## Chapter 471

"Ahahaha, I think you are a big b!tch!"

"You are really glass products, you will shatter when you touch it!"

As the mocking sound of the game cartoon figurine sounded, the two black-clothed killers were instinctively stunned, but they still held back and did not make a move.

"Idiots, even the gods dare not step in here, but you are here to seek death!!!"

The sound effects of cartoon characters are sometimes male and sometimes female, sometimes low and roaring, and sometimes clear and bright.

"As long as 998, it will make you so happy that you can't breathe..."

"Strange, I really want to shoot something."

"I have two guns, one is called shoot... the other is called... ah!"

"Is there something flowing out?"

The lines of the hand-made games of cartoon characters kept ringing, and the corners of Selena's mouth on the second floor twitched slightly. Although these lines did come from the e-sports game that person played, if they were connected like this or listened to alone, there would always be something wrong. It's kind of weird, um... weird...

After the cartoon figures chattered for a few minutes, one of the black-clothed killers couldn't stand it anymore. The yelling from the toys made him unable

to concentrate at all, and he couldn't concentrate on thinking about effective countermeasures.

The man in black originally wanted to make a gesture to another man, but the building was pitch-black, except for the handicraft of a cartoon character with faintly glowing hair, there was no one or anything that could be seen with the naked eye.

"Dmn it, I should have brought night vision goggles if I knew it earlier!" The man in black cursed inwardly, and immediately, very carefully stretched out his right arm, intending to shoot at the cartoon figure figure.

"boom!"

The dull gunshot sounded again, accompanied by the scream of the man in black, he didn't have time to shoot, this shot was fired from the second floor, and hit his right palm with precision.

"Their voices are so strange!" The lines of the cartoon characters are still going on.

On the second floor, Selena was carrying the night vision goggles he found from the house. It had to be said that the man was well equipped, except that he didn't have any heavy weapons.

At this moment, the man in black fell to the ground and slid halfway out of his body. Selena, who was wearing night vision goggles, had no resistance from night vision.

"Invisible pretense is the deadliest!"

Following the cartoon character's hand-drawn lines, Selena shot again with precision, and directly dealt with the screaming man in black, and the screams came to an abrupt end.

"And you... boy, do you need some shots?"

The direction of the cartoon figure is towards the last black-clothed killer, as if what he said at this moment was also aimed at him.

"Oh, my big knife is already too hungry..."

The last black-clothed killer, with a fierce look in his eyes, raised his pistol and fired several bullets towards the second floor. However, without night vision goggles, it was just a blind shot. To Selena, there was hardly any threat.

"The marksmanship is good, but if you want to hit her, you have to wait until the next time!" The cartoon character figure coincidentally sent out a powerful invisible taunt.

"You remind me of my best cow back home and I want to introduce you to that cow!"

.....

"Dmn, this is teasing me!!!"

Anger finally appeared on the face of the last killer. He lost his mind in anger and fear, and fired a few more shots at the second floor.

But this time, Selena had already made the best preparations. Just when the black-clothed killer predicted his position and fired, Selena had quick eyes and quick hands, and saw the best time to pull the trigger of the pistol.

"As handsome as me, in other games, they are usually the main characters!"

With the sound of the last line of the last cartoon character, the black-clothed killer fell to the ground with a bang, dying of breath.

## Chapter 472

Selena didn't turn on the lights. She didn't know if there were any reinforcements for these killers, so she walked down from the second floor cautiously with her night vision goggles.

Go to the killers who have already died of anger, and find some items related to identity information on them.

"B-level..." Selena was slightly taken aback. These people were actually "Original Sin" B-level killers.

The so-called "Original Sin" probably dates back to the end of the Middle Ages. It is the most convincing and influential killer list in the world. Especially when the last war broke out, the existence of "Original Sin" was pushed to its peak.

It was not only the largest family power, but even some small countries chose to hire the top killers in "Original Sin" at that time.

existence is original sin

Original sin should be eradicated

The world is full of original sin, unbearable humiliation in the fire of lust, gritted teeth and stubborn bones

When using the power of original sin to wipe out the whole world

This sentence was once hailed as the most sacred "Bible" in "Original Sin".

The so-called b-level killers belong to the middle and lower levels in "Original Sin", and those above b-level are a-level killers.

"Hehe, hire a B-rank killer to kill that person..." Selena shook her head, she was simply sending her to death.

"Original Sin" is not an organization of killers or a force with a complete system. It is just a ranking list. Almost all world-class killers are on the "Original Sin" list. The ratings are based on the "Original Sin" killers. Leaderboards are the only way to hire those top killers.

Like these B-level killers, they only belong to a branch of the "Original Sin" ranking, and they don't even have the qualifications to be on the "Original Sin" list.

That's why Selena wondered, who on earth hired a killer on the B-level ordinary list to hunt and kill that person?

"As handsome as me, in other games, they are usually the main characters!"

At this time, the figure of the cartoon character that Selena had thrown down on the first floor before was showing a thumbs up, showing white canine teeth, and laughing loudly.

Selena smiled, and picked up the cartoon figure: "You are really my lucky thing, thank you this time!"

"I fried chicken fried chicken handsome!"

Selena: "Hmm... I didn't see it."

"Time to show real technology!"

Selena: "Are you blind? Didn't you show it just now?"

"Young man, we have to finish quickly, I still have some treasures to dig!"

Selena: "..."

In the end, Selena used her index finger to turn off the switch of the cartoon character. Only then did the chattering cartoon character stop chattering.

Putting the cartoon figure figure on her body, before Selena could do anything, there were irregular footsteps outside the house.

At that moment, Selena quickly hid by the window and looked at the situation outside the house.

I saw several foreign men hovering outside the door, looking into the building from time to time, as if waiting for something.

These people are not the killers on the "Original Sin" list, and they can be easily distinguished just by listening to their irregular footsteps.

Suddenly, the leading man, who had been dead for a long time, rang in his pocket.

Selena quickly stepped forward and took out the phone.

This is a message, the sender is "Jeffrey", the content of the message: "Got it?"

Selena pondered for a moment, then replied directly on the man's mobile phone: "It's done, but this time it almost killed us!"

After a while, the cell phone rang again: "Haha, thank you for your hard work! As for the reward, I will add some more to you. Now, I will let my people withdraw first, they still have things to do!"

## Chapter 473

Selena turned off her phone, thoughtfully, the people outside the door should be the subordinates that "Jeffrey" said.

Seeing those people leave, Selena pondered for a long time, and finally chose to leave the building and followed.

The person she is waiting for doesn't know when she will come back, so why not follow up first and see who the so-called "Jeffrey" is, who dares to hire a B-level killer to assassinate that person!

Soon, Selena tidied up, took the lucky thing figure, and quietly followed behind those foreigners.

About half an hour later, Selena followed a few people to a relatively remote villa.

Around the villa, there are several men guarding.

"That Jeffrey, could it be that he is the owner of this villa?" Selena murmured to herself. If this place is really the base camp, she should not act rashly.

Just as Selena was about to leave, a middle-aged man in his 40s or 50s was pushed out of the villa by several people, and was roughly pushed to the ground.

"You...you bastards, this place is my home! You can't drive me out! Absolutely not!" The middle-aged man roared angrily, his eyes seemed to be blazing.

"Hey, who do you think you are now? Maybe you won't see the sun tomorrow morning! You idiot!"

"Oh! Dear Love, it's been cloudy and rainy these days, where is there any sunshine!"

"Idiot, I'm humorous! You don't understand my humor!"

.....

"Get out of my house, immediately!" The middle-aged man struggled to get up, pointed at those people, and shouted angrily.

"You old man, get the hell out of here!" A certain young man slapped the middle-aged man on the right cheek heavily.

With a clear and crisp sound, the middle-aged man was slapped and knocked to the ground.

"Kick you to death, old man!" Several youths kicked the middle-aged man violently in turn, and insulted him with various vicious words.

Taking advantage of this time, Selena had quietly sneaked into the villa, but finally found that this was just an ordinary villa, not the headquarters of the "Jeffrey" she imagined, and she did not find Jeffrey in the villa. Foley.

After searching, Selena left directly from the main entrance of the villa.

"Old man, your head is going to be killed today, do you think you can still save your life! Hahaha! The boss has already said, take your dog's life!"

"Love, where is his dog? Let me do it!"

"ba5tard, you've watched too many small movies, are you looking for trouble on purpose?" The young man named Luo Fu scolded with a smile.

"Hahaha!"

.....

At this time, several people inadvertently glanced at the villa, watching a certain woman slowly walk out of the villa.

Seeing this, Luo Fu and others were a little puzzled, who is this woman, and why is she in the villa?

"You! Chick! That's right, I'm talking about you, don't look around, look at me!" Love stopped punching and kicking the middle-aged man, and blocked Selena's way.

Selena stood there expressionless.

"Who are you, why did you come out of the villa?" Love looked Selena up and down, looked at Selena's incomparably exquisite and beautiful face, and smiled meaningfully.

"Is this your home?" Selena asked without answering.

"What did you say?!" Hearing Selena's words, Love's expression changed. No one had dared to speak to him in such a tone before!

"Girl, I'm Love, the younger brother of the new boss of "Solomon" "Jeffrey", do you know who I am? If you don't know, I can tell you. Also, I'm going to sleep with you today!" Love fiercely roared.

## Chapter 474

Hearing what the young man said, Selena was slightly taken aback. This man was actually the younger brother of that "Jeffrey"...

Love was full of displeasure, and just as he finished speaking, he saw the arm of the woman in front of him flicker, and her elbow slammed into his face hard.

"What did you say? I didn't hear clearly just now." Selena stared at the howling and cursing Love, and asked calmly.

"You...you bastard, how dare you hit me!" Luo Fu held his swollen face, stared at Selena viciously, and yelled frantically at the people behind him, "Hit her, beat her to death!" She, I must sleep with her tonight!".

After being yelled at by Love, they finally came to their senses. Selena's beautiful elbow just knocked the sturdy Love to the ground, so they were stunned for a moment.

"Love, are you going to kill her or sleep with her? If she is killed, can she still sleep?" one of the bald and strong men asked subconsciously.

"Buddy, I hate your grandma! Don't fcuk me yet!" Love cursed angrily.

After Luo Fu's words fell, the bald and strong Buddy and others quickly surrounded Selena.

"Wait a minute." Selena shook her head.

"Little girl, are you asking for mercy!" the bald-headed and strong Buddy shouted coldly.

Selena strode forward, fetched a few iron rods from the side, and distributed the iron rods to several people one by one.

Selena's actions made these people look at each other in blank dismay, which seemed a bit incomprehensible.

"Okay, you can come now." Selena clapped her hands and nodded in satisfaction.

It's too weak to play, it's so much better!

"Dmn it, I think you're tired of living!"

"Stinky ba5tard, you dare to look down on us, are you looking for death!"

In the eyes of several people, Selena's actions were obviously regarded as absolute provocation and disdain. As an excellent member of "Solomon", how can she bear it!

Naturally, this outstanding member was also appointed by themselves.

Headed by a bald-headed man, several people held iron bars and slashed at Selena fiercely from top to bottom in an instant.

"Hit it slowly, I still want to sleep with her at night! Don't beat me so badly, it will affect my character! Also, don't hit her in the face!" Love shouted, guarding the middle-aged man behind.

However, after a few breaths, the leader, the bald and strong Buddy, was the first to be kicked away by Selena, and fell hard beside Love, with endless howls in his mouth.

It was like a chain reaction, one, two, three, four. It didn't take long for those people to be repelled by Selena. The iron rods that Selena had given them before also flew out and fell on the ground. land.

"Dmn...Dmn, what is the background of this woman, she is too...too powerful!" The bald man was full of horror.

"Hit him! Buddy, shoot her to death!" At this moment, Love realized that something was wrong and asked Buddy to draw his gun.

In their group, only one gun was issued, and the only gun was still on Captain Buddy. Although Love was "Jeffrey"'s younger brother, he didn't have any privileges in this regard.

Hearing the sound, Buddy immediately took out a pistol from his waist and pointed it at Selena.

Selena was pointed at the muzzle of the black hole, her face remained unchanged, her right palm was already quietly grasping the handle of the gun, she was so confident that she would kill the bald man first the moment he fired the gun!

"Shoot, kill her, Buddy, you idiot!" Seeing that the bald man didn't shoot, Love cursed angrily.

At this moment, the bald-headed man was full of embarrassment, and he laughed and said: "This time it's over... Every time I go out, I'm afraid that the gun will be taken away in case of a fight... So I never reload..."

As soon as these words came out, Luo Fu and the others were completely stunned, while Selena almost laughed out loud.

## Chapter 475

There are no bullets in the gun! ? After learning about it, Love cursed and sprayed all eighteen generations of his ancestors.

"Love, after all, I am the captain of our team. As the captain, I need to have some dignity. If you always scold me, the influence will be bad!" Buddy stared at Love.

"Go to your dignity!" Love kicked towards Buddy.

And Buddy took half a step back, and immediately made a boxing gesture. Before Luo Fu could recover, he hit Luo Fu on the chin with an uppercut, "Love! I have endured you for a long time, let you try Taste my strength!"

Seeing Buddy's betrayal, at this time, the middle-aged man on the side also quickly got up, followed behind Buddy, and taught Love severely.

The others originally wanted to support Luo Fu, but Selena suddenly made a move and knocked them unconscious with a knife.

"Hey! Love, come and see my combo boxing!" Buddy shook his head, and his fists rained on Love's face.

After a while, Love's nose and eyes were swollen.

"Ko!" Buddy yelled, and knocked Love unconscious with his last punch. Immediately, like a boxing champion, he raised his arms high, shook his head, and kept yelling "Oye Oye".

Taking advantage of Buddy's pride, Selena snatched his pistol away.

Buddy looked at Selena, his previously arrogant expression quickly withered away.

"It's really not loaded..." Selena laughed dumbly, this bald Buddy is indeed a real treasure.

"Dear lady! My name is Zeus, thank you for saving me!" The middle-aged man said excitedly, "I am the boss of Solomon, and I was usurped by my deputy Jeffrey. If it weren't for you, I'm afraid I wouldn't survive tomorrow!"

"Hey, the most useless boss in history, it was past 12 o'clock in the morning just now, even without her, you have survived until today." Buddy said seriously.

Selena was a little speechless when she heard the middle-aged man's words, but she didn't expect that she accidentally saved the boss of some gang...

Probably because the boss and the boy in front of her were so useless, and she had never heard of this sect before. Selena always thought that Solomon was just a little gangster playing around. After waiting for a long time, she gradually realized that Solomon's power was terrifying, and Zeus, the middle-aged man in front of her, was the weakest of the Solomon leaders.

At this moment, Selena only cared about that person's safety, so she urged them directly, "You guys, take me to Jeffrey!"

"Jeffrey is cruel. Going to him is like courting death!" Buddy shook his head.

Receiving Selena's threatening gaze, Buddy immediately grinned and said, "I feel you are right, I'll take you there!"

Zeus thought for a while and said, "I know a path that can lead directly to Jeffrey's lair! Follow me!"

...

Half an hour later, outside a manor in the suburbs, according to the two, Jeffrey was here.

"Strange, there is no one guarding it. Is there a conspiracy?" Zeus was surprised.

Selena didn't have time to think too much, and went directly into the manor without turning her head.

That Jeffrey hired a killer to assassinate that person, and he doesn't know where that person is at the moment, whether he will be in danger...

In the huge manor, there are about thirteen or four strong men, all fully armed, patrolling around.

Just as Selena was thinking about the countermeasures, there were sudden bursts of strange noises from above the void.

A helicopter appeared directly above the estate.

This situation immediately alarmed the strong man holding a gun in the manor.

Selena looked from a distance, and saw a very hot and beautiful woman standing on the rope of the helicopter. She was wearing a black tights, with big flaxen hair, and the ups and downs of her chest were ready to be seen. At

this moment, the woman was climbing rope, and jumped off the helicopter gracefully.

Seeing that woman, Selena was stunned. She never expected that the person she had been waiting for all night would finally appear in this way.
