

Cruel Heart Lover Novel

Chapter 42

Selena, who was choked, glared at the man angrily, with an expression of looking at a big villain.

"Heh..." Seeing that small expression, Daniel laughed out loud, and the smile rippled in his eyes. He pinched the cigarette snub, exhaled the smoke from his mouth, then leaned over again, turned his head, and pressed against her lips. .

Selena wanted to run away subconsciously, but she was coaxed by a low and hoarse voice, "I won't choke you this time."

As soon as the words fell, a kiss with the smell of smoke swept all her spiritual consciousness violently...

Selena was so dazed by the kiss, her mind was filled with wontons, as if she was floating in a cloud.

The only clear thing is that the man who locked her in his arms is more dangerous than smoke.

With a "bang", the back of the chair behind him was lowered, followed by the hot body of the man.

The breath in her chest was plundered bit by bit, Selena felt her mind getting more and more drowsy, and then she sank completely into the bottom of the sea...

The little guy under him suddenly became motionless and unresponsive. Daniel raised his head panting slightly, and then saw someone who was sleeping soundlessly, even snoring lightly...

Daniel's bloodshot eyes suddenly returned to black, and the surging anger in his heart dissipated completely.

Heh, that's crazy, what is he fussing about with a drunk...

Only three days.

They have only known each other for three days.

What is he in a hurry for?

The little girl's attraction to him was unreasonable.

When he saw her for the first time, he felt the ecstasy of finding her again.

Meeting you for the first time is like returning from an old friend.

In the warehouse of the bar, the moment he hugged her gave him the illusion that his incomplete life was finally complete, as if she was a treasure he had lost at some point.

I want her to be completely my own, and I don't want to wait for a moment.

I don't want to lose her completely, so I can only wait.

Daniel took a blanket and pillow from behind, adjusted the temperature of the air conditioner, then lay down next to her, and kissed her forehead.

"Good night, my girl."

next morning.

Selena woke up in a warm embrace.

She raised her hand and rubbed her eyes, and she saw a piece of green leaves through the glass window above her head. The bright morning light flowed down from the gaps in the branches and leaves, shining warmly on her body, and there were pleasant birdsong in her ears. Voice...

Well, where is she?

Looking around, she was surprised to find that she was sleeping in a car. To be precise, she was sleeping in Daniel's arms.

Oh my god!

Selena straightened up almost scrambling, and then her head hit the roof of the car, causing her to grin her teeth in pain.

She...Daniel...in the car...

Dmn, what the hell happened last night? Why is it such a cheating situation when I wake up!

The scene in front of her made it impossible for her to misunderstand her!

"What are you thinking?"

Selena bit her fingers anxiously, her mind was in a mess, and she subconsciously replied, "I was wondering if I was drinking and having sex with the big devil last night. It's too scary..."

"Great Demon King... Che Zhen...? If it's as you said, do you think you still have the strength to jump up and down early in the morning and think wildly?" The man's voice was gnashing his teeth.

"Ah..." Selena realized that Daniel woke up at some point, and jumped up in fright, almost hitting her head again. Luckily, Daniel protected her head with his big palm as if he had been prepared.

"Lu...Mr. Lu..."

"Call me by name." Daniel's tone was cool.

When she was hypocritical, she called him Mr. Lu, and when she was afraid of him, she called him Lord Xiao, but he didn't like it either.

I don't know if it was her illusion, but overnight, Selena felt that something had changed in Daniel...
