

Cruel Heart Lover Novel

Chapter 366

As we talked, representatives who supported Western food and Chinese food came out to speak one after another. Not only did they know how to do it, but even those who didn't know how to do it generally had a patriotic complex, so more and more people joined the debate, and finally everyone was arguing. Can't give up...

The most embarrassing thing was William Fei, because he happened to be of mixed race from the two countries, so he didn't know who to speak for.

Seeing that the two factions were quarreling, the time was ripe. On the seat, Susie, who had been looking down all the time, suddenly flashed a gleam of light from the bottom of her eyes, and then glanced at Fang Ya urgingly.

Fang Ya received Susie's gaze, and immediately understood what she meant, so she immediately got up and said...

"Who's more powerful, you'll know after a PK on the spot? Selena is so capable, even old Mr. Danial can be hired, so it must be easy to hire another congratulatory chef, right?"

"That's right! Let Selena invite it! It's killing two birds with one stone!"

"In this way, you don't have to argue anymore. Facts speak louder than words!"

...

All of a sudden, everyone's eyes fell on Selena.

Selena was indifferent and didn't respond.

Seeing that Selena didn't make a statement, Fang Ya naturally couldn't let her go so easily, and continued to ask, "Selena, how is it? You invited this person, and now everyone is arguing over the person you invited, you always Can't you just ignore it?"

"That's right, it's a good thing that a banquet has turned into such a mess, making everyone unhappy!"

"Selena has so many suitors, call them one by one, there must be someone who can find a solution, right?"

...

Xiao Tao weakly tugged at the corner of Selena's clothes, "Sister Xi, Mr. He Xin, can you let your suitor think of a way to invite you over?"

Hearing the sound, Selena glanced at Xiaotao, stuffed a cherry for her, and said calmly, "Xiaotao, radish and cabbage have their own preferences, some people like radishes, so is the cabbage a bad quality product? Let them invite them, as long as we eat happily!"

"Oh..." Xiaotao seemed to understand, although she didn't fully understand what Selena meant, she still nodded her head. Thinking about it carefully, she was indeed a bit confused just now. What kind of person is He Xin? Second to the existence of Mr. Cai Fengxian, please just please?

Mr. Danial doesn't know how to invite him, but now he wants to invite a congratulatory letter, which is simply unrealistic.

"Okay, I'll just ask casually, but I actually think it's unlikely... These people are really too much. Thanks to you, I can eat so much delicious food. It's okay to not be grateful, but in the end, I actually beat you up and made things difficult for you." It's gone!" Xiaotao was very annoyed, and after complaining, she murmured in ecstasy, "By the way, if you want to invite Mr. He Xin, it's just a

dream, it's just that Fang Ya and the others are making a fuss, trying to hit sister Xi's limelight..."

...

"How about it, Selena, your suitor is so capable, let him invite Mr. He Xin here by the way, so as to open our eyes!"

Hearing Fang Ya's proposal now, many good-natured people agreed, but most people still found it unbelievable...

"Are you kidding? It's hard enough to invite a daniel, but now you want to invite a congratulatory letter?"

"What's more, it's better to invite people over right now, without an appointment. It's just a dream! I thought it was a taxi, so I waved to come! Selena's suitor may have some background, but it's impossible to exaggerate to this extent what!"

Chapter 367

"Actually, Selena was miserable enough. After finally suppressing Susie's limelight, this kind of accident happened..." Someone whispered.

Fang Ya said quietly, "Then who can be blamed? Who told her to pretend... Roman proposed to Susie, and she didn't let it go, so she insisted on getting in and jumping out Find a sense of presence! Look for it! Why don't you continue to look for it now? We are all waiting!"

"How about it, beautiful Selena, tell me a word, do you want to invite me?" Fang Ya saw that Selena kept silent, and became even more proud and arrogant.

"Forget it." At this moment, Susie on the main stage suddenly spoke.

At that moment, everyone's eyes were on Susie.

"Since everyone wants to taste Mr. He Xin's craftsmanship so much, then let Roman and I invite you, so don't make things difficult for Selena..." Susie said softly.

Hearing this, everyone suddenly realized what Susie meant. Selena's suitor could invite Danial for him. I'm afraid it's the limit. Is it possible to invite a congratulatory letter? Everyone didn't think that Selena's suitor had such strength.

"Wait! Susie, you mean, you and Roman are here to invite congratulatory letters?!"

Suddenly, a food reporter came to his senses and said in surprise.

"Yes, I believe everyone will be able to see Mr. He Xin soon." Susie was full of confidence, and the unwillingness and disappointment before had completely disappeared.

"Oh my god, Susie, you were able to invite Mr. He Xin, am I dreaming?!" Fang Ya pretended to be exaggerated, almost dancing.

"Well, don't worry, tonight is not only the finale banquet, but also Roman and my engagement day, so Roman and I will try our best to satisfy everyone's request!" Susie said gracefully.

After Susie's words fell, the audience was in an uproar. Everyone was extremely excited and uplifted. Since Susie said it, Mr. He Xin should come over!

Tonight, not only taste Mr. Danial's top western food, but also witness Mr. He Xin! If this is on weekdays, I don't even dare to think about it, okay!

It took a few breaths at most, the hotel door opened, and countless reporters' exclamations were heard from outside the hotel. Amidst these exclamations, a middle-aged man in Tang suit walked slowly.

"He Xin, He Xin! It's Mr. He Xin!"

"It's Mr. He Xin!"

"Roman and Susie really invited Mr. He Xin here! I'm going to fcuk you!!"

At the moment, several food bloggers looked excited and lost their composure when they saw He Xin.

"Uncle Congratulations! Thank you for coming!" Roman led Susie to meet him with a respectful expression.

"Yes." He Xin looked at Susie and Roman, and nodded. He had already heard what happened tonight from Roman's father.

"First of all, congratulations to you all, and then I don't have much time, so let's start quickly!" After He Xin told Roman, he walked straight towards Danial.

"Mr. Danial, hello, I didn't expect to meet you here." He Xin smiled.

"Oh, Mr. He Xin, I heard of your name a long time ago. You are a top chef in China. It is my honor to meet you today." Mr. Danial was also very polite.

He Xin may not be as good as Danial in terms of culinary skills, but He Xin is not limited to cooking skills. After all, he has been invited by executives from various countries and praised him countless times. In terms of status, he will definitely not be inferior to Danial.

"I don't know, can I borrow this place." He Xin asked with a smile.

Chapter 368

Danial thought for a while, he had just finished his dinner, so it was really unreasonable to occupy the chef's seat, and finally nodded: "Okay, my task is over, so I will give you the seat."

After saying that, Danial led the team to the VIP area and gave the venue to He Xin.

Seeing that Danial gave up his position, the audience exclaimed, thinking that Danial had given in.

"Mr. Danial, it's inappropriate for us to give up our position, isn't it? Then He Xin's cooking skills are not as good as yours. Regardless of all aspects, Mr. Danial has an absolute advantage!" A frowned.

"Our dinner has already been prepared, there is no reason to occupy the venue." Danial didn't care at all.

Now that Danial has said that, A naturally didn't continue to say more, after all, at Danial's level, he doesn't care too much.

.....

In less than half an hour, He Xin had already completed several delicious dishes unique to China.

The rich fragrance immediately wafted into every corner of the hotel, causing many people to shed a sigh of relief.

"Miss Susie, my blessings to you and Roman are all in the dishes." He Xin looked at Roman and Susie in front of him and said.

"Thank you, Uncle He Xin!" Susie was all smiles, and so was Roman.

Because of the arrival of the congratulatory letter, all the embarrassment and unwillingness before were gone, and the person who should feel unwilling now should be Selena!

"So happy! Even Mr. He Xin personally came to congratulate Roman and Susie's engagement. The top chefs in our country, unlike some people, even found foreign chefs out of ideas, but they were completely abused by our Mr. He Xin!" Fang Ya deliberately looked in Susie's direction and sneered.

"Okay, don't talk nonsense!" Susie stopped her.

"There's no such thing as nonsense, the fact is to try. Susie, the suitor, still wants to compete with your brother Roman. It's ridiculous! I don't know where the confidence comes from!" Fang Ya regained her arrogance and stared at Selena kept ridiculing.

"That's right, we can only invite foreign chefs. If you have the ability, please invite a top chef in China to have a look!"

"Hmph, I dare to compare myself with Roman, I'm so confident!"

Fang Ya and several cast members started chattering again and again.

In the distance, Selena shook her head with the corners of her lips curled up. These people were indeed interesting. She even had the feeling that if she replied, she would be instantly assimilated into an idiot.

"Mr. Danial is a foreign chef after all, and he cannot be compared with Mr. He Xin in China!"

"That's true!"

"Although Mr. Danial's Western food is the best in the world, I still like to eat our Chinese food!"

"If you like Chinese food, that can only explain your own taste. I like to eat Western food. I think Mr. Danial's Western food is superb and unrivaled!"

"Ha! What a laugh! That's just ecstasy? You know what real ecstasy is..."

...

Just when everyone was discussing and refusing to give in to each other, there was a "squeak"...

The door of the banquet hall was quietly pushed open from the outside.

Under the dazzling crystal lamp, a young man is supporting an old man standing at the door. The old man is dressed in coarse linen and has white hair. He looks hale and hearty and looks like a fairy.

At this moment, the guests were arguing, some were urging and mocking Selena, and some were watching the excitement... The first person who spotted the old man was a middle-aged angry youth. He was fighting with the others, but suddenly he all looked in the direction of the door and said I was speechless, "Cai...Cai Lao..."

Chapter 369

In an instant, everyone followed the gaze of the angry youth, and they were all stunned for a second, especially Fang Ya, who was mocking Selena just a second ago, with an expression as if she had seen a ghost, "Then... ..that person is..."

"That old man looks so familiar... Dmn! It seems to be Cai Fengxian! Am I dreaming?" Someone rubbed his eyes.

"What nonsense! Did you read it wrong?"

"No! It's Mr. Cai! It's Mr. Cai Fengxian! I saw it on TV!" Someone exclaimed.

"The young man next to him has also seen it on TV. Isn't he Cai Cheng, the eldest son of Mr. Cai? If you don't believe me, I will search the Internet and show you!"

...

National TV had previously produced a very popular food show, which once triggered a food craze. The last episode was dedicated to Mr. Cai Fengxian, which left a deep impression on the people of the country.

Therefore, apart from those professional food reporters present, there were quite a few people who knew Cai Fengxian, including Fang Ya and others.

The angry young man couldn't restrain his excitement, and was the first to go forward, "Old Cai! You...do you remember me? In Qingcheng eight years ago, there was a small restaurant, and you once personally guided me!"

Hearing the words, the old man looked thoughtful and pondered, "Is it called Laifu Hotel? Are you Xiao Laifu?"

The angry youth's eyes were flushed, "That's right! It's Laifu Hotel! I'm Yuan Laifu! I didn't expect you to remember me! If it weren't for your guidance at the beginning, I wouldn't have made up my mind to go out of that small place in my hometown to study! There will be no achievements today!"

Hearing this, some people also recognized this angry youth, "Oh, this man, I remembered, he seems to be quite famous, isn't he the chef of a high-end restaurant in the capital city? It is said that he came from a small village step by step. I worked hard... I didn't expect to have such a relationship with Mr. Cai..."

Hearing this, everyone respected Mr. Cai even more, "Mr. Cai is really full of peaches and plums!"

"This is the charm of personality!"

...

After lamenting Mr. Cai, everyone was very surprised, how could Mr. Cai suddenly appear here...

"Old Cai, you...why did you come?" the angry young man said excitedly.

"Father is here to celebrate Miss Selena." Elder Cai's son Cai Cheng replied.

As soon as these words came out, the audience fell into a deathly silence.

After everyone came to their senses, their first reaction was to look at Selena in the distance, as if they had seen a ghost.

Fang Ya and several crew members stared blankly, including Roman, while Susie's smile froze on her face.

"I'm going! This Selena! It's amazing! First God of Cookery A, then Master Danial, the godfather of western food, and now even Cai Fengxian, the patriarch of our Huaguo gourmet industry, has been invited out. I'm so convinced!"

"Hahahaha, have you seen the expressions of Fang Ya and Susie? A second ago, Fang Ya was looking down on people and barking arrogantly, but the next second Mr. Cai came, what a joke Kill me!"

"This Selena is simply too tough!"

"What's the matter with pretending? People have the capital to pretend! And they can really pretend to blind people's eyes! Of these three people, which one didn't just turn Fei William into sgum? Even Mr. He Xin can't do it!"

"I'm so happy! This banquet alone is enough to make my headlines in the next few months!"

Chapter 370

"Hey, doesn't your newspaper also have a food section? Call your food reporter too! What a great opportunity!"

"Yes, yes, I'll call him right away! The food editor in our agency is a fan of Mr. Cai, and even the background of the computer's desktop is made by Mr. Cai! I told him that William Fei would come tonight, If he had to come over to make news, he wouldn't bother at all, if he knew that the old man would come, he would definitely regret it hahahaha..."

...

In the corner, Xiaotao was so excited that Selena's arm was broken. Just like Tinker Bell! You can conjure whoever you want! When did you call? How come I don't know?"

Selena: "..."

She never touched the phone at all, okay? And what the hell is Tinker Bell...

When Cai Fengxian appeared just now, she was also stunned and thought she was hallucinating...

And she can be sure that it will never be invited by ys, let alone whether he can invite him, that guy is only interested in playing with her, and it is impossible to do things like rescue her...

So, who is it that saves her?

Could it be...

Selena's heart skipped a beat, and a certain man's cold profile appeared in her mind.

The only person who can invite old Mr. Cai Fengxian is perhaps...

After seeing the two at the door, the hotel owner Sa Yazhi went up to meet them and greeted them with great enthusiasm, "Mr. Cai, why don't you say anything when you come here, so I can send someone to pick them up! This... this is really rude Already!"

Cai Fengxian waved his hand indifferently, "Don't bother."

Cai Cheng who was on the side explained, "Father was also entrusted by someone and decided to come here temporarily."

"So that's how it is..." The hotel owner showed a suddenly realized expression, and looked meaningfully at Selena in the corner.

When everyone heard this, they were even more sure that Selena had asked someone to invite him, otherwise there would be such a coincidence.

"Hmph, so what, we have Mr. He Xin! Mr. He Xin is the number one chef in China!" Fang Ya said disdainfully.

"That's right, Mr. He Xin is the founder of China's No. 1 restaurant 'Qinglian'!"

Several cast members also echoed.

At the moment, some food bloggers and food reporters are looking at Fang Ya and those actors like purebred idiots. They had doubts before, but now they are sure that Fang Ya and those actors are indeed idiots, yes You are a complete idiot, you don't understand anything, and you still have to pretend to be a big-tailed wolf here, which is really embarrassing!

"Master Cai..." He Xin came to Cai Fengxian and said respectfully.

"Well, we meet again!" Elder Cai nodded.

"I didn't expect Master Cai to show up. I was a little reluctant to come here before, but looking at it now, I came to the right place. If Master Cai is free, I would like to give you some advice." He Xin laughed.

At this time, Fang Ya and several crew members were dumbfounded after seeing He Xin's attitude towards Elder Cai, and could not say a word. Then I was surprised and embarrassed, it is hard to describe with words.

...

On the other side, Danial in the VIP seat walked straight towards Cai Fengxian.

The two old men looked at each other for a long time separated by a distance of several steps.

It took Danial a long time to finally calm down his excitement, "Old man, long time no see!"
