

Cruel Heart Lover Novel

Chapter 326

At the same time, in the surveillance room in the backyard, Lu Chongshan and Yan Ruyi were sitting in front of the large surveillance screen, watching the surveillance images intently.

When she saw the warm interaction between Selena and Rick before, and saw the two sentences written by Rick, Yan Ruyi's expression, which was originally tense because of nervousness, softened a little, and she smiled helplessly, "It must be Daniel's teacher. of!"

Lu Chongshan snorted, did not speak, and continued to stare at the monitor, not only to look at her, but most importantly, he must know why this woman made Rick so obedient!

However...

Lu Chongshan was destined to be disappointed.

Because, in fact, Selena's way of getting along with Rick is really simple.

In other words, the two are doing their own thing.

Rick is a child who is good at being alone, he only needs Selena by her side, that's enough.

So, as usual, the little bun was playing Sudoku with great interest, and Selena was nestling on the sofa reading the entertainment news, like stroking a kitten, stroking the little bun's head intermittently with her palms, occasionally watching too much He was so absorbed that he forgot to pat him, so the little

bun raised his head and stared at her, begging to pat him, so Selena knew it, so he quickly made up for it...

In front of the surveillance, Lu Chongshan and Yan Ruyi watched for a long time without seeing any way out.

Both of them are entertaining themselves, and there is almost no interaction.

But...

The kind of warmth and intimacy pervading between one big and one small is flowing out slowly through the screen...

Yan Ruyi sighed, "Although this girl didn't do anything, I always feel that Rick is very feisty as long as she is by her side, just like an ordinary child!"

Lu Chongshan is not blind, so he can see it naturally, but it is impossible to admit it, but he said in a deep voice, "What's the hurry, keep watching! I don't believe that she can not leak a single flaw!"

Rick likes her so much, it must be because she has no bottom line to obey Rick and please Rick!

You know, her doting on Rick is like honey covered in arsenic, and she must not let it go like this! In the future, I will let Daniel see for himself what kind of woman he has chosen! "

Selena read the news for a while, then put down her phone, rested her chin, and looked at Rick without blinking.

Compared with the mobile phone, the small buns really look better...

Rick felt Aunt Selena's gaze, raised his head suspiciously, and blinked his eyes.

A flash of inspiration flashed in Selena's mind, "Baby, stop playing with this, let me teach you something fun!"

Little bun nodded obediently, and let Selena drag her into the courtyard.

In front of the monitor, watching Selena who finally made a move, Lu Chongshan and Yan Ruyi straightened up nervously to see what she was going to do.

Lu Chongshan's face darkened, "Wait, the fox's tail will be revealed soon!"

Yan Ruyi nodded, staring at the monitor nervously.

Selena led Rick to an open grass field in the yard, and said with satisfaction, "It's right here!"

Then, Selena leaned over and said softly to Little bun, "Baby, you are usually too quiet and you don't exercise too much, so it's not good for your health. Of course, you can't exercise too much either. It's not suitable for your small body now. So, Auntie is now teaching you a set of Wu Qin Xi, if you stick to it for a long time, it will make your body look great! Do you want to learn it?"

Chapter 327

Although Rick seemed to understand but half understood, he nodded without hesitation.

So, Selena cleared her throat and began to teach, "The five animal plays are divided into bear plays, tiger plays, deer plays, ape plays, and bird plays. Each play has different effects. Let's learn one by one now. , the first is the bear show, the biggest effect of this set of movements is to regulate the spleen and stomach..."

In the monitoring room, Lu Chongshan was obviously stunned when he saw this, his eyes lightened slightly and he said, "This little girl, actually knows Wu Qin Xi?"

"Wu Qin Xi? Isn't that the set of aerobics that you often talk about and want to give to Rick?" Yan Ruyi asked.

Lu Chongshan nodded, and then said with displeasure, "Even if the little girl really knows how to do it, she must be a showman. Don't teach Rick badly! This set of Wu Qinxi was passed down by the genius doctor Hua Tuo, so it is naturally excellent. , but the movements must be in place to be effective. I thought about teaching Rick before, but it's a pity..."

It's a pity that Rick ignored him, how could he learn from him.

Yan Ruyi was also a little worried when she saw it, and said nervously, "Why don't you ask someone to interrupt you? It would be terrible if this girl pretended to know how to teach you."

Lu Chongshan nodded, "I'll let Xing Wu pass!"

After speaking, he picked up the communicator on the side and pressed the call button, "Hello, Xing Wu..."

"My lord, I'm here, what's your order?"

"You go to me now..." Lu Chongshan stopped talking in the middle of his words, and his eyes fell on the monitor in surprise.

"Master...Master?"

Lu Chongshan was still staring at the monitor, and it took him a long time to come to his senses, "It's all right now."

After speaking, the communicator was cut off.

"What's wrong?" Yan Ruyi was puzzled.

Lu Chongshan coughed lightly, with an unnatural expression on his face, "Let her teach."

Yan Ruyi was stunned for a moment, then came to her senses, and asked unexpectedly, "You mean...she taught well?"

Lu Chongshan glanced at the girl's moves on the monitor, and replied vaguely, "It's okay."

Yan Ruyi took a look at her husband when she heard the words, what's not bad, it's obviously very good, right?

Otherwise, with her husband's personality, even if there is the slightest flaw, he would never let her teach Rick.

During the monitoring, Selena taught Rick the movements carefully.

"Have you learned it?"

Rick nodded.

"Okay! Let's do it from beginning to end now!"

Rick started to do it again, and the whole set of movements flowed smoothly.

Because the person is small, when he makes those animal movements, he looks very cute.

Selena happily applauded and praised, "Little baby is amazing! You learned it so quickly! From now on, try to keep practicing every day, okay?"

The praised Rick's eyes sparkled, and he nodded vigorously in agreement.

"Baby is so cute!"

...

Yan Ruyi looked at her husband next to her, "What do you think?"

Lu Chongshan thought about it for a long time, then said with a calm face, "Don't forget that she is an actress, it is very easy to act in front of us, maybe we have expected that we will stare at her secretly, these are probably prepared in advance !"

Yan Ruyi nodded, "Then let's observe again?"

Time passed bit by bit, and soon it was evening.

Selena and Rick held hands and sat on the swing watching the sunset in the sky.

There is one thing that Selena has been thinking about for a long time, and she has also thought about it for a long time after coming here. Seeing that she was about to leave, she finally couldn't help but said to Rick, "Little baby, Auntie has something... I want to talk to you and discuss..."

Chapter 328

Lu Chongshan stared at it all afternoon, his head was a little dizzy, but after hearing Selena's words, he suddenly woke up.

It's finally here!

"What do you think she wants to discuss with Rick?" Lu Chongshan asked the wife beside him.

Yan Ruyi frowned and thought for a while, "She already knows what Rick means to us, and she also knows that we listen to Rick more. Could it be that she wants Rick... to speak well of her in front of us?"

A trace of cruel sarcasm emerged from the corner of Lu Chongshan's mouth, "Not only that, I'm afraid it's possible to let Rick directly quarrel with us, and let her enter the Lu family's door!"

Yan Ruyi frowned, and the more she thought about it, the more likely it was, "This is too much! How can I take advantage of a child!"

Lu Chongshan's face was solemn, "Now you know, if a woman with bad conduct enters the Lu family's house, what will happen to our Lu family? When the time comes, the house will be restless. I'm afraid there will be internal chaos. The outside world will follow in chaos! Then the relationship will be great!"

Yan Ruyi nodded repeatedly, "You're right, Daniel works so hard outside there, if there's a mess at home, don't you want to distract him!"

In the yard, under the setting sun, Rick raised his head and looked at Aunt Selena suspiciously.

Selena thought about her words, looked at Rick seriously, and said softly, "Rick, I know you have always liked Aunt Selena, and Aunt Selena also likes you very much.

You told me last time that if you love someone, you must set that person free. Now, Auntie Selena also wants to tell you a word, no one person can be the whole of your life.

There are too many wonderful things in this world, waiting for you to discover, to experience, to love...

Aunt Xiaoxi likes, likes, likes you very much, so I really hope that you can grow up freely and happily! "

Speaking of this, Selena finally got to the point, "So, Aunt Selena would like to ask you to promise me one thing!"

In front of the monitor, under the extremely tense and condensed gaze of the second elder...

Selena looked at Rick and said, "Rick, promise Aunt Selena to go to school?"

Lu Chongshan: "..."

Yan Ruyi: "..."

Lu Chongshan and Yan Ruyi glanced at each other and did not speak for a long time.

After a long time, the two of them recovered from this completely unexpected development and stared at the monitor more nervously.

Rick's answer... what will it be?

Facing Selena's request, Rick didn't nod immediately for the first time.

At this moment, Selena was also very nervous, and she was not at all sure whether Rick would agree to her.

Ten seconds passed...

Thirty seconds have passed...

a minute passed...

Selena didn't dare to rush, so she could only wait silently, the more she waited, the more anxious she became.

What she didn't know was that there were two people who were more anxious than her at the moment.

In the end, Selena couldn't bear it anymore, put her hands together, and asked pitifully, "Little baby, are you okay?"

Little Treasure sighed helplessly like the little adult, and then began to write on the clipboard.

Selena and the elders in the monitoring room watched nervously.

After a while, Rick held up the writing board – Rick doesn't want to go to school

Selena's eyes dimmed in an instant, she lowered her head in disappointment, she still couldn't do it...

But soon, Rick started to brush and write again, and then raised the writing board for the second time...However, Aunt Xiaoxi likes it, Rick agrees

Selena stared blankly at the line, and it took her a long time to finally come to her senses, "Rick...Rick, you agreed...you really agreed..."

And he promised to make her so, so moved!

As expected of the Great Demon King's own birth!

Chapter 329

At this moment, Lu Chongshan and Yan Ruyi who were in front of the monitor had completely stayed there, and they didn't know how to describe their mood at the moment...

Rick agreed...

Little Treasure actually agreed to go to school...

This means that Rick has taken the most important step to becoming a normal child!

Yan Ruyi's excitement was beyond words, "Chongshan, did you see that? Our little treasure has agreed to go to school! It's really great! It's great!"

"Yes! Our baby has agreed to go to school!" Lu Chongshan sighed, "Our whole family has been persuading us for so long, soft and hard, and we have used all kinds of methods, but we never thought that it would not be worth a few words from others. talk..."

Yan Ruyi also sighed, "I used to think that Saul was exaggerating, but now it seems that Rick really listens to her very much!"

After Lu Chongshan was happy, he was even more worried, "It seems that this woman is not simple! And she is very calm! I underestimated her too much before... Have you noticed that everything she is doing now is right on the surface? Our baby is doing well!"

Yan Ruyi echoed, "I didn't understand it before, but now I finally understand why Saul and Rick like her so much, and why Daniel is so obsessed with her..."

Lu Chongshan shook his head, "Daniel is still too young!"

At this time, a nervous voice suddenly came from the communicator – "Master! The young master is back!"

Lu Chongshan frowned, "He came back right after he came back, why are you panicking!"

Lu Chongshan was about to switch the monitor to see where Daniel was, but the next second, the screen in front of him went black, and all the images disappeared.

"This brat!!!" Lu Chongshan was furious.

"I just said that I can't hide it from him..."

...

In the small garden in the backyard, after Little Treasure agreed to go to school, Selena was so happy that she was about to explode!

It's a pity that at this moment, no one shares this joyful mood...

However, at this moment, from the corner of my eye, I saw a clear and familiar figure walking towards her step by step not far away...

"Daniel!!!" Selena's first reaction was to sprint over, because she ran so fast that she almost bumped into the man's body, but was stabilized by the man's outstretched arms holding his shoulders, her face full of excitement He said calmly, "Daniel! Rick has agreed to go to school!"

"En." Looking at the girl's flushed face with excitement, Daniel's eyes were full of tenderness, and he gently patted the girl's hair, "Thank you for your hard work."

The man's touch brought Selena back to her senses. She quickly stood up straight, took a step back, scratched her head in embarrassment, and said, "I didn't do anything... just persuaded me..."

Depend on! What's the situation? Why did she suddenly rush towards Daniel uncontrollably like Gui Lin Xiaoniao? Is she the one who is so young? ? ?

"What, since you're back, I'm leaving first!" After finishing speaking, I was about to run away as before, when I suddenly remembered something, my face changed, and I leaned over to discuss with Rick, "Little baby, can I have a word with your father alone?"

Rick looked at Aunt Selena and then at Papa, feeling unhappy that they wanted to whisper something without taking him into account, but in the end he nodded and agreed sensible.

Selena chatted with Rick for a while, and after saying goodbye, she immediately turned to Daniel and said solemnly, "Boss Lu, I have something very important to tell you!"

Chapter 330

"Huh? What's the matter?"

Daniel's gaze was like a warm tide, soothing Selena's restless mood at this moment...

Selena calmed down a bit, and after considering her words, she said, "Just try to be more careful these days, and you'd better bring a few more bodyguards with you when you go out! A dozen is not too much!"

After receiving a call from a certain animal outside the villa that day, she had been very uneasy. She knew that with Daniel's ability, it was impossible for that animal to touch him, but she was still worried in every possible way. Just protect him...

Hearing this, Daniel narrowed his eyes slightly, and a cold light leaked from the corners of his eyes, but he soon returned to normal, and then took a step closer to Selena in a leisurely manner.

Selena subconsciously backed away until her back was against the wall covered with vines behind her.

Daniel propped one hand on the wall behind her, and suddenly asked, "Is this called Bidong?"

Selena, who was circled in front of her, blinked her eyes, "Uh... yes..."

And it's pretty standard! But why did the topic suddenly turn in such a strange direction?

"After hearing you say I liked it last time, I learned a little bit." Daniel said.

Selena: "Hehe..."

She really wanted to say to the Great Demon King, I don't think you really need to learn...

And, when did she say she liked it? Does she mean girls can't stand it?

Well... now she can't take it either...

After Selena reminded her, she was worried that Daniel would be unhappy. After all, she seemed to be questioning his ability and worried that she would cause him trouble.

In the end, Daniel kept his flirtatious posture, leaned over and asked her softly, "Selena, are you worried about me?"

Selena was a little dumbfounded, "Well, yes, you are my boss after all!"

"That's it... But, I'm still very happy." Daniel said with a contented smile in his eyes, "Then, I'll send you a message every day to report that you're safe, okay?"

"Ah? This... of course it's good!" Selena always felt that something was weird after she finished speaking, but she couldn't understand what was wrong for a moment.

Daniel showed a satisfied expression, straightened up at the right time, and left the aggressive area, "I wanted to keep you to eat, but I guess you will feel uncomfortable here, so I won't keep you any longer."

"Don't stay, don't stay! Then I'm leaving! Bye..."

...

It wasn't until after returning home that Selena belatedly realized what was wrong.

Because, as soon as she got home, Daniel sent a text message: Are you home yet? Rick and I are eating, and everything is normal. do not worry.

I go!

She obviously just told him to be careful!

Why did the final result evolve into a pattern where the husband reports to his wife every day!

She really wants to kneel down to the Great Demon King...

From now on, she never dared to say that she would flirt with girls again! I dare not say that I want to teach him how to pick up girls again!

In front of the Great Demon King, she is nothing but sgum!

However, this is not the end.

Immediately afterward, Daniel sent another message: Take Rick to report in a few days. This is Rick's first time going to school. I hope you can come when the time comes.

Selena: "..."

Such a request, the word of rejection in the hand, can't be typed no matter what.

it is good.

As soon as she finished typing this word, Selena slammed her head on the pillow.

Ruined...

She is clearly digging a hole for herself...

However, she thought about it again, and the more she thought about it, the more wrong she was. It just happened that she was free today, and the old house invited her to accompany Rick. Accompanying him to send Rick to school, she reckoned that by then she should just wrap up and be free...

All of this is simply a matter of course, so smooth that it is unbelievable!

Uh, really...just a coincidence?
