

Cruel Heart Lover Novel Chapter 361

Chapter 361

Surprised for a long time, there are still many people who don't believe it...

"Impossible! There must be a mistake somewhere! How could it be for Selena! Who is she to invite such a legendary character!"

"That's right! Fei Weilian only needs to spend money, but these two are definitely not people who can be hired with money!"

"Selena is a third-rate young actor, where does he have the ability to hire such a character?"

...

At this moment, someone in the crowd weakly reminded, "Uh, did you forget something... The love letter that Fang Ya showed us just now said to prepare a surprise for Selena... Could it be... ..Is this the one?"

Hearing this, everyone was dumbfounded:

"No... no way?"

"Isn't that a poor brat?"

"Who says people are poor? We've always been guessing wildly, okay?"

"Now think carefully about what is written in the love letter, the most noble, the most seductive, and the most irresistible gift! The world's top food! It's completely in line!"

After being told this, everyone showed expressions of sudden realization, "Don't say it, it's really true! Then everything will be explained..."

"Uh, now that I think about it, I think that love letter is actually quite cute!"

"The writing is quite cute, I don't know why so many people find it weird!"

...

Having said that, everyone began to look at each other in blank dismay:

"Uh... In this way, these two great gods are the surprises prepared by Selena's suitors for Selena, not by Roman for Susie?"

"Hey, this oolong is a bit big! We all thought it was Roman who prepared it!"

"Hahahahaha... just now Susie happily promised her body several times, and even gave birth to several babies. In the end, she even invited Selena, the chief executive, to watch it up close, but it turned out to be a misunderstanding?"

"My God! How embarrassing..."

...

After the old man finished speaking, Susie just sat on the chair in a daze, her fingernails dug into her palms, almost thinking that she had an auditory hallucination just now.

It wasn't until those mocking words reached her ears that she had no choice but to accept the fact, and turned her head stiffly to look at Roman beside her, "Roman, you really didn't invite those two people here?"

At this moment, Roman's complexion was also extremely ugly, and he said in an uncomfortable tone, "Susie, I said it just now, it's really not me! It's you who didn't believe it!"

Susie immediately glared viciously at Fang Ya on the other side, she was misleading her all this time because she had done more than succeed!

Fang Yase shrank away a little bit, and just now she was talking non-stop, but now she dared not say a word.

Dmn, blame her again?

How did she know that this would happen!

Wasn't Roman of your family happy to be praised just now, and didn't refute a word, but now you're blaming me?

This flattery is too difficult to shoot, right?

All of a sudden, everyone's eyes turned from Susie to Selena in the corner, and the way they looked at Selena was a little different.

Obviously such a shocking thing happened, but Selena's expression remained the same. From the moment she entered the arena to now, no matter whether she was being ridiculed, teased in public, or what the old man said, it hadn't changed.

It's completely flattering, and even a bit unfathomable.

Chapter 362

"The last time I saw Selena's fitting room, I vaguely felt that Selena's background might be very deep, as expected..."

"Her suitors are really more powerful than one!"

"Fortunately, Fang Ya keeps saying that Selena is jealous of Susie. What is there to be jealous about?"

"That's right, she is single now, has a lot of suitors, and the quality is so high, it's even better than Susie!"

...

On the main stage, Mr. Danial was still waiting for Selena's comment, "Miss Selena, please comment."

Selena took a sip under the gaze of countless eyes, and politely replied, "This is the most delicious and incredible ice cream I've ever eaten in my life. Thank you for coming all the way!"

"Thank you for your comment, it is my honor." Danial stepped back from the main stage contentedly, and began to prepare for the dinner.

Selena just listened to the discussions surrounding her, and never paid extra attention to unimportant people.

After accepting the old man's kindness, Selena returned to her seat.

She held her chin, looked at Xiao Tao who was completely stunned, and teased, "Little Tao Zi, do you want some ice cream?"

"Eat?" Xiaotao suddenly came back to her senses, and then blurted out extremely resolutely, "Eat! I want to eat!"

Xiao Tao excitedly looked at the ice cream that Selena brought back, and then stared blankly at Selena, "Sister Xi...these...these two great gods really came for you? They weren't invited by Roman?"

Selena looked helpless, "Yes, yes, Roman didn't invite you here, can you be happier now and eat something? You have been crying all night!"

Xiaotao wanted to laugh, but also wanted to cry, and for a moment her expression became dumbfounded, "Sister Xi, why didn't you tell me earlier! It

made me feel uncomfortable for a long time! I didn't even take a bite of so many delicious foods! No, I want Hurry up and eat more! No, no, I don't want to eat the one made by Fei William, I'm waiting for something more delicious! Hmph!"

After speaking, he swallowed and stared at the ice cream, "But, can I really eat this ice cream? They all said it's expensive!"

Selena directly picked up the pure gold spoon specially prepared for dessert, scooped out a mouthful of ice cream, and fed it to Xiaotao.

Xiaotao greedily inhaled the tangy sweet smell, took a sip, "Oh, it's delicious, it's really delicious! How can there be such delicious ice cream!"

Selena looked at Xiao Tao's chubby face softly, and then thought of something, and an imperceptible cold light flashed across her eyes.

That ba5tard... definitely did it on purpose...

First, she was frightened by playing tricks, and then when she was most nervous, she suddenly gave you a piece of candy, which made your mood go up and down, just like riding a roller coaster...

Oh sh1t! It's so fun to play around with her?

What's wrong!

Not far away, Susie listened to the conversation between Selena and Xiao Tao, feeling resentment in her heart.

At this moment, Roman's romantic marriage proposal has become an oolong joke!

In this wrap-up feast, who is the protagonist! ?

Soon, the first appetizer with Mr. Danial as the chef was ready.

Coincidentally, it was actually the same as Fei William's choice just now, it was also a white truffle with scallops.

Everyone looked at each other and began to concentrate on enjoying.

Afterwards, everyone's face showed an incomparably wonderful expression...

Chapter 363

"Even though I'm a layman, I also know that the two masters made it. It's really...so...so delicious!"

"It's the same dish, but it's a hundred times better than the one just now, okay?"

"It's amazing, how did you do it? Can someone explain it? We only know that it's delicious, but we don't know the way of it! Where's the reporter teacher just now? Tell me!"

"Exactly! Come and give us a professional review!"

Amidst the urging voices of the crowd, the senior gourmet reporter was savoring seriously, without saying a word, then "shush", closed his eyes and said, "Don't talk, I want to remember this taste! This is the only time in this life a chance!"

The performance of this senior food reporter is actually not exaggerated. Several colleagues and many people at the scene all had similar performances.

In the corner, Xiaotao ate with a blissful expression, "Ahh! It's delicious! I really want to know, why is it so delicious?"

Selena glanced at the truffles on the plate, and then said, "First of all, it's because of the difference in cooking techniques, the cooperation of the two masters has almost finished such a simple dish to perfection.

Secondly, there is the difference in ingredients. You must know that it is difficult for a smart woman to cook without rice, so ingredients are also very important for cooking.

If I'm not wrong, the white truffles this time come from Alba, the world's best white truffle origin. It is known as the fruit of God. The output is extremely rare and very expensive. Only the essence is taken and finally cooked. The effect can be imagined..."

Xiaotao's eyes widened when she heard that, "No wonder it's so delicious! Oh my god! I feel like everything I eat is gold!"

After speaking, he looked at Selena with admiration, "Sister Xi, you know a lot!"

Selena smiled, "Because I also like to cook, so I did a little research and I'll do it for you when I have time, but I'm afraid that if you've eaten the masters' recipes, you won't like what I cook!"

"How could it be! That was made by you, Sister Xi, how could it be the same!"

...

When Selena was talking, the people around her were also listening. After listening, they all showed expressions of enlightenment, and then looked at the reporter asking for confirmation.

The gourmet reporter nodded repeatedly, "It seems that this Miss Selena is also knowledgeable! No wonder her suitor did not hesitate to invite two such important masters!"

Such a meal, except for Susie, Roman, Fang Ya and others who couldn't finish it, everyone ate very happily.

Roman's face was very ugly. Tonight's finale banquet was originally prepared by him for Susie, but in the end it was Selena's unknown suitor who stole the limelight.

Roman subconsciously looked at Susie. At this time, Susie's expression was so gloomy that water could drip out.

However, Roman could also understand, whoever it was, I'm afraid he would mind. After all, there is only one marriage proposal in a lifetime, and all the carefully prepared romances turned into an embarrassment.

Soon, Roman gritted his teeth, as if he had finally made a decision, quietly walked to a secluded corner of the hotel, and then made a phone call.

...

"Dad, the situation is like this, so I would like to ask Uncle He Xin for help, otherwise... Susie and I..." Roman's expression was not good, which showed that the other side of the phone had a bad tone.

Chapter 364

On the main stage, Susie stared at Roman, the corners of her mouth slightly raised, she had already guessed the purpose of Roman's call.

In the past few days, there is indeed a great god living in the Su family. The founder of "Qinglian", the most prestigious top-end restaurant in Huaguo, has cooked delicacies for high-ranking officials in Great Britain, France, Germany, etc., and was born in a family of chef gods. When he was young, he was even gilded in several countries. In recent years, he has disappeared and rarely shows his face.

However, such a top chef has some deep connections with the Su family. It was because of He Xin that Roman was able to find Fei William to help out.

Originally, with the identity of the congratulatory letter, Roman didn't dare to think at all, but the current situation forced his father to ask the congratulatory letter out. This was not only because of Susie, but also because of Roman's face. In the face of the Su family.

Half a moment later, Roman finally had a smile on his face, and Susie in the distance flashed a cold light in his eyes, and heaved a sigh of relief.

Judging by Roman's expression, his father should have been dealt with, and only Roman's father can invite a character like He Xin. This is because Roman's father studied abroad when he was young, and he and He Xin were classmates. He Xin has helped He Xin a lot, as long as Roman's father asks, He Xin will definitely help him because of his father's face.

As long as He Xin comes here, although it is impossible to compare Danial in terms of culinary skills, his influence is not limited to culinary skills in terms of identity...

Soon, Roman walked to Susie's side again, and said with a soft smile, "Susie, don't be angry, wait for a while, there will be a bigger surprise, Uncle He Xin will come over, and personally make delicacies for you!"

Susie was "surprised" all over her face, and she shook her head again and again, "Roman, what are you doing, how could I be angry! My sister is so happy tonight, I don't want to compare anything with her, let alone compete with her, as long as Roman is by my side!"

Hearing the sound, Roman pulled Susie into his arms, and his voice was even more gentle: "Susie, I know you don't like to compete with others, but tonight belongs to you, and I won't let anyone rob you I don't think Selena will be in the limelight, so let's wrong her a bit!"

After Roman finished speaking, he sighed secretly. Some time ago, because of Cui Caijing's incident, he really neglected and wronged Susie too much. After all, this is the girl he will spend the rest of his life with. At such an important moment tonight, how could he let her go? She is happy...

In the end, Susie nodded obediently, her peripheral vision fell on Selena who was still enjoying the delicious food, and she sneered in her heart, "Selena, you alone want to fight with me!"

...

The dinner tonight was extremely lively and even attracted a large number of reporters to besiege outside the hotel, but the hotel temporarily increased a large number of security guards to prevent others from entering.

Selena was communicating with Mr. Danial at the moment. It was nothing more than some questions about ingredients and cooking, and Mr. Danial was also very amiable, and he took the trouble to answer some of Selena's doubts like an elder.

"Thank you, Master Danial, you are really amazing!" Selena was full of joy.

"If it wasn't for the fear that someone would disagree, I might want to accept you as my disciple!" Mr. Danial teased with a smile like an old urchin, obviously he also liked this little friend who loves cooking.

Just when Selena was about to say something, an extremely abrupt cold snort spread throughout the audience...

Chapter 365

"Huh! A group of people who worship foreigners! What's so delicious about this kind of food? It's not half as good as our ancestors! The history of our Chinese cuisine is extensive and profound, with a long history, and any one of the eight major cuisines is enough to kill those foreigners in seconds! "

It was Fang Ya standing on the main stage, and said with a sneer.

These words were too harsh, and some people couldn't help but retort, "Uh, beauty, you can't say that, our food is naturally good, but country f is also famous for its food, so it can only be said that each has its own food. It's just the strengths!"

"That's because you haven't tasted top-notch Chinese cuisine, otherwise let's see if you can still say such things!" Fang Ya glanced in Selena's direction with a face of disdain, and angrily said...

"It is because of so many people like you who adore foreigners, that things from our ancestors have gradually declined! If your own country doesn't support you, you all go to worship things from other countries! Superficial! Extremely superficial! Not only superficial, but also embarrassing Now see!"

In the corner, Selena narrowed her eyes slightly, she didn't need to think, Fang Ya couldn't say those words by herself, but there was Susie behind Fang Ya...

Sure enough, with Susie's temperament, how could she be so resigned so easily.

At this moment, what was the surprise of ys has surfaced, so Selena no longer has to worry about it, and she has no psychological pressure at all, so she ate leisurely while watching them toss...

The atmosphere was quite good, but I didn't expect that an angry youth like Fang Ya would suddenly appear at the scene, and everyone's expressions were a little awkward for a while.

Especially the two foreign chefs, both of whom are good at Chinese, naturally listened to Fang Ya's words, and for a while, their expressions were not very good.

"We are having a finale banquet tonight! We are performing a Huaguo costume drama! Why do we invite foreign chefs! What a joke!" Fang Ya continued to mock.

Beside him, Susie looked very satisfied, staring at Selena, she couldn't help but sneer.

All of this is in her plan. From now on, just watch Selena become the target of public criticism and wait for the congratulatory letter from Huaguo's top chef to arrive.

Tonight, it will still be perfect!

Gradually, people at the scene began to agree with Fang Ya's words, and said in a deep thought, "Actually, what Miss Fang Ya said makes sense, the top chefs in our country are indeed very good, no less than those two foreigners! Speaking of Mr. He Xin, as the founder of "Qinglian", the top restaurant in Huaguo, he has been invited by senior leaders of various countries, which is enough to prove that our chefs in Huaguo are the top chefs, and we are not weak in Western food!"

"Not only the congratulatory letter, but also the legendary figure in the chef circle of Huaguo, Mr. Cai Fengxian. His ancestors were all imperial cooks, who cooked imperial meals for the emperor. It has been passed down to this generation. The culinary skills have been continuously improved by the ancestors, and it has become even better. Diligent, it is not an exaggeration to say that it is superb... It was even cooked by the Queen of England and given great honor!"

"That's right, old Mr. Cai Fengxian is indeed a legendary figure, but he can't be invited at all. There is no such possibility at all. It is useless to say that even Mr. He Xin wants to invite him out of the mountain. It is as difficult as going to the sky, okay? "

"I don't think so. The romance and sophistication of western kitchens is absolutely unmatched by Chinese kitchens!"

"Nonsense! The western kitchen is cold and fancy, how can our Chinese kitchen be humane!"

...
