

Cruel Heart Lover Novel

Chapter 461

After Li Leling's performance ended, Cook showed a struggling and hesitant expression for the first time. You must know that the actresses who had auditioned before told them on the spot that they failed the audition and told them to get out.

Cook discussed with the assistant for a long time. Finally, the assistant walked up to Li Leling and informed him kindly, "Miss Li Leling, our audition will continue. Could you please wait outside for a while?"

What this means is that we are already very satisfied with your performance, but we still want to see if there is anything better in the future...

Li Leling nodded slightly, "Of course."

Heh, how could there be someone better than her in the future? This endorsement must be hers!

Under the eager eyes of everyone else, Li Leling finally came out.

She actually went in for a full ten minutes, and there was only the sound of guzheng playing inside, and there was no sound of Cook's roar.

Li Leling had a look of certainty on his face, he didn't leave like the previous eliminated, but found a seat and sat down, continuing to wait.

The performance of all this is already obvious. Li Leling has entered the final selection, and may even be the candidate in Cook's mind. If the people behind cannot surpass Li Leling, they can all become hers. foil.

All of a sudden, other actresses were a little shaken, especially those with high status. They obviously didn't want to lose face, but they were really reluctant to bear such a high-end endorsement.

"Next one, get ready on the 15th!" The assistant announced to the door.

At this moment, Selena was still immersed in her own world, and Ling Zhizhi at the side didn't bother her, just accompanied her quietly.

Li Leling looked at Selena huddled in the corner with a shameful look, and was even more proud, "Sister Lin, I really didn't say you, who is not good for you to choose, you have to choose a loser that we Empire kicked out! You shouldn't have insisted on letting her go in for an audition at this time, right? You will lose not only your face, but the face of the entire prosperous world!"

Following Li Leling's words, all eyes fell on Selena for a moment.

That's right, there's this one at the bottom. With her in front, they shouldn't be set off too badly by Li Leling, right?

In addition to those actresses waiting to see the good show, there are also a few who have been holding a wait-and-see attitude, wondering if this Selena dressed like this on purpose, and actually has some tricks that I don't want them to know, and she might change it later. Pack...

"Sister Zhizhi, I can do it." In the corner, Selena opened her eyes.

Ling Zhizhi nodded, "Come on."

"The audition will start on the 15th!" the assistant started calling.

Selena stood up, adjusted the hem of her skirt and collar in response to everyone's different expressions, and pushed the door expressionlessly into the audition hall.

As soon as Selena entered, there was a frying pan outside...

"My God, she really dares to dress like this and go in?"

"I thought she had some trick at the end, but I didn't expect to go in just dressed like a beggar!"

"Cook is so scary, isn't she afraid of being sprayed to death?"

"Tsk tsk, the ignorant are fearless..."

...

Sure enough, as soon as the actresses thought this way, Cook roared angrily, "Oh my God! You...you are insulting me! You are insulting noble! Please get out immediately!"

Chapter 462

Li Leling took a sip of the fruit drink brought by his assistant, and was overjoyed, "Tsk, it's even more exciting than I imagined! Since I knew it would fail, why bother trying to do it? Do you think there will be a miracle?"

After Li Leling finished speaking, she picked up her phone and made a call with a leisurely expression, "Hello, Susie..."

"Le Ling, have you finished your audition? How's the result?" A gentle voice came from the other end of the phone.

"Well, it just ended! The result? Naturally, it lived up to your expectations!" Among the first thirteen, there were a few opponents she was more afraid of, but in the latter ones, there was no competitor at all, and she was completely sure of winning.

"I knew you would be fine!"

"Hehe, thank you for letting me, otherwise, this endorsement must be yours!"

"Look at what you said, they are all sisters. What are you talking about! Besides, you helped me a lot. The big deal in my father's company last time was thanks to you for helping me introduce your mother!"

"It's just a small thing! By the way, do you know who I saw just now?"

"Who is it?"

"Your family's adopted daughter from the countryside, Selena!"

"How did she go to the audition?"

"Who knows what kind of bad luck she had, she actually passed the initial test, but thanks to her luck, I was able to see a good show, you know? The theme of our commercial is noble, and she turned out to be unkempt and dressed like a beggar!"

"What? Is she crazy!"

"I think it's almost the same! This kind of person is so jealous because of you, she can kill herself! Well, I won't tell you, wait until I come back in triumph!"

...

Meanwhile, in the audition hall.

Facing Cook's incredulous gaze and ridicule, Selena stood there quietly, her expression unchanged, her eyes clear and clean.

On the contrary, Cook, facing such a pair of clear eyes, inexplicably gave birth to an illusion of guilt...

In fact, there is nothing wrong with the girl's dress today, but compared to the extravagant and eye-catching actresses outside, it seems too perfunctory and casual.

Although the dress on her body looked dirty and old, it was actually clean and tidy. The little face with no make-up reminded him of a poem from Huaguo, "Clearwater brings out hibiscus, and natural ones can be carved."

However, facing such a completely unprepared auditioner, Cook still felt insulted, and he was still determined to eliminate her directly.

"You! I'm talking to you, don't you understand Chinese? You have been eliminated, please leave here immediately and don't affect the people behind!" He didn't even have the mood to read her name.

When Cook yelled loudly, Selena had already walked to the Guqin that Li Leling had just played, and plucked the strings a few times with her fingers seemingly casually.

Cook became even angrier when he saw this, "Please don't touch Dao at random..."

Before he finished speaking, a series of extremely smooth and skillful piano sounds lingered in his ears...

"This...this is...you actually know Guangling San!" Cook looked slightly startled. This is one of the most difficult pieces of Guqin music, and Li Leling just selected only one piece "Wuye Wuqiufeng".

Selena said nothing, and slowly sat down in front of the guqin, and continued to play.

Cook was attracted by the increasingly turbulent sound of the piano, and for a moment he forgot his words...

Chapter 463

"Guangling San" is one of the ten famous Guqin pieces in the music history of Huaguo. Its melody is passionate and generous. Spiritual, highly ideological and artistic.

Listening to the girl's Naqu Guangling San, Cook's expression became more and more shocked.

This is his favorite among all guqin pieces, because it is not a melody, it expresses a spirit of resistance and will to fight.

What shocked him even more was that he never imagined that, as a girl, she was not only skilled in technique, but could also accurately play the aura of Guangling San...

Cook was completely immersed in the sound of the piano. He stared blankly at the girl in front of him. Her clothes were not bright. Sitting in front of that guqin, when she started to play the music...

Although she dresses like a beggar, no one will think that she is really a beggar. There must be a story about her...

After playing a song, Cook couldn't recover for a long time.

After a long while, he suppressed his excitement and said, "Miss, your Guangling San is beyond my imagination!"

"Thank you." Selena nodded her head slightly in thanks, her expression calm.

Whether the girl in front of him was reprimanded or praised, she was always flattered and humiliated, which made him feel that there was a trace of nobility in this girl...

right! It is noble!

And it is the kind of nobility that only true nobles can have!

Even if you are down and out, the noble atmosphere in your bones will never change!

It's amazing! Just now everyone couldn't give him this feeling, even Li Leling's performance he couldn't give full marks, he felt it was too deliberate and polished.

Why did this girl dressed like a beggar in front of him actually give him a noble feeling?

Cook took a deep look at the girl, feeling overwhelmed with excitement, and managed to calm down and continue the audition, "Excuse me, how do you understand the meaning of the word noble?"

The answers of those artists just now are roughly the same. They think that being noble means being knowledgeable, both internally and externally. He naturally agrees with this answer.

At this moment, he was looking forward to the answer from the girl in front of him.

After hearing Cook's question, Selena knew that Cook had already recognized her performance just now, and now she only had one last step left.

After deliberating on her wording, she began to describe, "In my opinion, true elegance is not about showing the name of a luxury brand between the lines, not turning the expensive ornaments on the wrist, or showing off one's beauty and knowledge. Clothes are ragged, unkempt, and the noble aura cannot be concealed."

Hearing this, Cook's eyes lit up, and his whole face began to light up.

Selena went on to say, "Smelling a woman knows a woman. Perfume can reflect a person's taste more than any other luxury. I think that for a woman, perfume is more important than clothes, just like temperament is more important than appearance.

Perfume is one of the classic fashion elements. Different from other fashion elements, such as clothing, makeup and hairstyle, perfume is the most classic and durable. Good taste never goes out of style. "

Cook couldn't control his surprise when he heard it, and nodded repeatedly, "That's right! You said it very well!"

This girl's interpretation really fits their theme perfectly!

Chapter 464

Outside the audition hall.

The waiting female stars first heard Cook's angry reprimand from inside, then suddenly fell silent, and then there was a burst of passionate piano sound...

A female star sneered, "I thought Ling Zhizhi had prepared some trump card for her, but she also played the piano like Li Leling! With Li Leling in front of her, isn't this a real shame? Ling Zhizhi's professional level is really good It's getting worse and worse, even if I'm an assistant now, I don't feel comfortable letting her do it!"

Someone who knew a little bit frowned and said, "This piece seems to be more difficult than the one played by Li Leling... However, I feel that even this is useless..."

Li Leling knows Guqin better. After hearing the skillful and difficult sound of the piano from inside, she was really nervous for a second, but she quickly snorted, "Sister Lin, the little artist from your country doesn't understand Forget it, don't you understand? For an elegant musical instrument like the

Guqin, before the ancients played it, they had to burn incense and clean their hands, and the clothes had to match it. With that honor, she was simply insulting Huaguo history... Heh, wait to be scolded to death by Cook!"

When the others listened to Li Leling's words, they all took it seriously.

Ling Zhizhi still had a calm expression on her face, waiting intently for Selena's result.

Selena was not kicked out by Cook the moment she played, which already indicated that she had taken the first step of success.

It's just... Selena's method is still too risky...

She is not sure about the final result...

After a while, until the end of the song, there was no roar from Cook in it.

Everyone looked at each other and could only continue to wait. However, this wait was actually longer than the time Li Leling had just waited for...

At first, some people couldn't bear it and began to pace back and forth anxiously, "What the hell is going on inside? Why haven't you come out yet?"

"Who knows, it's probably because the director is so angry that one or two curses won't be enough to relieve his hatred!"

"Cook is one of the top ten advertising directors in the world, so it's inevitable that he has a bad temper. I think this time, even Shengshi will be implicated!"

...

Meanwhile, in the audition hall.

After Selena explained her understanding of nobility, Cook, who repeatedly agreed with him, finally remembered to ask Selena's identity.

He snatched the audition personnel's information from the assistant, and then saw a name that surprised him, "Selena... Oh God! You are Meng Changge!"

"Meng Changge...? Yes, that's a character in a movie I participated in." Ling Zhizhi said that she sent a clip from "The World", so Selena was not surprised that he would know this name, I just wonder if Cook's performance is a little too excited.

"Dear Miss Ning, when I first saw Meng Changge, I was deeply attracted. I can't wait to see this movie. Can you tell me when it will be released?"

Cook had an expression of regret that he knew too late because her ancient costume was so different from her daily attire that he didn't recognize her right away and almost kicked her out at the beginning.

For an actor, the most gratifying thing is to be recognized for the role he played. Selena politely replied, "The film is still being edited and produced, and I don't know the exact release date, and it will be about a month away." "Director Cook, thank you very much for your kindness!"

Chapter 465

"No, no, she deserves my praise..."

Although Meng Changge in the film is a villain, he exudes a noble temperament from the inside out, which is the reason why he chose a newcomer like Selena from among his popular actresses.

In the end, I didn't expect her performance today to be so good, it was a pleasant surprise.

Cook looked apologetic, "Miss Ning, I'm sorry, because of my ignorance and superficiality, I almost missed you... You are right, the real nobility is temperament, not appearance!"

After Cook finished speaking, he took Selena to visit the perfumes in the showcase in the audition hall, "Noble has been passed down from generation to generation by the family for two centuries, sticking to the ancient aroma distillation technology, and the selected materials are all produced from the world's recognized top Area, worthy of the reputation of the fragrance of nobility!"

I am very honored to be able to shoot an advertisement for such a brand. In order to fully reflect the charm of noble, I have very strict requirements for the spokesperson. Fortunately, God let me meet you. I am confident that this will be an extremely wonderful cooperation... .."

Seeing that Cook and Selena couldn't stop chatting, the assistant on the side could only walk over and remind in a low voice, "Director, there are still many people waiting outside! Do you need to notify the next audition?"

Only then did Cook make room, and hurriedly said, "No need, the spokesperson I want has already been selected as Ms. Ning, and you can let them go for the others."

Outside the audition hall.

Under the eagerness of the actresses, the door was finally opened, and Cook's assistant came out.

"Dear ladies, noble's spokesperson has been selected. Today's audition is over. In order to thank you for coming from afar, noble group will arrange a three-day luxury trip for you later. I wish you all a happy memories!"

As soon as the assistant finished speaking, everyone was stunned, especially those actresses who hadn't even entered the audition yet.

"What? Already selected?"

"But we haven't auditioned yet!"

Although it is still a bit difficult to accept, it is also expected.

Many big-name actresses even breathed a sigh of relief because they didn't have to go in to embarrass themselves. They politely walked up to Li Leling and greeted them, "Leling, congratulations!"

"If Le Ling got this endorsement, I would be convinced!"

Li Leling stood up reservedly, thanked everyone for their compliments, and then walked to the assistant, "Thank you Director Cook for your approval, I will not let him down!"

Although the assistant's Chinese is not as good as Cook's, but he heard something wrong here, "nonono... beautiful ladies, I think you made a mistake!"

"Wrong? What's wrong?" Everyone was puzzled.

"The noble spokesperson selected by Director Cook is not Ms. Li Leling, but Ms. Selena." The assistant slowed down and answered clearly in Chinese.

"What? Selena!? That woman dressed like a beggar?"

"Are you kidding me?"

When Li Leling heard this, his face turned blue and purple, "Mr. Assistant, is there a mistake? Are you sure Mr. Cook is talking about Selena?"

She had already reported the good news to Susie, but now she was told that the spokesperson was not her, or even someone else, but that country bumpkin Selena whom she scoffed at?

The assistant nodded resolutely, "There's nothing wrong with it, it's indeed Miss Selena who just went in on the 15th."
