

Cruel Heart Lover Novel

Chapter 296

"Brother! Dear brother! Tell me honestly, did you teach Rick this trick? Did you plan from the beginning and just wait for this moment to fight back? Dmn it! Since you have planned it, you should give it to me anyway." Breathe it out! I was so frightened that I almost flew out of my wits just now!" Saul wiped the sweat from his forehead, his face still in shock.

Daniel glanced at his younger brother who was indeed on the verge of collapsing from fright, and rarely explained: "You can't hide things on your face, if your father sees that Rick did this under the professor, it will only treat Selena Even more disgusted."

"Uh... Is there really something that can't be hidden on my face?" Saul burst into tears.

Even cheating him is so reasonable that I can't refute it at all...

However, after the crisis was resolved, Saul quickly revived with full blood, and excitedly vomited, "Brother, did you see the expressions of our parents just now? It's so funny! The old man is obviously going crazy with joy, Still pretending to be calm, the old lady grabbed Selena and ran away, her posture was like a robber! Selena was completely dumbfounded at the time!"

Saul recalled Selena's expression at that time, and he felt a lot of comfort in his heart, at least there was someone who was as confused as him.

In the retro-style Chinese living room, the long dining table is already filled with a row of various foods.

It's just a breakfast, it's even more exaggerated than a banquet.

Finally, Selena sat down at the dining table in such a daze.

Sitting opposite were Mrs. Lu, Rick, and Mr. Lu.

Selena's side is Saul, her, and Daniel.

There was no other way, Selena could only take the initiative to save herself, "Thank you very much Madam for your kind invitation, I have already eaten."

In other words, I've already eaten it! Let me go!

At the same time, facing the big devil who is so close to her on the left, and the parents of the big devil on the opposite side, it is really stressful!

"Have you eaten it? And Rick has eaten it too?" Mrs. Lu asked immediately.

"Yes." Selena replied cautiously, without saying a word.

"What did Rick eat this morning?"

"Rick ate a big bowl of wontons and a few steamed buns."

"Oh, that's quite a lot!" Mrs. Lu nodded, and then asked with concern, "Did he vomit?"

Hearing this, Lu Chongshan looked over with a serious expression.

Selena shook her head, "Not really."

The two elders breathed a sigh of relief at the same time.

"Then see what you like, and try some!" Madam Lu said and brought her a small dish of fried fish steak with lemon.

The kindness is hard to turn down, so Selena could only bite the bullet and express her gratitude.

At this time, Lu Chongshan coughed lightly, and gave the lady next to him a look.

The old lady understood immediately, and asked again, "Miss Ning, I heard that you took our little treasure out to play last night?"

finally come!

Selena immediately tensed up, "Sorry, no..."

Selena was going to plead guilty to taking Rick out without their consent...

But at this moment, her left hand on her knee was suddenly covered by a warm palm, and she shook it lightly, which seemed to be a hint and a reminder.

Because it was so sudden, Selena was as frightened as a cat whose tail was stepped on. She almost jumped up on the spot, her throat was choked by a mouthful of food, and she coughed wildly, "Ahem, cough..."

Daniel acted as if he wasn't the one touching the girl's little hand in private. He poured her a glass of water very calmly, and then fed it to her mouth very naturally.

Chapter 297

How could Selena dare to drink water directly from the hand of the Great Demon King in front of everyone, and hurriedly brought it over by herself in fear, gulping and gulping.

She has a bad habit. When she is nervous, she can't help but keep filling her stomach.

Looking at the subtle interaction between her own son and the other girl, Mrs. Lu, a real mother, could not know what happened.

It's just that I can't believe that this elm-headed eldest son would do such things as molesting girls.

What is this feeling that a pig that has worked so hard for so many years will finally grow cabbage...

At this moment, Daniel didn't take his hand away, but opened Selena's sweaty palm and wrote the word "I" on her palm.

After recognizing that word, Selena instantly knew what Daniel meant.

The Great Demon King is telling her not to admit it, but to blame all the faults on him.

But, wouldn't that be too good?

While Selena was hesitating, Daniel had already started scratching the softest and most sensitive part of her palm with his slightly rough fingertips...

That ambiguous touch was like directly touching her heart.

Selena didn't dare to hesitate anymore, and quickly said according to his intention, "President Lu suddenly called me last night and said that Rick's condition is not good recently, and hoped that I could accompany him and take him out to relax, so I rushed over overnight!!!"

Hearing what Selena said, the two elders looked at their eldest son with dissatisfaction, and then looked at Selena with a much more relaxed expression.

Especially Lu Chongshan, at first he thought it was this woman who relied on the eldest son's favor to be bold and deliberately against him, and when he

learned that everything was up to the eldest son's own initiative, and she didn't know that they strictly forbid her to see Rick, the words in his heart. The anger at having his authority violated naturally subsided a lot.

Mrs. Lu showed such an expression as expected, and then asked the question she was most concerned about: "Where did Miss Ning take Rick to relax? How did she relax?"

To be able to make the little baby who was depressed the day before smile so happily in an instant, and to take the initiative to get close to them like never before...

If you know the secret, wouldn't you be able to get kisses from your precious grandson every day?

Lu Chongshan immediately put down his chopsticks, with a devout expression as if he wanted to take out his notebook and write it down.

Seeing his parents' reaction, Saul suppressed a smile the whole time.

I thought it would be useless even if you knew, the key point is not where people take Rick to relax, how to relax, okay? It was "Selena"!

Facing the earnest eyes of the elders, Selena couldn't possibly say that she took Rick for a racing car, which would definitely kill her, so she coughed lightly and replied, "Actually, I didn't go anywhere. , just drove Rick around the capital."

She's not lying...

It was indeed a drive, but she was not driving an ordinary car, but a professional racing motorcycle known as "Midnight Fury".

After the second elder heard this bland answer, he was obviously a little disappointed.

Just going for a drive, can Rick, who doesn't like being close to others since birth, take the initiative to kiss their grandparents?

Chapter 298

However, these seem to be extremely simple things, but after thinking about it, just getting Rick to leave the house obediently, and playing with her, he was so happy to play all night...

Except for Selena, no one else could do it.

The psychiatrist Qin Mufeng who has studied Rick's condition for so many years, what he can do is very limited at present.

Before, they thought that Rick's return to simple text communication was the ultimate, but today's two kisses gave them a deep shock and surprise.

It turns out that Rick still has the hope to continue to recover, and even one day he will become like an ordinary child, laughing heartily, being close to his family, and acting like a baby.

Maybe even speak...

And the key to all this lies in this woman who they think may hurt Rick.

Therefore, the attitude of the two elders has changed from firm opposition at the beginning to a dilemma now.

Lu Chongshan looked lovingly at the grandson next to him, Rick just smiled and kissed his little appearance, he would not hesitate to exchange anything for him.

Mrs. Lu had been asking all the time just now. At this moment, Lu Chongshan finally couldn't help but speak in person, "As far as I know, Miss Ning is currently an actress?"

Selena nodded: "Yes."

At this point in the topic, Selena became indifferent. The Lu family's influence was indeed terrifying, but she had no intention of planning anything about the Lu family, let alone becoming his daughter-in-law, so there was no need to fear him here.

"I don't know how much Miss Ning's income is now." Lu Chongshan asked again.

Hearing this question, Selena was a little puzzled.

What did the old man mean by asking her this question?

However, Saul and Daniel who were beside Selena knew exactly what their father was thinking and immediately realized what the old man was planning.

Although Selena couldn't figure out Lu Chongshan's intentions, she still replied truthfully, "Now my career has just started, and my income is not high. The one I got was 50,000."

Lu Chongshan nodded, and then asked, "Then, I wonder if Miss Ning is interested in changing careers?"

"Change career?" Selena frowned.

"That's right, I hope to invite Miss Ning to come to Lu's house to be Rick's private tutor. As for the price, I will definitely satisfy you. I can guarantee that the artist with the highest income in the entertainment industry will not have the income of your career High." When Lu Chongshan said this, his face was full of confidence.

Because he was confident that no one would be foolish enough to refuse such a condition.

Why did she enter the entertainment industry? Isn't it because the entertainment industry makes money quickly?

Then he will let her ascend to the sky in one step!

He didn't believe that she could resist such a temptation!

Hearing Lu Chongshan's words, Selena twitched the corners of her mouth, and there was an imperceptible hint of contempt and disdain in her eyes.

Because the other party was the father of Daniel and Saul, and Rick's grandfather, she didn't say anything too harsh, but replied as gently as possible, "I'm sorry, Mr. Lu, everyone has his own ambition."

She didn't want to say anything else, because the level and class of the two parties were too different, even if she told him more, he wouldn't understand.

Selena's answer was obviously completely unexpected.

Lu Chongshan's face was immediately displeased, and he said in a deep voice: "Miss Ning dislikes that Lu's offer is not high enough?"

Chapter 299

Selena: "Old Mr. Lu, that's not what I mean. If your intention is that I can accompany Rick more, in fact, I can come and accompany him often as a friend."

"So, are you rejecting me?" Lu Chongshan's face darkened instantly.

I don't know if it's because Daniel was by her side, but under such terrifying pressure from Mr. Lu, Selena still insisted on saying that sentence: "Yes."

"You're presumptuous!" After all, Lu Chongshan had been in a position of superiority for a long time, and he was used to everyone obeying him, so he couldn't tolerate a small artist disobeying him, so he exploded immediately.

Daniel didn't say anything, but calmly put his arm on the back of the chair behind Selena, but he had already fully demonstrated his protector's posture.

And the moment Daniel's breath approached, Selena's back, which was tense due to tension, immediately relaxed a lot.

In the deadlocked atmosphere, in the corner, the little prince Saul finally couldn't help it anymore, "I said Dad, where's your logic? Selena, as long as she says yes-i-do to my brother, the entire Lu family is hers." Yes, she doesn't even want to be my sister-in-law, would she care about your little money?"

Lu Chongshan was so angry that he almost vomited blood, he slapped the table hard, "Brat, do you insist on forcing me to use family law!"

"Really, every time you say you can't do it, you have to move..." Saul muttered weakly.

Seeing that the two sons were turning their elbows outward, Lu Chongshan was really furious. Seeing that a new round of anger was about to erupt, the next second, he suddenly felt something soft pat on his back.

As soon as he turned his head, he saw that the little baby was patting his back gently with his small hands, as if to comfort him not to be angry, lest the anger spoil his body.

Once this god-level fire extinguisher comes out, what fire can't be extinguished?

Lu Chongshan immediately felt better, it was more effective than taking a panacea, and his voice was extremely soft and kind, "Good boy, do you feel sorry for Grandpa?"

Saul felt extremely sad when he saw his own father's incomparably gentle attitude towards his grandson, "I'm going, why have I never seen you treat me tenderly once? You treat me so differently! Why do I have the lowest status in the whole family? What am I? Not your own son!"

Lu Chongshan snorted, and said in a bad mood, "When you get married someday, give me another granddaughter and grandson, and then talk about status with me!"

Saul said with a hesitant face, "Bye... I'll continue to stay at the bottom!"

The price of this status promotion is too great.

At this time, a sudden ringtone of the mobile phone rang.

Selena hurriedly took out her phone from her bag, and saw that it was Xiaotao calling.

At this moment, she accidentally glanced at the time on her phone, only to realize that she was already half an hour late.

Selena lowered her voice and answered the phone, "Hello, Xiaotao..."

"Hey, sister Xi, why haven't you arrived yet? The filming has already started, and the director is urging you! I went to your room to look for you, but no one opened the door! Where did you go?"

"Uh, I was delayed due to urgent matters. I'm still in the eastern suburbs. It will take an hour to arrive at the fastest. Please apologize to the director and explain!"

After hanging up the phone, Selena could only stand up and say goodbye: "Thank you both for your hospitality. I have to start work today, so I'll take my leave first."

After saying this, Selena looked at Rick opposite him with a full face of reluctance.

Chapter 300

Seeing that Selena was about to leave, Mrs. Lu anxiously glanced at Mr. Lu, while Mr. Lu remained silent with a gloomy expression.

Daniel stood up, walked straight to Rick's side, carried him off the chair, and then walked to Selena's side before putting him down, "I'm going to see off Auntie Xiaoxi."

Little Treasure nodded heavily, and took Selena's hand.

Selena glanced at Daniel gratefully, then walked out of the courtyard with Rick.

Lu Chongshan was about to get up, but was held back by Mrs. Lu, who shook his head and said, "Forget it, it's just a gift."

With a sullen face, Lu Chongshan finally compromised.

Selena led Rick and walked slowly along a short bluestone path. It took a full ten minutes to reach the gate of the courtyard.

Selena thought of countless words to comfort Rick along the way, but at this moment she couldn't say a single word.

The little bun hung his head low, refusing to look up.

After a long while, he took out the writing board that he carried with him and began to write seriously.

After finishing writing, Rick lifted up the writing board and showed it to Selena, only to see a paragraph written on it stroke by stroke...

Tagore said: If you love him, let your love surround her like sunshine and set her free.

After reading this sentence, Selena was startled, and then all the original sad atmosphere was washed away, and she couldn't help laughing, "Baby, you still know Tagore! How did you know this sentence?"

After Selena finished speaking, she squatted down and hugged the little bun tightly, her heart filled with warmth, "Thank you... thank you so much, baby..."

To be honest, she never expected that Rick would read such a passage to her, which really touched and distressed her.

While hugging the little bun and reluctantly letting go, Selena suddenly caught a glimpse of a familiar figure behind Rick walking towards them from the corner of her eye.

Selena hastily kissed Rick twice, told him that if there was a chance, she would find a way to come and see him, and then ran away...

Daniel looked at the back of the girl who soon disappeared, and there seemed to be a hint of helplessness in his eyes.

Behind him, Saul let out a "poof" laugh, "Brother, Selena saw that you were running faster than a mutated rabbit!"

After finishing speaking, he glanced at Rick, and sighed, "People are more angry than others! I understand now that even if I say it out loud, I can't compare to a kiss from my little baby. If there is something that can't be solved by a kiss, Then two kisses!"

So, brother, why don't you just let Rick use this trick to directly change his parents' minds and solve the biggest problem between you and Selena? "

"This is not the biggest problem between me and her." Daniel said coldly.

Moreover, he also knew that today's proposal to make Selena resign to be Rick's tutor was the ultimate compromise that the old man could compromise at present.

However, his ultimate goal has been achieved. After seeing her influence on Rick with his own eyes, the old man will never touch Selena again.

Not long after Selena left, Lu Chongshan called his two sons to the study.

"For the sake of Rick, I won't pursue what happened last night, but I won't allow it to happen again!"

"Dad, why are you making such trouble? Just let my brother marry her, and everything will be settled, how great!"

It was rare for Lu Chongshan not to get angry with Saul, and sighed, "Second brother, if today's matter is about you, I might agree to your marriage."

Saul shivered in fright, "Father, don't make such a terrible assumption, okay?"

It's just bringing hatred to him!
