

Cruel Heart Lover Novel

Chapter 256

"Crack..."

One is over!

The audience applauded thunderously, and the reporters and friends clapped their hands especially hard.

This scene has an action scene and an emotional scene. It can be said to be very complicated. Everyone never thought that it would happen, so it was really surprising and happy.

"Oh my god! Louis is so handsome! I thought it would ruin his image if he plays a weak doctor this time! What a surprise!"

"Yes, yes! It subverted all the inherent image of Louis! I feel that his acting skills have improved a lot this time! Now I don't care who the male lead is at all, I just want to watch my doctor Sun's role!"

"Especially the last sentence 'I'm your man' just now, it's too distracting, is it? Full of affection!"

"I also feel that I also feel that when Louis said such provocative lines to the heroine in the past, I always felt that there was something shortcoming. Now I finally know that it is emotion! Louis is acting with emotion this time! "

...

Guo Qisheng on the side was so excited that he almost cried, and hugged the assistant director.

So touched!

Didn't expect it to go so smoothly! The response from the reporters was also very good!

It's a good start!

In the rest area.

Louis snorted triumphantly, "How is it? I told you that there will be no problem! Just worry about one or two!"

Selena "cut" with a face full of disdain, "That's because it's my sister who is acting with you. If it were someone else, with your sh1tty state today, you would have been stuck at least twenty times, do you believe it?"

"Don't put gold on your face! If it's someone else... I'll get stuck nineteen times at most!" Louis said in a foolish tone.

Of course it was because he knew that the other party was Selena that he was so relieved! When he is stupid!

Selena's greatest ability is not only to suppress the scene, keeping you stuck, but also to bring the other party into the scene in an instant, allowing you to pass by.

"Tsk, Selena, your skills are really perverted..."

"You're a pervert!"

...

The two were talking to each other, Lei Ming and Ling Zhizhi came in.

Lei Ming was also full of excitement, and happily poured drinks and handed Louis a drink, "Not bad, not bad, Louis, you performed really well today! It's completely beyond my expectations! You must keep it up! "

Seeing that Louis was praised, Selena became unhappy, and looked at Lin Zhizhi like a kid begging for candy, "Sister Zhizhi, what about me?"

Although Ling Zhizhi was not as excited as Lei Ming, her expression was quite satisfied, "It's pretty good, but don't take it lightly, your highlight is the next one."

"Got it!" Selena was already very satisfied and happy when she got the words "very good".

Louis at the side cast a sidelong glance at Lin Zhizhi, turned his head away, and muttered in a low voice, "I didn't expect, the tigress has become gentle after not seeing you for a few years! I've never seen you be so gentle to me before!"

At this time, Ling Zhizhi finally took a look at him, and said expressionlessly, "Put yourself in another way, if you were me at that time, would you be gentle with yourself?"

Louis choked.

Depend on! Was he really that messed up back then?

It seems...it's quite a mess...and it's still a mess...

Thinking about it carefully, if he were Ling Zhizhi, he would want to beat himself up...

At this moment, the reporters outside were all anxious to interview Selena and Louis, but they were all stopped by the director, who said that they would

arrange enough time for interviews after the filming was over, so everyone calmed down...

Chapter 257

After a short break, the second shoot began.

Why do you say this scene is the highlight?

Because it is the most abusive scene in the whole play, the climax of the whole play, and an important turning point before Meng Changge enters the palace for revenge.

This turning point is very important, and it is directly related to the character setting of Meng Changge in the second half of the play and the audience's positioning of Meng Changge.

Due to the huge disparity in strength between the two armies, Meng Changge still lost this battle.

She watched helplessly that her deputy, who was born and died, was chopped off by the enemy and trampled on the neck, and watched her most beloved brother beheaded by the enemy and humiliated by the tip of the sword...

She and Sun Huanqing were separated during the battle, and when she looked for it, what she saw happened to be the scene of Sun Huanqing being pierced through the heart by thousands of arrows from the enemy...

Not even a final farewell...

"Huanqing..."

The last string in Meng Changge's heart was completely broken, her eyes were shattered, and she rushed over rolling and crawling.

She slumped on the ground, staring at the corpse full of sharp arrows in her arms, and screamed in despair, "Ah..."

Two lines of hot tears rolled down the bloody cheeks...

Selena's explosive power in an instant was simply heart-pounding. Everyone on the scene was brought into the scene, and their hearts tugged.

The next second, Meng Changge raised his sword and frantically fought with the remaining enemy troops.

Because Meng Changge's aura was too sinister and fierce, even though there were many enemies, they all became timid. As a result, nearly a hundred people were killed by her one by one...

In this segment, Selena did not use martial arts as a stand-in, but went into battle in person. While her emotions were in place, her movements were also very beautiful, and she performed a beautiful sense of tragedy.

The battle was finally over, and she was the last living person left in this vast battlefield.

The entire battlefield is full of blood, and there are layers of corpses, and the dilapidated military flags are rolling in the strong wind...

Meng Changge clutched his chest precariously, half-knelt down with a plop, panting exhaustedly.

After being greatly saddened and furious, she slowly rested her sweetheart's head on her knees, and wiped off the stains on his face, with neither sad nor happy expression.

Selena's silence during this period was for interspersing the memories between the two during the follow-up editing, and the layered sense of Selena's expression made the silence not abrupt even if there were no

memories at the scene, and instead made everyone follow her. The subtle changes in her expression reminded her of the little things since she met Sun Huanqing...

After a while, the memory came to an abrupt end.

Meng Changge's empty eyes suddenly stared into the distance...

At that glance, it seemed as if he had crossed the battlefield, crossed the snow-capped mountains and grasslands, crossed the vast desert, and came to the capital city full of flowers, and then leaped over the palace wall, came to the court hall of emptiness and snakes, and came to the imperial palace full of paper and gold. Staring at the foolish king and concubine in the tent...

As if a gust of bloody wind was coming, she raised her jaw and closed her eyes.

Gradually, the corners of her blood-stained lips slowly curled up bit by bit, like peach blossoms blooming in winter.

Weird, but beautiful.

All smiles.

At this second, the general who defended his family and the country had died, and the one who was reborn was a generation of demon concubines who brought disaster to the country and the people.

The Meng family has been loyal for generations. Her father, three older brothers, the youngest brother, and the people she loves all died on the battlefield. However, her sincere sage and the people she guarded drove her to death step by step... ..

This family, this country, this world, what else is worthy of her protection?

If that's the case, then... it's all ruined!

Chapter 258

Selena fully interpreted all the long, deep and indelible grief and hatred with just a blackened smile.

This time, there was no sound at all.

Until the end of the filming, everyone dared not make a sound, or even breathe loudly, for fear of disturbing the sorrowful and beautiful soul.

Many people even had red eyes and tears without realizing it.

It wasn't until director Guo Qisheng signaled that the filming was over that everyone woke up and recovered from the grief.

"Oh my god, I actually cried watching the scene!"

"Woo
oo
o!"

"Selena's acting skills are simply too good! Only now do I know that the tidbits released before are just a drop in the bucket! I finally understand why Guo Qisheng insisted on using her despite all the arguments!"

"Why isn't Selena the heroine? Compared to the benevolent and moral heroine Shangguan Yingrong, Meng Changge's character has a lot more depth!"

...

Backstage in the dressing room, after removing the makeup, the pain and murderous look on Selena's face still persisted, so that Xiao Tao, who was about to bring her a meal, didn't dare to get too close to her.

At this time, Louis opened the door and walked in, and said without any surprise, "Let's put the rice on, leave her alone, it will be ready in a while."

"Oh." Xiaotao put down the lunch box and ran away in a panic. Selena's appearance just now was a bit intrusive, as if she was possessed by someone.

About five minutes later, Selena released her possessed state, and she woke up cleverly.

Stretching, twisting his neck, he complained, "Dmn! This time I got into the scene too deeply, I almost couldn't get out for a while!"

Louis squinted at her with a black face, "Conscientious, okay? People who want to act like you will not be able to come out for at least several months! There are even some who are straight crazy! You will come out in less than an hour." What else do you want? Beast!"

The scene just now was in a "dead" state, so he didn't know Selena's performance. Just now he went to watch the replay, and Nima was shocked!

He almost felt that Selena's love for her was as deep as the sea!

"Huh, where's my sister Zhizhi? I haven't asked her what she thinks of me yet!" Selena asked anxiously.

As soon as the words were finished, Ling Zhizhi just pushed the door open and came in. She glanced at the time on her watch and said hastily, "Selena, I'm going back to the company this afternoon. Are you okay?"

"Huh? You're leaving!" Selena was a little disappointed.

"Because I'm no longer needed here." Ling Zhizhi said with a rare smile.

Selena's spirits were lifted on the spot when she heard the words, this is undoubtedly the greatest affirmation and trust for her!

"Then go and get busy! I will take care of myself and be obedient!"

"Well, feel free to contact me if you need anything."

"Okay, I'll take you out!"

...

After Selena sent Lin Zhizhi off and came back, Louis looked contemptuous, "Look at your flattering look!"

Selena also responded with contempt, "Hmph, you are jealous that I have a good relationship with Sister Zhizhi! Speaking of which, I have to thank you, Sister Zhizhi will cherish it even more after she has experienced such sgum like you. I am such an obedient baby!"

Louis sneered, with an expression of your simplicity and innocence, "Just be proud of yourself! You will suffer later! Do you think that woman is easy to mess with? When the time comes, you will be tortured to the point of crying for your father and mother, so don't Blame me for not reminding you!"

Chapter 259

Today, the two major dramas that would have taken a whole day to complete, were completed half a day earlier because they were all done in one go.

As a result, there is plenty of time for interviews in the afternoon.

Selena and Louis cooperated very well, they basically answered every question they had, and the reporter was very generous and didn't bring up too sensitive topics.

Seeing that the atmosphere at the scene was very good, after interviewing topics related to the drama, the reporters began to tentatively ask some personal questions.

Reporter: "Louis, I have a question. It seems to be asked every time. This time I can't help but want to ask again. What type of girl do you like? In reality, I like Meng Changge who is more active and strong.?"

Louis propped his chin and thought for a while, "I used to like the type of Xiaoniao Yiren, but when I'm a little older, I think that aggressive girls like Meng Changge are very brave and real."

After asking Louis, the reporter turned to Selena logically: "What about Selena, what type of man do you like in real life? Or, what is your criteria for choosing a mate? Can you talk to everyone?"

Selena had a headache, because such a routine question was difficult for her.

She is an unmarriedist, she has never thought about choosing a mate, how can there be standards?

However, at the moment when the reporter asked the question, the figure that flashed in her mind at that second was actually...

Selena shook her head and concentrated on answering the reporter's question.

"My criteria for choosing a mate should be someone who is about my age, has the same interests and the same goals as me!" Fortunately, she was well prepared for this question, so she answered in a well-regulated manner according to the prepared lines.

Well, this answer is not perfunctory but also very reasonable, and there shouldn't be anything wrong with it.

However, at this time, a female reporter next to him said excitedly, "In other words, there are at least two of us, Makino! The first is that Makino is about the same age as you, and the third is that you are both actors, so you must be like-minded! As for the second Two, although I'm not sure if your usual hobbies are the same, but these two are the same, so it's very likely that the hobbies are the same!"

The corners of Selena's mouth twitched slightly, and she pushed it back while doing Tai Chi, "Hehe, there are actually quite a few that fit these criteria! The key depends on fate!"

Louis, who was next to him, also joked about this topic, and deliberately said, "Don't listen to her explanation, the explanation is just a cover-up, in fact, she is using me as the criterion for choosing a mate!"

Selena followed his words and said, "Brother, do your fans know that you are so narcissistic?"

...

Two hours later, the interview ended.

Although the two shocking scenes I saw today cannot be released because they cannot be spoiled, it is still possible to post some small clips and tidbits.

Moreover, this interview went very smoothly and the content was very rich. Selena and Louis cooperated tacitly both in and out of the play, and they were able to write and broadcast a lot of material. The reporters all returned satisfied.

After the reporters left, Selena stretched her waist, "I'm exhausted! Today's battle is finally over! I'm going back to the hotel to sleep for a while!"

Louis glanced at her, "Hotel? Why are you staying in a hotel?"

Selena flipped through the densely packed script and sighed, "It's not like you don't know how many scenes I will have in the future. There are still a lot of big night scenes, and it takes too much energy to run back and forth, so I discussed it with Sister Zhizhi. Live in the crew directly."

Chapter 260

In the evening, No. 8 Platinum Imperial Palace.

There were only Daniel and Saul at the huge dining table.

"Hey, Rick isn't here, neither is my sister-in-law, so you're left alone. See how considerate I am, and even come here to accompany you for dinner!" Saul sighed, feeling that the house was too deserted, so he ran to turn on the TV up.

Of course, it must be an entertainment gossip channel.

The TV was broadcasting the press conference of Su Yimo's latest movie "Star Sea". The scene was full of stars and the scene was grand.

Su Yimo wore an ice-blue Weuture haute couture series gauze evening dress, full of fairy spirit, a proper goddess style, worthy of the title of national goddess.

As the boss of Shengshi, Saul frowned, "There are a lot of resources and so many scripts for her to choose, but what kind of stuff did she choose? Except that the goddess is a goddess, and she is about to become a professional goddess, can you?" A little breakthrough... Ah, by the way, many people in the company think that Su Yimo has that kind of relationship with you, and my sister-in-law will probably hear about it too. Have you explained it to her? Don't make any bloody misunderstandings what!"

Daniel looked calm, "I explained."

"Huh, so efficient?" Saul was wondering if that was what he was talking about in the phone call yesterday. Suddenly, the screen on the TV changed and Selena's face appeared...

"Wow! I have a sister-in-law! Look, look!" Saul immediately concentrated his energy.

Daniel put down his chopsticks and turned his gaze to the TV screen with a serious expression.

"This morning, our front-line entertainment reporters came to visit the crew of "The World" that everyone has been paying attention to recently, and they filmed wonderful tidbits..."

After the supporter finished her introduction, the screen switched to the big screen behind her.

I saw Selena holding a spear and wearing a blood-stained armor, staring at Louis who was dressed in Tsing, "Don't expect me to be distracted to protect you!"

Louis smiled slightly, stretched out his hand, and wiped away the blood on Selena's face, his eyes were full of affection and love: "Changge, I'm your man, I should protect you."

"Pfft, cough cough cough cough..." Unexpectedly, there was such an exciting scene, Saul hurried to appease his brother, "Brother, it's just acting, don't take it seriously, don't take it seriously!"

However, this is not the end.

The screen quickly switched to another scene. Selena hugged Louis, who was full of sharp arrows. The look of despair in her eyes when she lost her beloved made her feel empathetic...

Saul secretly glanced at his brother's secretive face, and emphasized with a dry smile, "Uh, my sister-in-law's acting skills are really good! Really good acting skills!"

As a result, the TV seemed to have a grudge against him. As soon as he finished speaking, the reporter's interview with Selena began to play on it.

"What about Selena, what type of man do you like in real life? Or, what is your criteria for choosing a mate? Can you talk to everyone?"

"My criteria for choosing a mate should be someone who is about my age, has the same interests and goals as me!"

...

Saul counted silently with his fingers.

They are similar in age, his older brother Selena is eight years old, there is almost three generation gaps, so they are not considered similar in age, right?

If they have the same interests, the difference is even greater...

Like-minded, Selena's biggest reason for rejecting his brother at the beginning was that differences of opinion did not conspire with each other...

On the other hand, Louis found that all three met Selena's criteria for choosing a spouse...
