

Cruel Heart Lover Novel

Chapter 431

Seeing him so nervous and panicked, Su Yimo felt a sense of superiority, so she slowed down and said, "Although I won't deliberately speak for anyone, but boss, you are really hardworking, work hard, and Boss Lu will naturally see you." inside."

When the boss heard it, he knew there was something going on, and he immediately smiled and thanked him again and again, wanting to continue to show his presence, "Thank you, Ms. Su! In fact, we still have a lot of good products in this store. If you are not in a hurry, just take a look." ?"

Before Su Yimo could speak, Liang Biqin sneered, "The good mood is ruined, what are you looking at!"

The boss understood, and immediately glanced sideways in Selena's direction, and said in a cold tone, "Miss over there, you have been picking for so long, if you don't want to buy it, you should leave quickly, don't delay my business. ! Didn't you see me, do you have any distinguished guests here?"

Su Yimo heard the words, and said slowly, "Boss, I'm a guest after all, so it's not good to drive him away like this? Those who don't know, think I can't tolerate people!"

The boss was anxious when he heard this, "Miss Su, that's not the case, how could it have anything to do with you, mainly because a lot of low-end jade ornaments in our store have recently been sold at a special price, which has attracted many people like that woman Come and buy!

In fact, this kind of situation never happens at ordinary times. Ms. Su, you also know that the grade here is high. Who usually comes here with a big order of millions?

In fact, I'm going to take these jade pendants off the shelves in a few days, otherwise there are so many orders and the store is not staffed enough, how can I concentrate on dealing with those people!

Otherwise, otherwise... I'll take it off the shelf right now? Guaranteed that there will never be a similar situation in the future, you see, can this be handled? "

Selena rubbed her chin, and looked at the boss who was eloquent and jumping up and down in admiration, thinking, the devil's subordinates are indeed all talented people, and the level of flattery is simply unbelievable...

The boss was talking dry, and finally saw Su Yimo say, "You are the boss, so it's up to you to make the decision."

Hearing Su Yimo's tone of approval, the boss heaved a sigh of relief, and turned to Selena with an even worse attitude, "What about you, did you hear what I just said? We don't sell these cheap and low-grade jade ornaments in our store anymore. If you want to buy it, go elsewhere!"

Sure enough, as soon as these words came out, Su Yimo's mood seemed to improve.

The boss will naturally continue to flatter the future hostess, and he is driving people even harder. From the corner of his small eyes, he suddenly caught a glimpse of three men in suits and leather shoes, who were walking straight towards the shop. coming in the direction of...

The boss took a quick glance and was shocked, especially when he saw the leader, a middle-aged man with a crew-shaven head.

how come...

Why did this master come here suddenly without any notice from the higher ups!

Could it be a private visit from Weibo?

No, no... Could it be that he heard that Su Yimo was here, so he came here on purpose, right?

Tsk tsk, sure enough, everyone got the news. Fortunately, he flattered him early, and now even if he comes again, he will only pat him for the rest!

Thinking about it this way, the boss immediately figured it out and felt relieved. He hurriedly squeezed out a friendly smile, and trotted towards the leading middle-aged man, "Yu...Yu..."

Who knows, just after he uttered a word, the middle-aged man in the lead led the two people behind him, without even looking at him, he strode straight towards the little star who offended Su Yimo just now...

The boss was dumbfounded, "You... you... this is?"

Chapter 432

At that time, Bao Yuxuan's boss had already called the security guards, planning to chase Selena away if she still refused to leave.

It could have been a little more perfect today, but it's all because this woman has been disrupting the situation and almost offended his nobleman, so she simply toasted and refused to eat fine wine.

Selena casually glanced sideways at the little security guard who was not enough for her to kick, and was about to speak when a very polite voice suddenly came from behind, "Miss, do you want to buy jade?"

Selena raised her head and glanced at the middle-aged man who was talking, "I want to buy jade, why?"

The middle-aged man nodded slightly, with a respectful expression, "I wonder if I have the honor to serve you?"

Hearing this, Selena took another look at the man in front of her. Seeing his tone of voice and cautious attitude, he should be a shop assistant, so she said, "I don't think so. Your boss just said that you don't have enough manpower. It's too low-end. The cheap jade ornaments are no longer on the shelves."

Hearing this, the middle-aged man turned slightly and glanced in the direction of the boss.

Receiving the middle-aged man's stern gaze, the boss suddenly trembled in his calves, wiped the cold sweat from his forehead, and dared not say a word.

The security guard just now has already hid to the side at this time, trying to reduce the sense of presence as much as possible.

The middle-aged man quickly turned back to Selena, and after considering his words, he said, "That being said, there are still other options. Although Baoyuxuan takes the mid-to-high-end route, it is also very close to the people. Those jade ornaments just now, So it was taken off the shelves because the jade ornaments themselves are flawed and not for sale, please forgive me."

Didn't the boss deliberately take it off the shelves just to please Su Yimo? But the clerk's statement seems to be flawless?

Selena was still in a hurry to pick out a birthday gift, and without thinking too much, she nodded casually, "Oh, so, then I'll go buy it elsewhere!"

After speaking, he turned to leave.

Seeing this, the middle-aged man hurriedly called Selena to stop, "Wait! Miss, I mean, apart from those defective products, this store has products that are more suitable for a lady!"

After speaking, he winked at the two young men behind him.

The two young men each carried a black suitcase. After receiving the order, they opened the suitcases together, held them in their hands, and unfolded them in front of Selena.

The middle-aged man motioned Selena to look at the items in the box, and explained, "This is an item that we have just urgently replenished. Miss, take a look and see if you like it!"

"What a coincidence?" Selena was a little surprised.

"It is our highest purpose to serve every customer with all our strength!" The middle-aged man replied seriously.

Selena walked over to take a look. Although she didn't know much about jade ornaments, they were indeed better from an aesthetic point of view, so she mused, "It seems to be better than the ones I saw just now..."

The tense body of the middle-aged man relaxed a little because of this sentence, "Miss, as long as you are satisfied, I don't know what style you want to buy, use it yourself, or give it away? I can give you some suggestions as a reference. "

Not far away, seeing the middle-aged man serving Selena very attentively, Liang Biqin had a gloomy face and said unhappily to the boss, "Boss, what's the matter with your shop assistant? He's rushing to please that kind People! It's just a small list of hundreds of thousands, as for what? Why don't you be so short-sighted? It's like you've never seen money..."

Chapter 433

The other starlets next to him also had expressions that couldn't be seen, "Boss, you don't care about your shop assistant! This professional quality is too bad!"

"No wonder, I think he is not too young, he should have been working for many years, and he is still a small shop assistant!"

"It must be because he has no eyesight and is too good at doing things. Why do people like this stay in the store?"

...

Listening to the conversation between Liang Biqin and those little stars, the boss's face full of fat turned into a liver color, so he could only force his smile and say to them, "Hey, you big beauties, don't worry about that side. , anyway, that side can't affect us now, you can pick and choose again, take a look again, don't be affected by your mood..."

On the other hand, Selena saw that the clerk's tone of voice was quite reliable, so she also gave up the idea of going to another place, and replied, "It will be my grandfather's 70th birthday in a while, and I want to pick a bunch of Give him the jade Buddha bracelet."

Hearing this, the middle-aged man immediately picked out a bracelet from a pile of jade ornaments with ease, "Miss, what do you think of this string? This Jade Buddha bracelet is composed of 29 emerald green Laokeng glass beads. , all the beads are taken from a single stone, the color is even and complete..."

Selena took the bracelet that the middle-aged man had chosen for her, and a gleam of light flashed in her eyes, "I don't really understand what you're talking about, but somehow I think this bracelet is pretty good, and I've seen it a lot just now, but There is no string that makes me have the urge to buy it..."

The middle-aged man chuckled, "That means that this string of Jade Buddha bracelets is destined for you, which is extremely rare. Of course, you can rest assured that the quality of this string is absolutely guaranteed!"

Selena stroked the bracelet and pondered, "I really like this bracelet, but what's its price? My psychological price is within 150,000 yuan. If it's higher, I'd better buy another one." Bar..."

The middle-aged man immediately said, "Coincidentally, this string is exactly one hundred and fifty thousand."

"Exactly one hundred and fifty thousand?" Selena was overjoyed when she heard that.

The middle-aged man nodded, "And, because the store is holding an event recently, I can give you a 20% discount."

Selena was even happier when she heard that. Originally, she was worried that all the remaining money would be used to buy jade, and she would have no money to eat later. After the 20% discount, there was just a little left over, and the matter of eating was also settled.

Thinking of this, Selena nodded and said, "Then get me this one!"

The tension on the brows of the middle-aged man finally dissipated completely when he heard this, "Okay, I'll pretend it for you."

"Okay, thank you!"

"Miss, you are too polite, it is my honor to serve you."

As the middle-aged man said, he personally took Selena's card, made an order for her, packed it up, then handed it to her with both hands, and bowed, "You are welcome to come again next time!"

The owner of Bao Yuxuan on the side didn't dare to say a word from the beginning to the end, but just stared at the jade Buddha bracelet that Selena bought for less than 150,000 with an expression of disbelief. ...

After Selena left, Su Yimo and the others continued to look at Yu.

Seeing that Selena had left, Liang Biqin was still unhappy, so she took the anger out on the middle-aged clerk, "Hey, you! Talk about you! What's the matter with you? The boss said all these things to bring Baoyu down." Xuan grade jade ornaments have been taken off the shelves, who allowed you to make your own decisions?"

Chapter 434

The boss of Bao Yuxuan heard Liang Biqin's words, his liver trembled with fright, and he wanted to stop her, but unfortunately she had already spoken, and it was too late...

The middle-aged man glanced at Liang Biqin, as if scanning an insignificant object, and then his gaze fell on the boss of Bao Yuxuan. Unlike the respectful and careful look in front of Selena just now, his expression immediately When he became fierce, his whole aura changed. Looking at the boss, he asked, "These jade ornaments are all off the shelves, why didn't I know?"

The boss couldn't hold it any longer, and ran to the middle-aged man with a face full of panic, "Manager Yu, I, I...things are not what you think...that's not what I meant..."

As soon as the boss finished speaking, Su Yimo, Liang Biqin and the others all changed their expressions.

Liang Biqin, who was still scolding the middle-aged man just now, was full of astonishment, "Yu...Manager...?"

Su Yimo's face also changed slightly, his surname is Yu... Could it be that this person is...

Several little stars lowered their voices and whispered:

"No way... this clerk... er no... this person is a manager?"

"Which manager?"

"I don't know! Could it be... Could it be Yu Wannian, the general manager of Baoyuxuan Chain Store?"

"how is this possible!!!"

...

Hearing the name Yu Wannian, Liang Biqin turned pale, "Impossible!"

At this time, the boss was racking his brains to explain, "Manager Yu, I didn't mean to take these jades off the shelves, I just made this move because of the lack of manpower today!"

"Insufficient manpower?" The middle-aged man glanced at the few trembling shop assistants.

Seeing that he couldn't explain it, the boss gulped down, moved closer to the middle-aged man, and reminded in a low voice, "Manager Yu, this Ms. Su is a very important guest, so naturally she must be treated with extreme care!"

After speaking, he gave the middle-aged man a "you understand" look.

When Liang Biqin and the others beside him heard the boss's words, they all showed arrogance.

"Hmph, so what if it's really the general manager? The general manager also cares about my cousin!"

Su Yimo glanced at Liang Biqin, "Don't talk nonsense."

Although he said so in his mouth, there was actually no displeasure on his face.

Thinking of this level, Liang Biqin suddenly had no scruples, and shouted loudly in the direction of the middle-aged man, "Hey, you are the general manager of Yu Wannian, aren't you! Although your duty is, it's about the same. Well, the boss is just here to entertain us and my cousin, you must know my cousin!"

"That's right, what a big deal!"

Hearing Liang Biqin and the others speak, the boss suddenly had a glimmer of hope, and looked at Su Yimo begging for help.

Seeing the boss's expression asking for help, Su Yimo took a sip of tea, and casually said, "The boss is also kind, so let's forget about it. Just make an exception."

"My cousin said it all, did you hear that?"

...

The middle-aged man did not change his gaze at Su Yimo and the others, but turned his gaze to the bag holding the jade bracelet in Liang Biqin's hand, and asked, "Miss, do you know if the jade bracelet in your hand has been removed?" Payment?"

Without even thinking about it, Liang Biqin blurted out, "What kind of payment! The boss gave it to our cousin!"

Hearing the words, the middle-aged man looked at the boss, his face became more gloomy, and his tone was extremely severe, "Ignore the rules and regulations, and take off the store's products privately! Ignore the purpose of Baoyuxuan, and let the security guards expel customers! Ignore professional ethics, and put two million jade Give away the bracelet at will! Feng Maocai,

you are so courageous! Who gave you these rights? My century-old reputation of Baoyuxuan was almost ruined in your hands!”

Chapter 435

As soon as Feng Maocai heard Yu Wannian’s tone, he knew it was over, his legs went limp, and he almost knelt on the ground.

Yu Wannian didn’t even buy Su Yimo’s face. Now that he has nothing to rely on, he can only desperately admit his mistake, “I... Manager Yu, I was confused for a while! I was fooled by lard! I am number one This time, it’s really the first time! Please spare me!”

Yu Wannian glanced at him coldly, “Is this the first time, I will naturally investigate thoroughly, this time you are punished for several crimes, you don’t need to ask me, I can’t keep you, just go directly to the finance department to settle the salary People! If the results of a thorough investigation prove that there are still similar incidents, and you cause any losses to the store, then Baoyuxuan will deal with it in accordance with the law!”

When Feng Maocai heard this, his eyes widened and his face was ashen...

This time it’s really over...

If those were found out before...

After saying all this, Yu Wannian turned to those shop assistants who were hiding in the corner and did not dare to make a sound, trying to escape the catastrophe, “You can be regarded as old employees in the shop, but your performance this time is too disappointing for me. After so many years, don’t you even understand the most basic qualities? You are so neglectful of customers! Starting today, you don’t have to come again!”

“Manager Yu...Manager Yu...we know we’re wrong...”

"Give us another chance!"

"The boss told us to do this!"

...

Liang Biqin and the others had been waiting for the manager to give in, but they never expected such a result. Hearing the begging of those shop assistants, they all froze there with pale faces.

Especially Su Yimo, although Yu Wannian's words were scolding the boss, every sentence seemed to hit her directly in the face.

After Yu Wannian finished dealing with the boss, he calmed down a little, walked up to Su Yimo and the others, and didn't call her Miss Su, as if he didn't know her at all, and said politely, "Miss, you just dealt with it." I made you laugh because of official business. This time, it was our staff's mistake. So, I'm sorry for your jade bracelet, I'm afraid you can't take it away!"

"What! You still want to take back what you gave away!" Liang Biqin said sharply, and added unwillingly, "Do you know who my cousin is?"

"Regardless of status, there is only one name for those who come to our Baoyuxuan, and that is the guest." Yu Wannian said indifferently, "Of course, if it is difficult for this lady to give up, as long as the original price is paid, in order to express my apology, I You can make the decision, and I will give you a 9.5% discount."

Liang Biqin had an expression of disbelief on her face, "Ninety-five percent off?"

He gave that b!tch Selena a 20% discount just now, but he actually gave her cousin a 50% discount, what does that mean!

At this moment, Su Yimo's complexion was extremely ugly.

Now this jade bracelet, no matter whether she wants it or not, she will lose her face!

Finally, she took a deep breath, took out her bank card and handed it over, and said coldly, "You don't need to give me a discount."

"Miss, you are too polite, this is absolutely necessary!" Yu Wannian handed over the bank card to the young man behind him, and finally gave Su Yimo a 50% discount.

In the end, Su Yimo didn't even pick up anything, and just left with a livid face.

Liang Biqin picked up the jade bracelet and hurriedly followed her...

"Cousin! Cousin! Don't be angry! That Yu Wannian is so ignorant of current affairs! Just treat it as if you were bitten by a dog. We will have a chance to punish him later, and he will definitely regret it later!"

"That's right, Yimo, Yu Wannian is a straight person who can't be flexible at first glance, isn't it just mad at me to care about this kind of person!"

"This time we are also unlucky, and Yu Wannian just happened to come to make a surprise inspection..."
