

Cruel Heart Lover Novel

Chapter 426

The busiest shopping center in the center of the Imperial City.

Selena walked around and finally decided to buy some jade ornaments.

The old man believes in Buddhism and loves jade, so buying a bracelet of jade Buddha beads should be quite suitable.

When it comes to buying jade, the best place in the imperial capital is of course Baoyuxuan, a chain jade brand under the Lu Group.

As a fan of the Great Demon King, out of blind trust in the boss, Selena didn't go to see other houses, and went straight to Baoyuxuan.

After seeing Selena, a chubby-looking boss with a pair of shrewd eyes warmly greeted Selena, wearing a vintage vest, "What do you want to buy, beauty?"

Selena dressed very casually today, the kind that no one would pay attention to when walking on the street, but after a closer look, her face like a water lily immediately attracted everyone's attention.

Although the boss doesn't know the person in front of him, but judging from his eyes, he is probably a starlet, and he can tell from his appearance that he is a relatively rich person. Even if he is not very famous, a big money is enough. , so I immediately came forward to greet him in person.

Selena looked at the dazzling array of jade ornaments on the counter, and was a little dazzled, "My grandfather's 70th birthday, I want to buy him a jade Buddha bead bracelet, boss, do you have any suitable recommendations?"

"Yes! Yes...Of course there is!" The boss immediately opened the cabinet with the key, and carefully took out several strings of bracelets, "Young lady, you came here by coincidence. We just arrived with a batch of new goods. Look at these The quality of Shuitou is all top quality! It will definitely save face as a gift!"

Although Selena didn't know much about jade ornaments, she knew they were quite expensive just from what the boss said, so she asked hesitantly, "How much is a string?"

"The price varies, about one or two million. Of course, there are better ones. If you are not satisfied with these, I will go get you other good ones!" The boss said with his eyes shining.

Seeing that the boss had been recommending such expensive jade ornaments to her, the corners of Selena's mouth twitched slightly. Could it be that she looks very rich?

"Hey, no boss, is there a cheaper one?" Selena could only cough lightly to interrupt the boss's introduction.

"Cheaper ones?" The boss was stunned for a moment, looked Selena up and down again, and then took back those bracelets a little embarrassingly, but still said with a smile on his face, "There are also cheaper ones, beautiful women, come here to see them! The quality of the side is a bit poor, but it is still good, and the price is reasonable, as long as 700,000 to 800,000 yuan is enough! I will give you a discount, 600,000 yuan will be enough!"

Selena pinched the center of her brows, and could only say directly, "Where are the cheaper ones? Are there any for less than 150,000?"

"Ten... 150,000?" The boss's smiling round face immediately collapsed when he heard it, and his tone dropped several degrees, "Beauty, 150,000 doesn't seem like a lot, but it's not too much. To scare those who don't know how to do it, this little money can't buy you any good looks! Since this is a birthday

gift for an old man, you should be more dedicated, especially for things like Buddhist beads, this kind of money can't be saved! "

Selena smiled nonchalantly, "The boss is right, but the gift is not the price. I will do my best, that is, I will do my best."

The boss laughed, seemingly mocking, but naturally, he didn't show it too clearly, closed the cabinet, shook his sleeves and said, "You take your time to pick the beauties, this row is full of 150,000 yuan. The ones below, that row is cheaper, about 10,000 yuan, if..."

Chapter 427

"Hehe, if it's even cheaper... I suggest you change to another one. We, Bao Yuxuan, don't make that kind of low-quality goods!"

After the boss said this, he stopped saying hello and left.

One hundred and fifty thousand may be a big order for others, but just kidding, he is the boss of Baoyu Pavilion. There are many rich people in this land, and he often receives big orders of more than one million. Where is he qualified to serve in person.

The attitude of this kind of bosses and shopkeepers is the same. Selena had already prepared before she chose Baoyuxuan, so she didn't care about it, and continued to focus on picking up the bracelet.

After all, Baoyuxuan's quality is guaranteed, even if it costs more than a hundred thousand yuan, it must be better than others.

At this time, a slightly familiar voice suddenly came from behind...

"Tsk tsk, you're so ridiculous. If you don't have money to buy it, just say it. Who are you going to listen to so many beautiful words! Is it a fool to be the boss?"

Selena looked in the direction of the voice, her brows raised slightly, it's really a narrow road!

The person talking opposite was Liang Biqin in Chanel haute couture, and the person next to her was Su Yimo, who was wearing a long dress like a goddess. They were accompanied by a few familiar girls, all of whom liked to curry favor with Su Yimo on weekdays. , an artist close to her.

"Oh! My Goddess Su! What kind of wind brought you here! I said why I hear magpies screaming on my balcony all the time today! It turns out that a nobleman has arrived!" The small-eyed boss looked When the person arrived, he immediately greeted him as if he had been beaten with chicken blood, and the polite words in his mouth were repeated one after another without repeating the same.

Not only because of Su Yimo's popularity, but most importantly, this woman is most likely to become the boss wife of their Lu Group! Could he be coaxing carelessly?

Especially recently, there have been rumors from within the group that Daniel spoiled Su Yimo so much that he brought him directly to the company.

So this matter must be close to ten!

"Goddess Su, please come inside quickly! Xiaoyu, go to the back and bring up all the best things in the store! Xiaocui, hurry up and make tea, use the excellent Tieganyin I bought last time!" the boss kept saying ordered.

The clerks in the store served tea and water and said good things, and they were all busy around Su Yimo. After all, everyone wanted to show their face in front of the future proprietress.

No matter how cold Su Yimo pretended to be, at this moment she was amused by the boss's airtight flattery, "Boss, you don't have to be too polite, I just took a casual look."

The boss immediately swore, "Miss Su, it's my honor to serve you. How can you be polite? You can't be too polite!"

Liang Biqin at the side glared triumphantly at Selena, who was standing alone at the opposite counter and was ignored, and said with a smile, "Boss, have you put honey on your mouth! You are really getting better at talking." Already!"

"Miss Liang, look at what you said. I said it from the bottom of my heart!" The boss said, taking the goods from the shop assistant and carefully placing them on Su Yimo's table. in front of.

Su Yimo casually picked up a crystal clear jade bracelet, "New? I don't think I've seen it the last time I came here."

"Miss Su, good eyesight, it is indeed a new batch of goods, and everything is good! Of course, no matter how good the goods are, they are still a little bit short of the identity of the goddess Su! If you don't dislike it, you can Pick whatever you want!" The boss rubbed his hands excitedly.

Chapter 428

Liang Biqin touched and played with each of them excitedly, and couldn't help praising, "Cousin, these jade ornaments are so beautiful! No wonder you like jade! Only jade can match your extraordinary temperament!"

"That's right, other gold and silver jewelry are too vulgar!"

A few female artists next to me agreed, and then stared at the beautiful jade ornaments in front of Su Yimo with bright eyes, and one of them curled her lips and said, "Boss, when we usually come here, we can come from I've never seen you come up with such a good product!"

"The boss is too eccentric!"

"But it's no wonder. A good jade is worthy of a beauty, and only Yimo can match such a good jade. Let's not insult ourselves!"

...

Hearing the flattery in his ears, Su Yimo curled the corners of his mouth with a haughty expression, as if he had taken a fancy to the bracelet and was carefully playing with it in his hand.

Liang Biqin on the side didn't know what to think of, and suddenly glanced in Selena's direction, and then said to the boss in a drawn out voice, "Boss! There's something wrong with what you're doing, right?"

The boss was anxious when he heard this, "Uh, what's wrong? But what's wrong with my service? Please ask Ms. Liang to testify! I'll change it right away! Change it right away!"

Liang Biqin stared at Selena presumptuously, pointing out, "It's not that you are not serving well, boss, but that you are too considerate. Everyone is here, and no one looks at the store anymore. If you are caught Which poor ghost sees the right time and just walks away with a piece of jade from you, then boss, you will lose a lot!"

As soon as the boss heard this, he subconsciously cast his eyes on Selena.

After all, apart from Su Yimo and the others, Selena was the only one who was choosing jade bracelets.

At first he thought this woman was a big deal, who knew she was so stingy and poor...

The boss immediately nodded with a serious face when he heard the words, "Miss Liang is right, I'm taught!"

After speaking, he immediately told the clerk, "Xiaoyu, go and keep an eye on it!"

"Ah? I'll go!" Xiaoyu pointed to her nose.

"It's you, what are you doing in a daze, don't hurry up! If you lose something, you are the only one to ask!"

"Yes, boss..." The clerk named Xiaoyu reluctantly moved to the counter at Selena's side.

Seeing that Selena was concentrating on examining a jade Buddha bracelet, Xiao Yuming said politely, but her impatience could not be concealed, "Guest, you have been choosing for so long, I don't know what you choose. Are you ready?"

Everyone else is trying to curry favor with the proprietress, but she is the only one who is sent here, so can you not be in a hurry, now all she wants is to buy this woman and leave.

Selena was focusing on the jade beads in her hand with lowered eyes. She didn't see the impatient expression of the shop assistant, so she asked casually, "What is the meaning of this string of beads?" When I was a grandfather, there was an auspicious saying.

As soon as the words were finished, Liang Biqin's exaggerated and sarcastic laughter came from the opposite side, "Pfft...what kind of meaning can jade ornaments at this price have! Just buy whatever you want! A country bumpkin, he still pays attention to meanings like others! "

The companion next to him also sneered, "This is a typical example of pretending to be aggressive without money!"

Liang Biqin looked smug, "Am I right? This bumpkin is really ashamed and thrown outside!"

"Tsk, I really don't want to admit that I'm in the same company as this kind of person!"

"Second Young Master had such a good eye before, and the people he poached here are all pretty good, but this time, isn't he too blind?"

"What's even more ridiculous is that people always compare her to Yimo! Isn't this woman worthy of carrying Yimo's shoes?"

Chapter 429

At the same time, in a luxury jewelry store opposite Bao Yuxuan.

"Ms. Mo...Ms. Mo... Do you still want this dress?" The store manager was asking cautiously.

The man he questioned was handsome and looked a bit ruffian. He was dressed in casual clothes, with one hand casually in his pocket, and was staring at the opposite side with relish. Don't want the few pieces that came out, and wrap up the rest for me!"

"Okay! Young Master Mo, shall I open an order for you right now, or shall it be delivered directly to your address?" The store manager was so happy that his face was about to bloom.

"Well, give it away!" Mo Lingtian impatiently perfunctory, and then continued to look in the direction of Baoyuxuan opposite with great interest.

While watching, he took out his mobile phone and started calling people.

"Hello." The man's cold voice came from the other end of the phone.

"Hey... Daniel, I heard that you went to Philadelphia on business? Why don't you go to that place where nothing sh1t happens? Why don't you go out to sea with your brother!"

There was a "snap".

The person on the other end of the phone actually... hung up the phone... hung up...

"Dmn!" Mo Lingtian stared at his dead phone with an expression of disbelief, Dmn it! Actually hung up on me!

Mo Lingtian resentfully dialed again, and immediately started yelling, "Dmn Daniel! Did you waste your time by just talking to me? You actually hung up on me right away!"

"Maybe you want to be hung up a second time?" The voice on the other end of the phone didn't mean to be joking.

If he continues to talk nonsense, he will really be hanged up again...

Mo Lingtian gritted his teeth, glanced at the women on the opposite side, and said angrily, "What the hell, I kindly called you to inform you that your woman is being bullied and bitten by a group of mad dogs! How dare you treat me like this! Do you still have a conscience!"

The other end of the phone paused, and then said a word: "Who?"

Mo Lingtian snorted triumphantly, "Dmn you kept it from me so much, do you think I wouldn't know if you kept it from me? Isn't it that little-known little star? What's his name... Oh, to Selena! Last night I accidentally clicked on a very popular live broadcast, but guess what I saw, Dmn it, I actually saw that little star doing a live broadcast in your study room! It's amazing! Let me tell you ,I..."

Daniel interrupted him coldly, "Details."

Mo Lingtian choked, "Oh! It's really her! She was so nervous that she said so many words!"

"Mo Lingtian!" This tone was clearly threatening.

Hearing that his tone was wrong, Mo Lingtian guessed that he did have some urgent matters to deal with, so he didn't dare to keep it any longer, and curled his lips and said, "The location is Baoyuxuan, your jade shop. The character, your authentic little girl Lover Selena, how much are you with your rumored girlfriend Su Yimo and the tricks! Are you clear enough? Do you want to be more clear?"

"Crack" the phone hung up again.

Mo Lingtian cursed "fcuk" in a low voice! Crossing the river and demolishing the bridge is this!

At this moment, the store manager approached with a smile on his face, "Young Master Mo, all the clothes you want have been packed!"

"En." Mo Lingtian nodded, but did not leave immediately, but raised his eyebrows and ordered, "Bring me a chair for my young master!"

"Ah? A chair?" The store manager was at a loss.

"Ah, what! Why don't you go quickly! The scenery here is beautiful, do you have any objections to my young master sitting here and watching the scenery for a while?"

"No! I'm going to move it now! I'm going to go!" The store manager wiped off his sweat and hurried to move the chair.

Although these rich people are generous, but one or two are not easy to serve!

Chapter 430

Liang Biqin and the others taunted one sentence after another in front of the boss and the shop assistants, each sentence was worse than the other, in order to force Selena to lose face on the spot, and to avenge her revenge at the company that day.

Selena had been watching those people all go to please Su Yimo, she was having a good time, and she was choosing by herself, but when she heard that all those people suddenly turned their finger on her, she turned her eyes slightly, and then suddenly revealed Looking at the other party with a surprised expression on his face, he said, "Oh, this is not Miss Liang and Senior Su, and colleagues, you are also here to buy jade? You just... were talking to me?"

As soon as Selena said this, Liang Biqin, who was waiting for her to jump, almost vomited blood, "You are blind! It took us so long to see you!"

Can you dare to scold me for a long time just now for nothing, and even acted in a one-man show?

"Pfft..." Not far from the opposite side, the man who was watching a good show with a cup of tea couldn't help spouting, tsk tsk, I thought this little girl was a little white rabbit, she also looks like she has claws! And it's very cloudy!

The female artist next to her hurriedly made a rescue, "Biqin, forget it, what do you have to say to such a flawed person!"

Liang Biqin gritted her teeth, "You're right, not only is there something wrong with your brain, but your eyes are also bad!"

"You can't be clean if you buy a piece of jade..." Su Yimo, who hadn't said anything, murmured with a slightly displeased expression, and then casually took the jade bracelet that she had set her eyes on for the first time just now,

without even asking about the price, she said, "Boss, this is it, wrap it up for me."

The boss seemed to be angry when he saw the future hostess, and he was so anxious that he said cautiously, "Goddess Su has a good eye, and this is the best jade bracelet in our shop that I just picked out at random! Well, I'll wrap it up for you!"

After finishing talking, I made a very delicate packaging.

Su Yimo asked Liang Biqin to take the jade bracelet, and then handed the boss a card.

The boss smiled and said, "Miss Su, you don't have to pay the bill."

Su Yimo frowned slightly, "What does the boss mean?"

The boss rubbed his hands attentively, "Miss Su, I'm really sorry for being negligent today. This jade bracelet is a small gift of apology for you. Please accept it! If you don't accept it, The little one will be so worried that he won't be able to sleep at night!"

"Give...my cousin?" Liang Biqin was surprised and stuttered, such an expensive jade bracelet, why not give it away?

The Lu Corporation is really rich and powerful, even the small boss of a branch of a jade shop is so proud!

If one day that big man becomes her brother-in-law, wouldn't it be...

Liang Biqin was snorted by Su Yimo, and then she stopped her reverie and regained her calm expression, "Boss, even if you know how to do things, we won't make things difficult for you. I will accept this jade bracelet on behalf of my cousin!"

Su Yimo didn't say a word, she acquiesced.

"Thank you, Ms. Liang! Thank you, Ms. Su! Thank you, thank you!" The boss immediately breathed a sigh of relief when he saw this, and then he took a step forward secretly, and said in a low voice, "I hope that Ms. Su will help me speak well to Mr. Lu in the future. A few words..."

Although the boss's purpose was too obvious, Su Yimo felt relieved when she heard this, "You are so cute, this little thing, you just want to send me to give you a message?"

The boss hurriedly wiped off his sweat, "How dare I do this! The small one definitely doesn't mean that..."
