

Cruel Heart Lover Novel

Chapter 381

Chapter 381

Annie coughed lightly, her tone seemed a little embarrassed, "Boss... a few days ago... a few days ago, he was sitting on the deck in the middle of the night..."

"What are you doing sitting on the deck? Can't you finish it all in one breath, you son of a b!tch? Do you want to kill me?" Selena couldn't hold her breath, she was about to collapse.

"Sit on the deck and write a love letter all night!!!" Annie finally finished speaking in one breath. You don't need to think about it to know the look on the other side of the phone, her little face is flushed...

Selena's head was full of black lines, "I thought it was a weird thing, that's all, you hesitated and hawed all day long?"

Annie muttered, "Karen, the boss's love letter is for you, right?"

"Hmm..." This time it was Selena's turn to hesitate.

Annie thought about her wording, and said with difficulty, "Boss's writing skills are really... not very good... The deck was full of paper balls thrown by him all night. A few brothers read it, but they really couldn't see it." I went down and offered to write for him, but in the end I was beaten up by the elder brother...the elder brother insisted on writing it myself..."

Just those few words, I actually wrote all night...

Selena rubbed her forehead, "Hehe, I hope he will develop this spirit of self-improvement in other areas in the future..." Don't come to harm her again...

Selena paused, then continued to ask, "Apart from this matter? Is there any other unusual behavior?"

"No Karen!" Annie replied affirmatively, then pondered for a moment, and then added, "If you talk about our recent actions, it's a bit unusual!"

"What's abnormal?" Selena asked immediately.

"It's just that there seem to be more and more actions in China... Also, the eldest brother seemed to want to go back to China a few days ago, but suddenly there was a problem with a very important shipment, and he has been dealing with it for the past few days. What's up!"

"So..." Selena frowned deeply. There are more and more moves to the country? I don't know if it has something to do with Daniel...

Selena nodded, "Okay, let's do it for now, if there is anything unusual, please report to me in time!"

Annie said in a troubled tone, "Uh, Karen, wouldn't this be too good? I don't want to be a traitor!"

The corners of Selena's mouth twitched slightly, "Annie, now you only have your big brother in your eyes, not your Karen, right? Who saved your life back then?"

Annie was anxious, "Karen, I haven't forgotten, you saved me!"

Selena nodded in satisfaction, "That's good! So, you're not a traitor! You're an undercover agent! Do you understand?"

Annie: "Oh... Got it..."

Selena: "Hmm, good, I'm done, okay!"

Annie: "Wait, Karen..."

Selena: "What else?"

"Karen, is it really impossible for you to come back?" Annie said with a sad tone.

Selena listened to the sound of the sea wind on the other side of the phone, slowly closed her eyes, and murmured, "People have been in the dark for a long time, and it is inevitable that they yearn for the light. The past days were indeed wanton and unrestrained, but the heart was like a rootless floating Ping...I can't find the meaning of my existence...Although there are many constraints and difficulties in the current life, I like this kind of challenge, I like this feeling of having a purpose... Do you understand?"

"Karen, are you serious? Or are you pretending?" Annie's weak, uncertain voice came from the other end of the phone.

Selena: "..."

Well, she was wrong, she shouldn't have teased the innocent little girl, and she finally cheated herself...

Chapter 382

After hanging up the phone, Selena lay back on the bed.

I didn't get much useful news from this phone call, but it is certain that the guy has been active in the country recently, and even if there is no accident with the goods, he is really planning to return to the country...

After taking a deep breath, Selena finally returned a text message to Daniel...

Selena: I'm sorry Mr. Lu, I have work tomorrow, so I probably won't be able to go. Say sorry to Rick for me.

After replying, he threw the phone aside, not daring to read Daniel's reply...

next morning.

In front of a certain private kindergarten, there was a crowd of children crying, all of them were children who didn't want to go to school and didn't want their parents to leave.

In the beginning, only one child cried, but in the end, all the children were infected and began to cry.

The teachers and parents tried to persuade and coax them, and they were so busy that they finally persuaded one, but when the one next to them cried, all previous efforts were wasted.

In this chaos, the most striking thing is the little bun carrying a small schoolbag with an expressionless expression on his face.

The little guy held Papa's hand, didn't even look at the chaos over there, but just stared at the direction of the road leading to the school.

"Oh, kids, don't cry! Look at how well-behaved that kid is! He didn't cry at all!" A teacher pointed in Rick's direction for the kids to see.

The children all looked in Rick's direction, and as a result, they saw a cold-looking man next to Rick who looked very scary.

In the next second, all the children cried even harder...

"Wow! That kid was captured by the Great Demon King!"

"Wow mom, I'm afraid..."

"Wow, Baba, don't go, I'm afraid..."

teachers: "..."

Parents: "..."

Seeing that the situation was getting out of control, the teacher could only walk up to Daniel tremblingly out of duty, "This... this parent, the children are a little afraid of you, you... can you leave first?"

As soon as he finished speaking, the aura around Daniel became even more frightening.

The female teacher flinched suddenly, she didn't dare to say any more, she hurried away, blah, blah, blah, blah, blah, blah, blah, blah, blah, blah, blah!

Daniel lowered his eyes, glanced at his son's little head, and said, "Don't wait, she won't come."

Rick raised his head, glared at Papa angrily, and then continued to stand firmly in place.

Time passed by every minute and every second...

Seeing that the time for class is getting closer...

The parents of the children have already started urging the children to go to class quickly...

Selena still didn't come...

"Go in." Daniel could only speak again.

This time, Rick buried his head and scribbled a few words, then held it up for Baba to see...Rick don't go to school!

Daniel narrowed his eyes slightly, and his expression immediately darkened, "You are no longer a three-year-old child, as a man, you want to go back on what you say?"

The little bun buried his head and continued to brush and write...Rick is a child! Five years old is still a child! Rick is not a man!

After finishing writing, she put on a stern face, with an expression of "Papa, don't try to trick me like this again"!

What a powerful little treasure is not a man...

Daniel: Hey, the child is getting older, it's getting harder and harder to cheat...

At the same time, a black car was quietly parked in a corner not far from the school.

Chapter 383

Lu Chongshan was still able to pretend to be calm for the sake of his image, but Yan Ruyi couldn't help but began to urge Xing Wu, who was holding a telescope in front of him, "Xing Wu, have you seen it clearly? What's the situation with Rick now? Let me see the other children It's already started to go in for class, why is our little treasure still motionless?"

"Is there something wrong?" Lu Chongshan's face was serious.

Xing Wu looked at it for a while, then hurriedly turned his head and explained to the elders, "The young master has indeed something wrong at present. I saw that the young master wrote a sentence just now, saying that he should not go to school! The young master persuaded him a few times, but it was still useless!"

Lu Chongshan's face immediately changed, "Look! I knew, that woman's words are not so effective! It's coming, isn't Rick unwilling to go to school!"

"What... what can I do! Didn't you feel fine last night? You came here obediently this morning! This person has already arrived at the school gate! Why don't you go if you don't want to go?" Yan Ruyi was in a hurry.

Listening to the conversation between the two elders, Xing Wu coughed lightly and said, "The reason why the young master suddenly didn't want to go to school seems to be because that Miss Selena didn't come today. The young master probably hoped that Miss Ning could come today too." The one who sent him must have been emotional..."

Lu Chongshan immediately became angry when he heard that, "Then why didn't she come? Are you still planning to ask me to invite her in person? It's really unreasonable!"

"Otherwise, let's invite him? It's important for Rick to go to school!" Yan Ruyi hurriedly said.

Lu Chongshan denied it outright, "Absolutely not! Don't make up your minds! This kind of thing has two things! This time I opened my mouth, and next time it will be even worse! She will point to this and make more excessive demands!"

"This...then what do you think should be done?" Yan Ruyi didn't know what to do after being told. She was originally full of hope, but now she was full of disappointment.

"Even if we invite him in person, she probably won't come, because she knows very well in her heart that if Rick recovers completely, she will be worthless. She can't hope that Rick will recover so soon!" Lu Chongshan said in his tone. Determined.

After being told by Lu Chongshan, Yan Ruyi finally figured it out...

Not far away, the atmosphere between the father and son was also anxious.

Daniel: "Are you sure you don't want to go to school?"

Rick nodded with great certainty.

No more!

No more love!

Daniel looked helplessly at his son's extremely resolute little face. He knew his son's character, and he couldn't persuade the little guy to make up his mind, so he could only pull his son to prepare to go back, "Then go home." ."

The little bun squeezed his fist, but still stood there unwilling to move.

Until, the bell for class rang...

Aunt Selena really won't come...

The little guy's big eyes were full of sadness, his little head drooped, and he mechanically followed Papa, walking back step by step...

However, at this moment, a crisp voice suddenly came from the end of the road in the distance – "Little baby!!!"

This voice is...

It's Aunt Xiaoxi!

Rick's little face suddenly burst into a strange brilliance, twisted his body, broke away from Papa's hand, and Sa Yazhi ran towards the direction of the sound.

Accompanied by the sound of hurried footsteps, Daniel raised his eyes and saw the girl wearing Rick's favorite pink and tender dress and a pink crystal hair clip, trotting all the way towards the school...

–

The 30,000-word explosion is over...I'm so tired...I'm so tired...For the author's sake, please ask for a monthly ticket... During National Day, the monthly ticket will be doubled...

Chapter 384

Panting, Selena rushed over, knelt down and hugged Rick, and stuffed him with something, "I'm so exhausted, but luckily I caught up! Baby take it, I just learned a few hands from the master last night." , so I got up early in the morning and made a love bento for you, it's your first day at school, delicious food can give you encouragement!"

in reality...

She had already sent that text message last night and made up her mind not to come, but her body seemed to be out of control of her brain. She woke up early in the morning and started messing around in the kitchen.

By the time she realized it, she had already made a very cute and delicate bento!

Hey, my heart is full of little buns, I can't control it at all!

Especially when he thought of the little bun who was looking forward to him eagerly, but in the end he was disappointed when he didn't wait for him, Hun'er flew over directly!

So, in the end, the body followed Hun'er and rushed over...

"I'm sorry baby! Have you been waiting for a long time?" Selena looked apologetic.

Rick tightly hugged the love bento in his arms, and immediately shook his head, expressing that he was not angry at all.

Selena immediately felt relieved, and patted Rick's head, "Study hard and listen to the teacher obediently!"

Rick nodded vigorously.

Well, it's great to go to school!

He is going to school!

Daniel on the side saw his son's face changing faster than flipping through a book, and couldn't help but raise the corners of his mouth slightly, deliberately opening his mouth to expose, "Didn't you just say you don't want to go to school?"

When Rick heard this, he immediately tensed his back, and stared at Papa angrily.

Papa is too bad! How could you complain to Aunt Selena!

Complaining is the act of a villain!

Selena blinked when she heard this, and asked hastily, "Huh? Why? Why don't you go to school all of a sudden?"

Daniel never indulged his son's petty temper, so he said ruthlessly under his son's nervous gaze, "He's too capricious."

Little bun said with a thunderbolt on his face: "!!!" He will never talk to Papa again!

Little bun stared at Selena nervously, almost crying, afraid that Aunt Selena would get angry and dislike him.

Selena nodded knowingly, and then said indifferently, "What's the matter! Rick is still young! Willfulness is a child's monopoly, okay? It doesn't matter, baby can be as willful as he wants!"

When Rick heard it, his face immediately shone golden, and then he glanced at Papa next to him very proudly.

Sure enough, Aunt Xiaoxi loves me the most!

Daniel looked at his son, then at Selena, lowered his eyes and chuckled, "Well, you're right." He had an expression like my wife was right in everything she said! Even if provoked by his son, he doesn't care at all!

Daniel's smile was too dazzling. Selena avoided the light with a light cough, and hurriedly urged Rick, "It's time for class, isn't it? Come in, baby! Don't be late!"

Little Treasure looked into the school, and tightly hugged Selena's little hands, obviously reluctant.

At this moment, there are still some children and their parents who are reluctant to go in at the school gate. At this moment, they all have amazed expressions on their faces...

They watched helplessly when the girl appeared, the man who had just frightened all the children into tears with a terrifying face, the breath around him softened instantly, and the cold side face also slowly melted, it seemed... Such a terrifying appearance... There is even a hint of warmth...

Chapter 385

At this time, a child on the opposite side suddenly stared at Selena blankly, and exclaimed – “That child’s mother is so beautiful!”

Other children also found out, and echoed one after another:

“Like a princess!”

“Like a flower fairy!”

“Like a little magic fairy!”

“I want her to be my mother too!” A child blurted out.

The kid’s father couldn’t laugh or cry, “Don’t talk nonsense, mom will be angry!”

...

Listening to the conversations of the children around him, the little bun immediately hugged Selena even tighter, as if he was extremely defensive, afraid that she would be snatched away.

Selena touched Rick’s head to comfort him, dumbfounded, “They’re just joking!”

Listen to those princesses, flower fairies, little devil fairies, she is so ashamed...

Because Rick likes her to wear pink, so today she not only wore the pink hairpin given by Rick, but also wore a very girly and very princess dress, which is also a fight!

However, as long as the little bun likes it!

In the end, the rest of the children were distracted by Selena's appearance and gradually stopped crying. The teacher quickly took the opportunity to lead them into the school.

So, only Rick was left at the school gate.

Selena reluctantly hugged the little bun for the last time, "Go!"

With a small bento in his arms, Rick walked in step by step...

Originally, he still didn't understand why those children were crying, but after Aunt Selena came, he finally understood.

He was also reluctant to leave Aunt Selena, and wanted to cry.

Selena looked at the back of the little bun carrying the schoolbag, and thought that one day the little bun would grow up and become more independent, and finally leave their shelter completely, and never need her again... Eye sockets instantly filled Can't help but feel a little sour...

What the hell is this motherly mood?

At this time, a warm palm beside her patted her shoulder, "Don't be sad, it's a good thing."

Selena nodded awkwardly, "Yeah!"

...

Not far away, in the black car, Yan Ruyi was so excited that she burst into tears.

"Bless the Bodhisattva! Bless the Bodhisattva! No matter what, Rick finally went to school smoothly!"

Probably because of his repeated mistakes in predictions, Lu Chongshan's face was slightly stiff at the moment, and he snorted coldly, "This woman is sensible, so let's stop if I know it's suitable!"

Yan Ruyi caressed her chest, and sighed, "Hey! A big rock in my heart! It finally fell down!"

Lu Chongshan glanced at her, "Now you can finally put more energy on the boss's lifelong affairs, right?"

Yan Ruyi wiped away her tears, "I know, I know! The candidates are almost selected. Didn't I show you a few days ago? I almost sent it to the master to calculate the birth date!"

Although there are very few people who believe these things now, in fact, in the circles of the upper class, things like metaphysics and geomantic omen are still very popular. It is a person who would rather believe what is there than believe what is not.

"Don't delay any longer, this matter must be done within a few days!" Lu Chongshan urged.

"However, I haven't figured it out yet. Which master should I turn to? How about Master Long? In the capital, it seems that he is usually the one to go to for such matters! The reputation is very high, and it is relatively safe!" Yan Ruyi asked.
