

Cruel Heart Lover Novel

Chapter 436

After shopping for presents, Selena went back to the apartment.

Coming out of the elevator, she was taking out the keys while walking towards the door of the house. When she looked up, she suddenly saw a burly man nearly two meters tall standing in front of her like a goalkeeper.

Selena was stunned for a moment, then glanced at the house number, did she go the right way?

"Uh, who are you, please? This is my home, you're blocking my way..."

"Miss Ning, my name is Xiong Zhi. The boss asked me to protect you." The burly man replied, and obediently moved two steps to the side to make way for her, and then continued to stand there like a door god.

Hearing this answer, Selena was a little surprised, "Boss? Who is your boss?"

Xiong Zhi replied sternly: "Miss Hui, my boss is named Lu."

The corners of Selena's mouth twitched slightly, "The surname is Lu...could it be Daniel?"

Xiong Zhi nodded, "Yes."

Selena suddenly had black lines all over her face, "It's really him...I'll go! Why did he ask you to come and protect me?"

Xiong Zhi replied blankly: "The boss asked me to be responsible for your safety on the set."

The safety of the crew?

Selena suddenly remembered talking about the script with Daniel last night. In the beginning, Daniel didn't agree with her because there were too many dangerous scenes. Could it be because of this?

Selena took a deep breath and said, "Brother, even if it's your boss's order, but your boss's order is that you let you be responsible for my safety on the set. I'm too early to start up! You're here too early Bar?"

"Then when will you turn it on?" Xiong Zhi asked.

"I don't know about it...Anyway, definitely not in the near future!" Selena replied.

Xiong Zhi thought hard, then raised his head, and said, "Since you are not sure, then everything is possible. You may turn it on tomorrow, or you may turn it on now. I must carry out the boss's order."

Selena almost knelt down to his logic, and said with her forehead, "But, you standing in front of my house like this will affect my life, okay? I don't know what's going on if I'm seen by others..."

Xiong Zhi thought for a while, then nodded, "Okay, I see."

After speaking, he turned and left.

Huh? Seeing that this person's brain is quite stalking, I didn't expect it to be more persuasive than she imagined!

Selena breathed a sigh of relief, and then went straight into the house.

After entering the room, she sent Daniel a text message, telling him that there was no need to go to such trouble to send someone to protect him.

After the message was sent, the other end was quiet and there was no reply.

In the past, when she sent Daniel a text message, she always replied within seconds, and this was the only time she didn't reply for such a long time...

Probably busy on business trip.

Selena didn't pay much attention to it, she took out the Jade Buddha bracelet she just bought and looked at it carefully.

I don't know if it's because the bracelet was bought with her first endorsement fee. The more she looked at it, the more she liked it, and the more she looked at it, the more satisfied she was. She looked at it for a long time before carefully putting it away.

I checked the entertainment news for a while, and read the script for a while, and soon it was night...

There was no sound from the phone, and Daniel still didn't reply to her.

Selena frowned slightly, logically speaking, it's time to finish work and eat at this time, didn't you see it? Still see no reply?

I don't know why, but I always feel a little uneasy...

I go! Be neurotic! Is it just that you haven't responded to text messages for a long time?

Selena shook her head, quickly threw away her phone and went to eat, and stopped thinking about it...

Chapter 437

the next morning.

There was no work today, so Selena went out for a morning jog, then went to buy breakfast.

As he was walking, his face suddenly changed.

It looks like someone is following her...

Selena was not in a hurry, Youzai Youzai continued to walk unhurriedly, just kept digging into those winding alleys, until she was sure that she had shaken off the other party, she quickly found a place to hide .

Soon, a tall figure appeared at the entrance of the alley, Selena seized the opportunity, rushed over unexpectedly, quickly appeared behind that person, locked his shoulders, "Who are you!"

As soon as the man turned around, Selena was stunned, "Why is it you again?"

Isn't this the one named Xiong Zhi from last night?

I thought he was gone, but it turned out that he used a different method to carry out the so-called protection...

Selena sighed, "Didn't I say it? In the near future, at least within a month or two! I won't turn it on! You can rest assured!"

"Miss, I'm just strictly following the boss's orders." Xiong Zhi didn't waver at all.

Selena helplessly raised her forehead, how could Daniel have such... such a real subordinate...

Selena was worrying about how to persuade him, Xiong Zhi suddenly took out the phone in his arms and looked at it. He didn't know what he saw, and his expression changed slightly, "What did the boss ask me to do there?"

"Boss? What boss? Are you talking about Daniel?" Selena hadn't waited for Daniel's reply to the text message since last night. Get up and take a peek.

I saw a text message on the phone: Boss is dead, everyone, no matter where you are, go here to gather immediately: country x, Philadelphia, arsenal, coordinates xxx...

The sender was "Brother Hao", probably one of Daniel's subordinates.

After seeing that text message, Selena's expression suddenly changed...

Country X, Philadelphia!

fcuk! Daniel's business trip to Country X turned out to be in Philadelphia!

Isn't philadelphia one of the main bases for that ba5tard at ys?

And the arsenal was mentioned in the text message! How could the good-looking Daniel gather all his men to go to the arsenal?

Could this matter really have something to do with that guy?

If this is the case, then the problem is really big...

Xiong Zhi put away his phone, and hurriedly said to Selena, "Miss, I'm going to Philadelphia immediately, please try to wait until I come back before joining the set."

The more Selena thought about it, the more uneasy she became, and she said irritably, "What are you going to do? You said you won't be filming for a while! What's going on with Daniel? Isn't he on a business trip to country X? How could he get involved in the arsenal?"

Seeing that Selena knew the content of the text message, Xiong Zhi frowned slightly, and said with a straight face, "Miss, I can't tell you this. I don't have time to talk to you now. I hope you understand."

After Xiong Zhi finished speaking, he ran away like the wind.

This guy looks clumsy like a bear, but he runs pretty fast...

At this moment, Selena was already burning with anxiety. Dmn it, what happened to Daniel?

do not care! Instead of being frightened here, why not follow up and have a look!

It's best to be fine, at worst, she will come back secretly, if something really happens...

In the end, Selena glanced at the direction Xiong Zhi left, made up her mind, quickly went upstairs to find her passport, and then rushed towards the airport without delay...

After arriving at the airport, Selena checked Xiong Zhi's flight information, and sure enough, she saw that he had boarded the latest flight to Philadelphia, so she decisively bought a ticket, and quietly followed.

When we got off the plane, a sudden burst of cold air hit.

The weather in Philadelphia is not good today. There is light rain in the sky, and there is an uneasy atmosphere in the air.

After landing, Selena hid her whereabouts, and Xiong Zhi was probably in a hurry, so she followed Xiong Zhi all the way and didn't find out...

Chapter 438

Country X, Philadelphia.

Xiong Zhi took out a pitch-black semi-automatic .22 pistol from his waist. This kind of pistol is extremely small in size, but its penetrating power is terrible. It is this 22-type pistol that has saved Xiong Zhi from danger too many times.

Coming here, Xiong Zhi had an inexplicably ominous premonition in his heart. Over the years, he has experienced too many thrilling missions where he almost survived, and he has an instinctive sense of danger that is almost as keen as a wild animal.

Behind, Selena was hiding in a corner that was not easy to find, her eyebrows slightly frowned, and she vaguely felt that something was wrong...

Under Selena's gaze, Xiong Zhi took a deep breath, then turned around and entered the dark abandoned warehouse ahead...

...

"Strange, why did the boss ask us to meet here? Dmn!"

Not long after Xiong Zhi's side entered the abandoned warehouse, a small car drove up quickly in the distance. After the car pulled over, the co-pilot's door opened, and Shi Xiao, one of Daniel's confidantes, came out first.

Soon, the other two angry men with ruffian faces also left the car and followed behind Shi Xiao.

"Boss, what did you say the boss asked you to meet here? This place seems to be an abandoned arsenal!"

"Hmm... I remember this warehouse. It should be the site of those Italian mafia in Philadelphia. Is there any connection between the boss and those Italian mafia?"

The two men said to Shi Xiao, with doubts on their faces.

"Italian Mafia?"

Hearing the sound, Shi Xiao was a little puzzled. The two men in front of him were relatively small in Philadelphia, otherwise Shi Xiao would not have taken them under his command. They should not be unfamiliar with the distribution of power in Philadelphia.

"Well, it's the Italian Mafia, but this arsenal has long been abandoned, so it should be nothing." One of the men nodded.

"Boss, let's meet at the abandoned arsenal of the Italian Mafia..." Shi Xiao murmured, his expression tightened, and then he looked at the two men: "Be careful, and act according to my wink!"

Almost instinctively, Shi Xiao felt a little uneasy.

Soon, Shi Xiao led the two men into the warehouse.

In a certain corner, Selena was not idle, and sneaked in after Shi Xiao and the others...

The warehouse is very dark and humid, with a musty smell in the air and a very unpleasant smell of beer. It is difficult for the light from the outside to shine in. Whether it is Selena, Shi Xiao and others, it is difficult to see my situation in the warehouse clearly. .

"Be careful!" Shi Xiao lowered his voice as much as possible, and said to the two men who were following him closely.

Afterwards, there was the sound of a pistol being loaded. Inexplicably, the two men following Shi Xiao also became tense in an instant. Could it be that the boss asked Shi Xiao's boss to meet here?

"Where's the phone! Let's see what's going on!" Shi Xiao said.

"Yes, yes, yes!" One of the men immediately took out his mobile phone and turned on the "flashlight" mode.

When the colored light of the mobile phone illuminated the dark place, Shi Xiao's complexion suddenly changed, and he saw Xiong Zhi lying on the ground with a bruised nose and a swollen face, a dozen meters away, very embarrassed.

"Xiong Zhi!!!"

Shi Xiao didn't have time to think about anything else, and immediately ran towards Xiong Zhi's direction, and then helped Xiong Zhi up from the ground.

"He...fcuk...has a mole...a mole!" After seeing Shi Xiao clearly in front of him, Xiong Zhi yelled angrily.

"A traitor?!" Shi Xiao's heart sank, and he gripped the gun a little tighter.

Chapter 439

He thought it was weird before, how could the boss ask him to meet in such a ghostly place...

"Shi Xiao, let's go! Go quickly, there is an ambush! The boss is not here, not here!!!" Xiong Zhi roared like a beast, his forehead was bulging with veins, and his eyes were bloodshot.

Before Shi Xiao could say anything, the huge lights in the abandoned warehouse were turned on, and in an instant, it seemed to turn from the pitch blackness to the dazzling morning sun.

“boom!!!”

The strong light made Shi Xiao, Xiong Zhi and others subconsciously close their eyes, and then they heard the sound of the warehouse door slamming hard.

After Shi Xiao got used to the strong light completely, he turned around and saw that the iron door of the warehouse was closed and locked.

“Hahaha, you idiots!!”

In the depths of the warehouse, at the same time as the sound of chaotic footsteps, Shi Xiao and the others heard someone laughing and cursing in broken Chinese.

In a few breaths at most, four strong foreign men in tight T-shirts have come out, followed by a foreign woman in black with messy hair.

One of them was a bald man with exaggerated tattoos on his arms, neck, and even his head. He looked at Shi Xiao and Xiong Zhi as if he was sizing up a corpse, with a hint of sarcasm in his eyes.

It wasn't until this time that Shi Xiao finally realized that the old Daniel was not here at all, or in other words, he had never dated them. It was that ba5tard Hong Zhenhao who betrayed them and tricked himself and Xiong Zhi to come here!

“Hong Zhenhao, your mother blew up! I hate your grandma!!” Shi Xiao's face was flushed, and he cursed immediately.

Shi Xiao and Xiong Zhi didn't have any doubts about Hong Zhenhao. When Hong Zhenhao sent a text message to tell them that Daniel was waiting here, neither of them had any idea.

"Hahaha, you idiot pigs!" The bald man with dense tattoos laughed loudly.

On the side, the foreign woman had sharp eyes and said nothing, just playing with the cold black gun in her hand.

"You... who are you? Do you know Daniel! We are Daniel's people, how dare you mess around?!" One of the men brought by Shi Xiao said, sweating profusely.

Shi Xiao glanced at the man, at this point, what else is there to say, no matter who these foreigners are, the purpose of deceiving them to this abandoned warehouse is already obvious, obviously to kill them!

"Today, I'm going to let you all die here, and burn your pigs in red!" The bald man's eyes were dark and ferocious.

Hearing this, the man suddenly yelled angrily, quickly pulled out the pistol from his waist, and pointed it at the bald man: "I will hold you to death!"

"Alice, kill that pig!" the bald man said coldly.

As the voice fell, the foreign woman quickly raised her hand, and there was a loud "bang", and the bullet accurately knocked the gun into the man's hand.

"Ah...!" The man's right palm was numb, and the huge impact caused the gun he was holding tightly to fly away, and he staggered back a few steps, almost falling to the ground.

Seeing this, Shi Xiao and Xiong Zhi's expressions became even uglier. The foreign woman's marksmanship...was so accurate! And it is very fast, strikes late, and does not give others the slightest chance.

"Oh, Alice, my darling, why didn't you shoot that pig to death just now!" The bald man looked at the foreign woman incomprehensibly.

"Kill him, don't use a gun, use my hands." The foreign woman was wearing black tights with a cold face and strode towards the man swiftly.

Chapter 440

The foreign woman walked steadily and moved very quickly, especially the tights, which looked extremely free and easy.

"You b!tch, if you don't use a gun, I'll kill you!" One of the men brought by Shi Xiao was already sweating profusely, but he would jump over the wall when he was in a hurry, let alone People who have been on the road all year round.

The foreign woman ticked his middle finger at him, but said nothing.

At this moment, the man's face was full of madness. These foreigners obviously wanted to kill them on purpose. Since he couldn't survive, he didn't think about anything, at least kill the old foreign woman in front of him!

Thinking of this, the man let out a roar, and immediately ran towards the foreign woman, raised his fist, and punched the foreign woman on the head.

However, before the man got close, a black shadow suddenly flashed in front of his eyes, accompanied by the whistling wind in his ears, and he didn't even know what happened. There was a sharp pain in his jaw, and his whole body seemed to be disconnected. The kite flew horizontally, and with a loud bang, it hit the iron pillar in the distance.

"Wo... Cao Ni... firmly..."

At this moment, the man wanted to get up from the ground, but failed after several attempts. His face was covered with blood, and his teeth were kicked

into pieces, including two front teeth, so that the man could not hear clearly when he spoke. something.

The foreign woman had no expression on her face, and slowly lowered her raised feet.

The man didn't see it clearly, but Xiong Zhi and Shi Xiao could see it clearly. Before the man got close, the foreign woman kicked him quickly and hard, which hit the man's chin. The front kick is extremely powerful, and it must have received high-intensity professional training!

"Just now it should be the front kicking method of Taekwondo...but it's rare for a woman to train her strength and accuracy to such an extent..." Shi Xiao murmured, his eyes flickering coldly.

Over the years, Shi Xiao has learned all the killing skills, like a woman, the skills are indeed amazing, but if he is allowed to go up, Shi Xiao is still sure that he can take down the woman, but at this moment, there are countless pistols pointed at him and Xiong Zhi, if you act rashly, the consequences will be disastrous!

"Kill you, don't grab, use your hands." The foreign woman looked indifferent, walked directly behind the man, and strangled him to death without giving him a chance to continue speaking.

Seeing this, the other man who was brought by Shi Xiao was pale, and he didn't dare to say a word, for fear of attracting the foreign woman's attention.

"Hahaha, pigs are pigs, Alice's taekwondo has reached the red level! Idiot, stupid pig!" The bald man laughed endlessly.

"Philo, it's a red and black belt, not a red belt!" The foreign woman glanced at the bald man.

"Oh... dear Alice, it's a red belt and a black belt, which is stronger than a red belt, and it's going to be close to a black belt soon! You're right!" The bald man smiled apologetically.

"What on earth do you want!!" Xiong Zhi couldn't stand it any longer, almost roaring.

"Hahahaha, don't worry, I want to play a very interesting game with you stupid pigs." The bald man winked at the two people in front of him.

Afterwards, the two foreigners brought a heavy box from the rear and threw it at the feet of Xiong Zhi and Shi Xiao.

"What do you mean?" Shi Xiao frowned.

"It's very simple. Here, there are some guns, which are very difficult to recognize. If you misidentify one, I will kill one of you. It's fair." The bald man thought for a while and said.
