

Cruel Heart Lover Novel

Chapter 391

Chapter 391

Bai Lu's hands kept trembling, and she looked at Su Yimo with horror on her face, "I... I was not careful... I... Sister Yimo, it's all my fault, you can find a way, as long as it is I can do it, I will do it!"

Su Yimo naturally disdained talking to people of this level, and only glanced casually at the manager next to her.

So, Zhao Meixin took a step forward, pulled the hem of the skirt casually to check it, and said in an exaggerated tone, "This torn is so big, the skirt must be useless! How about it, as long as you two pay one piece as it is, this It's over!"

Liang Biqin looked smug when she heard the words, and pretended to be generous, "You two heard it, and you will pay one for one. This request is not too much, right?"

Bai Lu trembled her lips when she heard the words, and shed two lines of tears on the spot.

Liang Biqin knew that even with all her savings, she couldn't afford this kind of clothes!

And Selena next to him, no matter what, he's just a rookie, not to mention he hasn't started making money yet, even if he makes a lot of money, it's still owned by the company, how could he possibly be able to afford it...

At this time, Selena walked up to Su Yimo, picked up the gorgeous skirt, and took a closer look.

I saw that on the hem of the skirt, except for the obvious stains, the tug that Bai Lu pulled just now did not cause too much damage at all. There were almost no traces visible to the naked eye, and there was no need to mend it...

So, Selena murmured, "Let's not talk about the stain, this mark is almost invisible, so it shouldn't have any effect..."

Liang Biqin was displeased when she heard the words, and interrupted her sharply, "What do you mean? Can I still cheat the two of you? Such high-end clothes, even if there is even the slightest flaw, the clothes are ruined, let alone It's drawing on such a large scale, which of you came from a remote country, if you don't understand it, don't embarrass yourself here!"

Zhao Meixin glanced at the bored Su Yimo next to her, and then sneered, "Oh, I'm afraid I just want to escape responsibility! It's a pity that so many people are watching, if she didn't suddenly run over like a madman and bump into Man, will this dress be damaged? Now you are still beating it up?"

After Zhao Meixin finished speaking, she casually glanced at some onlookers, and then someone immediately followed up...

"That's right! Sister Meixin's suggestion is not too much!"

"If you damage someone's clothes, you have to pay for it. It's a matter of course!"

"It's just asking her to pay for one thing, and she still pushes back and forth! I don't know what to do! Who is this! Poor character!"

"Sister Yimo's clothes broke as soon as she got her hands. What a shame, she was so good-tempered and never got angry!"

...

Someone took the opportunity to flatter, "Isn't it? This is the latest season of Chanel's limited-edition haute couture, and it hasn't even been released yet! I feel distressed when I see it! Speaking of clothes that haven't been released yet, even if they collect the money, I'm afraid Can't you buy it?"

This person was just talking inadvertently, but when he said this, he didn't flatter him. It seemed that Su Yimo was deliberately making things difficult for others...

Sure enough, Su Yimo's complexion had changed a little.

After realizing that he had said something wrong, the man was so frightened that he was half dead, and hurriedly remedied, "Sister Yimo, it's really lowering your grade to care about this kind of person! You can see how they are, and you know that you must not be able to pay, since The clothes haven't been released yet, so why don't they pay for a dress of similar quality!"

Chapter 392

Someone next to him immediately passed the ladder to Su Yimo obediently, "How can this work! Yimo's is a limited edition! If there is no one, one will be missing!"

Hearing this, Su Yimo's complexion got better, and she said impatiently, "Then let's do it, it's not impossible for the same grade."

Liang Biqin jumped out immediately, with an aggrieved expression on her face, "Cousin! You are so kind-hearted! This will only make some villains even more rampant!"

When the people around heard this, they naturally all echoed:

"You two, what are you doing standing there? Why don't you come over and thank Sister Yimo!"

"You guys are lucky!"

"It's because Sister Mo is easy to talk, so I didn't make things difficult for you!"

...

Bai Lu knelt on the ground with a blank expression, unable to utter a word.

Heh, clothes of the same grade are not all the same to her...

Absolutely can't pay...

Could it be that he can only be kicked out of the company today?

Although he had already planned for the worst, but at this moment, it was still completely unacceptable.

She persisted for a full ten years, and seeing that she was about to improve a little bit, it was all over because she stained a dress...

The onlookers looked at Bai Lu's gloomy expression, they all had expressions of concern, and they made up their minds that no one should provoke Su Yimo...

As for Selena, I'm afraid there will be no good end for her today.

Everyone knew that Selena had been suppressed badly at Star Entertainment, and it was impossible for her to have much money.

As for now, although I have signed a contract with Shengshi, I haven't signed a new movie yet. I have signed a small game endorsement. I don't know if the endorsement fee has been paid. ...

At this moment, Selena was squinting her eyes and didn't know what to think. Hearing the urgings around her and Bai Lu's sobbing, a gleam flashed in her eyes, and then she said...

"Is it necessary to compensate for a piece of clothing of the same grade? Wait for me for a few minutes, I'll go home and get it."

Fortunately, the apartment is very close to the company.

As soon as this statement came out, everyone showed expressions of looking at each other...

"That's so easy to say! Go home and get it? Would Selena have clothes of this quality? If she wanted them, I'll take my head off and use it as a toilet for you!"

"Isn't it a lie? If there is such a showy person like her, she would have worn it to show off a long time ago. Wouldn't she have seen her wear it once? It must be trying to save face, so hold on! It's delaying time!"

"No matter how much you delay, you can't create one out of thin air? What do you mean by the same grade? It means that it must be at least similar in all aspects! What grade is Yimo's? Don't say it hasn't been released yet, even if it is released, it will be limited worldwide. , and there will be no more than ten pieces!"

...

Liang Biqin sneered, "Hehe, fine, we'll wait! But, don't just leave! If you don't come back, it's impossible for my cousin to chase you all the way to the ends of the earth for such a trivial matter. Maybe Bai Lu lost it alone..."

These words were clearly intended to give Selena the title of a shameless villain, and as long as she dared not come back, she would definitely recite this title.

If she came back, it would be even more embarrassing if she returned empty-handed...

As for whether Selena would get clothes, she wasn't worried at all.

In such a short period of time, even if she went to ask someone for help, it would be too late. Which top brand of haute couture doesn't have to be booked a long time in advance to buy?

Chapter 393

"Selena, you..." Bai Lu hesitated to speak and wanted to ask her if she really had a solution, but she didn't dare to ask, for fear that the last glimmer of hope would be gone if she asked.

"Wait for me, soon." Selena hurriedly explained to Bai Lu, then glanced at Liang Biqin and the others with a half-smile, and ran straight out of the company gate without talking nonsense to them...

Bai Lu recalled the girl's last look before she left. Although she knew it was wrong, she still couldn't help but want to believe her...

Not long after Selena left, looking at the direction Selena left, Zhao Anxin always felt that she seemed to have forgotten something, but she couldn't remember what she had forgotten for a while.

Time passed by every minute and every second...

Everyone was looking out, and Bai Lu's eyes never left the door. After all, she was completely helpless, and Selena was her only hope.

"Tsk, Bai Lu, I'm still watching! You don't really believe that she will come back, do you?" Liang Biqin looked at Bai Lu's miserable appearance with great pleasure, not forgetting to add insult to injury.

Hmph, dare to compete with her for the role, this is the end!

Let's see who dares to fight against her in the future!

Bai Lu's face was gloomy, and she didn't say a word. In fact, she knew that her hope was very slim.

"Everyone has seen it, we gave it a chance and lowered the standard again and again. If you still can't pay for it, then you really can't blame us!" Liang Biqin paused for a while. , changed the subject, and said deliberately, "If you want to blame, then blame Selena! Tell me, if it wasn't for her, would Sister Yimo's clothes be damaged?"

Zhao Meixin also put on a regretful expression, "It's just that the clothes are dirty, it's nothing serious, it's fine if you don't wash them, who knows... hey..."

Naturally, Bai Lu knew that Liang Biqin and Zhao Meixin were deliberately provoking, so she twitched her lips and said nothing.

In fact, she didn't blame Selena, she just blamed her bad luck...

Heh, I haven't been popular for ten years, and I managed to play the role of the second female lead, but fell directly into the abyss... Is it not bad luck?

After waiting for a while, Su Yimo gradually became impatient.

Seeing that Su Yimo's expression was not good, Liang Biqin immediately said angrily, "Didn't it just take a few minutes? Why didn't you come?"

Zhao Anxin also had a displeased expression on her face, "It's really too much, if you can't pay it back, just tell me, it made us Yimo wait for so long! Does she know how precious our Yimo's time is?"

The others around nodded repeatedly, "I knew she wouldn't be able to get it out, so I shouldn't have waited in vain!"

"It doesn't matter to us, it's really a big honor for Sister Yimo to wait like this!"

"This person is so embarrassing! I see, Sister Yimo, if she really dares to run away, don't let her go so easily!"

"Yes, otherwise it would be too cheap for her!"

...

All of a sudden, those who were trying to see the wind and the wind all turned against Selena.

Seeing that the overall situation was settled, the last hope in Bai Lu's eyes was finally extinguished...

So unwilling!

However, if you are not reconciled, what can you do?

At this moment, a clear voice suddenly came from the gate...

"I am back."

The girl was still wearing that pink outfit, breathing slightly, standing there against the light.

"Ning...Selena..."

"Interesting! She really dares to come back!"

"Uh, she seems to be holding something in her hand...could it be clothing?"

Chapter 394

Selena was indeed carrying something in her hand, a plastic bag like that used in supermarkets, which contained a gray mass of unknown objects.

As Selena approached, someone gradually saw the plastic bag in her hand.

In an instant, the laughter at the scene rose and fell...

"Oh, I laughed so hard! What is Selena holding in her hand? Could it be that she went to the supermarket to buy one?"

"Hahahahaha... My God! No way?"

"I'm convinced, what kind of IQ?"

...

Zhao Anxin looked at the crumpled plastic bag in Selena's hand, as well as the dusty fabric in the bag, and immediately came to a conclusion.

This Selena, having nothing to do, actually resorted to such a bad trick as just pretending to be a fool!

"Heh, Selena, even if you can't get it out, you can't just buy one to fool people, right? Think we're all blind?" Zhao Anxin's last sentence accentuated her tone.

Liang Biqin laughed loudly, "I doubted her intelligence quotient when I saw her stupid outfit today, but I didn't expect it, she really has something wrong with her brain! How did this kind of person come to our prosperous age? Anyway, this is still in my company, if it is released, it will really embarrass the company's face!"

Selena slowly took out a gray dress with transparent fabric from the plastic bag, and said unhurriedly, "Oh, the things that are packed in the plastic bags

of the supermarket must be things bought from the supermarket. Well, this logic is really very intelligent!”

“You...” Liang Biqin laughed happily, her face was blackened by choking, and then she said through gritted teeth, “You are a country bumpkin, you really don’t understand, I will teach you today! Their real brand-name clothes, even the bags are enough to buy You’re all dressed up! You didn’t buy this from a supermarket, where could you buy it, who would use this kind of bag to store expensive clothes casually?”

Selena blinked her eyes, with a natural expression, “I have a problem? Is there any rule that you can’t pretend like this?”

“You...you’re still here! You’re so stubborn! I think you won’t cry until you see the coffin!” No one in this company dared to choke on her. Glared.

Someone in the crowd ran over immediately after receiving Liang Biqin’s gaze, snatched the clothes from Selena’s hand, and then exclaimed exaggeratedly, “What color is it? It’s like sh1t! It’s so dirty! It’s so vulgar clothes! Who gave you the courage to take them out?”

“Tsk tsk, this soft texture is not even as good as a rag!”

“Even if you want to make a fool of yourself, you should be sincere! There are so many of us here, you think we are all blind! It doesn’t matter if you think we are blind! Could it be that Sister Yimo is also blind?”

...

Selena watched coldly those people pulling the gray dress back and forth, a cold light flashed in her eyes, “Be careful, if you break it, you won’t be able to pay for it.”

As soon as the words fell, a burst of louder laughter erupted at the scene...

"Hahahahaha... She really put on it!"

"In the past, some people said that she has good acting skills, but I still didn't believe it, but now I finally believe it!"

"This acting can even win an Oscar!"

...

At this time, Bai Lu who was at the side quietly moved closer to Selena, trembling her lips and said in a low voice, "Selena, forget it...they are all knowledgeable, you can't fool them..."

Chapter 395

"They are all knowledgeable? Are you sure?" Selena raised her eyebrows and asked.

I don't know if it's because Selena's acting skills are too good, but when they saw Selena's determined look, they gradually felt a little guilty.

One of the female artists who was holding the clothes unconsciously relaxed her hands and muttered, "Even if I can see the flowers in this ragged dress, I can't tell where it is high-grade! Where did she come from?" self-confidence?"

"What are you looking at? It must be a lie. Even if we admit our mistake, can Sister Meixin and Sister Yimo admit their mistake?"

"That's right... I was almost tricked by her!" The female artist said, seeing a trash can next to her, she sneered and was about to throw it into it.

But...

Before throwing the clothes away, Selena who was opposite suddenly gave her an extremely cold look, which made her tremble in fright and stopped the movements of her hands...

The female artist bit her lip and lowered her head to check the dress again.

"This rotten rag! You're addicted to watching it!" Someone beside her said that she was about to grab the clothes in her hand.

The female artist was checking the collar of the dress, and she didn't know what she saw. She suddenly turned pale, showing an expression of extreme panic, "Don't move! Be careful!"

"You... what are you doing? You were taken aback!"

The female artist looked down again, then swallowed, stuffed the hands of the person next to the clothes, and said in a low voice, "This seems to be Ge's clothes..."

"What ge?"

"It's Sister Yimo's favorite brand!!! ge!"

Many of the people present were Su Yimo's sycophants, so they were very clear about her preferences. After hearing this, the people around them immediately turned pale, and under the excitement, their voices unconsciously became louder. "What? This is Yimo's favorite brand! Ge?"

As soon as the voice fell, the noisy crowd suddenly fell into dead silence.

The person next to him also saw the small logo on the clothes after he finished speaking, and immediately stuffed the clothes back to her in horror, "Then you give it back to me!"

I don't know if it was torn up by those people just now. If it is really broken, whose fault is it!

The female artist hugged the thin piece of fabric like a hot potato, and looked towards Su Yimo and the others with an expression on the verge of tears, "Sister Yimo, this dress..."

Su Yimo frowned slightly and glanced at Zhao Anxin.

"What's going on?" Seeing that something was wrong, Zhao Anxin hurried over and picked up the dress.

"Sister Meixin, this dress seems to be from Ge..."

"What nonsense are you talking about? Blind your dog's eyes! Ge's clothes are famous for being gorgeous, where is this rag..." Before she finished speaking, Zhao Anxin had already seen the unique Ge on the collar, embroidered with gold thread. A sign of understated luxury.

"This... this is impossible!"

Liang Biqin also hurried over, glanced at the sign, and said, "I'm afraid it's not fake. Is it a counterfeit? This Selena is too courageous! She dares to copy any brand! Even if it's a counterfeit, it should look a little bit like it! No matter how you look at it, it can't be the brand that Sister Mo likes most, right?"

Zhao Meixin squeezed her brows, and walked to Su Yimo's side, "Yimo, look this dress..."

Su Yimo randomly picked it up with a finger and looked at it, and in the next second, her face immediately changed.

This very inconspicuous-looking dress...

It turned out to be a ge style!
