers, and concluded in a firm tone, "There is only one truth! You confessed, Selena didn't agree to you, but she didn't refuse either. She is considering, and at present, the possibility of her giving you an affirmative answer." Great sex! That's why you're in such a good mood!"

Daniel looked at his younger brother's radiant expression, with an imperceptible softness on the corner of his mouth...

He is indifferent by nature, not good at getting along with others, even the relationship with his biological parents is very weak, only this younger brother, others avoid him, fear him, only he revolves around him all day; he always has a cold face, He never cared or got angry; he didn't like to talk, he just guessed for himself, and guessed exactly what was in his mind...

He thought he was lucky enough, but he didn't expect that fate would make him meet Selena again.

...

the next day.

From midsummer to early autumn, the crew of "The World" finally restarted after going through many twists and turns.

Due to the change of the script, Susie and Zhao Sizhou's scenes were deleted a lot. Susie and Selena had three rival scenes, but now they are all deleted. Xi would not meet Susie on the set, but it made her worry a lot, and she could finally concentrate on filming.

Today's filming is mainly about the two important scenes between Selena and Louis. Not only Selena's manager Lin Zhizhi is here, but Louis's manager Lei Ming is also here in person, which shows how important these two scenes are today.

Selena and Louis arrived almost at the same time.

"Hello, Senior Brother Jiang..." Selena greeted her sweetly, and obediently changed her address from "Senior Jiang" to "Senior Jiang".

"Well, hello, Junior Sister!" Looking at Selena's cute baby, Louis shivered, his skin getting goosebumps.

Then, from the corner of his eye, he casually glanced at Ling Zhizhi beside Selena...

Chapter 254

Ling Zhizhi was talking to Lei Ming, and didn't notice Louis's gaze at all. After speaking, she turned to Selena and told her, "Selena, I'll discuss something with Brother Ming, you and your senior brother should have a good show."

"Alright Miss Zhizhi, go and do your work..."

After obediently waving Lin Zhi away, Selena immediately returned to her little devil state, looked at Louis gloomily and said, "Tsk tsk tsk, Jin Mao, did you see it just now? I know that sister Zhizhi is you After ex-girlfriend, I was still sad and regretful for so long, worried that sister Zhizhi would be embarrassed after the two of you met, but in the end, sister Zhizhi didn't even look at you! It's so cool! I really like sister Zhizhi more and more!"

Louis gritted his teeth and gave her a vicious look, "Who told you that she was my ex-girlfriend!"

Selena blinked, "Didn't you say it yourself?"

"Get out! I didn't mention a word at all, it's all your gossip!"

"Who made your behavior so easy to misunderstand..." Selena muttered and complained, and then became more curious, "Since it's not an ex-girlfriend, what is the relationship between you two? Why are you so afraid of her?"

"Since when have I been afraid of her? Selena, can you stop divergent thinking!" Louis was almost crushed by her.

In order to get the words out, Selena softened her voice to comfort her, "Okay, okay, then I won't think about it, you can tell yourself! What's going on?"

"What else could be going on? It's just that she took me before!" Louis said impatiently, flipping through the script in his hands.

Selena's eyes widened in surprise when she heard the words, "No way, sister Zhizhi took care of you? She was your manager?"

Louis gave her a blank look, "What's wrong, can't you?" What kind of expression was she?

Selena shook her head and sighed, "This is more pitiful than being your ex-girlfriend..."

It is well known in the industry how wild Louis is, and none of his assistants are capable for more than a week.

The reason why Lei Ming's manager has not been replaced for so long is because although Lei Ming is tall and strong and looks thick and even a bit fierce, he actually has a very good personality and is very patient, which is why he is able to be so close to Louis. Long.

Knowing that Ling Zhizhi and Louis didn't have that kind of relationship, Selena was relieved, otherwise this triangular relationship would be really embarrassing.

At this time, Xiaotao ordered someone to bring a super luxurious recliner over, "Sister Xi, you can sit on this one!"

In the production crew, this kind of reclining chair is generally only eligible to be enjoyed by women and men or actors with relatively high status. Selena used to squat in a corner and sit on a small bench, at most a chair, but she never thought that one day she would also With such treatment...

"Thank you, thank you Xiaotao!" Selena thanked.

Although Xiao Tao has always regretted Leng Manyun's withdrawal from the circle, and is not very satisfied with the current assignment, but she is very attentive when she is working.

"Would you like to play the opposite?" Selena raised the script and asked, resolutely carrying out the manager's orders.

"That's right! I stayed up all night playing games last night! Catch up on sleep! Don't disturb me!" Louis covered his face with the script and fell asleep soundly.

Selena silently lit a candle for Lei Ming, and when it was over, she was happy for Ling Zhizhi, fortunately she was out of the sea of suffering!

Chapter 255

Louis closed his eyes even when putting on makeup, and slept until he started filming.

Director Guo was already there to greet everyone to take their places, and while he was still sleeping there, Selena kicked his chair unbearably.

Only then did Louis slowly wake up.

The scene to be filmed today is a fighting scene on the battlefield.

After Meng Changge's elder brother was killed by the ignorant concubine, Meng Changge grew up overnight, put on armor and went to the battlefield, and started a long military career...

The General's Mansion has undergone major changes, and there is no more bully in Chang'an City.

After Meng Changge left, Sun Huanqing finally saw her feelings clearly, and resolutely followed Meng Changge to the battlefield and became a military doctor.

Generally, scripts are shot according to the scene, not the plot, so today's scene skipped to seven years later. Meng Changge made great achievements in battle, even surpassing her father and brother.

Under the instigation of treacherous ministers and virtuous concubines, the Hunjun began to be afraid of Meng Changge, and repeatedly asked her to surrender military power and marry the incompetent twelve princes to restrain her.

Naturally, Meng Changge refused to obey.

So, in a great battle, she encountered the same experience as his brother. She was not defeated by the enemy, but was tricked by her own people...

The enemy is currently short of food and grass, and the reinforcements have not arrived for a long time, and they are in a desperate situation for a while...

Finally, the final battle of life and death came.

On the set, all the staff took their positions, and all the reporters who came to visit the set also arrived one after another.

The most nervous thing was the director Guo Qisheng, if something went wrong again this time, he would really be bumped to death!

Selena was naturally not worried, but Louis was still sleeping as soon as it started, and he seemed to be in a bad state, which really worried him! Why!

"Okay! All departments are ready! Start..."

Selena was discussing what to have for lunch with his assistant Xiaotao just a second ago, the moment Guo Qisheng called out to start, his eyes changed instantly.

On the battlefield full of corpses, there were less than a hundred friendly troops left. Meng Changge was covered in blood, his eyes were scarlet, and his face was full of murderous aura, like a walking weapon.

Just when she was exhausted and was almost attacked from behind, suddenly a thin man in Tsing Yi rushed over and reminded her loudly...

"Long song! Be careful..."

Under the man's reminder, Meng Changge narrowly avoided the sneak attack, but when he saw the person coming, he became furious instantly, and grabbed the man's collar with his blood-stained hand: "Ge, who will allow you?" Came here? Get out of here!!!"

Sun Huanqing's face was full of determination, "I won't go! I'm going to die together!"

Meng Changge threw him away heavily, with sarcasm and disdain on his face: "If I tell you to get out, get out! You are a helpless little boy, why should you die with me!"

Sun Huanqing stood up covered in dust, and with a swipe of the silver needle, a person's throat was cut, and the blood splashed all over his handsome and fair face. At this moment, there was no compassion of a doctor in his eyes, only murderous intent...

"And now?" he asked, looking stubborn and determined.

Meng Changge turned away, his expression struggling.

At this moment, countless complex emotions flashed across Selena's face, and finally, she sighed heavily, "You...forget it, come if you want...but don't expect me to distract you protect you!"

Louis stretched out his hand and slowly wiped away a trace of blood on Selena's face. His expression was tender and affectionate. On this bloody battlefield full of gunpowder smoke, he looked like a blooming white lotus, "Chang Ge, I am your man, I should be I protect you."
