

Cruel Heart Lover Novel

Chapter 50

"Put your things down, thank you young master for me!" Selena said as she took out her phone to send a text message to Rick.

The crew seemed to be busy with their own business, but in fact they were all staring at Selena, curious about what was sent over this time.

It turned out that they seemed to see three bottles of...juice?

The first Rose Selena looked very embarrassed, and the second Diamond didn't seem too surprised by Selena's appearance, but this time Selena had a happy expression and was still sending text messages happily.

Everyone sighed:

"Oh, sure enough, it's hard to spend money on beauties these days. It's most useful to use your heart!"

"Yeah, didn't you hear the little girl just said that the juice was made by others? How sweet!"

"I bet the one who delivered the juice will win the heart of a beauty in the end!"

"Then I'll bet on diamonds!"

"Why is no one betting on sending flowers?"

...

After drinking the fruit juice and mung bean soup, Selena revived with full blood and continued to play.

At the same time, Daniel, who was on vacation at home with his son, made a "ding" sound on his phone.

It reminded that there was a new text message from Selena.

Daniel clicked on it, and then slightly raised the corners of his mouth.

Baby, thank you for the fruit juice and mung bean soup, super delicious! Salang hey yo!

Daniel looked at it for a long time, and then waved to his son who was motionless and looking out the window in a daze, "Rick, come here."

Rick ignored him.

Daniel sighed softly, "There is a text message from your Aunt Selena."

Rick rushed over like a rocket, jumping to reach for the phone.

Daniel held up the phone, "I can show you, call me Dad."

Rick protested all over his face and refused to cooperate.

It wasn't until his son was so anxious that he was about to cry that Daniel finally relented and handed him the phone.

Looking at his contented son, who was holding his phone and kept looking at it, Daniel looked worried.

Probably because there are very few things that bother him in this world, so God sent Rick to his side to test him.

Rick is very smart and can speak in six months. Although he has a quiet temper and doesn't talk much, he hasn't spoken since that incident.

He missed too much of Rick's childhood, and when he wanted to make up for it, he found it was too late.

I don't know when I will hear him call me dad again...

Rick stared at the phone for a long time, as if there was something he couldn't understand, then he moved up to his father, pointed at the words "Salang Heyyo" with his short fingers, probably asking him what he meant.

"Model particles, they don't have any special meaning," Daniel replied solemnly.

"Pfft...Ouba, don't teach Rick to be bad if you're not educated! Salangheiyo means I love you in Korean, okay?" Saul ran over bouncing around, with a heart in his hand.

Hearing this, Rick gave his father a contemptuous look, then ran away and continued to squeeze the juice.

Daniel knew twelve languages. If Selena wrote Korean directly, he would naturally understand it, but if it was written like this, he would definitely not understand it.

"You don't have to go to work?" Daniel gave Saul a cold look, with the expression of a boss in charge of his subordinates.

Saul immediately moved a chair and sat in front of him with a full face of excitement, "Boss, I have something very important to report to you!"

Daniel didn't bother to open his mouth as if he would fart anytime.

Saul waved his hands, excited, "Do you know what news I just got? Today, Selena's admirer went to the set to give her a gift!"

"That's the fruit juice and mung bean soup that Rick gave her." Daniel looked calm.

"I know, but before our Rick gave her something, someone else gave her something, and there were two people, one gave a whole set of red roses, and the other gave a big diamond!"

Daniel's face gradually turned cold. It was a hot summer day, and it was very refreshing.
