

Cruel Heart Lover Novel

Chapter 44

It was only after Selena calmed down that she realized that she had been crying in Daniel's arms for half an hour.

Really... hell...

Except when it was necessary for filming, she shouldn't have cried for five years, right?

"Uh, I'm sorry, I stained your clothes..." Selena looked at Daniel's shirt which was soaked by her tears, with a look of embarrassment.

The corner of Daniel's mouth curled slightly, "It's an honor."

Selena stood there dumbfounded, her heart was beating wildly, and she was shocked.

She always thought that Daniel was the kind of genius with high IQ and low EQ.

Never expected that the big devil's way of picking up his sister is really against the sky!

envy! She is even more flirtatious than her!

Daniel stretched out his hands to straighten her slightly messy hair very naturally, "What are you going to do next? Find your thighs?"

Selena blinked her eyes, puzzled, "Huh? What thighs are you looking for?"

"Last night you said you wanted to find someone with big thick legs to hug you, but you still disliked me for not being thick enough." Daniel looked at her meaningfully.

"Cough, cough, cough..." Selena almost choked to death on her own saliva.

What the hell, how many miraculous things happened last night...

"Master Xiao, don't listen to my nonsense, I'm drunk, how can your thighs not be thick, you are the thickest in the whole capital!" Selena had a flattering face, and after she finished speaking, she found that what she said seemed a bit ambiguous ah?

Daniel was in a good mood when he was flattered, his eyes sparkled with a smile, "Then why don't you hug me?"

"I, I, I..." Selena waited for a long time before I came out to write.

Daniel rubbed her head, and finally spared her, "Okay, I won't tease you anymore. Get out of the car and go back to sleep. After a good rest, you will have the energy to deal with difficulties. Or do you want to stay with your little one for a while longer? "

"No, no, let's go back to the house!" Naturally, Selena was eager to get out of the car.

After getting out of the car, Daniel stood by the car door and suddenly froze.

Selena scratched her head, "What's wrong?"

Daniel walked towards a bush with his long legs.

Selena followed curiously, and then saw... Second Young Master Lu was lying sprawled in the grass, sleeping soundly, with a camera in his arms.

She knew that Shengshi not only had a brokerage company, but also more than 300 media outlets, and Lu Ershao was considered the leader of the paparazzi.

But this guy is too exaggerated, he doesn't even let his brother gossip...

The corners of Selena's mouth twitched slightly, "Second Young Master...do you want to wake him up? Will he catch a cold if he sleeps like this?"

Daniel nodded, then kicked him.

Saul woke up with an "ow".

As soon as I woke up, I started to cry, "It's too much, why is the glass of this car so unscientific, I can't see the inside even after using all methods!"

Daniel looked down at his Doubi younger brother condescendingly, "Wait in my study, I have something to tell you."

"Oh..." Saul rubbed his eyes, patted the gray and got up, then kept looking back and forth between the two of them, muttering, "Why didn't the car shake! Did I miss it? Impossible! With me Brother's physical strength, at least one night is right..."

Selena: "Why do you know so much about your brother's physical strength and time..."

It's easy to be misunderstood, okay?

Saul scratched his head, "Because he beat me all night long!"

Selena: "..."

alright, you win!

After returning to the guest room that Daniel had prepared for her, Selena was completely speechless.

In just half a day and one night, he actually asked people to redecorate all the guest rooms.

The original style of the room was clean and cool, but now it has become warm and warm. Not only that, the cabinet is full of clothes, all in her size, from pajamas to casual clothes to evening dresses to matching jewelry Bags have everything and are all top-level limited editions...

It's just... so inhuman...
