

Cruel Heart Lover Novel

Chapter 311

Chapter 311

Selena had indeed heard about Susie's cloakroom from many people, and it was said that they kept a lot of out-of-print clothes.

She doesn't have much feeling for luxury brands, she only buys big brands to fit into this circle.

In fact, the designs of many big-name clothes are not very good. Instead, she often likes to search for some creative personal brands. For example, Daniel's friend's clothes are designed by her. She likes them very much. They look much better than those big-name clothes. I remember that she just casually said that the clothes of this brand looked pretty, but the next day the closet was full of clothes of this brand...

"Selena, are you going? She invited all the actors in the crew! Let me inform everyone!"

Selena smiled and declined, "I'm sorry, I'm really tired today, I want to go back and rest early, you guys have fun."

The actress who was immersed in the excitement suddenly remembered the festival between Selena and Susie. Naturally, she no longer forced herself and said hastily, "Okay, then go back and rest!"

After returning to the apartment, Selena kicked off her shoes and fell asleep.

She hardly slept at Daniel's side last night, and she had acted all day during the day, so she couldn't hold on anymore.

At the same time, in Susie's apartment downstairs, a lively party has just begun...

During this period of time, in order to restore her popularity and connections, Susie spent a lot of effort. This time, she even specially invited all the cast and crew to play at home.

The room that Susie lived in was the largest in the whole Pearl River Royal View. Half of the space was used as a cloakroom, and it was filled with famous products. It could indeed be said to be every woman's dream.

Most of the people who came this time were actresses, and naturally they were most interested in clothes and bags, so the first thing everyone did when they came was to ask excitedly to visit the cloakroom.

"Susie, where is your cloakroom, please show us!"

"That's right! I heard that many out-of-print clothes are sold at high prices!"

"You must see it! If you come to Susie's house and don't look at her cloakroom, it will be a waste of time!"

Hearing everyone's compliments, Susie looked indifferent, "It's because those gossip magazines wrote too much, but it's really nothing."

"What kind of gossip magazine? It's the No. 1 sales volume "Fashion"!"

"That's right! Susie, stop hiding it!"

Susie looked helpless, and could only compromise, "You guys, just don't be disappointed when you see it!"

After speaking, he led them towards the cloakroom.

At the end of the corridor, Susie opened a door: "This is it."

The moment the door was pushed open, everyone was amazed:

"chanel, herès, donnakaran, prada, guess...all are limited editions around the world! God!"

"I feel like I'm in heaven! I can't bear to leave!"

"I'm so envious! Susie, you are so happy! I heard that your boyfriend collected all these for you from all over the world!"

...

Looking at the envy and jealousy on everyone's faces, Susie's face was radiant, and she regained that high-ranking first sister Empire, and said modestly, "I didn't deliberately collect these, but there were so many before I knew it. "

After visiting the cloakroom, everyone finally started to party, but they couldn't forget Cai's cloakroom the whole time, and they were still discussing about that topic.

When the game was coming to an end, everyone was unsatisfied, and many people began to flatter Susie after seeing her financial resources.

At this time, the actress Fang Ya who played Concubine Shu suddenly said, "Huh, Selena didn't come today?"

"I asked her, and she said she was too tired and wanted to go back and rest early." Someone replied.

"Speaking of it... I heard that the dormitory arranged by Glory World Entertainment for Selena is also in Pearl River Dijing? It seems to be upstairs from Susie! How about we go and play with her?" Fang Ya suggested.

Susie was overjoyed when she heard the words. After visiting her place, they went to Selena's place. In contrast, they realized that the place where Selena lived was nothing at all, but she said with an embarrassed look on her face, "But , Is it appropriate for so many of us to go?"

"That's right, where Selena lives doesn't have as much space as Susie's here!" Someone deliberately said this in order to please Susie.

Fang Ya naturally saw that Susie really wanted them to go, so she stood up and greeted everyone, "Go, go! It's so close upstairs anyway! It's okay to just say hello!"

Chapter 312

When the doorbell rang one after another, Selena was sound asleep.

In a daze, he took out his phone and glanced at it. It was almost twelve o'clock in the night.

Who would come here to look for her at this time? It's not something urgent...

Selena could only get up quickly to open the door.

As a result, he was stunned as soon as he opened the door. There were dozens of people clattering outside the door, all of them were actors from the crew. The one standing in the front was the gorgeous Susie, and the actress next to her was Shu Shu, who was holding her arm affectionately. The concubine's actor Fang Ya...

Selena just woke up, and she was stunned for a few seconds before she realized that when she called it a day, someone told her that Susie was having a party at home tonight.

So, what happened if these people didn't go to Susie's place, but all came to her house?

At this moment, Susie said with an apologetic expression, "Selena, were you sleeping just now? I'm sorry to wake you up, we didn't expect you to fall asleep so early. We had a party tonight, but you didn't come, the sisters miss you very much, just thinking that you live upstairs, so the big guy came over to say hello to you!"

Before Selena could speak, Fang Ya rushed to speak, "Susie, Selena definitely won't mind! Right Selena? Come in, everyone! It's not good to be blocked at the door!"

After speaking, he had already squeezed into the room first, and the others followed.

Selena stood at the door, the corners of her mouth twitching slightly. This person came in and asked her what she was doing?

This Fang Ya is a fool, and she will fall to whichever side is in the limelight. After Selena signed with Shengshi, she tried to curry favor with her several times before.

From the looks of it, now she is in love with Susie again.

After entering the room, Fang Ya immediately complained in surprise, "Oh, Selena, why is your place so small! We can't even stand there!"

Selena's room was actually not small, it was the most suitable size for living, but there were too many of them, so when they entered, the whole living room was almost packed, and the space seemed extremely cramped.

As soon as she finished speaking, Fang Ya walked to the cloakroom without the owner's permission at all, pushed the door open, and then said with a shocked expression, "Selena, is this your cloakroom? It's too small! "

As soon as Fang Ya spoke out, other people who tried to curry favor with Susie also echoed:

"Yeah, it's so small! The living room, bedroom and other places don't matter. As artists, the most important thing is the cloakroom. It's definitely not enough for such a small size!"

"I thought Shengshi Entertainment was so rich, and it was just so-so! It's barely enough to live in!"

"Oh, you can't say that, you can be like Susie's family!"

...

Susie on the side looked at the crowd pointing to Selena's residence in a relaxed state of mind and body, and said understandingly, "Selena lives in this location, the scenery is very good!"

"What's the use of having a good view? We don't usually live at home much!" Fang Ya said as she rummaged through Selena's clothes hanging outside, and then said sympathetically...

"Oh my god! I don't even have a decent dress. Is this Chanel from last year? And this Prada, it's already out of date... Selena, I'm not talking about you, you don't care too much about these things." Well, no matter how good your acting skills are, in the entertainment circle acting skills are simply secondary, the most important thing is the packaging!"

Selena stood at the door of the cloakroom and watched for a long time, and finally understood the purpose of these people suddenly coming to her tonight.

Ganqing came here to trouble her and see her jokes?

Chapter 313

"Xiaoya is right. Even if I don't eat, I still have to buy clothes! Because it's so important, if the media catches me wearing last year's style, it would be a shame!"

"Let me just say it!" After hearing someone agreeing, Fang Ya raised her head triumphantly, and then deliberately said to Susie beside her, "Susie, you have so many clothes at home, otherwise I will give Selena a few Let's do it! Any one will definitely be better than these!"

Selena's face turned dark when she heard this, "No need."

"Oh, Selena, don't refuse, we are all in the same group, and helping each other is the right thing to do, don't you still mind the misunderstanding with Susie before? Susie just told us that she I don't mind at all!"

Listening to Fang Ya's bizarre remarks, Selena was speechless. Arguing with fools is really painful...

Seeing that Selena didn't speak, Fang Ya was even more frightened, "It happens that Xiaowei is still upstairs, Susie, tell her where she is, and let her bring it here!"

"Okay." Susie nodded, and called the other party on the spot.

In less than three minutes, the assistant Xiaowei came over panting with a pile of clothes, "Sister Susie, here are the clothes you asked for!"

Susie looked at the clothes with satisfaction, and said in a sincere and concerned tone, "Selena, you can just accept it. It's a little favor from me. Although it's not too good, they are all the latest styles this year!"

Fang Ya's eyes widened when she heard this, and she said excitedly, "It's not too good! Each of these clothes costs tens of thousands! Selena can only buy one piece of clothing for the whole movie, okay?"

"That's right! These clothes are so expensive! Susie, you are too generous!"

"Selena, just accept it! Don't hold on!"

...

Selena pinched the center of her brows, her patience began to run out a little bit, she just wanted to come back to have a good rest and sleep, but she didn't expect to be besieged by Susie and a group of idiots, she might as well just stay in the hotel and not come back...

"Selena, don't be too polite! Come on, let me put it in the closet for you! Such good clothes can't get dirty!" Fang Ya said, completely ignoring Selena's wishes and desires, With a brush, he directly opened the door of the closet.

Just about to put those clothes in, the next second, the whole person froze.

At the same time, everyone behind me was stunned...

I saw an evening dress quietly hanging in the middle of the closet. The whole set of clothes was like a dream like the light of the North Pole, full of gems, like a starry sky in the universe, especially the huge ruby at the middle neckline, which was dazzling. , simply blinding people's eyes...

Even Selena was stunned. Isn't this the brand of clothes that Daniel gave her before?

Before leaving today, she asked Steward Yuan and Wanwan to bring the clothes in, and then she didn't care. Just now she was wondering where all the clothes were put, but she didn't expect that her favorite outfit at that time would appear in the closet... ..

Could it be that Wanwan and the others saw that she really couldn't put so much here, so they only kept this one she likes the most?

The more Selena thought about it, the more likely it was!

Seeing everyone's shocked expressions, she was not surprised. When she saw it for the first time, she was also made to cry. She thought it was priceless. After Daniel explained it for a long time, she realized that it was just like mold. The first edition of the original, the materials on it are cheap substitutes, but even so, she still thinks it is beautiful enough!

Chapter 314

It took a long time for everyone to come back to their senses.

Fang Ya hugged a few pieces of clothes, and froze in the movement of opening the cabinet door, muttering in astonishment, "How could...it's impossible..."

The others also looked at each other in dismay, full of surprise, "Cheat...you're lying...how could Selena have clothes of this quality?"

"Are you kidding me! This kind of clothes looks expensive at first glance, it could be in the millions!"

"It's so beautiful! If I can wear it once, I will die without regret!" A little girl couldn't hold back her love and said.

At this moment, Fang Ya casually tore up the dress with disgust on her face, "Hehe, it does look pretty at first glance, but if you take a closer look, don't you think it's extremely vulgar?"

The actress who helped invite Selena before muttered, "No way! It looks really classy... Will there be clothes like this on Taobao?"

Fang Ya rolled her eyes, then looked at Susie beside her, and asked intentionally, "Susie, can you recognize the brand of this dress?"

Susie groaned, then shook her head, "I've never seen it before, it seems that no luxury brand has this style..."

Fang Ya immediately looked proud when she heard the words, "Susie knows all the limited editions of major brands like the back of his hand, and has all of them in his collection. Even she has never seen them before. What is a street stall that isn't a miscellaneous brand?"

In order to show that they are knowledgeable, the others also echoed Fang Ya's words, "This lace looks really rustic, and the gems inlaid on it look cheap! It must be glass!"

Fang Ya looked at Selena who was opposite with a face full of contempt, "Selena, let's forget about outdated styles, at least it's a brand, and you can even wear this kind of street stall? I bet that this dress will definitely not cost more than two hundred yuan !"

After Fang Ya finished speaking, she threw the clothes on the ground casually.

Seeing the clothes thrown on the ground, Selena's expression turned cold instantly.

She didn't mind Fang Ya's tossing and turning of the other clothes, and quietly watched her pretend, but this one that Daniel gave instantly ignited her anger.

Selena immediately walked over and bent down to pick up the clothes, patted the dust carefully, and shot Fang Ya with her eyes like icy blades.

Fang Ya didn't know what was going on, the other party was just a look, which made her feel a chill in her heart, as if she was being stared at by something terrible, she staggered back a step, and then laughed, "Selena, what do you

want to do?" Don't be so exaggerated! Two hundred yuan is worth your nervousness?"

Seeing that Selena's face finally changed, Susie's mood returned to joy, and she gave Fang Ya an angry look and said, "Xiaoya, don't say that, this dress looks pretty at first glance, Selena must be very nice." I like it, but it's inevitable that I'm nervous!"

"So many high-end big names don't like it, but like this kind of rubbish? Even if you are poor and crazy, your taste can't be so low!" After realizing Susie's closeness, Fang Ya became more confident, and her words were almost unscrupulous.

At this moment, someone in the crowd suddenly walked up to Selena, "Wait...this dress...how does it look familiar to me..."

The person who spoke was Guan Xiaoqi, the artist who previously replaced Jia Qingqing's female third position. She was in the same company as Selena. Because she had just joined the group, Selena only bumped into her once or twice, so they were considered acquaintances.

Chapter 315

After Guan Xiaoqi finished speaking, she leaned over and looked at the dress carefully.

Fang Ya next to her looked disdainful when she saw this, "It's just a rag, what's so good about it!"

Guan Xiaoqi didn't pay attention to Fang Ya, looked at it for a long time, then looked at the extremely low-key and simple "ge" sign on the collar, then looked up at Selena solemnly and said, "If I'm not mistaken, This dress was made by the designer Gabriel Elvis, who is known as a ghost. It became popular because the actress Joshuarson wore his dress once at the Oscars award ceremony. Later, everyone in the entertainment industry wanted to own

"That's right, this piece of clothing has been in a private collection until now, so it's impossible to think about how it would appear here!"

"It's the same thing, I won't admit my mistake!!!" Guan Xiaoqi's tone was extremely firm and confident, and he glanced at Selena for proof.

However, Selena was also completely dazed, unable to answer her words at all, isn't this just a worthless mold?

Fang Ya laughed so loudly, "It's so funny! If this dress is real, I'll crawl out today!"

"You said it yourself!" Guan Xiaoqi snorted, then turned around and said to everyone, "Actually, it's very easy to prove the authenticity. The biggest feature of Elvis' design is the embellishment of jewels, and the clothes on this dress are embellished with jewelry. Every gemstone is real. If you don't believe me, come and identify it yourself, oh, yes, don't come if you don't understand and pretend to understand!"

"Guan Xiaoqi, who do you say doesn't understand and pretends to understand!" Fang Ya blushed with anger.

"Whoever agrees will say it!"

Anyone who is knowledgeable will definitely be interested in this dress, so after hearing what Guan Xiaoqi said, someone finally stood up...

"Otherwise, shall I take a look?" A quiet-looking girl came from behind.

When everyone saw her, their eyes lit up immediately, "That's right! Feifei, come and see! You understand best!"

"Feifei is a super jewelry appraiser! I was almost cheated last time, and she helped me identify it!"

“Since it’s Feifei who came to see it, there must be no problem!” Fang Ya also expressed no objection, and gloated at Guan Xiaoqi and Selena, “Now someone knows how to do it! Let’s see how you pretend!”
