

Cruel Heart Lover Novel

Chapter 286

Saul couldn't bear to tell the bad news in front of Rick, and after hesitating for a long time, he nodded his head with difficulty, "I've said everything I can say, but she was really determined this time, and the worst thing was, she guessed that Mom and Dad knew Her identity and attitude towards her..."

"Give me the phone." Daniel held out his hand.

"Ah? What do you want my phone for?" Saul passed the phone over slowly.

Daniel picked up Saul's phone, pressed the password to unlock it, took a photo of Rick's room, then clicked on WeChat, found Selena, and sent the photo he just took to Selena.

"Dmn it! Brother, how did you know my phone password! It's too much! There's no desire at all!" Saul snatched his phone back dissatisfied.

As soon as the voice fell, there was a "ding", and there was new information.

Reply so soon?

Saul hurriedly opened it to see what Selena had said.

As a result, I saw full exclamation points at a glance...

Saul! You ba5tard!you are vicious! I will be right over!

"fcuk! Selena, why are you scolding me! Brother, what the hell did you do! I'm so wronged! It's obviously you who sent me the blame, but you actually let me take the blame, how can this be so..." Saul had a look on his face. Complain, and then quickly click on the picture to see what is the mystery.

After reading it, I finally understood.

His brother sent Selena to see Rick's painting with nothing but a few lines of small characters written on it.

What would Selena's reaction be when he saw something that even an old man like him couldn't stand?

It's totally conceivable...

Nima! He said it's useless to break his tongue! As a result, she immediately changed her mind after a picture of his brother passed by!

If that's the case, why didn't you post that picture in the first place!

Immediately afterwards, Selena sent another message: Your brother... is he also in the old house?

Saul was about to reply subconsciously, "Yes", but before he could type, his hands were empty, and Daniel took the phone.

Daniel sent two words: absent

Selena immediately replied: That's good, I'll be there in about half an hour.

"Uh..." Saul mourned for his brother for the second time.

"That's good" these three words are really sad to hear!

There was no reaction on Daniel's face, and he said expressionlessly, "I'll avoid it later, you go and pick her up."

"Oh, I see!" Saul nodded repeatedly.

After Daniel explained to Saul, he walked to Rick's bedside, "Rick, I have a few things to tell you."

Rick didn't respond.

Daniel: "It's about your Aunt Selena's safety. You also know what the consequences will be if your grandfather finds out that she came to visit you this time."

Rick still didn't open his eyes.

Knowing that he was listening, Daniel continued, "Remember what I say next, the only person who can protect her now is you..."

Meanwhile, Jun comes to the hotel.

Selena ran out in tears.

When she saw Rick's writing clearly, all her unshakable principles and concerns, her ninety-nine and eighty-one lines of defense, all went to hell at that moment!

a55hole! She really wanted to strangle that ba5tard Saul to death!

Why did you show her that picture!

How determined is she to be able to resist not seeing the little baby!

Now she just wants to do something illegal and criminal, such as really stealing the little baby back...

Chapter 287

Fortunately, the car I borrowed from A-Ka last time was still there, so Selena quickly changed her clothes and hurried to the old house.

She followed Saul's instructions and rode to the back door of the old house. From a distance, she saw that Saul was already waiting there, pacing back and forth anxiously.

"Selena, you are finally here!"

"Where's Rick?"

"In the house! Come with me!"

"Is it really okay for me to go in like this? Will I be discovered?"

"It's okay, my dad went to City A today, and he won't be back until tomorrow morning. I've already tried my best to get rid of the servants. In fact, my mother doesn't object now. She just wants Rick to be happy, that's all. My dad, he's too stubborn, he can't make any sense..." Saul whimpered as he led the way.

In the courtyard, Selena was halfway there when she suddenly stopped, raised her head and glanced up.

"Selena, let's go! What are you looking at?" Saul was puzzled.

"It's nothing...I always feel...a feeling of being stared at...Maybe I've been a little nervous lately..." Selena scratched her head and continued walking forward.

Saul wiped off his sweat, subconsciously raised his head and glanced in the direction of the attic, thinking, Selena, you are not neurotic, you are too perceptive!

His brother was hiding in the attic.

Saul brought Selena to Rick's room, "Dengdengdeng!!! Rick, look who's coming!"

Little Treasure was sitting on the bed in a daze, but didn't react at all when he heard Saul's voice.

"Uh..." Saul rubbed his nose in embarrassment to make way for Selena, "Come on!"

Probably because of the feeling of being close to home and feeling timid.

When she came here, her heart was like an arrow, but when she was in front of Rick, Selena didn't know what to do or say.

That sentence kept repeating in my mind, Aunt Xiaoxi, Rick is obedient, why don't you still want Rick...

She underestimated Rick's feelings for her too much, and cruelly thought that she was just a child, and she would naturally forget it after a long time.

But he didn't know how much damage it would do to his soul.

"Honey, I'm sorry..." Selena held Rick's hand lightly, and it's only been a few days since I saw him. Rick has lost a lot of weight, the flesh she managed to raise.

Little Treasure's eyelashes trembled slightly, but there was no other reaction.

And Selena fell silent after saying this.

Apart from saying sorry, she didn't know what else to say.

Because she couldn't make any promises, couldn't promise that he would always be with him, couldn't coax him irresponsibly with such words.

However, she had to find a way to cheer Rick up.

Saul looked at the still dumbfounded Rick, then at the silent Selena, and couldn't help feeling anxious.

Why is this scene different from what he imagined? Why is Rick still not responding?

Could it be that Rick's condition was so serious that even Selena couldn't help him recover?

"Second Young Master, I have a heartless request." Selena said suddenly.

"Ah? What's the matter? Tell me!"

"Can I take Rick away tonight?"

"Huh? You want to take Rick away!?" Saul was startled.

"Yes, when I stay here, I have to be always on the lookout for anyone coming, and I can't communicate with Rick properly. And, if I'm not wrong, Rick has been here for many days, right? He needs it very much now." Change the environment and relax!"

Chapter 288

Saul mused after hearing the words, "The psychiatrist also mentioned it, but Rick is not willing to leave the old house for even half a step. I guess he must still be waiting for you to pick him up and go home!"

Hearing this, Selena's heart clenched a little more.

"It's just that the decision to let you take Rick away is too important. I don't dare to promise you casually..."

Saul was in a dilemma when his cell phone rang suddenly.

I clicked on it and saw that it was from his brother...

If she wants to take Rick away, let her go

Nima! Why did his brother guess Selena's mind again! I was caught off guard and showed my face!

After getting the imperial decree, Saul changed his words quickly, "Selena, take it with you! You can take Rick wherever you want! I'll leave it to you!"

Looking at Daniel who changed his face faster than turning the pages of a book, Selena's face darkened, "Didn't you just say that this decision is too important to agree to me casually?"

Saul said in a matter-of-fact tone, "I don't dare to agree casually, but I've thought about it now, so I didn't agree casually, but seriously agreed to you!"

Selena was speechless, and then said, "Don't worry, I will send Rick back by tomorrow morning."

"It's fine, but it's late at night, where are you going to take Rick to relax?"

"What's the matter at night, it's so romantic to relax at night!" Selena despised his short-sighted eyes, then took out the cosmetic bag she carried with her, and started to put on makeup for herself.

Strictly speaking, it's a disguise.

Practice makes perfect, Selena quickly painted a futuristic robot makeup on her face, and then put on a short wig and earrings.

Selena's skin after painting was not like flesh and blood, but bones made of various metals. It looked very cool.

Saul was amazed when he saw it, "Selena, why did you draw your face like this? But it's so cool! It looks like our robot butler No. 1!"

Selena snapped her fingers, "This is a must-have skill for an actor who wants to keep his soul free!"

"Tsk, this skill is quite good, no one will recognize you standing on the street!" Saul said, and from the corner of his eye he noticed that when Selena was putting on makeup, Rick's originally dull eyes finally gained focus, He looked at Selena without blinking.

After Selena finished transforming herself, she reached out to Rick's armpit, gently picked him up and sat him on her lap, and then picked up the makeup tools.

Saul raised his eyebrows, "You even want to draw Rick?"

"Just in case! Rick's handsome little face is more eye-catching than mine, okay? Besides, the Dora style is the same as my painting! Don't worry, these paints are food grade, no harm to the skin!" After speaking, I started to draw for Rick.

Sitting in Selena's arms, Rick was obedient and motionless, he was the most suitable little model.

So Selena drew very quickly, and finished it in less than five minutes.

"Wow! So handsome! I want it too!" Saul stared.

Selena snorted, "Go aside, don't destroy my combination with Rick!"

Saul squatted on the spot and drew circles.

"Okay, okay, for the sake of helping me and Rick, I will draw for you next time when I have time! Now I'm going to take my little baby out for a while!"

"That's what you said, don't fool me! I made an appointment with you for my Halloween makeup!"

"no problem!"

Saul was finally satisfied, and led Rick and Selena out of the yard quietly.

Chapter 289

The back door of the old house.

Selena held Rick in one hand and took out a small child's safety helmet from the locker of the motorcycle with the other, and then took out a safety belt.

The corners of Saul's mouth twitched as he watched, "I'm well prepared! You planned to kidnap Rick from the beginning, right? Those who didn't know thought you were going to elope with someone!"

"I just eloped!" Selena helped Rick put on the safety helmet, and then fixed it behind her waist with a safety belt, "Hurry up, baby, let's go!"

Watching Selena leave with Rick Ulala, Saul muttered speechlessly, "I really don't know whether to say that Selena made up for Rick's lack of motherly love or fatherly love..."

Under normal circumstances, it should be a father who leads his son to make such a fuss, right?

How can a mother ride a motorcycle with her son in the middle of the night...

However, let Daniel take Xiao Baolang like this.

how is this possible?

Therefore, he really felt that Selena was perfect, that she could be both a mother and a father!

Tonight, the bright moon is in the sky, the cool breeze is blowing, and the weather is rare.

"The speed is seventy miles, the mood is free, I hope the endpoint is the Aegean Sea, and the dream of running with all my strength is on the other side. We want to roam the world...running with the wind is the direction of freedom, chasing the power of thunder and lightning, and filling the vast ocean into me chest, even the tiniest sail can go far..."

Selena drove the scooter that usually drove 400 yards to 40 yards, humming a little song, and took Rick on a night tour of the capital...

After driving for a while, suddenly there was a familiar humming sound of a locomotive engine behind him.

When I turned my head and saw, it really was the Akana gang.

Aka and the others also found Selena in the front.

Xiangxiang in the back seat of A-Ka said excitedly, "A-Ka, slow down! Why does the car in front look so much like the one you lent Karen!"

Aka slowed down, and turned on the headlights to see the license plate number of the car ahead, "That's right, that's the one!"

"Follow up quickly!" Xiangxiang urged excitedly, waving her hands and shouting loudly, "Hey...Karen..."

After the two cars were parallel, Xiangxiang immediately complained: "Karen, you are too much! The last time I asked you to play with us, you refused to agree, and ended up here alone!"

"Since we met, let's compete! The old place at the end!" Aka accelerated instantly, and the other cars behind followed quickly, and quickly ran away without a trace.

Because it was night and the night was dark, and Rick was wearing a black coat like Selena's and stuck behind Selena, so those people just didn't see that Selena was carrying a small one behind her.

Selena walked behind unhurriedly, reaching out to touch the little hand on her waist, "Honey, hurry up, I'm going to speed up!"

As soon as the words fell, Rick's little hands obviously tightened her clothes.

Selena speeded up and rushed out buzzing...

Tonight, Aka and the others ran either on the road that was too dangerous to fight for skills like Death Valley or on ordinary roads that only competed for speed.

"Baby, are you happy?" Selena shouted into the wind.

After a while, the back seemed to be knocked lightly by a small head wearing a hard hat.

That light knock almost softened Selena's heart, "Then should we go faster?"

The little head knocked again without hesitation.

The corners of Selena's mouth fluttered, and she continued to accelerate.

Of course, Selena's so-called acceleration was only relative to forty yards, and it couldn't compare with Aka's and the others' speed at all.

When Selena and Rick arrived at the finish line, Aka's gang was squatting on the ground and smoking in small groups, and some of them even took out their poker cards and played a few rounds out of boredom...

Chapter 290

Seeing Selena sneaking over on a bicycle, A-Ka pinched his cigarette, rolled up his sleeves, and rushed up to blow his hair, "Dmn it! You, kid, is playing us! How many yards are you driving?"? My locomotive with such a superb configuration, you drive me a battery car? Why don't you look down on me!"

He managed to beat him once, but in the end, he didn't feel any sense of accomplishment at all and was ridiculed by everyone, it was more aggrieved than losing.

"That's right, Xizi, you're going too far! My brothers have been waiting for you here for half an hour!"

"Karen, you hate it! It made me lose a kiss, but I won't honor it. Aka's victory is invincible! I have to compete again to be convinced!"

"Do it all over again! Who is afraid of whom! I want to beat him upright!"

...

Everyone was yelling at each other, but Selena didn't reply, she took off her helmet, got out of the car, parked the car safely, and carefully carried Rick off the back seat.

"Huh? Karen, what are you putting in the back seat?"

"Why do I look like a child? Xizi, you probably kidnapped it from somewhere! We can't do such immoral things!"

"That's right! Xizi, you are usually so mysterious, is it some kind of gang that kidnaps and sells children?"

Selena took off the small helmet on Rick's head, gave the group of people a blank look, and said angrily, "Fart! This is my son!"

"What! Karen, you have a son!" Xiangxiang had a world-shattering expression on her face, "You actually have such a big son, how is this possible!"

"Dmn it! Xizi is married? She even has a son?"

In an instant, everyone gathered around to look at the little boy beside Selena.

The happiest person at the scene was Aka. This guy was furious just now, and now he is crazy with joy, "Xizi, good brother! You can do it! You even have a baby! Promising! Look at how your son is doing!" Those big eyes carved in pink and jade, tsk tsk, tell me honestly, your wife must be a great beauty, right?"

"Well, my wife..." Selena rubbed her chin, and Daniel's cold and beautiful face appeared in her mind, "She is indeed a great beauty!"

Aka laughed suddenly, "Hahaha... I knew it! Xiangxiang, you can give up now!"

Xiangxiang stomped her feet and clung to Selena's arms with tears in her eyes, "I don't believe it, I don't believe it! Karen, how beautiful is your wife? Is she as beautiful as me? Don't you like me at all? You still let me k!ss you!" You are gone!"

The moment Xiangxiang got close to Selena, she suddenly felt a chill down her spine. When she lowered her head, she saw that cute little pink dumpling looking at her with cold eyes, like a horse defending its territory. little wolf.

Selena coughed lightly, picked up Rick, and patted Rick reassuringly.

The moment the little guy was picked up by Selena, he turned from a little wild wolf into a cute little bun again. His short hands grabbed Selena's neck, and his little head obediently rested on her shoulder.

Selena looked at Xiangxiang apologetically while comforting Rick, "I'm sorry Xiangxiang, it's just the rules of the game. If you misunderstood anything, I'm sorry. I only have my son's mother in my heart. He is my son's mother." The one and only one I love most in my life!"

Selena took advantage of this good opportunity to make Xiangxiang give up.
