

Cruel Heart Lover Novel

Chapter 291

Chapter 291

"Keren, I hate you the most!!!" Xiangxiang ran out crying.

Selena thumped A-Ka's shoulder, "Why are you standing still, go after him!"

A-Ka was stunned for a moment before he came to his senses, punched Selena, and then quickly chased after him.

After chatting with everyone for a while, Selena put Rick's helmet back on, "Brothers, it's inconvenient for me to take my son with me today, so let's go first. Next time, I invite you to eat skewers and order barbecue beer as you like!"

"Xizi, that's what you said!"

"That's right! Don't let us go! By the way, remember to bring your beautiful wife to show me!"

"Haha, yes, yes, you must bring it with you!"

Selena gave the group of guys a sideways look, and said angrily, "Go away! I've already said she's a great beauty, do you think I'm willing to show it to you hungry wolves?"

"Huh..." Everyone sighed for a while.

The night gradually faded, the sky turned white, and before you knew it, it was almost dawn.

Selena drove along the road to a secluded alley.

From a distance, I could smell a seductive fragrance floating from inside.

Selena parked the car and carried Rick down, "You're hungry, Auntie will take you to eat delicious food!"

Selena led Rick into a breakfast restaurant that looked old but was cleaned very cleanly. She ordered a basket of steamed buns and two bowls of wontons.

The steamed buns were all thin-skinned and filled with big meat. The wontons were also full of ingredients. They were dripped with special sesame oil and sprinkled with chopped green onion. Selena ate one bowl and asked for a second bowl in no time.

Looking up at the little buns, he also huh lala finished a big bowl full, and licked his mouth with a little expression that was still unfinished.

Selena laughed, "Your belly is so big, you can't eat too much at one time, one bowl is enough, let's try another steamed bun! This one is delicious too!"

As he spoke, he picked up a bun, dipped it in some vinegar and put it in his small bowl.

This time the little buns were eaten slowly, as if reluctant to finish eating.

Selena tilted her head and stared at the little bun. The more she looked at it, the more uncomfortable she felt. She took a deep breath before trying to look away.

After Rick finished eating a small steamed bun, his face was full of disappointment.

"Next..." Selena held back the sentence "I'll bring you over to eat next time" that she was about to blurt out.

After breakfast, Selena checked the time on her phone, it was almost six o'clock.

There are still two hours to send the little bun back, and she has to start work...

This place is very close to the Pearl River Royal View, so Selena took Rick directly to her apartment and washed his face, so as not to scare the elders when he went back later.

With how caring and careful those two are for Rick, they definitely cannot accept such a game...

Rick looked at his restored face in the mirror, his eyes dimmed instantly.

Selena picked up a pink oil paintbrush from the dressing table and painted him a pink nose and beard, which looked like a cute kitten.

Then I quickly drew the same one for myself, "Meow ... so cute..."

Rick stroked the cat's whiskers on his cheeks, and his complexion improved a bit.

Selena sat on the bed holding the depressed little bun, "Is baby sleepy? Do you want to sleep for a while?"

The little bun immediately shook his head, his eyes widened.

"Well, what should we do...let me think..."

Selena tried hard to think about what else she could do with Rick in the remaining one hour, and what else she could do to make him very, very happy.

Thinking about it, I don't know what happened, my emotions suddenly collapsed at this moment, and the tears I have endured for a long time can no longer hold back...

Chapter 292

Maybe it's because I've suppressed it for too long, even though I know that in front of Rick, it shouldn't be like this, it will scare him.

But, she really couldn't help it...

The little bun sat by the bed, staring blankly at Selena who was lying on the pillow crying out of breath, the whole bun was stunned, his big eyes were full of bewilderment and panic.

After a long time, he tried to pat Aunt Selena with his little hands, just like she usually does to comfort himself.

However, as soon as he patted her a few times, Selena cried even harder in an instant.

The little bun was startled, and he didn't dare to act rashly again.

His dark eyes looked anxiously at Selena who was crying more and more sadly, his eyes were wet, and he wanted to cry too.

However, he can't cry!

Aunt Selena still needs him!

Rick forced back tears, and took out a small mobile phone from his pocket.

In fact, he hated this kind of cold thing very much. He didn't like the only way to contact his Aunt Selena through it, so he stubbornly refused to use it.

He wanted Aunt Selena to hug him, touch his head, and kiss his face...

This was the first time that Rick took the initiative to use the new mobile phone that Daniel had prepared for him these days.

Little bun quickly sent a message to his father in the address book – crying

In the Lu family's old house, upstairs in the study room, Daniel, who was sitting at the desk when he saw Rick's message, straightened up instantly and almost knocked down the cup in his hand.

He immediately replied and asked: Who is crying? Aunt Selena?

Rick returned a um

Daniel immediately knew why Selena was crying.

However, facing his son's plea for help, he was helpless.

He really didn't have any experience in coaxing a crying girl.

Daniel turned on the computer and started various researches and searches.

With Rick reminding him twice in a row, Daniel hastily sent a picture to Rick. The picture was a joke.

Show her this and try it

Rick hurriedly showed the picture sent by Papa to Aunt Selena, with a worried face.

Selena raised her head with tears in her eyes, and vaguely saw a text on the phone that Rick handed over:

"In the past, Apple and Pear were good friends, but then Apple was going to move, so they met back to this place after ten years of meeting. Ten years later, Apple came back to this place again, but after a long time, Pear still didn't see each other. Appeared. The apple waited and waited and waited and waited...it turned into plasma."

"Pfft!" Selena burst out laughing halfway through crying, she couldn't laugh or cry, "Honey, your joke...is too cold!"

Moreover, it inexplicably made her feel very familiar, very someone's style.

"I'm sorry baby, Auntie suddenly lost control just now...I'm going to wash my face!" Selena sniffed in embarrassment and went to the bathroom embarrassedly.

She really had enough, she devoted herself to comforting Rick, but in the end, she cried in front of Rick, and finally asked Rick to comfort herself...

After Selena went into the bathroom, Rick secretly sent a note back to Papa: laughs

Daniel, who had been waiting nervously on the other end of the phone, finally heaved a sigh of relief.

Later, he worriedly reminded his son: Remember what I told you?

Seeing that Rick replied with an um, he felt a little relieved.

At this moment, the door of the study was suddenly pushed open, and Saul rushed in in shock, with an expression of doomsday...

"Brother! It's over! The old man came back early! And he's already at the door now!!!"

Chapter 293

Daniel nodded slightly, "Yes."

Saul was about to cry, "I'll go! What do you mean? Is there anything you can do? With the old man's stubborn temperament, what if you do something under provocation? No one can persuade you!"

The worst part was that he was the one who let Selena and Rick go!

He could almost foresee his miserable future...

At this moment, there was a sound of footsteps downstairs, followed by the conversation between the old man and the servant.

"How is Rick doing today?"

"Go back to Master, the young master is still awake."

"Well, I'll go see him."

The old man was devoted to his precious grandson, and the first thing he did when he came back was naturally to see Rick.

Saul flew downstairs and stopped the old man with his arms outstretched, "Dad! Are you hungry? Go and have some breakfast first! My mother got up early in the morning and is busy in the kitchen!"

"I'll eat later, I'll take a look at Rick first."

"Let's eat it before watching! Otherwise, it will be cold later!"

"It's cold and let the servants reheat it!"

"That way the nutrition will be lost!"

Lu Chongshan finally realized that something was wrong, and looked at him with a sullen expression, "Stinky boy, did you cause trouble again?"

Saul scratched the back of his head with a dry smile, "I...I didn't! What trouble could I cause!"

At this time, Mrs. Lu came out of the kitchen, "Breakfast is ready, let Rick get up and eat! Sleeping too much is not good!"

finished...

I can't escape now...

Seeing that Saul's expression was wrong, and he kept blocking the door of Rick's room to prevent them from entering, the two elders all sensed that something was wrong.

Lu Chongshan angrily walked past him and pushed the door open.

The room was empty.

Lu Chongshan's expression changed instantly, his face was full of storms, "Where is Little Treasure!!!"

Xiao Rong, the maid who was in charge of taking care of Rick, also turned pale with fright, and said in a panic, "How come... the young master has been sleeping in the room all the time!"

"What are you eating? There are so many people who can't even look down on a child!"

Seeing that he couldn't hide it anymore, Saul was about to carry it down when a cold voice came from behind...

"Rick is not a criminal."

Lu Chongshan quickly reacted, and flew into a rage, "You ba5tard! Where did you get Rick? Did you send it to that woman! Something inferior to a beast, Rick is your own son, you Just hand him over to a woman of bad character!"

At this moment, even Mrs. Lu, who had always been neutral, couldn't help it anymore, "Daniel, you've really gone too far this time! How could you let Rick just go with that woman like this?"

Seeing that the atmosphere was getting tenser and tenser, Saul hurriedly said, "Dad, Mom... I've been holding back some words for a long time, even if you want to break my legs, I will say them today!

Just like what my brother said just now, Rick is your grandson, not a prisoner. You are so strictly guarded, what is the difference between this place and a prison for Rick?

Although Rick has been staying here obediently for the past few days, is he really happy one day?

We just let Rick go to his good friend, to play with his favorite aunt for a while, do you want to make such a fuss? "

"ba5tard! All of you have forgotten how Rick became what he is now?" Lu Chongshan was about to slap him as he said that.

Daniel gave Saul a hand and pulled him behind him.

In the next second, a "slap" slap landed heavily on his own face...

Chapter 294

"Brother!" Saul was startled, "Brother, are you alright?"

Lu Chongshan looked at his hands and couldn't react. He had beaten Saul countless times since he was a child, but this was the first time he had done anything to his elder son who made him worry about everything.

Daniel casually wiped the blood from the corner of his mouth, his expression was cold: "I would rather Rick die in that accident than live the life he is living now."

"You...you..." Mr. Lu held his chest and took a few steps back, almost fainting from the stimulation.

Mrs. Lu hurried over to support him, "Daniel, what you said is too much! Even if there is something wrong with the way your father and I do things, you shouldn't say such ba5tard words! What is more important than being alive?"

Lu Chongshan finally recovered his breath, and intermittently ordered his confidants beside him, "Xing Wu, you go... No matter where Rick is now, find him immediately and bring him back to me!"

After finishing speaking, he glanced coldly at the two sons, "You two, from today on, you are not allowed to step into the old house again!"

Saul became anxious when he heard that, "Dad, you are a dictator! Qin Shihuang is not like you! You are like..."

Just as he was about to continue complaining, Daniel stopped him from continuing with his eyes.

There was no other way, Saul could only hold back.

It's true that the emperor is not in a hurry and the eunuchs are in a hurry. When is this? Does his brother have any plans?

There's no need for the old man to send someone out to look for it. Selena should send Rick back by herself later on. When the two sides collide, what a bloody scene it will be...

He couldn't even imagine it!

Sure enough, just when Xing Wu took the order to mobilize all the people to start looking for someone, a servant hurried in and shouted excitedly...

"Master! Old Madam! Little...Young Master, he is back! It's right at the gate of the backyard!"

"What? Little Treasure is back?" Lu Chongshan suddenly stood up, and then asked with a dark face, "Who is the young master with?"

"And...with a girl...who looks pretty..." The servant replied tremblingly.

"Sure enough! I want to see! What kind of ability does this woman have to make you one or two protect her and speak for her like this!"

Now Lu Chongshan's impression of Selena has fallen to the bottom. In his heart, Selena seems to be a scheming beauty.

Mrs. Lu was originally neutral, but now that she has experienced such a severe scare, she is completely on the same side as the old man.

So, Mr. Lu, Mrs. Lu, together with Daniel and Saul, and a group of housekeepers and servants behind them all walked towards the backyard entrance...

At the same time, Selena was anxiously calling Saul. Just now, she seemed to see a little maid poking her head, as if she had discovered her and Rick. Could something be wrong...

Dmn it, why can't Saul's phone get through? What the hell is this guy doing?

When she was burning with anxiety, Selena's peripheral vision fell on the courtyard, and the next second, she was stunned.

I saw that the leader was an old man with a dark complexion and a majestic look, and he was supported by a well-maintained and elegant old lady, followed by Saul and Daniel. Hulala a large group of servants.

These people are walking in her direction mightily...

Selena was dumbfounded on the spot.

Lying! up! indivual! Big! groove!

Saul, you are a murderer, what the hell is going on!

Chapter 295

Lu Chongshan's eyes immediately fell on Selena's precious grandson. After confirming that he was intact, his sharp eyes suddenly shot at Selena.

Even though Lu Chongshan had abdicated for a long time, after all, he had been in the imperial capital for so many years, and his aura was still very scary when he suppressed it.

Since Selena was going directly to the set later, she had already changed into her usual casual attire, her hair was simply tied into a ponytail, and her attire was decent.

It's just that Lu Chongshan naturally wouldn't notice this, he was so full of sinister intentions that the woman in front of him even colluded with his two sons to abduct his precious grandson from his house overnight!

This is downright audacious! Challenge his authority!

Lu Chongshan walked towards Selena aggressively, getting closer and closer, and the tense atmosphere was about to break out...

However, at this moment, a sudden change happened.

Little bun, who was standing motionless beside Selena, suddenly let go of Selena's hand, and trotted towards his grandparents with his short legs...

Seeing the baby's grandson running towards them, the two elders were so distressed that they almost broke. They subconsciously thought that the baby must have suffered some kind of grievance, and Qi Qi knelt down to comfort him.

As a result, the little baby ran up to them, and a big smile slowly bloomed on his always dazed little face.

The next second, under the astonished eyes of the two elders, Rick leaned over, first kissed grandma on the cheek, and then kissed grandpa on the cheek fairly.

this moment.

Mr. Lu: "..."

Mrs. Lu: "..."

Saul's mouth opened into an O shape.

All the servants had surprised expressions, even Selena who was the opposite was shocked by this scene.

In the whole scene, the only calm person was probably Daniel who was in control of everything.

After about ten seconds, the elders still couldn't react.

Mrs. Lu had a dreamy expression, her face full of disbelief, "I...Am I dreaming? Our baby just... just k!ssed me...?"

"k!ss me too." Lu Chongshan added with a very serious expression.

At this moment, his raging anger has been extinguished so that not even a spark is left.

In order to maintain his majesty, he first tried his best to suppress his excited expression, then slowly stood up, turned his hands away, his eyes fell on Selena who was opposite him again, and coughed softly:

"Well, this... Ms. Ning, right? Thank you for sending our little treasure back. If you don't mind, come in and have a seat!"

Mrs. Lu immediately agreed, "Yes, yes! You are here, come in and have a seat! I just made breakfast, let's have some together!"

"Uh, I just ate..." It's over.

Selena hadn't even uttered her words when she was pulled in by Mrs. Lu enthusiastically arm in arm.

Selena: "..."

From the beginning to the end, Saul looked confused: Is this even okay?

Selena was dragged halfway, she was in a dilemma, in the end she really had no choice but to look at Daniel who she had been avoiding and didn't even dare to look at for help:

Boss adults! Help wow!

Daniel looked at the girl who was begging for help with a bitter face, the corners of his mouth slightly lifted, and the frost in his eyes melted into tenderness like water...

Selena didn't know what was going on, Daniel just had a clear and shallow look in her eyes, and the huge waves in her heart instantly turned into a slowly flowing stream under the spring breeze, and she was instantly at peace.
