

Cruel Heart Lover Novel

Chapter 321

She never expected her first endorsement to come like this, Selena was surprised, "I'll go... that's okay?"

Louis snorted triumphantly, "Why not? Thank me quickly! It's all thanks to me!"

"Yes, yes, this time is really thanks to you!"

Ling Zhizhi continued to talk about the specific details, "The game company asked to sign you and Louis at the same time, because you are a newcomer, so the endorsement fee for you is not high, one million, and you can get about 300,000 in the end ."

"Three hundred thousand! So much?" Before that, she didn't pay attention to the amount of her share in the contract, because the average newcomer is 20 to 80 points. Now it seems that after removing the share and taxes, she can still get 300,000. Then her share is at least four or six, which is already a very good treatment. Sure enough, the Great Demon King will never cheat her...

Louis snorted, with a look of contempt on his face, "It's worthless! Three hundred thousand is the way to go!"

"Then how much are you?" Selena asked curiously.

"Not much, three million. If it wasn't for you, I wouldn't even accept such a small endorsement!"

Selena gritted her teeth and squeezed her fist, "What the hell... If you owe me so much again, believe it or not, I'll beat you up?"

Ling Zhizhi handed the contract to the two of them respectively, "The only thing I'm looking for is you. This is the contract. Please take a look and sign it if there is no problem."

Louis signed his name without even looking at it.

Selena took a quick glance and signed her name.

Ling Zhizhi glanced at the contract and nodded, "Okay, you can go, leave the rest to me. Because you two accepted the same endorsement together this time, so I discussed it with Brother Ming. I will be in charge of everything, and I will arrange follow-up related matters for you at that time."

"Okay, got it, Miss Zhizhi!"

"knew!"

...

After leaving the office.

Louis stopped talking several times, and finally asked, "Did something happen to you when you asked for leave suddenly that day?"

"Well, something happened...but it doesn't count...anyway, it's all right now!"

"It's related to Daniel again!" Louis pouted, "Even my mother heard about it!"

Selena was taken aback, "Huh? Your mother? What did she hear?"

"My grandma... is Daniel's mother. I went to her to discuss a blind date for Daniel. She seems to be picking things up all the time recently! My mother has pushed everything away and is spending all day with the old lady looking for a daughter-in-law!"

Selena: "Oh..."

Louis stared at her, "Oh, that's it?"

Selena squinted at him, "Then what else can I do? Occupy the latrine and not sh1t?"

Louis's head was full of black lines.

The two were talking, when someone on the other side called enthusiastically..."Xiaoye!"

Selena and Louis raised their heads together, only to see two women walking towards each other.

One of them was Zhao Meixin, who was dressed in gorgeous clothes, and the woman called Louis was wearing the latest lavender dress of Chanel's autumn and winter haute couture, elegant and elegant, with a hint of arrogance on her brows.

Su Yimo...

Selena naturally recognized this face that was well known to all the people.

Speaking of which, she signed with Shengshi for so long, and this is the first time she met her...

"Xiao Ye, it's been a long time since I saw you come to the company, are you talking about something?" Su Yimo asked with concern, with the attitude of an elder.

Chapter 322

The corner of Louis's mouth seemed to twitch slightly, and he responded casually, "Yes."

The entertainment circle is a place where seniority is very important. After all, the other party is a senior. As a junior, Selena must say hello after seeing it, so she said, "Hello, senior!"

In the end, Su Yimo acted as if she hadn't seen her, and didn't even give her a glimpse from the corner of her eye. She continued to look at Louis and said, "Xiao Ye, I heard you got a game endorsement?"

Selena only did what she was supposed to do. Now that Su Yimo had this attitude, she naturally stopped going forward.

Louis: "What?"

Su Yimo frowned slightly, "Why did you suddenly think of endorsement games?"

Louis: "Just take my little junior sister."

Su Yimo's expression became serious when she heard this, "Xiao Ye, I don't know what your manager thinks, with your current status, if you accept such an endorsement and partner with someone of this level, it will be too influential. Your image has changed, I hope you can reconsider!"

Hearing this, Louis finally couldn't bear it any longer, and said with a smirk, "Hehe, Miss Su, you are being too lenient, aren't you? Also, please call me Jiang, Mu, and Ye next time! "

Su Yimo's expression was a little helpless, "Xiao Ye, I know you don't like others to control you, but I'm also doing it for your own good."

Seeing the embarrassing atmosphere, Zhao Meixin hurriedly said in a timely manner, "Yimo has the most say in these matters. We, Yimo, just got the general endorsement of Chanel in China, and soon the Lu Group's endorsement will start talking about contract renewal. "Hey, I've been really busy recently!"

"Xiaoye, I'm from here. I think you should listen to me on this matter. I'll go first and we'll talk when I'm free." After Su Yimo finished speaking, she continued to ignore Selena, nodded to Louis and then He walked away in a particularly noble and glamorous manner.

As soon as the two left, Louis immediately exploded on the spot...

"What the hell! Who is Xiaoye calling who Xiaoye is calling who Xiaoye! Xiaoye is also called Xiaoye! You actually managed to control me! You really think of yourself as my aunt! If it wasn't because she saved Rick once Fate, I have turned against her long ago! Selena, kill her!"

Selena was speechless, "Please don't sound like you're closing the door and letting the dogs go?"

Louis began to spit nonstop, "Selena, you don't know, my uncle never mentioned to Su Yimo that she saved Rick, he just dropped a word and gave an order to let Su Yimo people praise her.

In the end, she felt too good about herself. She always thought that my uncle loved her deeply, and was silently helping her behind her back. She almost considered herself Mrs. Lu! Every time she speaks to me, that tone really disgusts me to death! "

Selena glanced at the direction Su Yimo was leaving, "If people don't offend me, I won't offend others. However, judging by Su Yimo's posture, it is basically impossible to live in peace. Even if you don't say anything, the relationship between the two of us A battle will be fought sooner or later."

Louis: "Don't be cowardly! Just do it! Brother is your most solid backing! I'd rather you be my aunt than her!"

Selena: "...I really thank you!"

In the nanny car.

Zhao Meixin carefully took out a beautifully packaged gift box from the back seat, "Yimo, this was sent by Susie's manager this morning. Susie and Selena were on good terms because of what happened last time. She Now you are suddenly showing favor with us, are you afraid that you want to unite with us?"

Chapter 323

Su Yimo lifted the lid of the gift box with one finger, glanced at it casually, and said disdainfully, "Want to join forces with me, is she worthy?"

She has such a noble man backing and protecting her, so she doesn't need to unite with anyone.

Zhao Meixin naturally knew what she was thinking, swallowed and spit to persuade, "You can't say that, the important thing is not Susie, but the forces behind Susie. She has the Ning family behind her, especially her boyfriend. It was Roman, whose strength should not be underestimated.

You know, the Su family has been in the limelight recently in the imperial capital, and there are a lot of people who are fawning on them. Now that such a good opportunity is offered to them, it is actually nothing to sell her a favor!"

Although everyone in the circle thought that Su Yimo was having an affair with the senior executives of the Lu family, Zhao Meixin stayed by Su Yimo's side every day, but she had never seen any private contact between Su Yimo and the senior management of the Lu family.

Therefore, Zhao Meixin was still very uneasy in her heart, but she never dared to bring this up in front of Su Yimo.

Just mentioning it is definitely a curse!

Su Yimo couldn't tolerate anyone doubting her relationship with Daniel...

When Su Yimo heard about the power of the Ning family and the Su family, her expression was slightly shaken.

Seeing this, Zhao Meixin insisted, "By the way, Yimo, have you heard what happened last night?"

"What's the matter?" Su Yimo asked.

Zhao Meixin immediately leaned into her ear mysteriously, "Last night, Susie had a party at home, and it happened that Selena lived upstairs from her, so Susie reckoned that she wanted to bring someone up to step on her." One kick, the result..."

Zhao Meixin said the whole process vividly, and then exclaimed, "It's such a big cloakroom! And it's all Ge brand clothes!"

There is another sentence that Zhao Meixin did not dare to say, in the prosperous age, even Su Yimo might not have such treatment.

Su Yimo frowned, "ge?"

"That's right, it's the clothes designed by Gabrielevis, don't you like them too? Didn't you want to wear clothes of this brand at the opening ceremony last time, but... I didn't get it..." Zhao Meixin said weakly .

At that time, she managed to find one, but was intercepted by someone and took it away at a high price. Later, she was scolded by Su Yimo, so she was very impressed...

Hearing this, Su Yimo, who can't tolerate anyone surpassing her in any way, really changed her face instantly, and said coldly, "It's just a pawn used by the prosperous age to keep Empire out, and it's just a moment of limelight. What kind of flowers can you find? However, it doesn't matter if you have many friends, Susie can figure it out!"

"Okay, leave it to me!"

—

Lu's old house.

Rick lay on the window sill in a daze as usual.

After looking out the window for a while, the little guy took out his phone and sent a message to Papa: Think

He missed Aunt Selena.

Even though I just saw it not too long ago.

In the Lu Group CEO's office, the man picked up the phone and glanced at it with gentle eyes, then typed a few words on the phone and sent back to his son: I miss her too

Rick quickly returned him a ?, meaning to ask him how to meet Aunt Selena.

Daniel looked out the window, thought for a while, then lowered his head and began to reply to his son's message...

After a while, after reading the message, Rick climbed off the chair and ran towards the living room.

In the living room, Lu Chongshan and Yan Ruyi were talking. Seeing Rick approaching, they immediately put away a bunch of photos and materials of famous ladies on the coffee table, and then looked at the good-looking grandson with a smile.

Chapter 324

"Rick, come to grandma soon, what's the matter? Are you hungry?"

"What do you want to eat? Grandpa asked the kitchen to make it for you!"

The tone of the two elders became gentler and kinder than the other, for fear of scaring the little baby.

You must know that Rick can only be alone alone, and there is no way to be in the same space as them.

It is a great happiness for them to be able to live with them now.

Rick shook his head, took off his shoes, climbed onto the sofa, then stretched out his little hand and began to press hard on grandma's shoulder.

Yan Ruyi was flattered, "Oh, grandma's sweetheart! Are you pinching grandma's shoulders?"

Rick nodded and squeezed harder.

Lu Chongshan next to him looked jealous, and muttered, "It seems that Rick likes grandma more!"

Is it because he is usually too strict?

It seems really...

Especially his attitude towards that woman... is really bad...

Rick saw it, would he hate him?

This is how to do!

The more Lu Chongshan thought about it, the more worried he became, and the more he thought about it, the more angry he became. Wasn't it because of Rick and this family? As a result, the bad guys let him do it all! Everyone

blames him, the most important thing is that even Rick doesn't like him anymore...

Lu Chongshan was in a low mood, after Rick finished pinching grandma, he immediately moved to grandpa's side, and pinched for grandpa too.

Those soft little hands are really heart-melting!

Lu Chongshan had been iron-blooded all his life, but his eyes almost turned red on the spot, "Oddly, darling... as long as Rick has this kind of heart, don't get tired!"

After Lu Chongshan finished speaking, he was silent for a while, but in the end he couldn't bear it anymore, he sighed and asked, "Is there something Rick can ask Grandpa for?"

Rick nodded honestly.

Lu Chongshan asked again: "Do you want to see Aunt Selena?"

Rick nodded vigorously, looking at his grandfather with expectant and uneasy eyes.

That small look made Lu Chongshan's heart soften in a mess, "Okay, grandpa promises you, I'll ask someone to invite her to play at home later, okay?"

Rick's eyes lit up immediately, and he happily kissed his grandpa on the cheek, then ran back to his room contentedly.

Yan Ruyi looked at her husband who was smiling like a fool beside her, and she was speechless, "Who used to say that I have no principles and no bottom line? What about your principles now? What about your bottom line? Grandson will pinch it for you." The shoulders are all gone? In order to trick my grandson into kissing you, I promised everything, right?"

Lu Chongshan coughed lightly, and regained his seriousness, "What nonsense, I'm doing this for Rick's physical and mental health! Besides, it's nothing important to let that woman come over to accompany Rick, I will naturally send someone to watch her carefully!"

After Lu Chongshan finished speaking, he called the butler Xing Wu.

"Sir, what are your orders?"

"Go and make a phone call now and ask that woman to come and accompany Rick." Lu Chongshan thought for a while, and then said, "Let's say Rick is at home alone. Later, my wife and I will find an excuse to leave and let her go with Rick." Bao alone!"

"Sir, what do you mean?"

"Put more monitors at home!"

"Yes, I understand!" Xing Wu took the order to leave.

When Yan Ruyi heard the conversation between her husband and the housekeeper, she frowned slightly, "Will this be bad?"

Lu Chongshan said indifferently, "What's wrong? I want to see how different she is! Don't you also want to know whether that woman is sincere or not to Rick?"

Chapter 325

Yan Ruyi hesitated at first, but finally nodded for Rick's sake, "Don't let Daniel know, or you'll get angry again!"

"I think he was stunned by that woman! When someone is selected, let him go on a blind date! I don't believe it, there are so many excellent girls, none of them can compare to that woman!"

...

After leaving the company, Selena went straight back to the apartment and was lying on the bed reading entertainment news when she suddenly received a call from an unknown person.

She picked it up suspiciously, "Hello?"

A serious male voice came from the other end of the phone, "Hi, hello, is this Miss Selena?"

"Yes, you are?" Selena was suspicious.

"I'm Xing Wu, Mr. Lu's housekeeper. Both the old gentleman and the old lady are busy today. The young master is alone at home. I wonder if Miss Ning is free to come to visit?"

Selena sat up straight, "Yes! I'm free! I'll be right over!"

After hanging up the phone, Selena immediately started to rummage through the closet. She almost found out all the clothes. She couldn't figure out which one to wear...

That posture is even more exaggerated than going to meet her boyfriend...

In the end, I chose a set of clothes that I and Rick both liked. The fashion style was combined with just the right amount of retroelements. Although the designer was not famous, Selena had always been his loyal fan.

She usually wears clothes like this, it's hard to buy what I like, except for necessary occasions, no matter the brand, I only wear what I like.

After arriving at the old house, a man in his thirties who looked like a housekeeper led her into the main house.

As soon as Selena entered the door, a soft whirlwind rushed over and crashed into her arms...

"Baby....." Selena immediately bent down and hugged the little bun. She was about to kiss her as usual, but she held back considering that there were outsiders present.

Before waiting for Aunt Selena to kiss, Rick suddenly drooped his little head in frustration.

Aunt Selena didn't kiss him this time, was it because he didn't do well? Is it because you don't like him? Is it because you have other children you like more?

"Miss Ning, I'm leaving first. If you need anything, please ring the bell and call me."

Selena nodded, "Okay, thank you, Butler Xing!"

Xing Wu bowed and left.

After Xing Wu left, Selena quickly noticed the little guy's unhappiness, and scratched the little bun's nose with a broken smile, then kissed the little bun on both cheeks, "Little baby, auntie misses you so much !"

Rick's expression immediately brightened, his lips were pursed and his face was slightly red, and a small flower seemed to bloom on the top of his head, Aunt Selena really still likes me!

Rick thought for a while, then buried his head on the clipboard and wrote a very complete sentence to Selena: Rick also misses Aunt Selena very much!

Selena felt sweet in her heart when she saw it, but she saw Rick quickly wrote another sentence – Papa is too

"Uh..." Selena didn't expect Rick to write such a sentence at all, she couldn't help but froze, her cheeks felt slightly hot.

It's a bit unscientific for Rick to write this sentence, isn't it?

In the past, when Rick chatted with her, he would never mention anyone else...

"Good..." Although Selena was suspicious, she didn't think too much. She patted Rick's head and led him to sit on the sofa.

At the same time, in the surveillance room in the backyard, Lu Chongshan and Yan Ruyi were sitting in front of the large surveillance screen, watching the surveillance images intently.
