

Cruel Heart Lover Novel

Chapter 266

After the scene was ready, the two leading actors also walked over from the rest area.

The moment Selena appeared in a handsome red and black outfit...

Guo Qisheng didn't know if it was his own illusion, but Daniel's eyes, which were empty as if there was no one else, seemed to be in focus instantly...

Selena glanced in the direction of Saul and Daniel from a distance. Saul immediately gave her a sneaky wink and pointed to his phone, meaning that his brother knew everything about it.

Selena's gaze slowly shifted to Daniel, and the latter's eyes locked on her aggressively if there was any substance, just like the eyes of wild animals before hunting before the dry season.

The sound of the record hitting the board fell crisply, and Selena suddenly came back to her senses, and quickly adjusted her mentality to enter the scene...

After Meng Changge quarreled with Sun Huanqing, he ran away in anger. The sky was getting darker and darker, and Sun Huanqing, who had been unable to find anyone for a long time, became more and more anxious.

Meng Changge had actually discovered Sun Huanqing a long time ago, but she just didn't show up, and followed Sun Huanqing mischievously, watching him anxious for himself, and rarely showed the expression of a little daughter on his usually tough face.

Selena played the ignorant, shy and beautiful girl in love very well.

Finally, Meng Changge was a little bit reluctant to let her Dr. Sun be so anxious. Just when Sun Huanqing was about to collapse, she was wearing a grimace mask bought at a small stall on her face, so she jumped behind him and patted him on the shoulder. The tone is proud and joyful...

"Doctor Sun, are you looking for me?"

Louis was stunned for a moment, then his face was filled with ecstasy, and he pulled her into his arms with excitement, "Changge..."

Saul's first reaction was not to continue watching the movie but to go see his brother, and then he peed in fright, and quickly went to pull his brother's finger, "Brother, take it easy, this cup is made of glass, not steel titanium Alloy, remember, this is acting, just acting..."

I haven't finished my sentence yet, click...the teacup cracked a crack...

Saul looked up and saw Selena slowly taking off the mask on her face, looking at Louis with radiant eyes full of love, then she leaned over and slowly approached his lips...

"It's over, it's over, it's over, it's over... There's no preparation for anything this time!" Saul covered his eyes with his hands in horror, but he couldn't help opening a gap to peek.

A second passed...

Two seconds passed...

Three seconds passed...

Four seconds passed...

ah lae lai...

what's the situation?

Five seconds later, Selena, who hadn't kissed her for a long time, suddenly supported her forehead, "Sorry, I didn't adjust my status well, let's do it all over again!"

Selena actually ng!

All the staff at the scene, the two directors and the producer, were shocked!

However, they are also understandable.

Sure enough, the aura of **oss is too strong!

Those who were watching were under a lot of pressure, let alone Selena.

"It's okay, let's adjust our state and try again." Guo Qisheng reassured.

Xiaotao hurried up to meet Selena and handed Selena a bottle of mineral water, "Sister Xi, come on!"

Selena gulped down the whole bottle.

Louis at the side gave her a sideways glance, "I never thought you would have stage fright!"

Selena said with a very grim expression, "Stop talking sarcastically! It's not like you don't know how scary your uncle is, but if you are stared at like that, let's see if you can perform normally!"

Chapter 267

Soon, the second shooting began.

Meng Changge patted his back on the shoulder: "Doctor Sun, are you looking for me?"

Sun Huanqing turned around and hugged: "Changge..."

Guo Qisheng: "Crack! Selena, pay attention to your expression, why did you suddenly lose your mind?"

Selena: "Sorry!"

The third shoot begins.

Meng Changge: "Doctor Sun, are you looking for me?"

Sun Huanqing: "Changge..."

Guo Qisheng: "Crack! Selena, you've been staring at her for too long, and you're going to k!ss him for at most three seconds, you know?"

Selena: "Okay."

Fourth shoot...

Guo Qisheng: "Selena, your expression is too stiff! Where are you looking?"

the fifth time...

the sixth time...

In the end, Selena actually ng six times in a row!

In the end, even Louis was about to collapse, running back and forth in the lounge, "Dmn! You're about to have a heart attack! Are you going to k!ss me or not? Can you be quicker?"

Selena grabbed her hair, "fcuk! I'm about to have a heart attack! You can't let your uncle go back? That look is like an X-ray! Who the hell can k!ss!"

Louis snorted coldly, "He came for you, what can I do to make him go back!"

Selena threw off the wig on her head, "Dmn it! I'm really screwed!"

"Cough...Hey, hey, pay attention to your image..." Seeing that Selena was about to lose control, Louis reminded him wordlessly.

It could be seen that Selena was under a lot of pressure.

He had never seen her in such a state of anxiety.

From another perspective, it can also be said... Daniel's influence on her...is very great...

Much bigger than he imagined...

At least no one could affect her acting status.

At this time, Guo Qisheng ran to the lounge with sweat on his face, walked up to Selena and said earnestly, "Selena, what's going on with you today? Is Daniel too nervous? You must be normal." Heart! Don't panic at this time!"

Selena lowered her head in apologetic expression, "I'm a sorry director, I made it difficult for you!"

"Hey, it's okay, there's nothing wrong with the actors, who knows that the big boss will come today, everyone is not prepared at all! Don't talk about yourself, no one is nervous at the scene, for fear of making a mistake! Well, do you want to call me?" Your manager is here?" Guo Qisheng suggested.

Selena shook her head, "No, don't trouble Sister Zhizhi, I can do it, you are ready to start!"

"Are you sure?"

"I am sure."

...

Three minutes later, the seventh shot begins.

Selena walked under the camera, gritted her teeth, and gave Daniel a hard look in the direction of Daniel, who was gently flipping the tea leaves with the lid of the cup, with a relaxed expression on his face.

This ba5tard definitely did it on purpose!

The destructive force is more brutal than hail! It's simply an artifact!

"Change..." Louis hugged Selena. In fact, he is also under a lot of pressure, okay? Every time I hug Selena, I feel like my back is being pierced by thousands of arrows!

Selena took off the mask on her face, gazed at him affectionately for three seconds, then slowly moved towards him...

So far everything went well, however, just when she was finally about to succeed, the disturbing sight behind her forced her out of the show again, making her unable to k!ss no matter what.

Dmn it!

Selena's eyes lit up, and she put the mask back on unexpectedly.

In the next second, through the mask, she suddenly covered Louis's lips...

Chapter 268

Under the corridor bridge, the lanterns are bright and dark, the breeze is swaying, the girl kisses the startled boy through the mask...

This scene is even more beautiful and exciting than a direct kiss...

"Crack! Pass!" Guo Qisheng reacted in time and hurriedly shouted to stop.

"Not bad, Selena's handling like this, still holding the pipa half-hidden, the effect is even better!" Guo Qisheng boasted, and all the other staff members nodded in agreement.

"Director, as long as you are satisfied." Selena forced a smile.

Nima! It's just a sweet kiss scene, and it's not a sad scene, but it's so exhausting, it's really enough!

In the next second, her gaze involuntarily drifted to a certain direction...

On the opposite side, the producer was chatting with Daniel, Daniel sat there quietly, like a dark oil painting in a dark corner of an old castle, who has been there for many years isolated from the world, gloomy and lonely, with a heart-pounding loneliness flowing from the bottom of her eyes...

Burned by that gaze, Selena hastily turned to avoid it.

"Sister Xi, where are you going?"

"Toilet!"

...

Selena took her mobile phone and quickly sent Saul a wechat to inquire about the situation while walking...

Second young master, what exactly does your brother want to do? ? ?

Saul quickly replied to her: How would I know! Last night when he saw the tidbits on TV and your interviews and reports, something was wrong, and this morning he saw the gossip about the two of you playing games together all night, and then he directly rejected the meeting and came to inspect it!

Did he tell you what exactly he wants to do, or have any plans? Selena hurriedly asked. After all, knowing yourself and knowing your enemy wins every battle!

It's not like you don't know my brother's temperament, how could he tell me such a thing!

Then... then is there anything wrong with him? You recall carefully!

Something is wrong... there seems to be one thing! Last night after watching TV, he suddenly stared at a plate of shredded carrots, and later told the housekeeper not to serve this dish in the future! Do you think it's strange? Even I'm so smart, I didn't understand what his weird behavior meant!

... The words "pulling carrots" immediately popped up in Selena's mind. It seems that Daniel completely misunderstood her and Louis!

Selena thought for a while and typed another line: How is your brother doing now? Should be okay?

She has been forced to use up all her IQ to come up with the idea of kissing through a mask...

What's the matter, the moment you kissed me, I felt like I was deep in the arctic circle, 100,000 meters below the 10,000-year-old ice cave, did you build it?

Uh...

Oh, by the way, Selena, where are you? Be careful! My brother is out of my sight right now, and I don't know where he has gone. I presume that he is going to catch you, so be careful!

The moment Selena finished reading the last word from Saul, a shadow suddenly fell over her head, and immediately afterward, overwhelming coercion came over her.

In the next second, her waist tightened, and she was pushed into the bathroom next to her in a whirl. With a bang, her back hit the door panel heavily. Before she could cry out in pain, the sound she made was scorching and crazy. The breath is swallowed up...

At that moment, there was only one thought left in Selena's chaotic mind due to lack of oxygen...

fcuk! Saul who killed a thousand swords! Oh, on purpose!

You won't just say the key points and remind me earlier!

Chapter 269

Daniel had always been a gentleman in her eyes, restrained and polite. However, this aggressive and even destructive kiss overturned all her previous perceptions.

The waist was strangled so hard that it was almost broken, the bloody smell of the lips being bitten lingered in the mouth, the base of the tongue was almost numb from being pulled, and there was a feeling that the whole person would be swallowed alive...

"Well... Lu..." Once she showed any sign of trying to resist, the other party's suppression would intensify, just like a tyrant.

The sudden pain in her neck made her frown fiercely, the man in front of her had completely lost her mind like a beast seeing blood, the strangeness made her flustered...

Selena pulled out the wooden hairpin on her head with one hand that was quietly freed, and quickly pointed the sharp end at the man's defenseless neck, "Daniel, if you don't calm down, don't blame me for helping you calm down!"

Daniel's lower and lower k!sses fixed on her collarbone, but after only a moment, he k!ssed her lips again as if provocative and confident, and there was no tendency to stop at all...

"You..." Selena felt a deep sense of powerlessness in her heart.

Does this guy have mind reading skills?

It's impossible to hurt him if he sees her right, and if he sees her...you can't bear it, do you?

A story she had read before suddenly appeared in her mind. The girl's beloved man was cursed and turned into a beast, but even so, the girl persisted. Feed him with your own blood...

At that time, after reading the story, she felt that the girl was an idiot.

But now, she herself has become that idiot.

Daniel's k!sses lingered on her sensitive earlobe repeatedly, and Selena finally got a break to speak, and hurriedly said, "Daniel, have you forgotten what you promised me? Or are you going to backtrack?"

Hearing her voice, the man seemed to have finally regained his clarity. After a short pause, he replied hoarsely: "Inspection."

Selena was almost laughed angrily by him, "Inspection? Are you the one who inspects like this? If you sit there, who can act without being disturbed?"

"Professional." The man said two more words.

"You mean I'm unprofessional? I'm... ok! I'm really not professional today, but next time, absolutely, yes, no, yes! Also, if it's an inspection, then What are you doing now?" Selena asked word by word.

Daniel hugged her tightly in his arms like a child who had just snatched back his favorite toy from someone else, without saying a word.

At this moment, Selena was in a state of disarray, all the dark emotions in her mind that had been deliberately suppressed surged up at this moment, forcing her to face it and make a decision...

I don't know how long it has passed like this, just when she almost drowned in the man's warm embrace like the sun, she finally woke up, took a deep breath and said, "Daniel, before you gave me seven days, you don't have to wait seven days, now I I can tell you."

"I don't want to hear it." Daniel's expression tightened, and he immediately went to kiss her again, trying to stop what she was going to say next.

A trace of helplessness crossed Selena's brows, she turned her head away from his lips, "Daniel, listen to me carefully."

As if afraid that she would hesitate, Selena closed her eyes, then looked at him, and said in one breath...

Chapter 270

"Daniel, actually, I told you from the very beginning that I already have someone I like, very! Very! Very much!

Although for some reason I can't be with him, but he will be in my heart for the rest of my life, full of it, no one can replace him, and there is no extra space.

No matter how good and perfect that person is, it won't work, do you understand? "

Following Selena's every word, Daniel's back stiffened into a line, his eyes were full of ice and snow, and his fingers pinched her chin vigorously: "Lie! Selena, you are lying!"

Selena raised two fingers and looked at him with clear eyes, "Then I swear, if I lie, I won't be popular in my life. I'll be hit by thunder, and I'll be hit by a car when I go out..."

"Shut up!!!" Daniel finally couldn't take it anymore, he pushed open the door and rushed out.

Hearing the man's footsteps leaving, Selena almost collapsed.

That's right...

Selena, you did nothing wrong...

Should have been like this...

It's because you've been greedy for too long...

It's you who have been off for too long...

When Selena finally slowed down and walked out, she was surprised to see a person standing there quietly leaning against the wall, with a cigarette that had burned out in his hand, and she didn't know how long he had been there.

"Louis..." Selena was slightly taken aback.

Louis exhaled a long smoke ring, lowered his eyes and chuckled, "The person you said just now is very, very, very... the person you like, the person who is irreplaceable no matter how good someone else is, is Daniel, right? Heh, it's rare that Daniel, who was so smart in his life, actually made a fool of himself in this matter..."

Selena was silent and did not speak.

Louis turned his head and took a quiet look at Selena, "It's obvious that you rejected him, but you seem to be worse..."

He hadn't seen her like this for a long time. The only time, it seemed, was someone's memorial day. At that time, she was in the same state as she is now. She was wrapped in a dark swamp without any light or vitality around her...

Louis suddenly didn't know what to say, so he lit another cigarette irritably.

When he heard that Selena had rejected Daniel outside, not only was he not at all happy, but he felt as sad as a rabbit died.

He knew that Selena was completely in love with Daniel...

But, even Daniel failed, what kind of a fart is he?

A ba5tard who can't even say "like"...

Louis sighed, and finally said the words that had been lingering in his heart for a long time: "Selena, you don't have to be like this. If you really like it, then let's be together!"

As soon as he finished speaking, he felt a sense of relief.

Selena smiled wryly, "Louis, it seems you were the one who objected the most before, right?"

Louis raised his eyebrows, and said in a relaxed tone, "I object because I don't want you to be my aunt! But, you are my best friend after all, I hope you can be happy..."

Having said that, he looked at her seriously, "Selena, I didn't believe that Daniel would be sincere before, but now... As long as he really likes you, he won't care about your status and profession, and he has the ability to protect you. You let you not be wronged!"

Selena's complexion gradually darkened: "Louis, you don't need to say anything."

How good would it be if it was just a status job?

Whether it's status, status, or occupation, as long as she is alive, she can change.

But what about what happened in the past? How is she going to change?

How to change the fact that she was murdered five years ago and gave birth to a wild species...
