## Chapter 261

### Chapter 261

But at this moment, Daniel was thinking about: Carrots.

He remembered that Selena reminded him that day, "Everyone has their own love for radishes and vegetables. People who like radishes, no matter how perfect the vegetables are, it is impossible to like them"...

At that time, he was confident that Selena had feelings for him, and it was just an excuse she made, so he didn't think deeply about this sentence, but now...he had to start to face this problem squarely.

Perhaps, he is really a vegetable, not her carrot...

Seeing his brother staring coldly at the plate of carrots in front of him, Saul felt a chill run down his spine, "Brother, are you alright?"

Why are you staring at a plate of radishes so murderously?

Afterwards, Daniel rang the bell expressionlessly to call for the butler, told him to remove the plate of radishes, and explained that such vegetables were not allowed to appear on the dinner table in the future.

Saul: "..."

Saul's head is full of black lines, even if he is extremely smart, he still can't understand the brain circuit of a man in love...

At the same time, King of Film and Television City came to the hotel.

Selena was putting on a mask and was about to go to bed when the doorbell rang.

Looking at the people outside the door, Selena was surprised, "Louis? Why did you come here?"

"I joined the group too, so I live upstairs from you!"

Selena was speechless, "I joined the group as a last resort because of too much drama, what are you doing?"

"Can't I save time and play more games?" Louis said in a natural tone.

"Okay! You won!" Selena gave a thumbs up, and then asked, "So, why are you running away from me instead of playing your game?"

Speaking of this, Louis had a bad look on his face, "fcuk! The internet speed is so slow! It caused me to lose my rank after losing five games in a row! Come with me to the Internet cafe to cheat! Hurry up....."

Selena rubbed her forehead, "What's wrong with it, I'm already going to bed!"

"It's only past nine o'clock. Why are you sleeping? Are you going or not? Who was it that you gave up your life to accompany the gentleman on the phone at three o'clock in the morning? Now it's only nine o'clock and I can't even call you, right? Hehehe... .." Louis sneered, with an expression of looking at someone who betrayed his heart.

Sure enough, you will have to pay it back sooner or later!

Selena had no choice but to say, "Okay, okay, can't I go? Wait for me to change clothes!"

Ten minutes later, the two changed into inconspicuous clothes and entered the Internet cafe wearing masks.

Because this is a film and television city, celebrities often come to the Internet cafe, so the boss is not surprised to see two people wearing masks in the middle of the night.

The box was gone, and the two found a cubicle to sit down, and then turned on the computer.

After not logging in to the game for a long time, Selena forgot the password, "Uh, Golden Retriever, what's my password?"

Louis blankly gave her a blank look, and walked over to help her enter a string of passwords.

"Thanks!" Selena pressed the enter key to log in.

As soon as she logged into the game, there were system messages popping up all the time. Selena looked at those pop-up windows and her face glowed, "fcuk! Local tyrant! Why did you give me so many skins? They're all limited editions!"

Louis was furious when he heard that, "a55hole, you haven't read the birthday present I gave you? How many days has it been! Haven't you logged in before? No wonder you even forgot the password!"

"Uh..." Selena knew she was wrong, and scratched her head guiltily, "Aren't you busy!"

Louis said with a cold face, "It's all just excuses, you just don't care!"

## **Chapter 262**

"I'm sorry, I'm sorry, it's not like you don't know that I'm forgetful! Thank you for your gift, I like it so much! How about staying with you all night?"

"Stay with me all night, is that what you said?"

"I said what I said! I will help you get back all the lost ranks! gogogo!"

...

Selena risked her life for a gentleman, and really fought with Louis all night.

Louis, who hadn't played to the fullest after returning to China, finally had a good time this time, winning ten games in a row in one night! This long-lost sourness!

Selena hadn't relaxed for a long time, and she had a good time, so she yawned and said, "It's a good thing we didn't have much drama in the morning, so we can catch up on sleep!"

Just when the two of them returned to the room and fell asleep, they didn't know that the world had already turned upside down...

In the end, the two were called by their respective managers, and they were all called to Lei Ming's room.

"Isn't there still an hour to start work? Why are you disturbing your dreams so early in the morning!" Louis was bleary-eyed with a chicken coop on his head.

Selena was not much better, as soon as her butt touched the chair, she almost fell asleep again.

Lin Zhizhi folded her arms around her chest, walked back and forth in the room a few times, then looked at the two of them, and asked in a serious tone, "What did you guys do last night?"

"Nothing!" The two of them keenly sensed that the tone was wrong, so they shook their heads in unison and said in unison.

Lei Ming on the side seemed to have expected their reaction a long time ago, sighed helplessly, and then handed his mobile phone to them, "Then explain what it is."

Selena rubbed her eyes, "Ah...it's not last night..."

Isn't this the photo of her playing games with Louis last night?

Louis suddenly became sober, "Dmn! This is just the back view! I'm wrapped up like this so they can recognize me?"

So, Lei Ming turned to the next picture, which was not a back view, but a clear front view. Although Selena was wearing a mask, Louis was not, and his entire face was clearly exposed.

Louis scratched his hair, "Uh, I was too excited to play for a while, so I took off the mask, but I took it off for less than ten seconds, can this be photographed?"

Selena blinked, "Then I didn't show any flaws, did I?"

Ling Zhizhi tapped her earlobe, "Your mole. Originally, the figure in the photo is very similar to you, and this mole is so iconic that people can't help but think of you."

Selena: "Who is this, his eyes are so piercing..." Without Daniel's reminder, she really forgot this little detail this time...

Louis's face was filled with sullenness, "When we went, we deliberately used the staff's ID card instead of our own. Who the hell is so bored to take pictures of these and post them on the Internet? They even noticed a mole as small as Selena? "

Lei Ming spread his hands and said, "It should be your fan, and your CP fan."

Selena's eyes widened, "What the hell is a CP fan? I still have CP fans with him?"

At this moment, Ling Zhizhi's expression was extremely solemn, "Selena, I think you should remember that I told you from the first day you came to the company that you are absolutely not allowed to fall in love in your current situation."

She was careless this time, she should have noticed earlier, the way Selena and Louis get along, including their tacit understanding when acting and facing reporters, and things like playing games together late at night, are definitely not just acquaintances. look.

Especially the way Louis looked at Selena was very unusual...

## Chapter 263

"No, no! Absolutely not! Sister Zhizhi, you have misunderstood! We are not in love!" Selena hurriedly waved her hand to deny it, and then gave Louis a look. ba5tard, can we tell Ling Zhizhi about our relationship?

Louis didn't speak, but gave her a casual look.

Lin Zhizhi is Selena's manager, it's up to Selena to decide whether to tell her or not.

Selena thought for a moment, and had to tell the truth: "Sister Zhizhi, it's like this, Senior Brother Jiang and I knew each other when we were studying abroad. Back then... We dated for a while, but it's just like playing with each other. We broke up in a few days, and now we are just good friends! I know that such an important matter should be reported to you earlier, but I misunderstood that you are Louis's ex-girlfriend, I'm afraid I said that everyone would be embarrassed, so I didn't say it..."

Ling Zhizhi was stunned, and said in surprise, "I'm Louis's ex-girlfriend? Who told you?"

After speaking, his eyes fell on Louis.

Louis's face darkened slightly: "Look at what I did, I didn't say it, she guessed it by herself."

Selena rolled his eyes at him, "Isn't it because your behavior is too abnormal! Can you blame me for thinking too much?"

Seeing that the two of them were about to quarrel again, Lin Zhizhi pinched the center of her brows, and explained with a sigh: "Selena, Louis and I are purely artists and former managers, so you don't have to worry about it."

As soon as he finished speaking, Louis's eyes flashed an imperceptible cold light.

"Yeah, I know now!" Since Ling Zhizhi said it herself, Selena naturally believed it.

"Then, let's talk about how to deal with this matter now." After explaining the misunderstanding, Ling Zhizhi started to talk about the business, "Louis's fans rejected you before, but that was caused by someone maliciously leading you, now their attitude There has been a big change, and even now there are many fans of your CP on the Internet.

So, I discussed it with Brother Ming. At that time, you can be a bit ambiguous when you make a statement or face reporters' questions. You don't have to deny it too thoroughly. Just say that the two parties are in the same company, have a compatible personality, and appreciate each other. Good friends, leave them a little room for ambiguous reverie. "

Selena nodded obediently, "Oh, that's fine, I'll listen to Sister Zhizhi!"

Louis held his chin and said lazily, "I have no objection! Then I can go back to catch up on sleep now?"

Selena slapped her, "fcuk you! Sober up! Work is about to start!"

Louis scratched his hair impatiently, "Which scene are you shooting this afternoon?"

Selena glared at him angrily, "k!ss scene! Don't tell me that you haven't read the script until now! If I were Brother Ming, I would beat you eight hundred times a day!"

Anyway, Ling Zhizhi already knew about their relationship, so Selena could finally stop pretending to respect Louis.

Louis said in a strange tone when he heard the words, "C'mon, the higher-ups asked the scriptwriter to delete all the k!ssing and sex scenes on the grounds that they were preparing for the summer release and there were too many underage audiences. How can there be any k!ssing scenes?"

"It's almost deleted, isn't there a little left? The first k!ss scene between two people, a sex scene in the military camp, the k!ss scene was the one that was forced to be stopped due to hailstorms, the director said that the previous scenes can Use it, just take another shot of the k!ss later!"

"Oh, I see..." Louis muttered.

Why did his eyebrows keep twitching, with an inexplicable sense of foreboding?

## **Chapter 264**

Lu Corporation, President's Office.

Daniel made an internal call and asked Saul to come over.

Saul came running quickly, "Brother, you called me."

"Are the meeting materials ready?"

"Okay, here you go."

"Well, notify all departments for a meeting in half an hour."

"Oh, good... good..." Saul didn't leave immediately, but his face was troubled and he looked a little absent-minded.

Daniel raised his head and glanced at him, "Why?"

Saul was so frightened that he almost jumped up, "It's nothing! It's nothing! It's nothing!"

Daniel put down the pen in his hand and looked at him with penetrating eyes.

Saul stood up straight like a soldier undergoing a review, trying to maintain his composure, but his guilty conscience was already evident at a glance.

After five seconds, Daniel finally looked away.

Just when Saul finally breathed a sigh of relief, he saw Daniel quickly type a few times on the computer keyboard, and then press the Enter key.

Saul clearly saw that the letters that Daniel pressed were – ngx

Ruined!

His brother went to search by himself!

Brother! Why are you so witty!

After Daniel searched the keywords, all the latest and hot news about Selena on the Internet popped up in an instant...

Louis and Selena played games late at night, behaved intimately, suspected of being in love because of the drama

Same age, similar interests, and like-mindedness, Jiangning's speed dating index is 100%!

The two parties responded that they were just good friends, and the fans shouted together!

Jiang Ning was named the best couple of the year

...

Without thinking about it, he knew that Daniel had seen everything he should see and not. Saul closed his eyes, not daring to look at his brother's expression.

Daniel turned off the computer, pulled out the chair, put on his coat, "Saul, prepare the car."

"Huh? What about the meeting?"

"Postponed until tomorrow."

"Then where are you going now?" Saul swallowed, and Baba followed behind.

"Inspect."

"Inspection? Could it be..."

At the same time, Beijing Suburb Film and Television City.

Because the scene of the first kiss during the Lantern Festival required a lot of manpower and financial resources, when they did it, they went to the extreme for perfection. Selena and Louis also performed very well, so the director decided to make up the second half of the filming. This saves money and time.

In order to let the actors have a better state, he also deliberately dismissed all irrelevant personnel on the scene.

Finally, when everything was ready, Guo Qisheng was about to start, but the producer Wang Taihe suddenly ran over in a hurry, and pulled him to have a quick talk with the assistant director Zhang Rui.

Guo Qisheng was a little surprised when he heard this, "The boss of Shengshi came to inspect in person? Why is it so sudden? But it's okay, Louis and Selena's acting skills are fine, so come as soon as he comes!"

Wang Taihe slapped his thigh anxiously, "Hey, my big director, would I be so nervous if only the second young master came over? It's the big boss! The master of the Lu Group!"

Guo Qisheng was stunned, "Who? You don't mean... Lu... Daniel?"

"That's right! Lao Guo, hurry up and meet me! Zhang Rui, hurry up and explain to the staff and the two actors! Hurry up!"

"Got it, I'll go right away!"

...

They were all ready and the filming didn't start for a long time. Guo Qisheng and Wang Taihe also suddenly disappeared. Seeing Zhang Rui running over, Selena immediately asked suspiciously, "What's wrong, assistant director?"

## **Chapter 265**

"Who's here?" Louis couldn't help but look at Zhang Rui, his eyebrows were beating even harder now...

Zhang Rui hastily explained to them, "The president of the Lu Group, Daniel, will come to inspect later, and the director has already gone to greet them. I don't need to tell you about the importance of this scene, right? So we must perform well today. do you know?"

Selena was stunned, "Daniel? Assistant director, did you make a mistake? It should be Saul, right?"

"That's right! Saul is here too! Hurry up and get ready!" Zhang Rui hurried to explain to other staff members after speaking.

Selena picked out her ears, "Jin Mao, did I hear wrong just now? The assistant director said that Daniel is coming?"

"You heard me right, I heard it too!" Louis said with a bad expression.

Oh sh1t! No wonder he has always had an ominous premonition! It turned out to be waiting for him here!

Zhang Rui urgently cleared the venue, and if all non-essential personnel were dismissed, he quickly prepared chairs, drinks, and umbrellas...

After a while, the people over there arrived.

The leader was Daniel in suits and leather shoes. Saul followed behind and looked around. Next to them were the core members of the director team. Wang Taihe was eloquently introducing the planning progress of the crew...

Guo Qisheng warmly greeted the two of them to the best viewing point, "Boss Lu, Second Young Master, please sit down! The two of you are really lucky today, today's scene is very exciting!"

"Really? What kind of play is going on today?" Saul asked with interest as he threw a grape into his mouth.

Guo Qisheng talked about the plot for a long time, "...After the script was changed, there is only one k!ss scene left. We strive to achieve the most beautiful effect..."

"Uh..." Saul wiped his face, sh1t! It's actually a k!ss scene!

As soon as I came here, I caught up with the k!ss scene, and it seemed to be the scene on the day of artificial rainfall! This luck! I really don't want to say anything!

Daniel remained expressionless from the beginning to the end. He was sitting here, but he gave off a feeling of being alone, as if he didn't pay attention to others at all.

Guo Qisheng was a little embarrassed, but fortunately he had heard about this master's temper for a long time, so he didn't care, and said, "Selena and Louis's acting skills are very good, and the most rare thing is their tacit cooperation. The play is basically one-way!"

Guo Qisheng thought to himself, he is always right to praise the artistes of their company, right?

Daniel sat on the chair, took the tea handed over by Saul next to him, and said two words in a cool and distant tone, "Really?"

"Yes, yes! I don't know if you have seen the tidbits on the Internet, but the two difficult scenes yesterday were a one-off..." Guo Qisheng inexplicably felt his spine getting colder and colder as he spoke...

Saul coughed lightly, and stopped the topic just in time, "It's alright, alright, let's get started!"

"Alright, let's start now!" Guo Qisheng went to prepare as if he had been pardoned.

"Lighting, props and photography... All departments are ready! Actors are in their positions!"

The staff immediately prepared one by one with trepidation, fearing that something might go wrong, Nima\*\*oss will come to inspect it in person!

Daniel has so many things to do every day, how can he have time to manage the company's affairs, let alone personally inspect, this is an unprecedented thing! I feel like I can brag about this in my circle of friends for a long time!
