Chapter 421

Chapter 421

next morning.

The entrance of Platinum Imperial Palace residence.

Cheng Feng and four bodyguards stood in front of a black Maybach.

One of the tallest bodyguards, who looked relatively simple and honest, couldn't help but ask Cheng Feng, "Assistant Cheng, why did the boss go to Country X this time, and it was a chaotic place like Philadelphia for inspection? Can't you send other people there?" Huh? Is that processing plant really that important?"

Thinking of the purpose this time, Cheng Feng's eyes flashed brightly, and then he glanced at the big man, "If you don't have enough brains, don't think about it all day long. Can you guess what the boss is thinking? Just obey the order." ."

The big man scratched his head, feeling that what Cheng Feng said made sense, "Oh, I see, thank you Assistant Cheng!"

While the two were talking, a thin bodyguard in front of the car suddenly cursed, and walked up to Cheng Feng as if he couldn't bear it anymore, "No! I can't take it anymore! I'm going to the boss to ask him to take back the order!"

Cheng Feng frowned and looked at the young man who spoke, "What order?"

The young man who spoke was called Shi Xiao. He was the best among the bodyguards and had the highest status. It could be said that he was one of Daniel's most trusted people.

If it was an order for him, then it must be the most important thing.

Shi Xiao always obeyed Daniel's words, what kind of order this time made him want to directly disobey orders?

Shi Xiao lit a cigarette and looked worried, "Last night, I suddenly received a call from the boss. I thought it was a big deal, but it turned out that I was asked to go to a film crew to be in charge of a woman's safety after a while! What the fuck? , I, who escaped death, have been doing special training for more than ten years, is it to protect a stinky woman?"

"Shi Xiao! Shut up, you don't want to live anymore?" Cheng Feng nervously looked in the direction of the door, "If the boss hears it, you will die!"

Shi Xiao had an indignant expression, "I really don't understand, what's so special about that woman besides being pretty, she's so fascinated by the boss!"

Cheng Feng knew that these people were wielding knives and guns all day long, and their brains were rather sluggish, so he could only patiently say, "Shi Xiao, listen to my advice, don't say these words again, and obey orders obediently!"

Shi Xiao waved his hands impatiently with a humiliated expression, "Other orders are fine, but I can't do this! I don't care! Anyway, I definitely don't want to protect an actor who can only flirt!"

As soon as the words were finished, Daniel, who was dressed in a black suit and looked calm, slowly walked out of the house.

Shi Xiao immediately rushed forward, "Boss, I have something to ask for your instructions!"

It was too late for Cheng Feng to stop him, so he could only help his forehead, wishing him good luck.

Daniel glanced at his subordinates with a cold expression, "Say."

At that moment, Daniel's icy eyes made Shi Xiao retreat a little, but the humiliation in his heart still made him say, "I can't obey your order last night!"

As soon as the words fell, everyone was sweating for Shi Xiao.

Just when they thought the boss would get mad, unexpectedly, Daniel didn't say anything, but turned his gaze to the big man behind Shi Xiao, and said, "Xiong Zhi, you replace Shi Xiao."

Xiong Zhi was stunned for a moment, scratched his head, and obeyed, "Yes, boss!"

Seeing that the matter was settled, Cheng Feng hurried over to help Daniel open the car door.

After Daniel got into the car, Cheng Feng patted the big bodyguard's shoulder, and couldn't help feeling, "Hey, it really is a fool's luck!"

That kid Shi Xiao, if one day he knows that the boss has entrusted him with such an important task of protecting the boss lady, but he has turned it down by himself, I don't know if he will feel so regretful that he vomits blood...

Chapter 422

Fahua Temple.

After chatting with Lu Chongshan that day, Yan Ruyi took some time off and rushed to the temple early in the morning.

The incense in the temple is very strong, and the outside is crowded with people early in the morning.

Yan Ruyi put on a stick of incense, and then stood waiting in the side hall. Soon, a little novice came over, put his hands together and said "Amitabha", "Benefactor Yan is here!"

Yan Ruyi saluted back, and then asked nervously, "Little master, I wonder what Master Xuanjing said?"

"The abbot has been waiting in the inner hall for a long time, the benefactor Yan will follow me." The little novice said.

"Ah! Master Xuanjing agreed! That's great! Thank you, thank you!" Yan Ruyi happily followed the little novice towards the meditation room in the backyard with a stack of famous ladies' horoscopes.

The courtyard is paved with bluestone paths, and at the end is a red maple leaf forest. In the lotus pond in front of the house, several egrets are grooming their feathers. Looking at the quiet courtyard in front of them, people can't help calming down.

Arriving at the door of Xuanjing's meditation room, the little novice stood still with a solemn expression, "Abbot, Master Yan has arrived."

After a while, an old monk leaning on a Zen stick came out from the house. The old monk was dressed in a gray cassock, and his temperament was dusty, like a person outside the world.

"Benefactor Yan, this old monk has lost his way and welcomes you!"

"Master, you are serious. This time I really trouble you. You actually take up the time of serving the Bodhisattva because of such a trivial matter!" Seeing the demeanor of the old monk, Yan Ruyi immediately trusted him, thinking that she was looking for Master Xuanjing.

She had seen that Long Fanyin once before, and thought it was very imposing at the time, but now after seeing Master Xuanjing, she realized that Long Fanyin was too deliberately impetuous.

"Benefactor Yan is serious. This old monk is nothing more than lifting a finger. You and Master Lu offer incense every year, repair the golden body of Bodhisattva, and help the poor and weak. It is a great kindness!"

"Master Miao Zan, these are all as they should be!"

...

After exchanging a few pleasantries, let's get down to business.

Yan Ruyi took out a stack of horoscopes from her bag, put them on the low table, and took out a separate sheet of Daniel's horoscope, "Master, they are all here, please take a look, master!"

Xuan Jing nodded, picked up the horoscope and began to read.

Yan Ruyi didn't dare to disturb her, she quietly stood aside and waited.

Every time Xuan Jing reads a picture, she annotates a few words on the back, and after a while, she finally reads all the characters.

Seeing that Xuanjing's expression remained unchanged from the beginning to the end, Yan Ruyi was a little anxious, and asked, "Master, among these girls, are there any girls who have a particularly good horoscope, or are they especially compatible with my Daniel horoscope?"

Master Xuanjing shook his head, "Not at all."

This means that so many girls are all average, although there is no one who is particularly incompatible, but there is no one who fits?

Yan Ruyi was inevitably a little disappointed when she heard the words, and looked carefully at the master's approval unwillingly. As expected, they were all about the same, and there was not even a single one that stood out a little bit.

Yan Ruyi read it over and over several times, finally put away those horoscopes, and nodded absently, "Master, please!"

"Benefactor Yan, you're welcome."

"Then master, I won't bother you any more, and I'm leaving!"

Yan Ruyi was about to leave when her footsteps stopped suddenly. She suddenly remembered that there was another person in her bag...

It's that girl named Selena...

She didn't know what she was thinking, but before she left, someone got the girl's horoscope.

Now, do you want to let the master take a look?

Chapter 423

However, if Lu Chongshan found out that she used this girl's horoscope to test, he would definitely be furious again...

Yan Ruyi was very conflicted, she took out the horoscope and glanced at it, she didn't know what decision to make for a moment.

Seeing that her expression was not right, Xuan Jing asked, "Is Benefactor Yan still doing something?"

Yan Ruyi came back to her senses, and hurriedly put the horoscope back again. In the end, she was still worried that Lu Chongshan would get angry, and felt that it was really unnecessary to test that girl, so she hurriedly said, "No more, no more! Master, are you busy?" Bar!"

Turn around and leave after speaking.

However, because the action was too hasty, a piece of brown paper fluttered from her bag and fell to the ground...

Yan Ruyi didn't notice it yet, she walked forward on her own, when Xuan Jing saw her behind her, she bent down to pick it up, "Benefactor Yan, please stay, you have something left... eh..."

Just as he was talking, Xuan Jing stared at the horoscope on the paper, with a trace of surprise on his face, "This destiny..."

When Yan Ruyi heard the master's voice behind her, she hurriedly turned around, only to see that the master was holding Selena's horoscope in his hand, and his expression, which had never changed since just now, had obviously changed.

When Yan Ruyi saw it, her heart skipped a beat, "Master, how about this horoscope?"

Unlike when he was confident when he read the other horoscopes just now, Xuan Jing looked at Selena's horoscope for a long time, and then pondered, "Benefactor Yan, can you read your son's horoscope for me again."

"Of course!" Yan Ruyi said, hurriedly took out Lu Ting's horoscope, handed both hands to Xuan Jing, and felt even more anxious at the same time.

Xuan Jing took the horoscopes of the two of them, laid them flat on the low table, and then carefully considered them.

Yan Ruyi tremblingly stood aside and waited, burning with anxiety.

The master's face is so solemn, is it because this woman is very strong against Daniel, is it a catastrophe for Daniel?

After waiting for a long time, Xuan Jing finally spoke in a deep voice, "This son's fate is Guchen, Jiesha, and his fate will lead to robbery. He will inevitably punish his husband, and if he does not leave, he will be widowed. If he marries another country, he is doomed to be lonely for the rest of his life..."

Yan Ruyi was shocked when she heard the words, "This...isn't this the lone star of the devil! Oh my god! Kezi Xingfu...Daniel...Rick..."

Yan Ruyi was immersed in great panic, Xuan Jing suddenly asked, "I wonder if Benefactor Yan can remember the results of my test with your son many years ago."

"I remember, of course I remember!" Yan Ruyi was terrified when she heard the words. Back then, Daniel's horoscope was very dangerous.

Xuanjing opened the mouth and said, "Whoever has power needs to bring evil spirits, and power stars need to use evil spirits to support each other. The great good of the five elements has no power evil spirits, that is to say, the fate of the power star is lonely. The so-called universal law is rare in the world. Life is long, and ordinary people only need food and clothing, once the power is gathered, the honor of ten thousand people will inevitably punish the six relatives, and die alone. This is the reason!"

"But, master, after having Rick five years ago, didn't you say that our Daniel's fate has been broken?" Yan Ruyi asked anxiously.

Xuan Jing nodded, "Since five years ago, there are indeed signs of resolution."

"Then... what does Daniel's horoscope have to do with this woman who is a lone star?"

A very mysterious expression appeared on Xuan Jing's face, "This son's fate is very coincidental. Like your son's fate, it also started five years ago and suddenly changed."

"Changed?" Yan Ruyi was so flustered that she couldn't help urging her, "Master, just tell me directly! What kind of fate is this woman! Can you beat my Daniel?"

Chapter 424

Yan Ruyi had clearly prepared for the worst, and asked eagerly, "Master, do you have a way to resolve it? As long as it can resolve my son's disaster, you can ask me to do anything!"

Xuan Jing shook her head, and comforted, "Don't be too nervous, Master Yan, please listen to the old monk to explain to you in detail."

Worried that Yan Ruyi would not understand, Xuanjing tried to explain in an easy-to-understand tone, "From the perspective of the hexagrams, this child is indeed the fate of the lone star of Tiansha, but, benefactor Yan, if the person of the lone star of Tiansha If you are destined to be a noble person and live in a place of longevity, then you will be able to receive all the wealth and wealth. Or, learn Buddhism and practice Taoism, do good deeds and accumulate virtue, increase blessings, and through your own efforts and self-cultivation, you can also change your fate."

Yan Ruyi didn't dare to interrupt, even though she was anxious, she listened patiently and quietly.

Under Yan Ruyi's extremely nervous gaze, Xuan Jing finally made a conclusion, "If the old man is not mistaken, now, this son is fame and fortune, seeking wealth, auspiciousness, and a prosperous family. Good fortune is unparalleled,

prosperous husband To prosper a family is to have many sons and many blessings.”

Listening to Master Xuanjing’s series of words, Yan Ruyi was stunned and could hardly believe her ears, “Master, you... what did you just say?”

One second, he was still the lone star of Tiansha, but in the next second, he became blessed with unrivaled luck, prospered family, and many children and many blessings?

Xuan Jing stroked his gray beard, and sighed, “The most rare thing is that the timing of this son’s fate change coincides with your son’s too, I suspect there is some kind of connection here, but with my cultivation base, I can’t say for sure at present. One thing that is certain is that if this son becomes attached to your son, there will be no harm at all.”

Yan Ruyi finally came to her senses, and stammered, “This...that is to say, this girl’s horoscope is not only incompatible with my son, but also very compatible?”

“That’s true.” Master Xuanjing nodded, and then he didn’t forget to remind, “The way of heaven is impermanent, nothing is absolute, and the hexagrams can only be glimpsed one or two times, just like the sudden change of the son’s hexagrams five years ago. Therefore, also Don’t be overly concerned about benefactor Yan Yan, and don’t believe it all, everything depends on each person’s fortune.”

“I see, thank you Master for your guidance!” Yan Ruyi put away the two horoscopes on the low table with a blank expression, and said goodbye to Xuan Jing and left.

Until she had left the temple, Yan Ruyi still couldn’t believe it...

She had chosen so many ladies, all of whom were of good family and character, and none of them were suitable. In the end, it turned out that it was this Selena who had such outstanding character...

Master Cai's words of criticism just now can be said to be good words!

Lu's old house.

Lu Chongshan was sitting on the sofa in the living room reading the newspaper, when he saw Yan Ruyi came back, he raised his eyes and asked, "What happened?"

Yan Ruyi's expression was a little tired, and she handed everyone's horoscopes to him except Selena's, "The masters have all commented, you can see for yourself, it's roughly that although there is no mutual restraint, none of them match."

With an expected expression, Lu Chongshan held it and looked at it nonchalantly, "It's fine if you don't fight each other."

Seeing Lu Chongshan looking at the horoscopes of those famous ladies, Yan Ruyi hesitated to speak several times.

Do you want to tell him about Selena's horoscope?

Although judging from the master's words, Selena and Ting Xiao are a match made in heaven, didn't the master also say that nothing is absolute?

With Lu Chongshan's temperament, if he knew that she had secretly tested Selena's horoscope and scolded her without telling her, he probably wouldn't believe it.

Thinking of this, Yan Ruyi made a decision.

Forget it, she'd better observe for a while before it's too late...

Chapter 425

In the morning, the first thing Selena did after waking up was to go to Shengshi Entertainment to report the good news to Lin Zhizhi, the script was finalized.

Coincidentally, Lin Zhizhi also had good news.

It's time to send money!

"Send money so quickly?" Selena was a little surprised.

"Well, because the live broadcast between you and Louis was very effective last night, the game dealer was very satisfied and settled the bill in advance." Ling Zhizhi explained.

Selena was overjoyed immediately, "That's great!" She decided not to beat up Louis.

"It should have been called, you can check your account later," Ling Zhizhi said.

"Okay!" Selena was responding when she received a new text message, which happened to be the bank transfer information, "Sister Zhizhi, I received it!"

Ling Zhizhi smiled lightly, "Just receive it, you just don't have work today, go out and relax!"

Leng Manyun used to be too cold-tempered, especially after becoming famous, there was a negative feeling that she could not arouse any interest or enthusiasm for anything. Now, seeing Selena's full of vitality, Ling Zhizhi's heart has been through so many years of vicissitudes in the entertainment industry. , It also jumped up again for a while.

Selena nodded repeatedly, "Thank you sister Zhizhi, thank you company!"

After leaving the company, Selena went back to the apartment first.

The first thing to do was to find two bank accounts, transfer 100,000 to one of the accounts, and transfer 50,000 to the other.

Soon, a call came.

Selena happily picked it up, "Hey, Dean Tao... How are you doing?"

A slightly older woman's voice came from the other end of the phone, "Okay, everything is fine here! Miss Ning, are you sending money to the yard again?"

Selena nodded, "Yes, I've already paid my salary!"

The voice on the other end of the phone was very anxious, "But this time is too much, one hundred thousand yuan! I know you love the children, but you have to live yourself!"

"Don't worry, Dean, I still have a lot here, I don't have to donate all of them! You can use it with peace of mind, it will be winter soon, buy some clothes and quilts for the children!"

"Hey, then I'll accept it. I thank you on behalf of the children! You must also take care of yourself, don't be too tired and work hard!"

"Understood, thank you Dean..."

...

After hanging up the phone, Selena felt warm in her heart.

She started funding this orphanage five years ago, but it's a pity that she didn't have much left over in the past, and now she can finally do more.

She remitted the other 50,000 yuan to her adoptive parents. She hasn't returned it all these years, and she still owes her money in her heart. I didn't remit too much because I knew they wouldn't accept too much.

Calculated in this way, she still has half of her endorsement fee left, which is 150,000, which is enough for her to go out and spend a lot of money.

Her concept of financial management has always been to have fun in time, and she never keeps deposits. Generally, when she gets the money, she saves some money for meals, and the rest is quickly spent.

However, she accidentally glanced at the calendar and found that it would be grandpa's birthday soon...

Forget it, let's hold back for a while and go buy birthday presents first.

After all, the Ning family is a wealthy family. The old man will not be very close to his granddaughter like the grandfather of ordinary people, but he still cares about her very much.

Ning Yaohua and Zhuang Lingyu only blamed and disgusted her for her ignorance of etiquette and other humiliating behaviors. Only the old man would call her to correct them one by one in private. Although his attitude was severe, it was definitely for her own good.

Later, after she left home, the old man tried several times to persuade her to go back, but unfortunately, she couldn't fulfill the old man's wish after all...
