

Cruel Heart Lover Novel

Chapter 411

Chapter 411

On the soft big bed, the girl was sleeping sweetly, her cheeks were flushed, and her black hair covered the pure white pillow behind her...

Daniel's mood involuntarily became extremely peaceful. He gently sat down on the edge of the bed, feeling the urge to do nothing but just keep looking at her...

Um, do nothing?

This situation...

It seems a little unlikely...

It's been a long, long time since she left the Platinum Emperor Palace... It's been a long time since I looked at her so closely...

I haven't been close to her for a long time...

Even though he knew he shouldn't, such a temptation was beyond his reason, and his self-control didn't work at all.

Daniel picked up a strand of the girl's hair, kissed it lightly, and then slowly covered the girl's soft cherry-colored lips...

Originally, he just wanted to leave her with one touch, but this was obviously an extravagant wish. After touching her, the soft and sweet touch made him sigh, and he couldn't help but slowly caress, toss and turn, and then gently

press her chin with his fingers, Greed penetrates deeper, absorbs more sweetness...

"Hmm..." The girl couldn't breathe well and moaned uncomfortably.

Daniel's back stiffened. He should have left, but his body didn't obey him at all. Because of her slight resistance, he became more excited. He put his lips in his mouth and kissed her more deeply...

"land..."

Hearing her murmuring his name, Daniel became even more excited. He pinched her waist and almost rubbed her into his body...

Because of the pain on her lips, Selena frowned, and waved her hand unhappily, "Lu Baicai..."

Daniel: "..."

Hearing those three words, Daniel was stunned. After he realized it, he buried his head in the crook of her warm neck, and let out a low laugh from his chest, even his charming thoughts were interrupted by her.

Lu cabbage?

this title...

Well, it seems to be fine.

very special.

It's hers.

Seeing that night was beginning to fall, Daniel finally reluctantly called out the girl's name, "Selena...wake up..."

Selena opened her eyes in a daze, and as soon as she woke up, she saw the perfect face of the man above her head and the gentle eyes of the stars.

"Hmm..." Was she dreaming?

wrong! She is in the lounge of the Great Demon King's office!

Selena hurriedly got up, "Master Boss! Have I been asleep for a long time? What time is it?"

"Soon, two hours, exactly."

"I'm going! Am I a pig! I actually slept for a full two hours!" Selena hurriedly got out of bed and made up the quilt.

"Don't worry, someone will clean up later."

"Oh..."

"Let's go, it's late, it's time to eat."

After Selena woke up, she immediately asked about the business, "By the way, boss, have you finished the script? How is it? Can I shoot it?"

In fact, she was very worried, worried that the subject matter of the book might not be accepted by Daniel's strict and rigid personality...

"I read half of it." Daniel replied.

"Looked halfway?" The speed at which the big devil looked at things... Doesn't seem too fast? Unscientific! Probably because they are more cautious and look more carefully!

Hey, sad reminder, do you have to wait another day? So anxious!

Selena was so impatient that she couldn't wait for even a minute, let alone a whole day, so she said with a bitter face, "Then what should I do? I'll wait for you to finish reading, and I'll come to see you tomorrow?"

Chapter 412

Daniel picked up his coat from the hanger and said while putting on his clothes, "I'm afraid not. I'm going on a business trip abroad early tomorrow morning."

"What!" Selena was shocked.

It was another bolt from the blue! Why is the Great Demon King leaving?

Daniel thought for a while, and then said, "So, now I have two options."

"Which two plans?" Selena asked hastily.

Daniel: "Plan 1, wait for me to come back from a business trip in a week!"

"One week!" Although it's not long, it's not short either! "What about the second plan?"

Daniel glanced at her, "Option 2, come home with me."

"Huh?" Selena was stunned, "What...what do you mean?"

"It means that you can have dinner with me tonight. After dinner, I'll start to read the remaining half. After I finish, I'll discuss with you. It should be resolved within today." Daniel explained.

Selena blinked her eyes and said without hesitation, "I choose two!"

Is there still a choice, I must choose the second! But, after the election, why did she feel like she fell into the pit again...

A smile lit up in Daniel's eyes, "Well, let's go."

Selena graciously walked ahead and helped Daniel open the office door.

As a result, the next second, he froze as soon as he opened the door...

Originally, at this time, everyone should be off work, but what she saw was full of employees, none of whom were off work, and they were all at their desks, looking serious about their work, except for those who secretly glanced at them from time to time. eyes...

Selena couldn't help sighing, "Master Boss, your employees...are so hardworking!"

Daniel glanced at his employees, and then at Cheng Feng who had been waiting outside the office for an unknown amount of time.

Cheng Feng shouldered everyone's hope, so no matter how afraid he was, he could only walk forward tremblingly. Of course, he couldn't say that everyone was too scared to leave, so he could only laugh and say, "To thank the company for cultivating, everyone is actively working overtime today..."

Daniel said with a cold face, "I've always advocated efficient work instead of blindly working overtime."

Cheng Feng thought it's over.

Immediately afterward, Daniel added, "However, the spirit is commendable. Everyone's monthly salary will be increased by 30% as a bonus."

Daniel naturally knew what they were thinking, but he did lose his composure today, probably because he frightened them.

Think of it as...spiritual damage fee...

Moreover, my wife just praised them for their hard work!

Obviously, that's the point.

Hearing Daniel's words, everyone couldn't believe their ears.

Are they hallucinating?

I was worried all afternoon and thought the company was going to close down!

As a result... the boss actually gave out a bonus!

This happiness came so suddenly!

However, it's too late to shock the bonus, and even more, shocking things are yet to come...

"Let's go." Daniel turned to Selena and asked the girl next to him softly as he walked straight through the staff area, "What do you want to eat tonight? I saw from your circle of friends that you want to lose weight. I'll ask the kitchen to prepare it." Some low-fat food?"

"Yeah, okay! In fact, I can do it! Don't worry about me too much! At worst, I'll eat less!"

"You can lose weight, but you must also pay attention to your body. What do you think of the nutritionist recommended by Qin Mufeng last time? If possible, I will ask her to prepare a reasonable diet plan for you!"

"Ah? Will it be too much trouble for others?"

"No, I'll give you a call tonight."

...

Behind, the whole company, all employees: "..."

Chapter 413

Dmn!

what did they see

What did they hear?

This unexpected dog food!

This sudden show of affection!

In an instant, everyone turned to Cheng Feng again, and the state was almost crazy...

"We! We! Hurry! Want! Yes! Boss! Boss! Mother! Got it!?"

"Dmn it! Assistant Cheng, you're too disrespectful! You've kept such a big deal a secret! You can't get through it at all!"

"It made us all freak out!"

"Just now the boss suddenly gave us a bonus because the lady boss praised us for our hard work, right? The boss never likes us working overtime!"

"Definitely is!"

...

Cheng Feng rolled his eyes, he was about to pee out of fright, okay?

Fortunately, the two of them are fine. Seeing that the boss is giving out bonuses and talking softly, it must be that the crisis is over and the weather is over.

In a sense, Miss Selena is the one who decides their life and death!

After calming down a bit, a female employee muttered unhappily, "Don't get excited here, who knows if it's the boss's wife!"

Many female employees in the company secretly admired Daniel. They thought that the boss belonged to everyone. Now that he suddenly had an owner, they naturally felt uncomfortable. They all agreed, "Maybe it's just for fun!"

A male employee retorted with a look like you were too stupid, "From my point of view as a man, the boss is absolutely serious this time! If the boss is really the kind of person who wants to play around, after so many years, he Will there be no women? Have you ever seen the boss lose his composure? Have you ever seen the boss be so gentle? Have you ever seen the boss complete the subject, verb and object when talking to someone?"

"It's more than that! Since I joined the company, I haven't heard the boss talk so much. I almost thought that our boss has a language barrier! As a result, there is no obstacle when coaxing girls..."

"What is this? We all thought the boss liked men, okay?"

...

Those female employees who were not reconciled all showed aggrieved expressions, but they could not refute.

Unable to refute, it is inevitable to start to find the place from other places, "Who the hell is that woman? She is still wearing a mask! Is she so tall that she can't see people?"

"Even if you wear a mask, you can tell that she is a great beauty. You women who covet the boss, you better stop thinking about it!"

"bastard, who do you think covets the boss! We just can't bear the vixen hooking up with our boss!"

"Could it be that Su Yimo? Actually, Su Yimo's image is pretty good! She's a goddess! She's a perfect match for our boss..."

"Blind your dog's eyes! Su Yimo's fake woman is a good match for our boss?"

"Stop arguing, stop arguing! You women, just admit it, no matter which woman it is, you won't be satisfied..."

...

Platinum Palace.

After getting out of the car, Selena looked at the villa in front of her in a daze.

To be honest, when she left, she never thought that she would come back here one day.

Seeing her in a daze, Daniel said, "What's wrong?"

"It's okay." Selena shook her head and followed into the house.

Halfway there, the phone rang, it was Louis's call.

"Hey, what are you doing?"

"Why not, just remind you, don't be late at night! If you let me wait for you again, I will really lose my face!" Louis threatened on the other end of the phone.

Selena looked confused, "Tonight...Why don't you be late at night?"

"Selena! Are you courting death?"

"Oh, I remembered. I'm going to record the live broadcast of the game tonight, right? I got it! I was joking with you just now, I never forgot! I will never be late! Hang up!" Selena hung up quickly On the phone, the expression on his face was inevitably a little guilty.

In fact, under the beauty of Mr. Boss, she has long forgotten about this matter!

Selena looked at Daniel with a bitter face, "Master Boss, didn't I endorse a game? In order to cooperate with the promotion of the game, I will hold a game live broadcast tonight... What should I do..."

"You can use my computer."

Chapter 414

Selena was stunned for a moment, "Use your computer?"

Daniel rubbed her hair lightly, "Don't worry, the configuration of my computer is high enough, and the internet speed at home is also fast, so there won't be any problems."

"Oh oh oh!" Seeing the big devil's reliable expression and tone, Selena blinked her starry eyes and nodded repeatedly.

The big devil's computer must have a high configuration. As for the speed of the Internet, she has experienced it personally.

When I lived here before, what I loved the most was the speed of the Internet here. It is extremely fast. It is very refreshing to browse the web, watch videos and play games.

"I'll take you up there, you can try it out first."

"All right!"

The two entered the room while talking. Not far away, Steward Yuan was surprised when he saw the two came back together. He lowered his eyes and said respectfully, "The young master is back!"

"Ok."

"Hi, Miss Selena, are you here today...as a guest?" Then, the old butler looked at Selena and asked tentatively, with a hint of excitement in his tone.

"Grandpa housekeeper! I'm here to do something!" Selena replied.

"So..." The old butler was obviously disappointed, but after thinking about it, being able to get along with each other calmly is considered a good development, and looking at the young master is also in a good mood.

The last time it was so loud, it really scared him a lot.

At this moment, Wanwan ran over excitedly, "Miss Selena! You're back!"

The unintentional "You're back" made Selena's originally calm mood become full of emotions. Hey, none of the devil's subordinates are easy-going lamps!

Selena chuckled, "Wanwan, do you miss me?"

"Thinking..." Wanwan murmured with a blushing face, only then did he realize that Daniel was there, and hurriedly bent down to say hello, "Eldest young master, you are back!"

The little girl couldn't hide the expression on her face. With this performance, it was obvious that Selena was much more popular than him...

Fortunately, Daniel was used to it and was optimistic that it would work, as long as he didn't take too much of his wife's attention.

After Daniel and Selena entered the room, they looked at the old housekeeper excitedly, "Uncle Yuan, why did Miss Selena come here suddenly? Are she and the young master..."

Butler Yuan shook his head, "Don't guess, Miss Selena is just looking for something to do with the Eldest Young Master, but I think the atmosphere between the two is pretty good."

There is another sentence that he didn't say, and he didn't know if it was his illusion. He always felt that the way Miss Selena looked at the young master was actually very unusual...

After greeting Wan Wan and the others, Selena followed Daniel directly into the upstairs study.

Daniel pressed the power button, helped Selena pull out the chair, motioned her to sit down, and then directly entered the power-on password in front of her.

Selena didn't have time to evade, so she saw Daniel's password, and subconsciously murmured out of curiosity, "l...u...c...k...y...712?"

Cky is lucky, what does 712 mean? It seemed that it was neither Daniel's birthday, nor Rick's birthday, and of course, it wasn't her birthday either.

Daniel put one arm on the chair behind her, and put one arm around her to operate the mouse. Hearing her murmur, he said in a casual tone, "The number on the password is my lucky day. Our first The day we met."

"Uh...cough cough cough..." After a moment of sluggishness, Selena coughed violently in shock.

If you think about it carefully, it really is! I didn't react at all just now!

Chapter 415

Daniel opened the browser as usual, as if he had just said a very ordinary sentence, "Download the game."

"Oh... right now..." Selena hurried to grab the mouse.

In the end, before Daniel could take his hand away, she accidentally grabbed Daniel's hand, and quickly let go, "I'm sorry, I'm sorry..."

Zheng Zhi got up to apologize, but in the end he threw his head into Daniel's arms again...

Selena: "..."

Daniel rubbed the back of her head, seemed to see her embarrassment, and said softly, "I won't bother you anymore, I'll go to the kitchen downstairs and call me if you have any questions."

Selena nodded hastily, "Okay, okay!"

Seeing the big devil take the door and leave, Selena finally heaved a sigh of relief, covered her face and lay down on the desk...

Daniel...

If you do this again, if you do this again...

I can't help but throw you down, you know?

Selena managed to recover, opened the game web page, and started downloading the game client.

The internet speed here is still as strong as ever, and the game is ready to download in less than ten minutes.

Enter the account password, log in to the game, and glance at his friends, Louis is already online.

Almost as soon as she entered the game, Louis initiated a voice invitation.

Selena clicked on the connection, "Are you on so early?"

Louis on the other end of the voice snorted, "You think I'm like you!"

After finishing speaking, he asked suspiciously, "Why are you so active today?"

"You want to accuse me of being active? Form a team! Play two rounds first to warm up!"

"Okay! Now!" Louis regained his energy as soon as he heard that he started playing games, and forgot everything in his mind.

It's just that the two of them had a tragedy when they just started fighting...

Louis roared at the top of the voice, "Selena! Come on! Why are you in a daze! I'm on! I'm on me! Don't go on, there's an ambush... fcuk! You're dead! Selena! Did you do it today? Forgot to take medicine!"

"Get out! You just forgot to take your medicine! The reaction speed is so slow, won't you remind me earlier? You are a swordsman, you can't protect the nanny and you still have reason to yell at me!" Although Selena felt guilty, she was absolutely right.

Louis was furious, "I'm going...you are too good at turning black and white! Selena, feel your own conscience, are you out of shape today?"

Hearing Louis's debunking, Selena choked, "I..."

The big demon king has made a lot of big moves today, she is already performing supernormally at this level, okay?

Selena gritted her teeth, "Stop talking nonsense! Come again!"

At the beginning of the second game, I still died miserably...

The death was so miserable that Selena was also angry, and began to confront Louis, "Louis, you were bitten by a dog! Going so far, you are looking for death! I am Hua Tuo's reincarnation and I can't save you! If you change back, I don't want to be a nanny anymore, I want to be a swordsman!"

"a55hole, this is a game company's request, and I'm not happy with it! Besides, it's not a matter of what to play at all. Although you are better at attacking, you can't play nanny like this! Be honest, what are you doing? The situation?" The more Louis thought about it, the more something went wrong.

"Jiang Jinmao, why don't you make excuses for me! It's you who pick your feet and blame me..." How could Selena admit that she was teased out of her wits, and she resolutely pinned the pot of sh1t on Louis's head?

Louis on the other end was almost vomiting blood from her anger...

Selena was scolding Louis so badly, when she looked up, she saw Daniel leaning on the door frame and looking at her. She didn't know when he came here.
