

Cruel Heart Lover Novel

Chapter 40

"Hey, but it's no wonder. When Selena was abroad, she was just playing around with those people. She flung them away after they were done playing. She was very chic. And this Roman should be the only man she ever truly loved."

It's fine if you don't explain it, but with this explanation, Daniel's expression became even uglier.

Seeing this, Saul was a little speechless. He thought to himself that you two didn't say anything, so why do you have such an expression of wanting to massacre the city?

"Brother, even if you plan to have a relationship for a long time, at least get Selena into the prosperous world first, otherwise it will be inconvenient for her to be with her arch-rival Empire! As far as I know, she was overwhelmed by Susie Miserable!" Saul muttered.

Daniel looked at the girl who became extremely quiet after holding Rick with an unpredictable expression, "The time has not yet come."

After finally taking him back to the villa, after getting off the car, something went wrong again.

When Selena saw the silver-white supercar parked next to her, her eyes suddenly shone like hungry wolves, and then she lay on the car body and refused to leave, her expression was like that of a little girl seeing the lover of her dreams, "Oh ! Xiaobai! My little baby!"

Daniel's paralyzed face changed from red to orange, yellow, green, blue, blue and purple like a revolving lantern.

Regardless of his famous name, he ran to the women's bathroom to fetch her back. She didn't have a good face, and said he was a big devil, but now he is holding a car and calling him a little baby?

"Hahaha... Brother, you are not jealous of a car! Who told you to drive this car? When Selena was abroad, she was at the level of a professional racing car. She especially likes sports cars. Naturally I have no resistance to this world's number one supercar!" Saul gloated at the side.

Then he discovered that there were people who had more taste than Daniel.

That is Rick.

Seeing that his unique title of "Baby" was actually given to a car, the little guy's expression was about to cry.

However, Selena, who was the culprit, was still touching the car left and right, with a look of infatuation, "Baby, you are so handsome... so charming! I really want to marry you!"

Daniel's knuckles creaked and he had the urge to swear.

When he proposed to her, she seemed to have encountered a scourge, and now she was actually proposing to a car?

Daniel rolled up the sleeves of his shirt little by little, "Old Zhang, bring the hammer."

Saul was laughing so hard that he couldn't catch his breath, and he became anxious when he heard the words, "Don't! Brother, calm down! This car is almost 200 million yuan! You don't need to give it to me, I will take it away, and I promise not to let it go. It's in the way of your eyes!"

As soon as the words fell, Saul's whole body was in a trance, and Selena, who seemed to have a delicate figure, threw him over his shoulder and left him in a mess.

"Who dares to touch my Xiaobai!" Selena's beautiful little face had an expression of killing gods and killing gods and Buddhas.

Saul supported his waist, "The hero, please forgive me, I was wrong..."

This girl seems to have practiced judo for several years, and being thrown by her would almost kill half of her life!

Selena slid into the driver's seat immediately after the fall, holding on to the steering wheel tightly, "Don't be afraid, Xiaobai..."

"Young master, this..." Old Zhang who was pushed away was dazed.

Daniel waved his hand with a headache, signaling the driver to leave.

Then he looked at his son, "Rick, it's late, you go back to bed first."

Rick, who was immersed in falling out of favor, immediately shook his head like a rattle.

Daniel wasn't angry either, he just said lightly, "You know, girls don't like their bad side to be seen by the people they care about the most."

Well, the person who cares the most...

Rick pondered for a few seconds, then turned around obediently and left.

Saul's eyes widened, "Brother, you are so shameless, you actually lied to children!"

"Do you have anything else to do?"

"I have something to do, I want you to feel the heat of my big watt light bulb!"

Then he felt his brother's icy cold temperature.

"Okay, I'm leaving, I'm leaving too..." Saul looked back vaguely before leaving.

There is a man, a woman, and a supercar, so nothing will happen...

Tsk tsk, the 63x record-breaking telephoto camera he just bought finally came in handy!
