

Cruel Heart Lover Novel

Chapter 281

Chapter 281

Accidentally made Rick feel hurt...

"Let's go! Let me go! They are all useless things! What use are you for! I can't figure out how to coax Rick well, and you all don't want to eat at night!" Mrs. Lu went into a rage, throwing Daniel and Saul, Qin Mufeng, and the old man all rushed out in one go.

In the next few days, the entire Lu family mobilized and failed to coax Rick well, but saw the little guy getting depressed day by day.

He still eats well, but often vomits after eating, and sleeps obediently, but he always has nightmares, and his spirit is getting worse...

For this reason, Lu Chongshan invited a whole psychological team from abroad, but it was useless, the replies were all heart problems and he needed a doctor of heart medicine, otherwise he might need to take long-term medicine and treatment to control the deterioration of the disease.

Lu Chongshan was so angry, if he could take that "heart medicine", why would he invite them?

Three-drug! That woman is at least 70% poisonous! How dare he bet on Rick!

How important is the role of mother to a person's life and growth?

Now the third generation of the Lu family only has Rick as an only seedling. If Rick has an accident because of his wrong decision, how can he explain to the ancestors under Jiuquan?

In the evening, Baichuan Hotel.

Because the recent filming went very smoothly and the progress was much ahead of schedule, Guo Qisheng specially invited everyone to have a dinner together in order to let everyone relax.

"Everyone Xin has worked hard during this period, especially Selena, who has a very heavy role in the scene. I will definitely treat everyone to a meal when it's finished! Come on, cheers!"

"Everyone cheers!"

"Cheers! Thank you director for the treat!"

...

In the corner, Susie listened to the phrase "Selena's role is very important", she was so angry that she dug her fingernails into the flesh of her palm, but she could only maintain a decent smile on her face.

Now all the funds for the crew are provided by Lu Group and Shengshi Entertainment, which means that she has no reliance or voice in the crew.

Fortunately, she knew that the crew would not dare to change her position as the heroine. Even if something like that happened to her before, she still has many diehard fans after all because of her popularity and status.

It's better to endure this period of time.

If Selena was in the limelight again, she would do it for her. Shengshi spent so much money on making wedding dresses for others!

After that incident, everyone in the production crew obviously became a little alienated from Susie, and they all talked around Selena and Louis, who were more beautiful than the male lead and the female lead.

Being left out in the cold, Susie was a little embarrassed, so she went to talk to Zhao Sizhou, who was next to her, "Sizhou, today's fish is really good, try it!"

"I don't like fish." Zhao Sizhou said indifferently.

Originally, after Louis came, he was overwhelmed, but in the end he was also implicated by this woman, which made the role of the scene much less. How could he have a good face toward her?

"Oh, forget it." Susie could no longer hold back her expression, and hurriedly got up and went to the bathroom.

In the bathroom.

Susie was trembling with anger, and swept everything on the washstand to the ground, "Selena, go ahead and be proud now, just wait and see, I won't let you be proud for too long!!!"

"Come on, Ben Gong is waiting!"

"Ah! You... Selena..." A voice suddenly came from behind her. Susie was startled, and when she turned around, she saw Selena standing behind her in a leisurely manner.

Chapter 282

Susie quickly regained her composure, and said with contempt on her face, "Oh, Selena, I thought you had such a powerful background! So you're just an actor!"

In the past two days, rumors about Selena's affair with Louis had been raging, so she knew about it right away.

Originally, she was secretly sending someone to watch the two of them, but she didn't expect to be exposed by the fans before she could do anything, and contrary to her expectations, this incident not only didn't hit Selena like last time, On the contrary, she gained a lot of fans and popularity.

Dmn bltch, actually got Louis out, no wonder he was able to sign with Shengshi so smoothly.

Although she said "actor" in her mouth, she knew clearly in her heart that Louis was not a simple entertainer.

Louis's mother, Tan Jingxian, was the adopted daughter of the Lu family, but Louis wanted to call the elders of the Lu family grandpa and grandma, and Daniel as uncle!

Such a relationship, even if there is no blood relationship, is very close.

Because of being backed by the Lu family, the Jiang family's business has grown bigger and bigger over the years, and the Jiang family has only one son, Louis, so Louis will definitely inherit the family business in the future.

However, with Louis's temperament, he could play with Selena for a few days! Can she still marry? What a fool's dream!

"You look down on actors so much, then what are you?" Selena raised her eyebrows.

"I'm still the daughter of my parents. I'm Miss Ning, so I'm naturally much more noble than you!" Susie looked proud, obviously trying to show off that Ning Yaohua and Zhuang Lingyu didn't have any feelings for her because of that incident. Bad luck.

She chose this line of work not only because she enjoyed being sought after by others and the feeling of getting something that Selena couldn't get, but also because she had a wide network of contacts.

This time, it was also thanks to her help to negotiate a big contract for Ning's International that she came out of the shadow of framing Selena, but it was inevitable that she would have to be more careful in her actions in the future.

Thinking of this, Susie immediately gained confidence, and said arrogantly: "You sold yourself for a mere 8 million, and you deserve to be compared with me?"

"Tch..." Selena suddenly sneered when she heard the words.

"Why are you laughing?"

Selena looked at her leisurely, "Smile eight million!"

Susie frowned, "Selena, you're so eccentric, what do you mean?"

Selena shook her head and sighed, "Miss Ning, I'm so sorry, I didn't expect you to be so stupid that you still don't know where my eight million came from!"

Susie snorted coldly, "Didn't you get it by selling yourself to Louis! I don't know anything!"

The corner of Selena's mouth raised slightly, and she leaned closer to her ear, whispering, "My eight million liquidated damages...couldn't you give it to me yourself?"

"What? I gave it to you! Selena, are you crazy? How could I..." Halfway through the sentence, Susie couldn't continue, and suddenly her eyes widened, "Selena...you...threatened My person is you!!!"

"Yeah, it's me, you bit me?"

"You are blackmailing! I want to sue you!"

"Oh, I'm so scared, I'm so scared to death!"

"You...you..." Susie almost fainted from the anger.

She never expected that the 8 million yuan that made her heart ache would actually end up in Selena's pocket, and she paid the liquidated damages for her.

Now that this matter has finally been uncovered, she must never bring it up again. Besides, she has no evidence. She has tried to find someone to crack those anonymous emails and accounts a long time ago, but found nothing at all.

In the end, he had to suffer such a big loss.

Chapter 283

After Selena left, Susie brewed up her emotions, and then called Roman.

"Roman, can you pick me up after the party is over?"

"I'm sorry Susie, I have a dinner tonight, it might be late, can I ask the driver to pick you up? Hello, hello?"

There was no sound from the other end of the phone, but suppressed sobs came faintly. Roman hurriedly asked, "Susie, what's wrong? Are you crying? What happened?"

Susie choked with sobs, "Roman, I'm so sad... Everyone in the crew is ostracizing me, everyone is flattering Selena and Louis, no one talks to me..."

I just asked Selena what was going on with Louis just out of concern, and told her to ask me for money if she needed it, and don't do stupid things, but she said a lot of nasty things and said that I don't deserve to control her about..."

Roman sighed, "Susie, Selena and Louis have been having a lot of scandals lately, so you'll inevitably make her think it's a questioning, so she's not happy! You asked her if she needs money, aren't you making it clear? Are you saying that she got the money from Louis?"

Unexpectedly, Roman would react in such an understatement. Susie clenched her fists tightly, "Roman, you have changed! Because of that incident, you now only trust Selena no matter what happens, don't you? Louis's affairs were all captured by fans, and they are already very close to each other in the production crew, who doesn't know their relationship, do you need me to say it?"

"Susie, it's not that I've changed, it's that there is a problem with your mentality. You are so understanding, why can't you try to stand by Selena's side and choose to trust her? Even if she really has something to do with Louis, just Can't it be a normal relationship? If that's the case, we should also bless her!"

"Roman, I..."

"Okay, I'm going to be busy! I'll tell you later when I'm free."

...

When Selena returned to the private room, everyone had finished eating and was singing in twos and threes.

"I will break through the wind and cloud at will, and everyone will look up to me. I will never look back when I am in the wind and cloud. I will write the law that respects myself. This fierce wolf with flashing eyes..."

Louis won the applause for his song "Super Star in Troubled Times". Seeing Selena's return, he hurriedly called her over to sing, "Selena, come and sing! Is it "Broad Sea and Sky"?"

This song is a must-play song for Selena every time she goes to ktv, every time she has to howl and forgive me for being unruly, indulgent and loving freedom in this life.

However, today Selena waved her hand, "I'll order it myself!"

"What do you want?" Louis approached anxiously, worried that she would order something too explosive.

After ordering the song, Selena leaned on the sofa, picked up the microphone and started singing...

"The appearance before the light is turned on, the huge room, the lonely bed, all the same when the light is turned off, the hurt in my heart cannot be shared..."

Louis was terrified, "Dmn it, Selena, you change your style too quickly, don't you? What about you who sings animals, flesh, and toxic?"

Selena rolled his eyes at him, "This is not a private party, you want me to sing that kind of song on this occasion?"

Selena said before that many of the songs she knew were not suitable for children, she was not joking, the three songs Louis said were typical.

When she was in China, once she got too drunk and sang a piece of flesh at the bar. That night, the whole bar was so high that three times the security guards couldn't control the scene...

Chapter 284

Selena continued to sing...

"Life goes with the years, grows old with gray hair, and leaves with you, happiness disappears..."

Hearing this, Louis felt something was wrong. Why did he feel that she didn't choose this song randomly, but sang it for someone?

"I miss you so much, I miss you so much, but I don't show any traces. I still miss you on tiptoe, I still let the memory circle around, and I still pretend that it doesn't matter..."

...

I miss you so much? Louis's face turned green all of a sudden.

Sure enough, it was sung for someone!

At this moment, no one knew that there was a slender and arrogant figure standing at the door of the box.

The man was just passing by at first, but when he walked to the door of this box, he suddenly froze there and remained motionless.

The companion next to him saw that he was still not leaving, so he couldn't help saying, "Mr. Lu, what's the problem? Mr. Zhang and Mr. Wang are still waiting for us upstairs!"

"Quiet."

The powerful cold air pressure suddenly came down, and the companion fell silent for a moment: "..."

At this time, the girl's lazy and low voice was heard in the box...

"I miss you so much, I miss you so much, but I lie to myself, I miss you so much, I miss you so much, I keep it as a secret, I miss you so much, I miss you so much, I keep it deep in my heart..."

Until the girl's singing stopped, the man still stood there for a long time before leaving.

late at night.

Lu's old house.

In the yard, on the bluestone steps, the man held a cigarette in his hand, and he didn't take a puff until it was burned out, and he didn't know what he was thinking.

"Brother, it's already this time, why haven't you made any movement yet?" Saul rushed over anxiously.

Daniel pinched the cigarette snub on his fingertips, "What?"

Saul glanced over, "Don't pretend to be stupid! You designed such a big circle to divert the old man from the mountain to City A, isn't it just to call Selena over tonight? The old man will come back tomorrow morning. Call Selena, but it's too late! Look at our little treasure, you don't feel bad, but I, the second uncle, do feel bad! Don't be really depressed then!"

"You can try, but the possibility of her agreeing is basically zero." Daniel said as he got up and walked into the house.

"Impossible! With my sharp tongue, I will definitely be able to persuade her to come here!" Saul confidently took out his phone.

After the party, the crew members left separately.

As soon as Selena returned to the hotel, her phone rang suddenly.

Looking at the caller ID, Selena's gaze changed slightly.

It was Saul calling.

She didn't answer it for a long time, and the phone rang until it hung up automatically.

After a while, the phone rang again persistently.

Selena hesitated for a moment, and finally pressed answer.

"Hey..."

"Hey, Selena, are you asleep?"

"No, the crew meeting just ended, Second Young Master, is there something wrong at this late hour?"

There are too many things that Saul wanted to talk about, okay? He immediately said, "Selena, what did you say to my brother that day? After he came back, he didn't say a word about himself. I was locked in the room for a day and a night, and after I came out, it was as if nothing had happened. I worked continuously for three days and three nights without sleep or rest, eating or drinking, until my mother called and said that Rick was not feeling well. I went back to the old house, and these days..."

"Rick is not feeling well? What's wrong with Rick?" Selena immediately caught Saul's point and interrupted him.

Saul mourned for his brother for three seconds, and Selena really cared about Rick the most! Sorry to see you!

Chapter 285

"Doctor Qin said he was slightly depressed." Saul said in a heavy tone.

"Depression? How can you be depressed? How is the situation now?"

There has been no news from the Lu family these days. She thinks the best news is that there is no news. She thought that Rick had finally fully recovered with her efforts. I came to look for her a long time ago, but I didn't expect it to be like this...

"Now the situation is getting more and more serious. Doctors have come by a dozen, but nothing is of any use. Selena, hurry up and see Rick!"

"Where is Rick now?"

"In the old house, my parents are here!"

Selena on the phone was silent for a few seconds, then suddenly changed her tone, "Saul, you have something to hide from me."

"Ah? No...no! What can I hide from you?"

"Little Treasure felt uncomfortable a few days ago. It stands to reason that you should have come to me at that time, or at least called me, but you didn't. You didn't tell me this until now, and it was still in the middle of the night. One thing, I was urged to come here, and Rick is still in the old house..." Selena paused, and then continued, "Mr. and Madam, do they know my identity? They don't agree with Daniel telling me Together, I'm not allowed to get close to Rick, is it?"

"Uh...uh... this..." Saul always guessed about other people's affairs, and he guessed right, but this was the first time he was completely out of the bag, so he muttered bitterly, "Selena, you Why are you so smart all of a sudden?"

"Get out! I've always been so smart!" Selena rolled her eyes, pinched the center of her brows, and said in a weary tone, "Second Young Master, you know that with the current situation of me and Daniel, I used to be not very smart. Appropriate, not to mention the factors from your parents."

At the beginning, I promised Daniel to stay with Rick for three months, but in fact... tomorrow is the last day of the agreement, and I have to leave sooner or later.

Even if I go this time, then next time, next time...

Rick has the most authoritative doctor by his side, grandparents, and you take care of him. I believe he will forget me after a long time..."

After Selena said all this in one breath, she didn't know whether she was telling Saul or herself.

Of course she is worried about Rick, but if she goes to see her at this time, she is almost sure that her heart will soften the moment she sees Rick, and she may even agree to all his requests...

Dang Duan was constantly being disturbed by it, and she had persisted for so many days, and she couldn't let it fall by the wayside.

"But sister-in-law, a heart disease needs a heart medicine doctor, and a person needs to tie the bell to untie it. Rick's illness is actually because of your thoughts. He is looking forward to your return every day. Do you really have the heart... Hey... Hey... "

There was a hurried beeping sound from the other end of the phone, and Saul was momentarily stunned.

Depend on! It really failed!

It seems that Selena has become cruel this time!

What can I do! My poor baby!

There was no other way, Saul could only go to his brother to report the situation with his head drooping.

After searching around, I found him in Rick's house.

Daniel was sitting on the head of the bed, and Little Treasure was lying on the bed with his eyes closed. He didn't know if he had fallen asleep. The little guy didn't sleep very well recently.

Daniel knew the result just by looking at Saul's expression, with an expected expression, "She refused?"
