

# Cruel Heart Lover Novel Chapter 441

## Chapter 441

Hearing this, Shi Xiao and Xiong Zhi had already fully understood that these foreigners took them for some kind of fun, just like a game between cat and mouse.

"What if we recognize it?!" Shi Xiao asked again.

"Recognized?" The bald man was taken aback, obviously not thinking about this question.

"Oh, if you recognize it, let you live a little longer, and then continue to recognize it. I think there will always be guns that you can't recognize, hahaha!" The bald man was full of pride.

At this moment, Shi Xiao and Xiong Zhiqiang held back the anger in their hearts. If they didn't cooperate, they might die immediately. Anyway, delay the time first!

However, when Xiong Zhi and Shi Xiao opened the box, they were completely dumbfounded.

The ammunition in the box is completely unknown to them, or they have never seen it before!

"This..." Shi Xiao was at a loss.

"Why, can't you recognize it? Hahaha, in this case, we need to abide by the rules of the game, and we can only kill one first." The bald man raised his arm, and the black muzzle of the gun in his hand landed on Xiong Zhi, and then moved away, facing Shi Xiao, repeating this...

However, at this moment, an extremely abrupt voice sounded in the arsenal.

"I'll do it." Selena stepped forward and walked to the side of the box.

Seeing Selena, the foreigners were stunned. They hadn't noticed Selena's existence before, and no one knew how she suddenly appeared here...

Not only those few foreigners, even Xiong Zhi and Shi Xiao were dumbfounded. When did this woman... follow her in?

"You!?" After recovering, Shi Xiao sized Selena up and down, unable to suppress his anger any longer, he shouted sharply, "Who told you to come!"

However, no matter how loud Shi Xiao's voice was, Selena ignored him at all and focused on the guns.

"Xiong Zhi! What's the matter with this woman! At this time, you still bring this kind of actor?! Are you out of your mind?" Shi Xiao almost yelled.

Xiong Zhi was also a little confused, he had no idea that Selena was here.

"Did she think she was acting? Dmn it! Tell me, did she think she was acting!" Shi Xiao's face was so gloomy that he could drip water.

"I don't know...she came here secretly!" Xiong Zhi could only explain.

"ba5tard!" Shi Xiao yelled, and then looked at Selena viciously: "You're an actor, what do you know, get lost!"

"You...do you want to die?" Suddenly, Selena turned around, her cold eyes fell on Shi Xiao.

"Hahahaha, are you infighting? It's wonderful. I like it. Let's continue!" The bald man was full of excitement.

"Poor, it's fear that made them lose their minds." The foreign woman said coldly.

"It doesn't count if she admits it, I'll admit it!" At this time, Shi Xiao could only bite the bullet, how could she leave the life and death of several people to this stupid actor, maybe she really thought she was acting !

The bald man shook his head immediately: "No, no, since she wants to admit it, she must admit it. If you change someone, it will be regarded as a waiver. I still have to kill someone."

Hearing the sound, Shi Xiao's face was ashen. Looking at Selena, his eyes became more and more fierce. He wished he could cut this idiot into pieces in order to relieve the hatred in his heart!

He couldn't understand at all why Daniel, a boss who was so wise that he was so utterly insane and willing to follow him to the death, would value such a stupid actor!

Hearing this, Selena took out an extremely exquisite pistol from the box without even looking at Shi Xiao: "Austrian Glock 17 pistol, dedicated to the Austrian military, the length is 185 mm, and the weight is about 0.6" About kilograms, the length of the barrel, if I remember correctly, should be 114 mm, the magazine capacity is 17 rounds, and the range is 72 meters."

## Chapter 442

Not only Shi Xiao, even the man brought by Xiong Zhi and Shi Xiao was ashamed, to put it nicely, she is an actress, but to put it harshly, she is just a third-rate or fourth-rate actor, would she understand this? What an international joke!

"Where is the stink! You want to kill us! You are an actor, you don't have to accompany the director and producer to unspoken rules, come here to talk

nonsense, do you think this is acting!!!” Shi Xiao said The man who came was so angry that he wanted to kill Selena.

However, Selena didn't seem to be listening. She played with the pistol and said to herself, “I'm ashamed to take out this kind of pistol. Most of the FBI in the United States are using it now.”

After finishing speaking, Selena threw the Austrian Glock 17 pistol aside without interest.

They don't have extensive knowledge of this kind of small pistol. If it is a penetrating weapon with greater lethality, Shi Xiao and Xiong Zhi must be familiar with it.

Although Selena said it clearly and clearly, Shi Xiao couldn't believe it. In Shi Xiao's eyes, Selena was just an actor, an actor who didn't know much about arms. How could he know anything about arms.

.....

“Well, am I right?”

Just as Shi Xiao, Xiong Zhi and the others were uneasy, Selena looked at the bald man in the distance, and said in a calm voice.

At this moment, the corner of the bald man's mouth twitched slightly. What the woman said was exactly the same. She even detailed the characteristics, advantages and disadvantages of the Austrian Crocker 17 pistol, as if she had come into contact with the same type of gun before.

“Hahahaha, she is still a smart woman, okay, then you continue to admit, our game has just begun.” The bald man laughed loudly.

Hearing what the bald man said, Xiong Zhi and Shi Xiao were slightly stunned, and even a little confused about the situation. Hearing the meaning of the foreign mafia, was the actor really right?

"Dmn it! It's really dangerous!" The man brought by Shi Xiao was sweating profusely, and immediately seemed to remember something, and suddenly realized: "By the way, since she is an actress, maybe when she acted in a gunfight scene, it must be because of the plot. Yes, I have been exposed to that Austrian pistol before!"

Shi Xiao and Xiong Zhi were thoughtful. What the man said made sense. After all, Selena was an actor, so she would inevitably be exposed to some gunfight scenes. Perhaps it was because she happened to come into contact with the Austrian Glock 17 pistol model in the past, because the plot needed to master it. Some knowledge of this type of guns, so it can be accurately stated.

"It's really dangerous..." Xiong Zhi took a deep breath. If Selena had said the wrong word just now, the consequences would be disastrous!

"We request a substitution!" Shi Xiao said suddenly.

It must be luck that Selena recognized the Austrian Glock pistol this time. If they continue to play, they will probably explain everything here!

"Yes, yes, change, must change!" The men brought by Shi Xiao also echoed, letting them recognize it is better than letting a third-rate or fourth-rate actor recognize it. Decide for yourself, there is no need to hand over your head to an actor.

"No, no, if you change someone, it will be regarded as an abstention. Are you sure? If so, I will start killing pigs." Look, this is a game of cat and mouse, when he gets tired of playing, everyone will still die under his black gun.

## Chapter 443

In this game, he is the leader, everything is up to him.

The man Shi Xiao brought gave Selena an angry look, and said viciously, "If... this time we can leave alive... After we get out, I will definitely peel off your whole body!"

"Hahaha, I like to watch you stupid pigs fighting each other the most, but whether you can leave alive, you stupid pigs don't care! Well, if you don't want to die, continue to admit it to me now!" The bald man sneered road.

Shi Xiao and Xiong Zhi clenched their fists tightly, but in this situation, they had no choice but to pray that reinforcements would arrive as soon as possible. If the old mainland Daniel didn't know about all this, they would surely They will all die here!

Selena looked calm, as if she was not affected by Shi Xiao and the others and the bald man. She scanned the box and picked up a gun casually.

"You also have such ancient guns. It seems that you have wasted a lot of thought for this game." Selena said lightly.

The bald man didn't speak, but he had an inexplicable smile on his face, and his golden eyes were fixed on Selena.

"You can recognize this pistol if you don't believe it." In front of the bald man, the woman Alice Leng Sheng said.

Selena suddenly raised her head, and her eyes fell on the foreign woman Alice: "I really don't know this pistol."

Hearing this, Shi Xiao and Xiong Zhi felt chills in their hearts, although they had already thought of this result.

"You smelly, I'll kill you!"

The mentality of the man brought by Shi Xiao completely collapsed, and he almost lost his mind. He thought that he would be killed by the actor in front of him, and all his faults came from this actor!

boom!

Just as the man brought by Shi Xiao was rushing towards Selena, a blazing fire suddenly appeared from the black muzzle of the bald man. Immediately, a bullet pierced the ground in front of the man, causing gravel to splash, The sound of gunfire exploded like thunder, shocking.

"Your life and death are not up to you to decide. Whoever I want to die first will die first. Do you want to break the rules of my game, stupid pig!" The man who came said.

At that moment, the man finally regained his sense amidst the sound of the gunshots. His whole body was drenched in cold sweat. He immediately shook his head and stepped back, not daring to say a word.

"Hahaha, I like obedient stupid pigs the most." Seeing the man's expression, the bald man nodded in satisfaction, and then looked at Selena: "Since you can't recognize him, then we can only follow the game Follow the rules, hahahaha!"

However, Selena shook her head, "Don't rush to a conclusion."

"Huh?" The bald man was a little puzzled.

"Although I haven't come into contact with this type of gun, the caliber and feel of this gun, as well as its unique shape, are not too difficult to guess." Selena didn't care.

"guess?"

At this time, not only Shi Xiao and Xiong Zhi, but even the foreigners were taken aback. This woman actually wanted to guess. Could it be that she is not afraid of death?

Selena looked at the small pocket gun in her hand, weighed it, and said calmly, "About one kilogram, the length should be 180 mm, and the carbon steel impact sleeve has been specially modified and processed with special metal materials. The caliber is about 046 inches, about 12mm, special caliber, only use 045 inch Smith & Wesson bullets..."

## Chapter 444

"This kind of pistol, the magazine can only hold 12 rounds of bullets, which belongs to the early first-generation settings. Although I have never touched it, it is very easy to guess like this old antique. I am sure that this is Germany in 1991, Germany The p229 purchased by sig, the full name is the German p229 pistol." Selena said calmly, and then threw the gun in her hand aside.

Now, Shi Xiao, Xiong Zhi and the others had completely lost their thoughts and could only resign themselves to their fate, praying in their hearts that Selena had also come into contact with similar guns when she was acting, so she was as lucky as before.

Naturally, they were already prepared in their hearts to die, and if they couldn't do it, they fought with those foreigners. If they could kill one, they had no way to survive anyway.

...

"How about it? I guessed right or wrong." Selena looked at the silent bald man with a blank expression.

After a long time, the bald man said coldly, "I just heard from them that you are an actor."

"That's right." Selena didn't deny that no matter what she was like before, she is now an actress who is down-to-earth and striving towards her goal with her talent and hard work.

"That's no wonder, you are an actor, you should have acted in a lot of gun battles, so you know these guns, think about it, it's not surprising." The bald man agreed.

"Actor, what a waste, a useless thing, you can only sell your body to make those disgusting deals, killing a disgusting stupid pig like you, using your hands, is the most enjoyable." Alice, a foreign woman, glanced at Selena with sharp eyes, Alice had an instinctive dislike for actors.

"Hey, my dear Alice, I seem to be tired of playing this game, why don't we change the game, tell me, what's more interesting than recognizing a gun." The bald man looked at Alice and delivered one Very ambiguous eyes.

"Don't you like to watch them fight in the nest, then let them kill each other, this way, it will be more interesting and fun." Alice, a foreign woman, said after thinking about it.

"You reminded me." The bald man stood up, smiling all over his face, staring at the man brought by Shi Xiao: "Stupid pig, didn't you just want to kill that woman, now is your chance, go If you strangle her to death, I will consider giving you a chance to live, how about it, there are not many such precious opportunities."

Hearing the bald man's words, the white shirted man brought by Shi Xiao was shocked and said, "You...you are telling the truth! If it is true..."

Before the white-clothed man finished speaking, the bald-headed man smiled and said, "Of course! Dude, you must know that I am a person who pays close attention to the rules of the game. As long as you follow my rules, you have a chance to survive."

"Okay! It's a deal!!" The man in the white shirt had a fierce look in his eyes. As long as he can survive, he can say anything! She was just an actor, killing her was almost the same as crushing a grasshopper.

"How dare you!!" Suddenly, Xiong Zhi roared angrily, like an angry beast.

No matter what, Daniel gave him an order to protect the actress.

"Stupid pig, don't act rashly, watch the show obediently, otherwise, I'll blow your head off right away." A certain foreign man pointed a gun at Xiong Zhi.

Xiong Zhi had an intuition that as long as he dared to take action, the next second, the bullet would penetrate between his eyebrows.

## Chapter 445

Xiong Zhi clenched his fists tightly, his veins were exposed, the boss gave him instructions... If he couldn't complete it, even if he survived, how would he have the face to face the old mainland Daniel in the future!

"Be obedient, don't act rashly, now, it's not your turn to die, but if you are disobedient and unwilling to cooperate... then everything will be hard to say, you stupid pigs, we have a lot of time, the game has just begun, hahahaha!" The bald-headed man had an expression of being convinced of several people.

"Shi Xiao, that's the person you brought. The boss said, to protect Miss Ning's safety, even if you don't do anything, you can't allow your subordinates to mess around!" Xiong Zhi ignored the bald man, but stared at Shi Xiao. Happy to drink.

Shi Xiao frowned deeply, although he didn't want to see that stupid woman, but he didn't want her to die.

"No shot!" Shi Xiao shouted, looking at the man in the white shirt.

"Dmn it!" The man in white shirt had a fierce look in his eyes, and he spat towards the ground: "Don't bother me! Boss Shi Xiao, you brought us to this arsenal. Why are you talking about the boss here? Look, what's here! It's an ambush! Immediately even I will die! It's just a bullsh1t showman! She is dead, and it is her honor to change my life!"

At this moment, don't let the white shirted man kill Selena, as long as he can survive, even if he wants to kill Xiong Zhi, or even Shi Xiao, he will do it without hesitation!

"Don't worry, you have your rules of the game, and I have mine too." The corners of Selena's mouth lifted, revealing a mysterious smile, and she took out another pistol from the box.

"Stupid pig, you are courting death! The rules of the game have changed, now you are not allowed to touch any guns, put them down immediately!" Seeing this, the foreign woman Alice stood up instantly.

"Dear Alice, those guns have no bullets, and the magazines are all empty, don't worry." The bald man laughed loudly, everything was under his control.

Since the bald man didn't care, Alice also shrugged and sat back where she was.

"Do you know that this is an Italian Boretta 92f pistol exclusively for the US military." Selena opened the empty magazine and said softly.

"Yes, it is indeed Boretta, Italy, but so what, the game is over, so...you can recognize it or not, the result is the same, you will be killed by your own people... Hahaha, think about it Thinking about it, I will feel extremely excited, seeing how beautiful you stupid pigs are killing each other, blood splattering everywhere!" The bald man's expression was almost sick.

Selena shook her head, "The biggest feature of this pistol is the bullets of most small pistols..."

Before Selena could finish her sentence, not far away, the man in white shirt rushed towards her like a gust of wind.

"Stinky ba5tard, go to hell!" the man in the white shirt yelled frantically.

"It's all universal..." At this moment, Selena muttered to herself. At the same time, in an instant, her whole body almost jumped up, and under the surprised and disbelieving eyes of everyone, her knee hit the white shirt hard. Man's belly.

"Wow!" The white shirted man's face convulsed, the corners of his mouth twitched non-stop, he opened his mouth and spewed out a stream of viscous liquid, which was violently hit by Selena's knee, and he staggered backwards backwards.

However, at the same time that the man in white shirt was retreating backward, Selena, whose face was as cold as an iceberg, grabbed his right shoulder.

boom!

The man in the white shirt didn't even know what happened, but Selena threw him to the ground again.

At the same time, a few extra bullets appeared in Selena's hand, and they were loaded perfectly and coherently into the magazine that was always in her hand at lightning speed.
