

Cruel Heart Lover Novel

Chapter 33

"Susie, Selena is your little junior sister. Regarding her participation in the role of Meng Changge, what do you want to say?" At this moment, a reporter asked Susie about Selena's problem.

Susie instantly switched back to a calm and elegant expression, and said sincerely, "Little Junior Sister is very capable, I think she will never let everyone down..."

Regarding the reporter's questions about Selena, Susie praised them all.

People who didn't know thought she was supporting the little junior sister, but Selena clearly knew that Susie's intentions were sinister.

She is not helping her, but wants to "praise" her.

He lifted her up to the sky before starting the machine, and made the outside world have such high expectations for her. If she is not careful at that time, she will be bombarded badly.

It's a pity that she will not let Susie's poisonous plan have a chance to be realized.

She has been recharging her energy for five full years. In terms of acting skills, she is confident that everyone will be convinced.

Want to kill me? Then wait and see!

The media interview session was finally over. Selena was just about to breathe a sigh of relief, but was stopped by Janice.

"Selena, where did you get this outfit from? Don't expect the company to pay for you! You are the second female lead, who will allow you to make such a high-profile noise, do you understand the rules?" Janice scolded as soon as she came.

Selena brushed her long black hair, which was naturally slightly curled, and said leisurely, "I don't want to either. Why did Sister Chang insist on letting me play in the finale?"

"You..." Janice suppressed her anger in view of the many people at the moment, "When you eat later, please calm down for me, don't talk nonsense and embarrass the company, Susie is not good at drinking, remember Stop her from drinking! Do you hear me?"

Selena couldn't help but sneered, "I'll stop her from drinking? Miss Chang, are you dreaming? I'll be fine if I don't pour the wine on her!"

Janice and Susie were all in the same boat, no matter how servile she was, it would be of no use, so there was no need to buy her. If she was a bit tougher, Janice would have some scruples and would not dare to go too far.

Janice was very angry with her, "Selena, you are really talented, but you just got a little second girl, don't you even know your last name?"

Selena didn't have the patience to deal with her anymore, so she turned and left.

Janice looked at the back of Selena leaving, even a single back was already haunting people's dreams.

She was inexplicably flustered.

She had a premonition earlier than this, that she might not be able to hold Selena back.

This woman was born for acting.

If she gets up, her achievements in the future will definitely not be comparable to Susie.

But the matter has come to this point, she can only suppress her severely, not giving her any possibility of turning over.

After the opening ceremony, there will be a dinner.

All the relevant crew members gathered together, eating and drinking, while getting to know each other and chatting, the atmosphere was much more relaxed.

Seeing Selena coming, screenwriter Ye Linglong was the first to stand up, and pulled her to sit beside him, showing how satisfied she was with her.

"It's really a coincidence that the two beauties in our show are from the same company, and they both have the surname Ning!" The assistant director Zhang Rui sighed.

Selena sneered in her heart.

Hehe, it's a coincidence.

The same company, under the same broker. But the circumstances are very different.

One is already Empire's first sister, and the other is still at the bottom of the entertainment circle.

While speaking, the producer, director, etc. suddenly stood up and went to the door. It turned out that it was Ning Yaohua, the chairman of Ning's International, the largest investor in this film, who came.
