

Cruel Heart Lover Novel

Chapter 396

Moreover, it is not only the style of ge, but also the most special one, and the only pajamas style, so the style will be different from others.

The fabric is soft and thin, for comfort. In fact, the material is a kind of silk that is difficult to cultivate, very precious...

Su Yimo looked at it carefully again. Fortunately, the material was still strong, and the clothes were not damaged, so she felt relieved.

Although she liked this brand of clothes, the clothes in her hand belonged to that ba5tard Selena!

Realizing that she was relieved because of Selena's clothes, Su Yimo immediately felt even more ashamed, and threw the clothes to Zhao Meixin...

After Zhao Meixin saw Su Yimo's ugly face, she immediately knew that there was nothing wrong with it, this dress was really Ge's!

And those onlookers, after seeing the faces of Zhao Meixin and Su Yimo, they already realized that something was wrong...

"It's... It's over! Could it really be Ge's? I pulled it hard just now! It won't break and let me pay for it?"

"I thought Selena was lying!"

"Dmn it! Where did Selena get this kind of clothes?"

"Ah! I suddenly remembered something. Some time ago, there was a rumor that..."

...

At this moment, listening to the whispers around, Su Yimo also recalled what Zhao Anxin had told her, that there was a cloakroom full of clothes of this brand in Selena's apartment.

So this dress is already certain, absolutely real.

Su Yimo immediately gave Zhao Meixin a hard look. She actually forgot about this kind of thing?

Zhao Anxin wiped off her sweat, and hastily lowered her voice, "Yimo, I actually thought of this before, but what I didn't expect was...she, she...could be so courageous...that she dared to take the company's clothes. I will pay you..."

"I don't need to know the reason, you settle this matter for me!" Su Yimo threw the clothes to Zhao Meixin extremely displeased.

Dmn it, she was indirectly considered "blind" in front of so many people, and she didn't even recognize Ge's clothes!

Zhao Meixin nodded again and again, "Yes yes yes... I will definitely solve it! Yimo, don't worry! You don't have to do anything, just wait and see! See how I deal with her!"

After Zhao Meixin finished speaking, she glared at Selena angrily and reprimanded – "Selena! You are so brave! How dare you steal the company's property!"

Selena raised her eyebrows, "Oh? I embezzled company property, I don't know how to say that?"

Zhao Meixin sneered again and again, and said with a confident expression, "Don't you think we don't know? There are indeed a lot of Ge's clothes in your apartment, but they are all company things. Your place is nothing more than a company It's just a warehouse! Do you still naively think that these clothes are yours if you put them in your place? You can take them out and give them to others at will?"

Liang Biqin sneered, "Look, let's just call her an idiot. She said she had a brain problem before, but she insisted on choking on me!"

The people next to him all showed a sudden realization expression when they heard this, it turns out that...

"This Selena is really courageous!"

"Use the company's stuff to pretend to be aggressive! It's enough!"

"You want to be in the limelight, you want to go crazy!"

...

Bai Lu was already trembling with fright at this moment, and couldn't help but cast a worried look at Selena, it's over, things are getting worse!

Originally it was just a matter of clothes, but at worst, he was kicked out of the company, but now it is involved in embezzlement of company property, if not, he will be sent to jail...

Chapter 397

Selena gave Bai Lu a reassuring look, and then waited for the surrounding discussions to calm down, before she said, "Senior Su, Sister Meixin, it doesn't matter whether this dress is the company's property or not, and it doesn't matter whether I have a problem with my brain or not." , according to your request, I have taken out a dress of the same grade. You only need to fulfill

your promise, and this matter is over. As for all the next things, all responsibilities are my business, by I bear it alone, and it has nothing to do with you!"

Su Yimo's eyes immediately turned cold when he heard this.

Zhao Meixin originally wanted to refute, but she couldn't find any words to refute, and her face froze immediately.

Liang Biqin couldn't help but say, "It's a bunch of nonsense! It's just ridiculous!"

Selena shrugged, "There were so many witnesses just now, you said it yourself, I didn't say a word."

After he finished speaking, he paused, then continued with a prolonged voice, "Or, those words only counted in the last second, and they don't count in the second? Of course, if this is the case, I, a little newcomer, naturally have nothing to say Can say!"

Enraged by Selena's words, Zhao Meixin and Su Yimo looked at each other, and then immediately said, "If we Yimo said something in person, it will count! Selena, since you want to die, you can't complain We are here!"

After Zhao Meixin finished speaking, she casually glanced at Bai Lu, "Since the two of you have brought out clothes of the same grade as we asked, then this matter ends here!"

When talking about the same grade, Zhao Meixin's tone was obviously a little guilty.

After all, anyone with a discerning eye would know that the clothes Selena brought, even if it was just a pajamas, were several grades higher than the one Su Yimo was wearing.

Hearing this, Bai Lu did not breathe a sigh of relief but looked at Selena anxiously.

In this way, although she is fine, Selena will be miserable!

No matter what happened today, it was all because of her, and Selena was also innocent...

Liang Biqin took Su Yimo's arm, and glared at Selena bitterly, "Cousin, let's go! It's really bad luck to waste so much time because of this crap!"

Su Yimo gave Selena a cold sideways look, and walked forward without looking back.

The whispering crowd of onlookers were also about to disperse...

"I didn't expect such a result in the end..."

"Even though Bai Lu got away, Selena will be in trouble, right?"

"That's needless to say! Such a big crime! It's just the difference between early death and late death!"

...

The moment Su Yimo and the others stepped away, Selena's voice suddenly came from behind...

"Senior Su, please stay!"

Su Yimo's expression turned even worse, as if to say, you are also qualified to let me stay?

Liang Biqin immediately snapped, "Selena! You're not done yet, are you?"

On the other hand, Zhao Meixin looked at Selena behind her with a clear expression, "Oh, what? I know I'm afraid and regret it? But I've said it all. There are so many witnesses at the scene. Now Sorry, it's too late!"

The corners of Selena's mouth curled imperceptibly, "Sister Meixin is worrying too much, how could I regret it!"

"Then why did you ask my cousin to stay for a while? Are you crazy?"

Selena looked at Su Yimo who was looking down at her with a contemptuous expression, "I just want to remind Senior Su of one thing...and please Senior Su take off your clothes."

Chapter 398

As soon as the words fell, there was a horrified gasping sound at the scene...

Liang Biqin's eyes widened, "Selena! You...you...you are so bold!"

Even Su Yimo, who had always been disdainful to talk to Selena, turned livid and scolded in a low voice, "Presumptuous!"

Zhao Meixin's face was distorted with anger, "Selena, are you crazy? In public, you actually said such nasty words to humiliate Yimo!"

Bai Lu was so frightened that she didn't even dare to speak, and all around her were looking at Selena with hellish eyes...

"This Selena, how dare you say it..."

"Her behavior today has been a little weird. Has someone lowered her head? Otherwise, why has she been trying to die?"

...

Hearing Su Yimo and the others' angry reprimand, Selena's expression did not change from the beginning to the end, instead she put on an innocent expression, "Well, I don't know what I said wrong, why are you all so angry, Senior Su? ...I have already paid for the damaged clothes according to your request, so shouldn't the clothes on Senior Su belong to me?"

There was silence all around.

Even the three of Su Yimo were speechless...

In the end, it was Liang Biqin who spoke out first, "Selena! Are you crazy about poverty? You want a piece of worn-out clothes too?"

Selena looked puzzled, and stared straight at Su Yimo, "Miss Liang's words are really bad! The clothes on Senior Su's body are so expensive, how can you call them rags? This is Chanel The latest quarter's haute couture global limited edition skirts haven't even hit the market yet, and even if they do, there are only ten pieces in the world! If there's no one, there's one less! Clothes of this grade are enough to buy even bags for them I'm in this outfit! How can I say it's rags?"

Selena's memory was also excellent, and she repeated all the compliments that all of them had just given on this dress.

"You, you, you..." Liang Biqin was almost choked to death by her, "Don't change the concept! I mean the clothes are dirty, not torn clothes!"

Selena nodded knowingly, "It doesn't matter if it's dirty, Sister Meixin said, just wash it, it doesn't matter if it's broken, I've seen it just now, that small flaw won't catch Senior Su's eyes, but anyway I don't have good eyesight, I'm blind, I don't care at all!"

Although these words are saying that I am blind, but the implication is that I don't know who is implying blindness...

However, Selena's words were so cryptic and flawless that even if Su Yimo and the others understood everything, they couldn't do anything to her.

Seeing the present, the crowd of onlookers were stunned, the plot reversed too quickly like a tornado...

After saying all this, Selena suddenly looked at Liang Biqin with an extremely nervous expression, "Miss Liang, hold your hands! Stay away from Senior Su! Be careful of the rhinestones on your nails, don't catch me The clothes! This dress is so expensive, I can't even afford it!"

As soon as the words fell, people around couldn't help but almost laughed...

While Liang Biqin seemed to be about to faint from anger, Zhao Meixin stood up and angrily reprimanded with a solemn face, "Selena, how shameless are you! You are a rascal!"

Selena showed her aggrieved face, "Rogues are unreasonable... I don't know what I said just now, which one is a rascal?"

Chapter 399

"you..."

The most irritating thing about Selena's words was that she made every sentence so reasonable that people couldn't refute it.

After the battle between Liang Biqin and Zhao Meixin, Selena turned to Su Yimo again, and said pitifully, "Senior Su, I know this dress is your favorite... I also mustered up a lot of courage to let you take it off." Come down and give it to me... In fact, I regretted it just after I finished speaking! A gentleman does not take away people's love, this dress worn by Senior Su... also give it to Senior Su! I don't want it!"

"Selena! You..." Ever since Su Yimo became famous, how had Su Yimo ever been so angry? He didn't bring it up in one breath and almost vomited blood.

What does it mean to give it to her? This b!tch actually has a tone of charity!

"Cousin! Cousin, are you okay!" Liang Biqin immediately shouted excitedly, "Selena, you still say you are not a ra5cal! Do you want my cousin to take off her clothes for you in front of so many people? Is it? Do you not want to live anymore!"

Liang Biqin was almost at a loss for words under the excitement.

Selena immediately looked horrified, "How is that possible? Of course, Senior Su went to find a restroom or somewhere to change. I'm waiting here! I can wait as long as I want!"

While comforting Su Yimo, Zhao Meixin looked at the gray dress in her hand, "This is the pajamas you brought! Did you ask Yimo to change into this pajamas?"

Selena hurriedly said, "How could it be! Sister Meixin, you have wronged me so much! Then...then...if you don't have other spare clothes in the nanny's car, I...I can wait for a few more days!"

These words were implying that Zhao Meixin and the others were reluctant to part with Su Yimo's clothes, so they deliberately found fault with Selena over and over again.

At this moment, Su Yimo finally regained her composure, and said sharply to Zhao Meixin who was beside her with pale lips, "Give it back to her! Give this dress back to her!"

Zhao Meixin looked embarrassed, "This... Yimo, if I return it to her..." There will be no evidence that she embezzled the company's finances...

Before he finished speaking, Su Yimo had already glared at him, "Didn't you hear me talking to you?"

Do you still think she is not ashamed enough today? She has had enough!

Zhao Meixin didn't dare to disobey her wishes anymore, so she could only rush to Selena and stuff the ge pajamas in her hand, "It's alright, alright! I'll return this dress to you! It's just a dress, It makes you anxious! You look like you have never seen the world!"

In order to regain her place, Liang Biqin hurriedly agreed, "I told you she's a country bumpkin! Even a broken dress looks like nothing, and I almost took it off my cousin!"

After finishing speaking, he glared at the people around him fiercely, urging them to quickly scold Selena together...

The onlookers had been dumbfounded since Selena suddenly called Su Yimo to stop, so they all forgot to speak in an extremely quiet manner. Seeing Liang Biqin's urging, only a few sporadic and perfunctory words were absent-minded... ..

"That's right! Look at her poor and crazy ugly!"

"Sister Yimo is too generous. For such an expensive dress, she finally said that she would not pay for it..."

"Sister Yimo is just teaching them the rules of life. How can she really care about a piece of clothing, but she is so anxious!"

...

Su Yimo took a deep breath, regained her noble and glamorous expression, followed by two guardians, Liang Biqin and Zhao Meixin, and strode away without looking back...

Chapter 400

Behind her, the corners of Selena's mouth curled slightly, and she carefully patted the dust off the dress in her hand, tsk, go back and wash it well, it's all stained by these people's dirty hands...

This dress was given to her by Lord Boss!

How could she really use it to compensate Su Yimo?

If you take it away, you have to spit it out!

It wasn't until Su Yimo had left for a long time that those around who had been holding back for a long time finally dared to speak, and all of them looked dazed...

"Uh, is this the end?"

"I guessed the beginning... but I didn't guess the ending..."

"Also, have you noticed that Selena just ran home from the beginning to the end, said a few words casually, and in the end, she didn't pay any price, and she was fine..."

"Really!"

...

After the crowd gradually dispersed, Bai Lu finally came to her senses, and walked to Selena's side nervously, "Selena..."

"Huh? Sister Bailu!" Selena carefully folded the clothes and put them in the bag.

Bai Lu frowned and said, "Selena, although this matter has been settled, but I offended them badly today, what if they trouble you in the future?"

Selena smiled nonchalantly, "Sister Bailu, do you think that if I don't offend them, they won't trouble me in the future?"

Bai Lu was slightly startled and subconsciously shook her head.

Too...

With Selena's current position, she has a conflict of interest with Su Yimo and the others, no matter how careful she is, troubles are inevitable...

"Also, Sister Bailu, don't worry, Su Yimo is the one who cares about saving face the most. Today's incident is such a big deal, if she immediately troubles you, it will be too obvious. So, in the short term, you are safe!"

Selena didn't say a word, the current hatred has probably been transferred to her, Su Yimo can't care about Bai Lu...

Bai Lu bent down to thank you with a moved face, "Selena, thank you so much for today! Otherwise, I would have to be kicked out of the company!"

"Sister Bailu is too polite! I didn't help you with anything. I'm also a fallen person!" Selena noticed the bruises on Bailu's knees from the corner of her eyes as she spoke, "Sister Bailu, are you okay? Do you want to go?" Hospital to see?"

Bai Lu shook her head hastily, "No need, it's just a minor injury!"

After finishing speaking, he looked a little embarrassed, "Selena, you can just call me by my name, don't call me sister, I am not qualified to be called sister..."

Selena chuckled, "You're older than me, so it's not natural for me to call you sister? Besides, I like Sister Bailu's works very much, your "Red River", "Green Mang", and "Where the Wind Blows" ...I've seen them all! The acting is amazing!"

Bai Lu was stunned when she heard the words, "You...have you seen my videos?"

These few films are all works in which she has a lot of roles, but because they are too literary and artistic, they didn't make any splashes, and because of bad luck, they didn't win any awards.

Selena nodded resolutely, "I've seen it! Sister Bailu's acting skills are very unique, especially in the handling of details. I learned it on purpose, but it's a pity that you have too few films... But it doesn't matter. I watched the "Listen" you just released, and I feel that the possibility of winning an award is very high! Then you will be able to act in more good films to benefit the audience!"

Bai Lu stared blankly at Selena's long speech, unable to recover for a long time.

She now believes that Selena has really seen her works, otherwise she would not know her acting style so well.
