

Cruel Heart Lover Novel

Chapter 276

Selena lowered her body, turned the handlebar, accelerated suddenly, and narrowly passed Aka at the steepest bend, brushing against the edge of the cliff...

"Dmn it! This lunatic! I'm really desperate!" A-Ka cursed angrily.

There is no suspense in the final result, no matter how powerful you are, you can't fight for your life.

At the finish line, Xiang Xiang happily held the trophy and prize money like a bird and threw herself into Selena's arms, pursing her red lips and sending a sweet k!ss.

Selena didn't hold back, she smiled and took the initiative to approach her to k!ss her. However, the moment she k!ssed her, she moved her position slightly, so the fragrant k!ss didn't land on her lips, but landed on her lips with a plop. her cheek.

Xiangxiang blushed and stamped her feet in dissatisfaction, "Karen, you hate me!"

Aka next to him watched his goddess k!ssing others, his eyes were red with anger, and he dropped his helmet, "Nimma, you can k!ss this face!"

Xiangxiang ignored him, took Selena's arm and said coquettishly, "Karen, we also have activities tomorrow night, do you want to come and play together?"

"No, you guys can play!" Selena politely declined.

Xiangxiang looked disappointed, and then curiously asked a question that he had always cared about, "Karen, I feel that you are so mysterious. What are you busy with every day? What exactly do you do?"

"Secret!" Selena showed a mysterious and evil smile, then waved her hands and turned to leave.

Looking at the chic back, Xiangxiang behind her looked obsessed...

Really handsome! This is the first man who is not interested in her beauty trick!

She must get it!

...

Back at the hotel in the early morning, Selena almost fell into bed and fell asleep.

Although I only slept for more than three hours when I woke up in the morning, I was much more energetic than yesterday.

Today is still a relatively intense battlefield fighting scene, and there is also a big night scene.

Selena played perfectly from beginning to end, with zero mistakes.

When the work was over, Guo Qisheng was very satisfied, "Not bad, not bad, Selena, your condition today is much better than the previous two days! With this, our progress will definitely be able to catch up!"

Selena breathed a sigh of relief, "I will try my best to keep it!"

Back at the hotel, Louis walked around her several times like a dog.

Selena punched him angrily, "Crazy? You almost fainted! Did you really become a golden retriever?"

Louis squinted his eyes, "Selena, tell me honestly, what did you do last night? Why did you suddenly feel like you got bloody today!"

"Sleep! What can I do!"

"Nonsense, I rang the doorbell of your room after one o'clock last night, and you were not in the room at all!"

"Dmn it! Why are you ringing my doorbell when you're free?"

"Don't change the subject! I said Selena, you didn't do anything illegal, did you?"

"Well, it seems to be a bit of a violation of law and discipline. If you are caught, you will be involved in the police..."

...

Selena never said anything about that night, so Louis could only worry secretly, he squatted with her for two nights to make sure she didn't stay out all night before he was relieved.

For the next two days, Selena's condition remained fairly stable.

In the blink of an eye, it had been three days since her showdown with Daniel.

In the past three days, Daniel hadn't contacted her, and she had deliberately ignored all his news and put all her energy on work.

It's just that I occasionally think of a certain night inexplicably...

Daniel suddenly hugged her from behind and said to her, Selena, I miss you very much, it seems like I haven't seen you for a long, long time...

Chapter 277

Lu's old house.

In the evening, under the sunset glow in the sky, Rick sat motionless in front of the easel, his little figure looked especially lonely and pitiful.

"Rick! Come over for dinner! Grandma made your favorite squirrel mandarin fish! Rick...Rick?"

Mrs. Lu yelled about five or six times, and Rick finally responded.

The little guy packed up the easel meticulously, stared at the direction he had been looking at all afternoon, and then obediently entered the room.

On the dining table, a table is full of all kinds of dishes, including Chinese food and Western food.

"Rick, eat more! These are your favorite food!"

"Yeah, eat more! Come on, grandpa will bring you food!"

Rick looked at the food on the table dully, picked up the chopsticks with his little hand, picked up a piece of the nearest dish, then lowered his head and started to cook the rice without coaxing at all.

Seeing that Rick is so obedient, the two elders heaved a long sigh of relief.

Mr. Lu secretly glanced at his wife and said, "I'll tell you that nothing will happen!"

That night, Rick still ate a lot, even more than usual, and seemed to have a good appetite.

After three days of peace and stability, nothing happened. Mr. Lu was very happy, and Mrs. Lu finally felt completely at ease.

However, just this night...

In Rick's room, a servant's panicked shout suddenly came...

"Master! Old madam! It's not good! Young master, he... Come and take a look!"

"What are you yelling about? What happened?"

The two rushed over in a hurry.

Then I saw in the room, Rick bent over and vomited all over the floor. He vomited out all the food he ate at night, and he kept spitting out sour water...

Mrs. Lu quickly patted him on the back, "Ah! Rick! What's wrong with Rick! Why did he vomit so hard all of a sudden!"

Mr. Lu forced himself to calm down and said, "Children, it doesn't matter if you vomit occasionally. It may just be food accumulation. Don't make a fuss!"

However, as soon as the words fell, the little guy's body softened and he passed out.

"Little Treasure..." Mrs. Lu screamed.

This time, even Mr. Lu couldn't calm down anymore, he turned pale in shock and yelled at the servants: "What are you doing in a daze! Why don't you call a doctor!"

For a moment, the whole old house was in chaos.

Mrs. Lu hugged the pale little treasure, she was so anxious that she almost lost her soul, she kept complaining to Lu Chongshan, "It's all your fault for saying it's all right! It's all right now! You have to torture my grandson to death Is it reconciled? What's wrong with that woman that Daniel fell in love with? She just makes us Rick happy! Even if she's a beggar on the street, I'd like to let her in!"

"You...what are you talking about!"

"What's wrong with me! Did I say something wrong? I just want my precious grandson to be healthy! Rick was so good before! He has recovered! But now it's like this again! My heart is about to break!"

"Aren't I sad? I'm not planning for Rick's future!"

"Now that my life is gone, what future is there!" Mrs. Lu didn't know what to think of, and hurriedly ordered to the servant beside her: "Xiao Rong, go and show me the drawing paper of the young master. !"

"Okay old lady, I'll go right away!"

The maid quickly brought over Rick's afternoon painting.

The second elder hurriedly took a closer look.

I saw that Rick's painting was blank without drawing anything, but after getting closer, the two saw a line of small characters written in pencil in the middle of the canvas...

Aunt Selena

Rick is obedient

why you still don't want Rick

...

As soon as I saw Mrs. Lu's tears, I couldn't hold back my tears anymore, "Rick is fine! He is forcing himself to be obedient, he is forcing himself to eat obediently even though he can't eat, he obviously wants to be the same as before Making a fuss but forcing myself to be obedient... just because I promised to be good!"

Chapter 278

At night, the Lu's Group company building was brightly lit.

Since three days ago, the entire Lu Group has entered a first-level alert mode.

This winter is coming early...

Vice President's Office.

"I know, I know, I know you are wronged, but who made you wrong first, my brother was in a good mood a while ago, so you just relax, is it miserable now?"

"Now the only way is for you not to be caught by my brother, so that he can't get on you, right?"

"I know, I know, I know you guys are afraid of him, Dmn it, I'm not afraid? Send it all to me! Dmn it, I'm the most dangerous one now, okay? You still have the nerve to cry with me!"

...

Saul was struggling to deal with the nth wave of employees' complaints today when his personal cell phone rang.

It's from someone more difficult.

"Mom, what's the matter? I guarantee that the woman didn't come to look for my brother, and my brother didn't look for that woman. If you don't believe me, you can just ask anyone in the company! My brother has been working 24 hours these days. There is no rest!"

Mrs. Lu on the other end of the phone interrupted him hastily: "Saul, get your brother back quickly! Something happened to Rick!"

Saul's face suddenly changed, "What did you say? Didn't you say that Rick is fine and everything is fine on the phone before, so we don't need to worry? Why did something happen just by turning around? What's the matter?"

"Rick is not feeling well, and his condition is not very good. You should quickly ask your brother to come back! Hurry up!"

Looking at the hung up phone, Saul lay on the desk like a dead fish.

Hey, the days without my sister-in-law are like grass...

No one ever asked for help again.

It seems that he was the only one who rolled in by himself, and he really didn't want to die!

Saul tremblingly walked to the door of the CEO's office.

Taking a deep breath, just as he was about to knock on the door, a group of people swarmed in. In the next second, his arms were already filled with various documents and materials...

Saul howled at the top of his voice, "Dmn it! You little ba5tards! Just wait..."

Nima! The world is going down, people's hearts are not old! It's all waiting for him here!

"Second Young Master, please! You are our only hope!"

"That's right, Second Young Master, we have no other choice!"

"Only you, Second Young Master, may come out alive if you go in! Please help!"

...

"Don't put a high hat on me! Get out of here!" Saul angrily shooed people away, and then knocked on the office door.

Without his bombardment, everyone ran away without even a shadow...

"Come in." A man's gloomy and hoarse voice came from the office.

"Brother, these..." Saul didn't say a word, he almost choked to death as soon as he entered, and took several steps back before he recovered.

Dmn, is this the scene of Hitler's gas holocaust?

How much did he smoke?

The curtains are not drawn and the windows are not open! Are you not afraid of really suffocating yourself?

Saul put the documents in his arms on the table, and hurried to draw the curtains and open the windows for ventilation.

Daniel was leaning back on the chair, his expression was hidden in the shadows and he couldn't see clearly, the smoke between his fingers had burned to the end and almost burned his fingers...

The lunch and dinner brought by the secretary were still placed on the coffee table at the side, and they were all untouched.

When Saul was putting away the documents, he quietly glanced over them. Out of the corner of his eye, he caught a glimpse of a stack of documents by Daniel's hand. They were densely packed and all related to the Jiang family.

Chapter 279

Saul suddenly turned pale with shock, oh my god...

Isn't his brother planning to mess with the Jiang family?

Don't recognize the real six relatives?

Even if the Jiang family had no blood relationship with them, there was still Louis's mother's relationship. The two elders loved this old man's daughter very much!

However, after Saul thought about it carefully, he felt something was wrong.

With his brother's personality, if he really wanted to do something to the Jiang family and Louis, he would have done it long ago. It is impossible for him to remain silent for three days...

What's the matter?

"Is there something wrong?"

Suddenly there was an icy-like voice in the air, and Saul shuddered and came back to his senses, and hurriedly said, "Yes, yes, my parents called just now, saying that Rick is not feeling well, so you should hurry up." Let's go back!"

Daniel pinched the cigarette on his fingertips and lit another one, "Prepare the car."

"okay!"

Saul slipped out without hesitation, feeling overjoyed in his heart.

Fortunately, his brother has no six relatives who don't recognize him to the point where he doesn't even recognize his son...

Lu's old house.

Mrs. Lu was pacing anxiously outside the door. As soon as she saw Daniel, she immediately went up to meet Daniel, "Daniel, you are back! Go and see Rick!"

Lu Chongshan was dissatisfied, "You still know that Rick is sick when you come back, but you can't answer the phone and can't get in touch with anyone. Are you worthy of being Rick's father?"

There was no emotion on Daniel's pale, almost sickly face, and he said calmly, "Didn't you find women for me? You can let those women take care of you."

Lu Chongshan's eyes widened immediately, "You ba5tard! Are you talking humanly? Rick is his own son. If you don't take care of yourself, you expect a stranger to take care of him?"

Saul on the side coughed lightly, and couldn't help muttering, "Dad, can you explain something to me? It's obvious that you are the ones trying to find a stranger to take care of Rick! My brother found someone for Rick. It's because you don't trust my brother's vision to take care of a reliable girl! Now that my brother agrees to let you choose, you are still not satisfied, so what do you think you want?"

"You..." Lu Chongshan was so blocked that he couldn't say a word, and finally his face changed, "Stinky boy, I almost got caught by you! It's obvious that he didn't have the ability to chase after him, and he blamed me?"

uh, found out...

Saul rubbed his nose, then rolled his eyes and said, "However, what do you mean... as long as my brother has the ability to catch up with him, you won't object?"

Lu Chongshan snorted, "Don't play smart with me, go and see Rick!"

"What's wrong with Rick? What's wrong?" Saul asked.

Mrs. Lu wiped her tears, "It is estimated that the girl has been teaching him to listen to us obediently, so he has been very obedient these days, and there is nothing unusual about eating and resting normally, until shortly after dinner today, Rick suddenly vomited out everything I ate, and passed out..."

Mrs. Lu took out a piece of drawing paper as she spoke, tears fell even more, "After I saw the words on Rick's drawing, I realized that he was not all right at all, but has been enduring it..."

Saul took the drawing paper and looked at it for one second, two seconds, three seconds, and then burst into tears, "fcuk! My little treasure is so pitiful... A child without a mother is like a grass..."

"Isn't it! My heart hurts!"

The mother and son hugged and cried together.

Chapter 280

Lu Chongshan looked at his elder son who was like an ice sculpture, and then at his wife and younger son who were hugging and crying into a ball. He was really devastated, "Stop crying, you two! What does it look like! Little Treasure is fine! Didn't the doctor say it all? It's just indigestion caused by depression!"

Mrs. Lu was in a hurry, "It's not a serious problem, it's not a serious problem even if you are depressed? Rick's autism is just right, what if he gets depression again!"

"How could it be so serious, how can a child suffer from depression..."

At this time, the door of Rick's room opened, Qin Mufeng came out of the room, coughed lightly and said: "Mr. Lu, from a medical point of view, children will also suffer from depression, and according to Rick's situation, is indeed a bit of a precursor."

"Listen! You must believe what the doctor says!"

Lu Chongshan looked solemn, and said in a deep voice, "Then can you find a girl who looks similar to that woman to accompany Rick? Isn't there a word in psychology called empathy?"

"Is this..." Qin Mufeng couldn't speak too bluntly, and was considering his words.

Saul didn't have so many scruples anymore, and replied directly, "Dad, Rick is only introverted, not mentally retarded, you are fooling too much!"

"Come here, brat! I'll beat you to death!" Lu Chongshan, who had choked repeatedly, was so angry that he was about to chase after him and beat him, but Daniel raised his hand to block it.

Seeing this, Saul was so moved that he almost cried, oh! His brother actually protected him!

"One or two of you brothers sincerely want to piss me off, don't you?"

"Okay, okay, what's the noise! It's so loud! Don't scare Rick!" Mrs. Lu hurried out to smooth things over, "Daniel, go in and see Rick, and persuade him!"

In the room, Rick was indeed as obedient as the old lady said.

When Daniel entered, the little guy was holding a cup to take medicine and drink water by himself.

How could Daniel be a persuasive person? He didn't even change his cool expression, he just said mechanically, "Everyone has their own life and choices. Excessive entanglement will only be a burden. You should learn to let go."

That expression and tone seemed to say "sad".

Rick's expression was blank, as if he didn't understand the meaning of his father's words for a moment. After a while, his big eyes were filled with sadness...

Mrs. Lu was in a hurry, "I asked you to coax people, what are you talking about with a five-year-old child!"

After finishing speaking, he supported his forehead and sighed, "I'm so confused, what's the use of calling this wooden stake back! It's better not to come back! It makes Rick even more sad! Be good Saul, come and try!"

"Ah? I'm coming!" Saul scratched his head and walked over, and said softly, "Little Treasure, can Second Uncle sing for you? Cough cough, gourd baby has seven flowers on a vine, the wind blows I am not afraid of the rain, la la la la la..."

In the next second, Rick's dull and lifeless eyes quickly became moist, and tears rolled down patter...

Madam Lu's heart was broken, and she was so angry that she thumped Saul on the back, "You ba5tard, ba5tard! What song did you sing that made Rick cry!"

Saul died of injustice, "Dmn it! It's my fault too? It's such a cheerful song! He used to like to hear his Aunt Selena sing it the most, okay! Uh... well, it seems like he shouldn't sing this song... .."
