

Cruel Heart Lover Novel

Chapter 346

"A shocking secret? What a secret! Tell me quickly!"

"That's right, don't keep it up!"

Everyone likes to gossip, let alone gossip, almost everyone gathered around Fang Ya in a short time.

Fang Ya waited until they were almost anxious, and then she was satisfied, and said word by word, "At tomorrow's wrap-up banquet, Roman will propose to Susie on the spot!"

As soon as the words fell, everyone was stunned...

Because this gossip is really exciting!

After a brief silence, everyone began to frantically ask for details.

"Oh my god! It's real! A live proposal! So romantic?"

"Fang Ya, how do you know such a thing?"

Fang Ya looked proud, "I am Susie's best friend, of course Roman must tell me in advance, let me cooperate with him in some small details! By the way, you should also keep it secret, don't let Susie know, otherwise There will be no surprises!"

"I know, I know! We must not say anything!" Everyone nodded repeatedly.

Only then did Fang Ya continue to speak arrogantly, "Tomorrow our finale banquet, hotels, meals, and so on, are all covered by the Su family. It is estimated that there will be a big surprise!"

"Wow! I'm so envious of Susie!"

"My God! This is definitely the most sensational event of the year! Just thinking about it makes me happy! Such an outstanding man, yet he cares so much for me!"

At this time, someone in the crowd interjected with a strange expression, "Then Selena has been competing with Susie, won't she be pissed off this time?"

Fang Ya immediately sneered mockingly, "Hehe, don't you guys see it? Selena must have heard about Roman's proposal for a long time ago! You haven't seen how stinky her face is today Is it?"

Everyone recalled it for a while, and then they all showed a look of sudden realization, "No wonder, she looks very bad today, and she is in a very bad mood at first sight!"

At this time, someone suddenly burst out laughing, "Hahaha, I suddenly thought of one thing. Selena's strange silk suitor won't really want to make some surprises for tomorrow's wrap-up banquet, right? Wouldn't Selena be even more embarrassed if Yan bumped into her?"

"Hahahaha... That love letter makes me laugh just thinking about it! How could there be such a weird person?"

"I really don't know what he will send!"

Fang Ya pouted her lips contemptuously, "The embarrassment is self-inflicted, who made her so hungry and hooked up with anyone! Surrounded by such low-spirited people, it's no wonder she's always been so jealous of Susie!"

After the big guys finished gossiping, Fang Ya's eyes flashed with success, and then secretly sent a text message to Janice – Sister Chang, everything is settled, the rumors have been released! God is also helping us this time, Selena has a very strange fangirl suitor, and we will prepare a surprise for Selena then!

At the same time, in Country F, Ledoyen is a Michelin three-star top restaurant.

The back kitchen, which is working intensely, the executive chef apassa suddenly received a call from Las Vegas.

After answering the phone, he immediately stopped what he was doing, took off his apron and handed it to the sous chef next to him, and said with a serious face, "I'm going to go to country C immediately to be the assistant for a banquet. I leave it to you."

The sous chefs were all shocked when they heard the words, and they looked at each other, "Now, right now? Don't you always have to make an appointment at least half a year in advance for your itinerary, no matter how noble the other party is, what's the matter this time..."

Chapter 347

"And, I heard you right, you just said that you are going to be the assistant, which chef is it, who is qualified to let you be his assistant?"

"It's my honor to be that deputy." A said with a look of reverence.

The sous chefs all showed incredulous expressions when they heard the words. The head chef who can make A willingly sit as the deputy, they can basically guess which master it is, but whose banquet is it that can let the master do it himself?

Because he was so curious, one of the sous chefs couldn't help asking, "I wonder which nobleman's banquet you are attending this time?"

A looked thoughtful, "I didn't ask much, I only know that the other party is a lady named Selena."

"Selena? Who is that..." Everyone looked at each other, and one of them suddenly remembered something and asked, "By the way, your disciple, Mr. William Fei, seems to be from country C. I don't know if he knows this noble lady. This time Will you also attend her banquet together?"

"William?" A frowned upon hearing this, then shook his head and said, "Even I can only be a deputy, how can he be qualified."

"Oh..." There was reverence on everyone's faces.

...

Selena was completely unaware of all that was going on, she was concentrating on discussing the next scene with Guo Qisheng and screenwriter Ye Linglong.

After preparing for a long time, Selena was finally confident. She took a deep breath and said to Guo Qisheng, "Director, I can do it!"

"Okay!" Guo Qisheng patted her on the shoulder, "Then let's start!"

"Ok!"

Guo Qisheng immediately notified all departments to prepare, and then shouted with a loudspeaker, "Three, two, one! Action!"

When filming started, everyone fell silent.

Finally arrived at the last scene, the finale of the world.

The traitor is dead, the virtuous concubine is dead, and the faint king is also dead...

Meng Changge's vengeance was finally avenged.

Next, what she wants to take revenge on is the common people who have failed her Meng family's heroes.

However, at the last moment, the blood of the general that flowed in her blood for generations finally prevented her from doing anything.

In the end, she chose to jump off the cliff, fulfilling the righteousness of the hero...

During this period, Selena had been struggling with what mood and state Meng Changge should use to commit suicide and jump off the cliff.

Should Meng Changge be sad and angry, unwilling, or desperate?

Just to study this, Selena almost went crazy!

However, now, she finally interpreted this scene perfectly.

Meng Changge, played by Selena, was wearing a fiery red wedding gown, holding Sun Huanqing's spirit tablet in her arms. There was neither grief nor resentment, nor despair nor nostalgia on her face. Just like the heartbeat when I saw Sun Huanqing for the first time, I closed my eyes, and with a satisfied smile on the corner of my mouth, I jumped down...

In the end, the way Selena chose to perform was to return to the basics.

Let Meng Changge return to that carefree girl at the last moment.

Selena shot this scene of jumping off a cliff very beautifully. She obviously didn't deliberately cry, but almost everyone on the scene cried, full of disappointment, and a hollow heart, as if something important was missing...

The original finale was that Meng Changge died at the hands of the heroine and the heroine. After such a treatment, it seems that the difference between suicide and homicide is only the difference between suicide and homicide. In fact, the whole situation has changed.

At this point, the last scene is over.

"The World" is finished.

Chapter 348

"It's finished! We've finally finished it..." everyone at the scene cheered, and some even burst into tears with excitement.

Selena was also deeply moved. Her first play had finally come to a successful conclusion.

When she returned to the lounge, Selena didn't even have the strength to change her clothes. She was completely exhausted, lying on the dressing table like a puddle of mud.

At this moment, Xiaotao pushed open the door with a loud "bang" and ran in...

"Sister Xi, you've finally finished filming!!!"

Selena waved her hands weakly, "What's the matter, dear? Can you talk to me later? My brain is exhausted right now, and I can't turn around..."

Xiaotao was in a hurry, "I can't, sister Xi! You must turn around! Do you know what the crew is telling you in private now?"

"Huh? What happened to me?" She just had a scene, what happened?

Xiaotao stomped her feet anxiously, "Fang Ya read that love letter in front of you, why are you so dazed!"

"Uh...Fang Ya seemed to be reading something in front of me just now. What do you think it was? A love letter?" Selena was startled.

She was in the plot just now, and she knew that the group of people had been arguing in front of her for a long time, but she didn't know what happened.

Xiaotao was about to be defeated by her, so she handed her a crumpled piece of pink letter paper, "You look after yourself!"

Selena pulled herself together, scratched her head, took the letter paper, and muttered to herself, "Ah...my dearest Xi...I love you...like a mouse loves rice...like a kitten loves fish ...like a puppy loves a bone...poof...cough cough cough cough..."

Selena couldn't read anymore, she almost choked to death on her own saliva.

What a fcuking dog!

Unexpectedly, in his lifetime, he would still see that devilish love letter once again.

If the Chinese language is not good, don't show it anymore, okay?

It is simply shocking and appalling...

Hot eyes...

commit a sin...

and also!

What the hell is “the most noble, most tempting, most irresistible gift that best matches your beauty, wisdom and nobility”?

The most noble is fine, but what is the most tempting and irresistible?

What the hell is that ba5tard thinking?

The more Xiaotao thought about it, the more anxious she became, “Sister Xi, you don’t know, all of them are waiting to see your joke now! I heard that Roman will prepare a big surprise for Susie at the green banquet tomorrow night, it is very possible It’s a proposal!

You... this unknown suitor also said that he would give you a big surprise... This comparison... you are not ashamed to die!

Sister Xi, don’t let him show up at the finale, the scene will definitely be full of media, otherwise...or it will be really embarrassing...”

“Hehe...” Selena smiled wryly and sighed.

Do you think that’s what I want?

But, doesn’t she want to be useful?

Selena was pinching the letter paper with a look of hopelessness on her face. It seemed that this calamity could not be avoided after all.

Now she can only comfort herself, it’s better for that man to torment her than to torment Daniel...

In a blink of an eye, it was the day of the finale.

Selena had exhausted too much energy in the last scene yesterday, and she still couldn’t recover, so she looked listless.

Normally, she enters the play quickly and leaves the play quickly, but if it was the case yesterday, she entered the play without reservation, wholeheartedly, without any self-reservation, and if she wanted to leave the play, it would inevitably take some time.

To put it simply, half of Selena's soul is Meng Changge.

Chapter 349

Xiaotao thought that she was devastated by the blow, so she walked around in a hurry, but there was nothing she could do, so she could only follow Ling Zhizhi's instructions, keep everything as usual, and play by ear.

Today's home game and focus are destined to be Susie, so Lin Zhizhi's only requirement for Selena today is "stable".

So Selena put on a modest but decent makeup and went out in a champagne autumn and winter haute couture evening dress from Chanel.

The place where the finale banquet was held was the only six-star hotel in the imperial capital.

Selena arrived a little early, and there were busy staff everywhere setting up the scene, all kinds of red roses and love balloons, unless she was blind, she couldn't tell that they were planning to propose marriage.

In addition, the hotel is also full of various gift flower baskets, etc., from partners, fans and friends, so full that there is almost nowhere to go.

Selena took a quick glance, and saw a flower basket marked "Selena Global Fan Support Group" in the corner, her eyes immediately warmed up.

She also has a support group...

Although the gifts they received were not worth mentioning compared to Susie and Zhao Sizhou, she was still very happy.

However, Xiaotao on the side was inevitably a little bit behind, thinking how could she receive such a small gift, it's too shabby! When the reporters see it later, they still don't know how to write it!

Hey, you must know that when she followed Leng Manyun before, there was a mountain of presents at the finale banquet, didn't she?

Now they may have to lose face together, even someone of Susie's level can step on them, seeing the sisters getting better and better, only she fell from the peak of being envied to the bottom of the valley all at once, I really feel sad just thinking about it...

At this time, Fang Ya and the others also came behind him, and they were amazed one after another.

"Wow! The layout of the scene is so beautiful! It's so dreamy!"

"How much does it cost? Just renting out the entire hotel is a sky-high price! The hotel is going to make a lot of money!"

"You don't understand this. The popular first-line goddess and the most expensive nobleman in the imperial capital have a romantic relationship. With such sensational news, other hotels can use it to promote themselves. I can't wait to see it!"

...

After everyone was amazed, they all covered their mouths and snickered when they saw Selena standing in front of the little flower basket given by the fan.

"What did Selena's fans give this? Just a small broken flower basket?"

"Why is she standing there? Isn't she looking for the surprise prepared by that slut boy?"

"Counting on that weird diao fan? Don't be driven crazy by Susie..."

Fang Ya looked in Selena's direction with a face full of pride, and finally exalted, and sent back the words of that night, "Oh, there is no harm if there is no comparison!"

Listening to those harsh taunts, Xiaotao finally couldn't bear it anymore, and was so angry that she almost cried on the spot, "These people are really too much! How could this be!"

Selena sighed, patted Xiao Tao's head, and said softly, "Xiao Tao, we are only for a while now, and I won't let you suffer with me forever! One day, I will lay down this world for you! "

Xiaotao was instantly teased into tears, and said with blushing cheeks, "Sister Xi, you hate me! You're teasing me again!"

Seeing the little girl smile, Selena was finally relieved.

In fact, she feels uncomfortable at the moment, and she doesn't care about it, because this little thing is really nothing to her, but the most unbearable thing for her is to let the people around her be wronged and be wronged with her. She is involved.

Chapter 350

As night falls, the lights come on.

All the main creative personnel of the crew, partners, and media from all walks of life entered the stage one after another.

In the huge banquet hall, all the crew members had a proud expression.

"Oh my god! This is too aggressive! Have you ever seen such a grand and flamboyant finale? I need to take a few more photos and post them in Moments to pretend to be aggressive!"

"Hahaha, then I will start a live broadcast directly! I feel that I can earn a lot of rewards!"

"This time we are all thanks to Susie!"

"By the way, where is Susieren? Are you here?"

"What's the hurry, the main character will of course make his final appearance!"

As soon as he finished speaking, Susie, who was not far away, was wearing a long white fishtail slim dress and came in gracefully surrounded by the media.

Fang Ya and the others immediately went up to meet her.

Fang Ya held Susie's arm affectionately, "Susie, you are here! You are so beautiful today!"

Susie glared at her, her face flushed red, "Why, it's just the same as usual!"

The other people around were also complimenting, "Susie, your outfit looks so good! It's so gorgeous! And it complements your figure well!"

"Xiaoyou, what do you know? It's not about the clothes, it's about the nourishment of love!" Someone teased.

Susie covered her face, "I hate it, you are laughing at me again!"

Fang Ya purposely held a spoon as a microphone, "Miss Susie, I would like to interview you now. How does it feel to have such a perfect boyfriend?"

Susie had a sweet face, "Stop messing around, by the way, eat more tonight, Roman specially invited a Michelin three-star chef from Xiangcheng this time!"

There was a sudden exclamation in the crowd...

"Wow! Michelin! It's still three stars! My God! Your Roman is so inhuman, how much does this meal cost?"

"The Michelin three-star chef hired by Xiangcheng, I'll go. Could it be Fei William?"

Hearing everyone's amazement, Susie took a deep look in Selena's direction as if inadvertently, and then replied casually, "It's him. After I saw it in a magazine the other day, I just mentioned it casually. , I didn't expect Roman to really invite him here."

As soon as the words fell, the group of little girls around couldn't bear it anymore...

"Oh! Please forgive us single dogs, stop showing affection!"

"Please, if you have a partner, you can't stand their show of affection, okay?"

Susie glared at them, "I hate it, I won't tell you! You play, I'll go over there!"

"Yes, yes, don't tell us, go find your Roman!"

...

Xiao Tao, who was sitting in the corner with Selena, was so angry that she almost bent her spoon, "Dmn it! It's Fei William, the God of Cookery! My biggest wish is to have a meal of his own cooking! Unexpectedly I actually ate it under such circumstances, which made me lose my appetite..."

"Fei William..." Hearing that name, Selena was in a daze.

"That's right!" Xiaotao wiped her saliva and said excitedly, "You don't know Fei William, but you know a pass, right? The executive chef of the top Michelin restaurant in the country! Fei William is his personal disciple. He is very famous and very difficult to hire. Yes, with just such a meal, ordinary people can go bankrupt!"

Selena didn't say anything when she heard the words. Of course, she knew about William Fei.

Many years ago, there was a time when she liked to watch Chef Contest, and her favorite was the chef named Fei William, who drooled in front of the TV every day after school. At that time... Roman teased her and said...

On the day of their wedding banquet, invite Fei William to cook for them...

Oh, really, the past is unbearable...
