

Cruel Heart Lover Novel

Chapter 271

Chapter 271

After Daniel came back from the set, Saul knew it was over.

This day is going to collapse.

His brother's appearance is even more terrifying than when he first took over the company. At that time, his father was suddenly seriously ill, and he was on the verge of life and death several times. All the side branches were eyeing the heir's position, and some even separated the two brothers. The whole family was bloody. rainy wind...

At that time, Daniel was like an emotionless evil god. He acted swiftly and resolutely, and his methods were extremely harsh. He single-handedly quelled the civil strife that almost overturned the huge Lu family...

The current Daniel was like a wild beast awakened from a deep sleep, his whole body was covered with a dangerous murderous aura.

Saul wanted to comfort him, but since Daniel came back, he drove away all the servants at home, and then locked himself in the villa by himself, and set the highest authority, so that no one could enter except himself.

Saul was afraid that something would happen to him, or even that he would blow up the house, so he kept lingering outside the door worriedly.

This wait is one night.

Daniel still didn't come out.

And, something worse happened...

Early in the morning, Mr. Lu personally called and asked him to go back to the old house immediately, and his tone was very displeased.

Lu's old house.

In the living room, Mr. Lu and Mrs. Lu were both sitting on the sofa, with extremely ugly expressions on their faces.

The siren in Saul's mind beeped cheerfully, and he realized what might have happened almost immediately.

Sure enough, in the next second, Mr. Lu threw a thick stack of documents on him, "You ba5tard, explain to me what's going on?"

White A4 paper and photos were scattered all over the place.

Saul took a quick glance and saw that they were all Selena's photos and information.

Sure enough, Selena's identity was exposed.

Hey, why is this time...

It's really a house leak and it rains all night!

Mrs. Lu stared at her youngest son with pain and anger on her face, "Saul, you really let me down! You can mess around with other things as much as you want, but this is your brother's lifelong event. How can you be so ignorant that you actually help your brother hide it from us!"

"I thought it was a daughter of a famous family! It turned out to be a low-level actor! Her private life is extremely chaotic! How can such a person be the

daughter-in-law of our Lu family, and the mother of my grandson!" Speaking of the last sentence, Mr. Lu slapped the table heavily.

Thinking of how he actually entrusted Rick to such a person to take care of these days, he was covered in cold sweat and scared.

"What the hell did that woman pour your brother into? How could Daniel, who is so arrogant, fall in love with someone like her!"

"Fortunately, we found out early, otherwise, are you going to tell us after the raw rice is cooked? It's just ridiculous!"

...

The second elder, you and I talked non-stop for half an hour.

Saul tried to explain at first, but he stopped talking at the end, and sat leisurely on the sofa opposite, counting the tea leaves in the cup boredly.

Mrs. Lu glared at her, "Stinky boy! Are you listening to us?"

Saul put down his teacup, blinked his eyes, "Huh? You two are done talking? Now can you let your little son who has been scolded like a dog say a few words?"

Mr. Lu snorted coldly, "Okay! Tell me! I want to see what flowers you can come up with!"

Chapter 272

Saul straightened his collar, got up and stood up...

"First, career. Being an actor is a proper profession, and there is nothing shameful about it. The entertainment industry is a bit chaotic, but you can't overthrow a boatload of people. I'm still the boss of Shengshi Entertainment!

Now that you have investigated it, You should also know that since Selena entered the industry, she has never used any shady methods. Otherwise, just because of her face, she would have been red and purple long ago, instead of being a rookie until today.

Second, academic qualifications. Before Selena went abroad, she was admitted to Imperial University with the top score in liberal arts in city c. Later, she was forced to study abroad because she had a falling out with her family. For four years, she did not receive any financial support from her family, and was admitted to the University of Southern China by virtue of her own ability. The film academy has excellent grades and receives scholarships every year. Why do you choose to ignore this?

Third, private life. Each of Selena's boyfriends was a legitimate relationship, neither a third party intervening nor being taken care of by a wealthy businessman. What's wrong with it? Can you accept that your son has had eight hundred girlfriends, but you cannot accept that Selena has eight boyfriends? Is this a bit too double standard? Let me remind you, now is the 21st century, men and women are equal!

Fourth, birth and family background. The Ning family has indeed become more and more unreliable in the past few years. They don't want a real phoenix and raise a pheasant as a treasure. But don't forget, Selena's maternal grandfather was Zhuang Zongren, and because of Zhuang Lingyu's obsession, he insisted on marrying Ning Yaohua, that's why they severed ties with her. But Selena is his granddaughter. This is an indelible fact. Zhuang Zongren's granddaughter is more than enough for our Lu family. You have no objection to this, right? "

Both Mr. Lu and Mrs. Lu were furious. They were not prepared to listen to Saul's sophistry at all, but after listening to it, their expressions gradually changed...

Speaking of this, Saul paused, "Fifth, I forgot to tell you one most important thing."

"What's the matter?" Mrs. Lu hurriedly asked.

Saul spread his hands, "You two worry so much, it's for nothing! Just yesterday, Selena rejected my brother. So, what should you do? Selena won't become your daughter-in-law, and will not become the mother of your grandson, and will not have any relationship with our Lu family in the future!"

As soon as the words fell, there was a piercing "clang" sound behind him...

Saul and the elders looked towards the direction of the sound at the same time, and then saw Rick standing there with a pale face, and glass shards from the glass under his feet...

"Little Treasure..."

Before the second elder went over nervously to appease him, Rick had already rushed into the room and closed the door behind him with a bang.

Saul sighed, "That's it, I'm going to hit the street again! After my brother was rejected, he locked himself in the room and hasn't come out since last night!"

Mrs. Lu was worried about her son and grandson at the same time, she glared at Saul anxiously and scolded, "You son of a b!tch! Don't you pay attention to what you say? Now that Rick heard it, what should we do now! Rick I love that woman so much!"

Saul looked innocent, "But, there will be such a day sooner or later! Selena only promised my brother to stay here with Rick for three months, and the three-month period is coming soon. Showdown, she will leave sooner or later!"

Chapter 273

"You just said...your brother kept himself locked in the house?" Mr. Lu pondered.

Just as Saul was about to speak, his cell phone rang suddenly. It was Cheng Feng calling...

"Second Young Master, help!!!"

"Got it, I'll be right there!"

As soon as Cheng Feng spoke, Saul knew what was going on. He hung up the phone and shrugged to the old man, "My brother's assistant called just now. He has left for the company now. I have to go support the comrades! Bye..."

Watching Saul's leaving back, the two elders sat there, looking at each other.

"Chongshan, what do you think about this matter?" Mrs. Lu asked worriedly.

Mr. Lu said with a cold face: "Wait a little longer, wait and see what happens, who knows if that woman is playing hard to get?"

Mrs. Lu hesitated to speak, thinking that your son has confessed directly, which woman would be stupid enough to get her?

"Then what about Rick!" This was what she was most concerned about.

"I think Rick has fully recovered. It's not a big problem. Don't worry about it. When he stayed with us these few days, that woman wasn't around. Isn't he all right?"

"But..."

...

At the same time, film and television city.

Selena was lying on the bed, her forehead was covered with cold sweat, her body was convulsing, her expression was extremely painful...

She had a sweet dream, and it was a sweet dream.

She dreamed that she was wearing a white wedding dress, being held by the person who gave her hope and light, and slowly stepped into the sacred hall.

However, the moment the pastor read the oath, the world behind her suddenly began to collapse and be swallowed by darkness...

The man held her hand tightly, and she refused to let go no matter how piercingly she screamed...

In the end, she was finally pulled into the hell behind her...

"Ding Dong" "Ding Dong"...

The rapid doorbell rang her awake from the nightmare.

Selena sat up abruptly, and found that her whole body was drenched in sweat, and her head was so painful that it was about to explode.

Last night, she almost suffered from insomnia all night, and she managed to sleep for a while when the sky was about to dawn, but in the end it was better not to sleep, and it was full of all kinds of nightmares.

"Ding dong"...

The doorbell was still ringing persistently.

Selena's head was in a daze, and she ran to open the door step by step.

"Who..."

"I bought too much breakfast, do you want to... eat..." Louis didn't finish speaking, staring at her face with a ghostly expression, "Dmn it! Your face is

too scary! If you are accidentally caught by the reporter Seeing that, I thought you were on drugs!"

Selena grabbed the breakfast in his hand, "What a fuss, I've never seen anyone break up in love!"

The corners of Louis's mouth twitched slightly, "I've seen others, but I haven't seen you fall in love, you always let others fall in love..."

Selena took a bite of the crab roe bun, "Then let's learn something today!"

Louis sighed, and looked worriedly at her pretending to be relaxed, "Selena, are you really okay? Going to drink with you tonight?"

Selena narrowed her eyes and waved her hands, "Sorry, no appointment, my sister already has an appointment tonight!"

"Dmn! I felt sorry for you just now! You have an appointment now?"

...

Fortunately, Selena's scene today was a battlefield scene, her face was smeared like charcoal, and she couldn't tell if she had a bad complexion, otherwise the shooting process would definitely be delayed.

Although she tried her best to concentrate, she ended up making several mistakes and almost hurting someone with a few martial arts moves, but luckily nothing serious happened.

Selena knew that there was a serious problem with her condition and she couldn't go on like this.

Otherwise, she couldn't continue filming this scene.

Chapter 274

Ever since Little Treasure accidentally heard Saul's words, the two elders had always been anxious, but they were relieved when they had lunch.

Rick opened the door by himself and obediently came out, obediently ate his meal, drank the soup, and ate the fruit after the meal.

Everything seems to be the same as usual, but in the past the little guy's every move was full of agility and vitality, but now he looks like a robot that completes actions according to instructions.

After eating, Rick took his drawing board and ran to the yard to draw.

The second elder secretly watched from a distance, wanting to see what the little guy drew, so as to guess his mood.

However, the little guy stared blankly at some place, and didn't move a single penny all afternoon.

"I can tell right away that our little treasure is unhappy!" Mrs. Lu was very distressed.

Mr. Lu walked back and forth a few times with his hands behind his back, and said in a deep voice, "It's fine if it's completely broken. It's fine if it's just Daniel marrying a wife. Just because there is Rick, you must not be hasty! You can rest assured that Rick will be handed over to you." In the hands of such a woman?"

"However, what Saul said today makes sense. That girl may not be as bad as we imagined, and besides, she taught Rick very well! Didn't you say that she is very good?"

"That's because I was fooled by those two brats!" Mr. Lu became angry when he mentioned this, and gave his wife a warning look, "Don't be kind to a

woman, there is absolutely no negotiating about this matter! Your best now
The most important thing is to hurry up and choose a suitable wife for Daniel,
so that he can die for that woman!"

"Which one to choose! I want to choose you to choose! My precious grandson
is like this, how can I have the heart to do those things that are available!"

"I'll choose what to say!"

"Anyway, I'm not going! I want to accompany my grandson!"

"you..."

...

late at night.

Feilong Bay.

A group of young people dressed in exaggerated fashion are gathering
together in groups of three or four.

One of the young men with short black hair was particularly conspicuous. His
entire face was painted as an exaggerated skull, with flower arms tattooed on
his arms, a black earring on his left ear, and chewing gum in his mouth. The
young man said, "Aka, is my car ready?"

The white-haired young man named Aka patted a polished motorcycle next to
him, "Ready, this is the one! See if it works!"

The young man with a skull face glanced critically at the car, and said in a
forced tone, "It's okay, not as handsome as my little black!"

Aka rolled his eyes, "Come on, if I can get you something like this in a day,
that's enough! By the way, Xizi, where's your car? Where's your blackie?"

"It's sent for repair, and I can't get it now." The young man said casually. Her car was still in Daniel's place, and it was really inconvenient to get it under the current situation, so she had to borrow one.

Aka nodded, and clapped his hands to signal everyone to look over, "Have you all arrived? Let me tell you about the rules of the game! Start from Feilong Bay and end at Death Valley! The first place will win our Xiangxiang Xiao The princess's one-night sex!"

"Oh—"

There was cheers and boos at the scene.

At this time, a hot-dressed beauty with a sexy figure in the crowd slapped the back of A-Ka's head, "Bah! You stinky hooligan! You're still fcuking all night! You're so beautiful!"

A-Ka was beaten but still very happy as if he had eaten honey, he laughed and said, "Haha, just kidding! Do it again! The prize is a k!ss from our little princess Xiangxiang! In addition In addition, there is a bonus of 50,000 yuan!"

Chapter 275

After finishing speaking, Aka approached Xiangxiang with a smile, "Xiangxiang, just wait, your k!ss tonight must be mine!"

Xiangxiang gave him a disgusted look, then twisted her waist and walked up to the skull-faced young man, clung to his shoulders like a snake, "Karen, you must not lose! I hate those guys so much! I only like you!"

In fact, if the object is Keren, even if it's a one-night sex, she can't wish for it...

"Hey, hey, Xiangxiang, you are too partial! Why do you hate us and only like Xizi!" Everyone began to disagree.

Xiangxiang crossed her hips, "Of course it's because Karen is the most handsome!"

Someone in the crowd said speechlessly, "I'll go! He draws his face like a ghost every time he plays with us, how can you know whether he is handsome or not?"

Xiangxiang snorted, "I just know! Being handsome is not only judged by appearance, but also by temperament, okay! You guys don't know what to do!"

"Okay, okay, we don't understand! You, be careful that Xizi's face will be washed clean one day and you will cry ugly!"

"Maybe it turns out to be a woman after stripping off? Hahahaha!"

...

"You..." Hearing those guys' teasing, Xiangxiang jumped up and down, turned to the young man with a skull face who was familiarizing himself with the car, "Karen, torture them to death!"

The corner of the young man's mouth curled slightly, and he covered his eyebrows with his hands, "I obey, my princess!"

Xiangxiang was shocked immediately, her starry eyes were so excited that she almost fainted, "Oh...my Karen is so handsome!"

Aka next to him gritted his teeth with envy, "Dmn! You brat knows how to be handsome! Let's see how I deal with you today! The first place is definitely mine!"

After a group of people made a fuss, the midnight racing finally officially started.

Xiangxiang picked up the starting gun and stood at the starting point:
"Everyone is in position! Get ready! Start!"

With a "bang" gunshot, all the locomotives rushed out at full speed.

"Karen, come on! He's waiting for you in Death Valley..."

Death Valley, as the name suggests, is a place with high incidence of traffic accidents due to its narrow and steep terrain, but it is also a paradise for many extreme sports enthusiasts who are not afraid of death.

Selena knew this group of people because when she first returned to China, she got into a fight with this group of people by herself in a racing car, and in the end they didn't know each other.

These people belonged to a racing club, and Selena didn't join it, but they didn't go out with her to go racing a few times.

However, because her work became more and more busy, and she later met Rick and Daniel, it became less and less necessary to use such extreme and dangerous ways to vent and relieve her emotions...

So, I haven't played with them for a long time, until tonight.

The pseudonym Keren and the disguise as a man are all for convenience, especially in her current situation, she must be more careful when doing such a thing.

The sound of the car engine beat the eardrums, and the rapid wind gave people the illusion that the soul was about to fly, and all the burdens that suppressed her breathless were separated from her body at this moment, even if it was only a moment of relaxation and peace She couldn't help chasing like moths to a flame...

"Xizi! I'm welcome to take a step ahead!" Aka's car drifted past her at the corner with a buzzing sound.

The corner of Selena's mouth slanted up for half a point, she didn't care, she still drove according to her own rhythm, and always maintained second place.

until the last lap.

It is also the most dangerous lap.
