

# Cruel Heart Lover Novel

## Chapter 48

By the time everyone reacted, the entire set had become a sea of red.

And Selena held a card, her whole face turned dark.

A line of words was written on the card: Remember to pick me up at the airport.....Dirty Demon King.

"Miss Ning, please sign for it."

"Well, why don't you sign? It's too much to affect people's work!" Selena refused as gently as possible.

"No, we promised the customer, and we have to watch you sign for it before leaving!" The flower delivery boy looked embarrassed.

At this time, the prop master next to him hurriedly took the opportunity to persuade, "Selena, take it, take it! We just happen to have roses for a scene later, thanks to you, we don't have to spend so much time preparing them!"

Now that the prop master said so, Selena didn't have the heart to embarrass the staff, so she could only pinch the space between her eyebrows and write her name.

At this time, everyone on the side was whispering enviously:

"My God! So many roses! So romantic! Who sent them?"

"Do you need to ask? It must be the suitor! Sure enough, the treatment of beauties is different. Someone sent flowers on the first day of starting up! It's still a whole piece!"

At this time, Susie's little assistant Cui Caijing said casually, "Looking at so much, it doesn't cost much!"

As soon as the words were finished, another person came over suddenly, saying that he was looking for Selena.

This time it was not so exaggerated, the visitor carefully handed her a small box.

Everyone poked their heads and peeked, gossiping, what is it this time?

Selena opened it suspiciously, only to see a large sparkling diamond lying inside, and a note with four words written on it: Long time no see. The signature is: ys

Staring at those two letters, Selena's expression became even uglier.

Depend on! Have you negotiated this one or two? She just wanted to keep a low profile, why is it so difficult?

In just half a day's work, there are flowers and diamonds, and the entire crew has been fried.

"My God! That diamond is too big! It almost blinds my dog's eyes!"

"Selena's suitors are crazy!"

This time Cui Caijing was finally speechless, she just muttered unwillingly, who knows if it is true or not.

And Selena slumped on the chair with a look of lovelessness on her face.

What should come will always come...

I can't hide...

There was no other way, Selena could only apologize to the director, "I'm sorry Director Guo, for causing trouble to the crew..."

Guo Qisheng didn't care, he smiled and waved his hands and said, "My fair lady is so cute! What's the matter! It's okay, it's okay! Besides, didn't we pay you back!"

Not far away, Susie looked calm on the surface, but in reality she was about to grind her teeth with hatred.

How can I not be jealous, that rustic country bumpkin back then, now drives men crazy like this, and can easily get what she had to work so hard to get...

Before the next scene started, Selena quickly found a corner and made a phone call.

"Hello, dear, did you receive the item?" The voice on the other end of the phone was very leisurely.

"Louis! I call you uncle! Are you sincere?" In comparison, Selena was much hotter.

"Tsk ts, you are the first one who received my rose and didn't want to say goodbye to me, but to my uncle! Is it too heavy?"

"Don't change the subject with me! What do you want?"

"I didn't think about it, I just reminded you to pick me up at the airport, you have already promised me!"

"You still dare to ask me to pick you up, are you not afraid that I will bring a 40-meter machete and hack you to death?" Selena suppressed the desire to kill.

"Are you going to go back on your word?" The voice on the other end of the phone turned cold.

"The premise for me to pick you up is that you lend me eight million yuan, but now I don't need it anymore. Didn't I send you a message to tell you?"

"I don't care. Anyway, you have already promised me. Although it didn't work out in the end, I agreed as soon as you opened your mouth. It's still such a large sum of money. This kind of affection is always true, right? Don't you hate owed favors the most? This A favor is not a favor?"
