## Chapter 316

The girl named Feifei looked at those jewels seriously, because there were too many star jewels inlaid on this dress, so Feifei took a long time.

Time passed by, and everyone was staring at it with bated breath, including Selena who was still confused.

Just now she wanted to speak directly to explain the truth, but it was too late, Feifei had already focused on the identification, if she spoke at this time, it would make people feel that she was forced to speak when she was about to die, so she could only shut up...

After a while, Feifei finally took a deep breath, raised her head and said, "I'm sorry everyone, there are too many broken gemstones inlaid on the clothes, I can't guarantee that none of them will be identified, I can only try to read them all. Everything I saw was true!"

As soon as the words fell, Susie was the first to change her face, and everyone was stunned in surprise.

"No... no way..."

"how is this possible!!!"

"But everyone knows Feifei's skills, and her words are not wrong, this..."

Fang Ya, who was waiting for Selena to make a fool of herself, turned pale, "Feifei! You read it wrong! How could it be real! This is clearly glass!"

Others naturally didn't believe it, "Feifei, take a closer look! These gems look really cheap!"

"Yes, look again and look again!"

"Although we definitely believe in your profession, it's really impossible!"

Facing everyone's doubts, Feifei blinked her eyes, and said in a firm tone, "If it's just one gem, I can still miss it, but there are so many, I can't admit every one is wrong, right? These gems are indeed all real. of!"

Feifei's words have reached this point, and they have no choice but to believe it no matter how much they don't believe it.

For a moment, everyone was speechless, especially those who followed Fang Ya and said that he was a street vendor, and now hid in the corner without saying a word.

As for Selena: "...!!!" As the owner of this dress, she was the one who was most shocked.

Every, one, piece, all, all, is, true, of?

Say yes, it's a gift from a friend, isn't it worth much?

Daniel actually lied to her! And she actually believed it!

At this time, Guan Xiaoqi looked at Fang Ya and said with a mocking smile, "Hehe, I remember someone said just now that if this dress is real, they would crawl out today?"

Fang Ya gritted her teeth with a stiff face, "So what? This dress must be rented by the company to show Selena's appearance, and it's not her own. What's the big deal!"

Hearing what Fang Ya said, someone among those who were silent just now echoed in a low voice:

"Selena's clothing is low, and it's true that she wears fashionable styles!"

"That's right, we really couldn't stand it anymore, so we kindly helped her!"

Fang Ya shoved the clothes in Selena's arms into Selena's arms, and said earnestly, "So, Selena, you should take these clothes! No matter how expensive the dress is, it's not just for looking at it, you also It may not be possible to wear it on occasions that require it!"

Usually, this kind of clothes can only be worn when receiving awards and participating in important events. Fang Ya obviously cursed her that she would never be popular in her life.

Susie seemed to be afraid that she would be embarrassed to ask for it, so she said in a considerate manner, "Selena, just accept it, the last misunderstanding was caused by my assistant after all, so these are my apology gifts for you Already!"

## Chapter 317

"Selena, Susie has already said that, so don't let others down!"

"You don't think that Susie doesn't like cheap clothes, do you? You can find out that these clothes are really expensive, much better than your old ones!"

"Where can you find such a good thing, just accept it!"

...

Selena has always adhered to the principle of "competing only with like-minded people, not arguing with fools". Isn't she making fun of herself with a group of stupid people, so no matter how much they quarrel, she just uses the

look of seeing a joke like this Leaning calmly on the door frame and staring at...

In the end, it was Susie and the others who were made useless by her eyes, and wondered if what she said was wrong...

At this moment, a girl leaning on the dressing table in the corner suddenly exclaimed...

"what--"

Selena followed the girl's gaze, what's wrong?

"Selena, how can this thing in your house move! It scared me to death!" The girl looked in shock at the decorative candlestick that suddenly turned under the pressure behind her waist.

In the next second, a strange sound of "Caracalla" suddenly sounded in everyone's ears.

Everyone was wondering where the sound came from, and then under the dumbfounded eyes of everyone, one of the walls in the cloakroom was suddenly slowly opened to both sides, and bright white lights flowed out through the gap. The picture is like a movie in slow motion...

After a while, the two walls finally opened completely.

After seeing the whole picture inside, there was a sound of gasping for air one after another in the air, and then, there was a long silence...

Everyone present did not speak...

Everyone stared blankly behind the wall...

Staring blankly at the incomparably spectacular, huge cloakroom behind the wall...

The top of the cloakroom is decorated with radiant crystal lamps, and the inside is filled with gorgeous dresses, so dazzling that people can hardly keep their eyes open.

The pile of clothes for Selena in Fang Ya's hand was not stable, and all fell to the ground. Because she was too shocked, she opened her mouth, but couldn't say a word...

Everyone at the scene reacted in the same way. It was not until a long time later that everyone came back to their senses.

"Am I dreaming? Selena, there is a secret room in your house!"

"Nimma! My eyes were almost blinded! This cloakroom is too big and luxurious!"

"Selena, you're so mean, you don't want to open such a big cloakroom for us to take a look around!"

...

Selena: "..."

She also needs to know about this thing first, right? ? ?

Now, she finally knows where all the clothes are...

If it weren't for today's accident, she probably wouldn't have known that there was such a big secret room in her home...

Selena rubbed her forehead, not knowing what to say to Daniel.

How did that guy manage to lie to her by saying those blind words in a very academic, authoritative, and extremely trustworthy tone?

The people who were constantly sighing observed the style of those dresses, and unexpectedly found that all the clothes inside seemed to be from the same designer as the one in the closet just now, that is, Gabriel Elvis.

Many people couldn't help sneaking closer to look at the labels on the clothes. Sure enough, after looking at a few casually, all of them were the abbreviation of ge.

You know, it's not a matter of money anymore. The designers of ge disappeared suddenly not long after their debut, and the works left behind are very limited, and they may not be available even if they have money.

Now, what kind of shock is this full house?

## Chapter 318

After the shock, someone was obviously not reconciled, and secretly ran to ask Feifei, "Feifei, are all...the products in there genuine?"

Feifei was also surprised for a long time just now, and nodded when she heard the words, "I took a rough look, and they are all real. Anyone who knows a little bit knows that the unique light of genuine jewelry is different from fake ones!"

"Oh my god...that's scary this..."

"Could it be that this was prepared by Shengshi for Selena? Shengshi is too embarrassing! The dormitory with the Pearl River Emperor View is still the best location. In fact, it is already an exaggeration. Now a cloakroom is bigger than other people's entire house! Really! I want to praise Selena to death!"

Everyone present knew who this "other" was referring to.

Some people can't understand Susie, they held back for a long time just now, now they all lowered their voices and whispered:

"The point is, Selena is so high-end and stylish! All of them are legendary brands like ge! Unlike Susie's cloakroom, it's like an upstart's treasury. Which brand is more famous and which one is more expensive? Just stuff it in!"

"It's a pity that she just wanted to give Selena her clothes with a look of charity! How could Selena be so rare!"

"I think she was planning to step on Selena at the beginning, but in the end...tsk tsk, there really is no comparison, so there is no harm!"

...

Susie never imagined that the words telling Selena to put away her clothes seemed to be still in her ears, but in the next second, she saw this huge cloakroom...

At this moment, she was standing stiffly in front of Selena's cloakroom, listening to the murmured whispers, her ashen face felt hot, as if she had been slapped hard...

Dmn it! It's all because of Fang Ya!

Whatever you want to do, bring it up to Selena!

If it wasn't for coming here temporarily, her plan tonight would have been perfect!

Well now, everything is screwed up!

She managed to restore a little bit of her image, and was hit to nothing...

Fang Ya didn't expect her flattering to be slapped on the horse's leg. She looked very ugly and scolded Selena angrily, "Since you don't lack clothes, why didn't you tell me earlier? It's fun to see us running around! What a dog!" Biting Lu Dongbin doesn't know a good heart!"

Selena leaned against the door frame with her arms folded, raised her brows slightly, "Are you sure I didn't say it earlier? It just seems that some people don't understand people's words."

"You..." Fang Ya was so choked that she couldn't speak, she could only mutter bitterly, "No matter how much you have, it's not your own!"

Susie took a few deep breaths before suppressing all her emotions, and said with a generous expression, "Forget it, Xiaoya, we are only here to help Selena, not to ask for anything in return. It's best if she doesn't lack clothes. Susie Xi, if you need it in the future, feel free to speak up!"

The implication is that the company favors her now, but it may not always support her in the future...

Regarding the sudden appearance of the cloakroom, Guan Xiaoqi was probably the only person on the scene who was quite calm. He was only a little surprised for a moment, but soon recovered, and gloated at Susie, Fang Ya and the others, as if they were looking at jumping beams. The clown, "Hey, tonight is really not in vain! I watched a good show! I am so sleepy... go home and sleep..."

After finishing speaking, he jumped away...

As soon as Guan Xiaoqi left, everyone began to leave one after another, especially those who just tried to please Susie with all kinds of taunts and trampled Selena down.

Finally, everyone left.

Selena looked thoughtfully at the back of Guan Xiaoqi's leaving because she was too sleepy to think about it, and finally almost climbed onto the bed, fell asleep as soon as she touched the pillow...

## Chapter 319

Late at night, Susie's apartment.

Janice hurried over in the middle of the night, only to see the scattered pieces of clothes, "My little aunt, who messed with you again?"

Susie twisted a pile of clothes with scissors, and cursed with a ferocious expression, "Who else!!!"

Janice had already learned about the specific situation from her assistant, and helplessly packed up her things while persuading her, "Susie, I didn't mean you, you were really impulsive this time, and you've endured it for so long, is it still a while away?" ? Nothing, what are you doing to provoke her?"

"Haven't I endured long enough? Under the circumstances tonight, I thought..." I thought it was safe! who knows...

Janice slowed down her tone, "I understand your feelings, but it really doesn't make any sense to show off for a moment at this time. Selena doesn't need you to do anything now, and someone will take care of him and her!"

Susie immediately looked at her, "Who are you talking about?"

A sneer appeared on the corner of Janice's mouth, and she reminded, "You forgot, Shengshi Entertainment still has Su Yimo! Selena is so popular now, do you think Su Yimo will let her go? Even a guy as big as Leng Manyun She was crushing her to death back then, so what is Selena!"

Susie's eyes lit up immediately, "Su Yimo...why didn't I think of that!"

"That's right! Su Yimo has an ambiguous relationship with the top management of the Lu Group! That background is definitely not comparable to ordinary people! Think about it, with her arrogant personality, how could she tolerate Selena's existence that would shake her status like this? Tonight The matter will definitely reach her ears soon, what do you think she will think then?"

Susie was concentrating on thinking, and a smile gradually appeared on the corner of her mouth, "You are right!"

Seeing that Susie was finally persuaded, Janice breathed a sigh of relief and continued to analyze, "Now we can definitely have a relationship with Su Yimo. Although you and she have always been in conflict before, it's different now. An enemy's enemy is a friend! Don't worry, I'll go check her out later, basically, there won't be any major problems!"

Susie threw away the scissors and clothes in her hand, got up and paced back and forth, then stood still and said, "I heard that she likes jade and emerald, someone gave my father a pair of top-quality jade ornaments last time, you can give them to me when the time comes She. If you need anything, just tell me, and I will find a way!"

"Okay, no problem." Janice responded immediately, and then asked, "By the way, how did you think about the proposal I told you last time?"

"Are you talking about the engagement?"

"That's right, you've kept a low profile for too long, and you definitely need a very topical event to restore your popularity and image. The thing that everyone admires you the most is Roman. This is the best time to get engaged!

At that time, all the headlines will definitely be you. I've already planned a series of follow-up plans, which can not only bring your popularity to a new height but also give Selena a hard kick! "Janice said with some excitement.

Mentioning Roman, Susie frowned slightly, "You know, because of what happened last time, Roman had a big opinion on me, I need some time, and he's been too busy lately..."

"It's okay, don't be in a hurry, work is important! Your Roman is really good. If this big deal is negotiated, the Su family will open the European market, and the group's revenue will be doubled! Recently, the financial channels and magazines are full of him. !"

Susie's face was radiant, and she raised her eyebrows proudly, "Of course, it doesn't matter whose man it is! Don't worry, I'll take care of the engagement!"

Janice: "That's good! Let's split up!"

## Chapter 320

next morning.

Since she didn't have to start work, Selena woke up naturally after sleeping.

Recalling what happened last night in a trance, he almost thought he was dreaming.

Until, she walked to the cloakroom with her slippers on...

She didn't close that secret compartment last night, but it was just opened at this moment, and it came into view unexpectedly.

Selena: "..."

It was not a dream...

Originally, she really thought it was worthless, so what should she do now?

And this cloakroom...

Selena was leaning there with a headache, when suddenly the phone rang, it was Ling Zhizhi's call.

"Hello, Miss Zhizhi?"

"You are on vacation today. Are you free now? If you have nothing to do, you can come to the company."

"It's okay, I'll be right over!"

Selena collected her thoughts and immediately packed up and rushed to the company.

At the same time, Shengshi Entertainment, Ling Zhizhi's office.

"Dmn! I've lost everything no matter how I play recently!" Louis lay on the sofa across from the desk, and angrily threw the game console in his hand, "Where's Selena? When will he come!"

Lin Zhizhi buried her head among a pile of documents, and replied without raising her head: "It's already on the way."

Louis sat up, squinted his eyes and looked thoughtfully at the woman at the desk who was calm from beginning to end, and for some reason, a very uncomfortable feeling surged in his heart, "Ling Zhizhi! There is nothing else Man, why are you pretending to be unfamiliar with me?"

Ling Zhizhi glanced at him out of the corner of her eye, but ignored him.

Seeing her attitude, Louis became even more annoyed, and immediately sneered, "Tsk tsk, why did you come back to Selena last time? I'm just innocent, the relationship between an artist and his former manager? Why do you pretend to be so similar? Why don't you just become an actor!"

Ling Zhizhi finally raised her head to look at him, and answered four words unhurriedly, "Isn't it?"

Just as Louis was about to speak, Ling Zhizhi immediately asked, "Or, do you want me to tell Selena another truth?"

Louis blushed suddenly, stood up abruptly, "You..."

Outside the door, there was a knock on the door.

Louis could only keep quiet immediately, got up and opened the door, and complained to the people outside the door, "I'm slowing you down! I've already died a dozen times!"

Selena looked contemptuous, "Are you sure you died more than a dozen times, and it's directly related to how fast I came?"

"Stop talking nonsense, talk about things quickly, I have to go back and sign for my latest equipment after the talk!"

"Just for fun, I think you'll marry your game console in the future!" Selena rolled his eyes at him, and immediately greeted Ling Zhizhi sweetly after entering, "Sister Zhizhi, I'm here la....."

This face-changing was so fast that Louis's head was covered with black lines.

Seeing Selena, Lin Zhizhi's expression softened a lot, "Sit down, I called you here today to tell you good news."

"Good news? What good news?" Selena immediately pricked up her ears.

"I just accepted an endorsement for you."

Selena's face was filled with excitement immediately, "Really! Can I also accept the endorsement? I haven't been in a movie yet!"

Ling Zhizhi explained, "Your popularity is already enough, but most companies are still waiting to see, this time it's a coincidence. The last time you and Louis played games all night and was caught by netizens not long after the news came out, you guys The game company I was playing started contacting me, approached me, and just finished talking yesterday!"
