

Cruel Heart Lover Novel

Chapter 501

All the doctors and servants waiting to serve: "..."

Oh my god!

The man in front of him who was rolling up his sleeves and personally massaging a woman's legs... really belonged to that unkind young master they knew, that terrifying president of the Lu Group, Daniel?

Since last night, they have been refreshed time and time again with the inherent image of Daniel in their minds.

Even Lu Chongshan and Yan Ruyi had expressions of complete disbelief. They couldn't believe that the man in front of them was really their own son, let alone other people.

Before, they only knew the vague concept that their son was fascinated by this woman, but they had never seen the details with their own eyes.

The shock of seeing it with my own eyes is definitely a thousand times stronger than hearing and imagining it from other people's mouth!

The sons they gave birth to themselves, they almost don't know each other...

In fact, Selena herself was more shocked than the bystanders around her.

At this moment, Selena felt as if thousands of wild beasts were rushing past her...

Lord Demon King, can you restrain yourself?

All of them are there!

Helpless, Daniel didn't feel her inner growl and countless hints from her eyes at all, and he still concentrated on massaging her numb and tingling legs because he was worried about waking up Rick who had been afraid to move for a long time.

Pressing and pressing, Selena almost gave up on herself, she was numb to the surrounding eyes...

And, uh, the skill of the Great Demon King... is really good... so comfortable...

"Is it better?" After a while, Daniel raised his head and asked softly.

Selena nodded hastily, "Okay, okay!"

The way your father looks at me is already like looking at Bao Si Da Ji, who harms the country, harms the people and confuses the emperor's heart!

Only then did Daniel cover her with the quilt again, and gently straightened her messy hair, still not hiding his doting on the girl.

At this moment, all the servants in the old house have come to a clear conclusion that this woman in front of them must not be offended!

After all, now that he needs help from others, no matter how angry Lu Chongshan is, he can only bear it for Rick. He snorted, turned and left with a full face of anger, simply out of sight.

As soon as he walked outside, Lu Chongshan couldn't hold back any longer, and said angrily to Yan Ruyi, "It's unreasonable, look at him like that, a big man, to do this kind of thing for a woman, humiliated, with so many eyes. Next, what is Cheng Zheng? Does he still half remember his identity?"

As a mother, although Yan Ruyi was unhappy, from a woman's point of view, there was nothing wrong with Daniel's behavior.

If you really like someone, you will naturally be considerate in every possible way...

Thinking about it, Yan Ruyi glanced at Lu Chongshan absent-mindedly. She and Lu Chongshan had a well-matched marriage. Back then, she was also a talented woman, and it was said to be a good story. However, she knew clearly that this man married her only because she was the most suitable Candidate, but never really loved her...

the next day.

The doctor checked Rick again at noon and in the evening. In the evening, Rick's fever subsided and his condition finally stabilized completely.

The people who had been tossing for a day and a night finally breathed a sigh of relief.

Now that Little Treasure was fine, Lu Chongshan, who had already run out of patience, naturally couldn't bear it anymore.

Strolling into Rick's room, he said to Selena, "Miss Ning, Rick has troubled you this time, and I will send a driver to take you back later."

Chapter 502

After Lu Chongshan finished speaking, he told the steward at the side, "Xing Wu, go and prepare a generous gift."

These words are not only to drive away the guests, but also to completely disentangle the relationship and express that they do not owe each other.

It's too obvious to tear down the bridge when you cross the river and throw it away when you're done using it, right?

Selena actually didn't care about Lu Chongshan's attitude towards her at all, but when she thought of being separated from Rick, she felt a bone-deep pain, and subconsciously hugged Rick even tighter.

really don't want to...

I don't want to be separated from Rick...

Even, at this moment, a strong hostility arose deep in my heart, and I had a crazy idea of forcibly taking Rick away!

The breath around Selena suddenly became icy cold, and her cool eyes swept across everyone present one by one, instinctively estimating the force value of everyone, if she really wanted to, the people here, except Daniel, no one can stop her from taking Rick away.

Probably sensing Selena's mood swings and the cold aura on her body, the little bun in his arms, who was originally safe, frowned uncomfortably.

Selena was startled suddenly, and only then forced to suppress the hostility in her heart in annoyance, and patted the little bun's vest to comfort her.

"Ruyi, go and hug Rick!" Seeing that the woman was motionless, Lu Chongshan couldn't help but get really angry.

Yan Ruyi nodded, and was about to go forward to take Rick from Selena's arms, but at this moment, Daniel took the lead and walked up to Selena's bed, motioning Selena to give him a hug, "Selena, I Come and hug."

Seeing this, Selena gave Daniel a vigilant look. Even if it was Daniel, she would not be willing to give him the bun.

No! Don't give it! The little baby is mine!

Seeing the girl's defensive appearance, Daniel's eyes flashed a hint of doting, his eyes wrapped her like a warm tide, and his gentle tone inexplicably had the ability to calm people's hearts, "Selena, be good, trust me, okay?"

Selena stared at Daniel, her eyes flushed.

She doesn't believe it! No one believes it!

Why? Why even you want to take Rick away?

no... no...

Heh, where is the robbery, Rick belongs to them in the first place, not hers, not hers...

Selena, what's wrong with you? What the hell are you doing?

Selena used all her self-control to wake herself up. In the end, she carefully handed the little bun to Daniel, but her gaze remained glued to it. At the same time, her eyes were full of grievances.

Daniel watched the girl look at him with the small eyes of a villain and a traitor, and a helpless smile crossed his face.

Seeing this, Lu Chongshan nodded in satisfaction, "Xing Wu, go prepare the car!"

"Miss Ning, please follow me." Xing Wu took the order and motioned Selena to leave with him.

With one arm, Daniel picked up the little bun who had obviously become unsteady after changing arms, and with the other hand, he protected Selena behind him.

Then, he looked at the parents in front of him with cold eyes, and said in a calm tone, "Dad, Mom, you have worked hard to take care of Rick during this time. The company is not busy recently, and Saul will be back soon. Rick will not trouble you." You."

As soon as the words fell, Lu Chongshan and Yan Ruyi's expressions suddenly changed.

Yan Ruyi's face immediately became anxious, "Daniel, what are you doing? Rick's body is just right! Where are you taking Rick?"

Chapter 503

Lu Chongshan excitedly tapped his cane hard, and flew into a rage, "You ba5tard, what do you mean? You want to take Rick away? How dare you!"

Daniel's eyes were slightly cold, "Father, Rick is your grandson, but he is also my son."

Lu Chongshan was in a hurry, and said without hesitation, "I'm still your old man! I think you've been stunned by this woman! If you dare to take Rick away today, you will step over my corpse!"

Daniel's eyes were slightly cold, "If you threaten me with your own life, I have nothing to say. But Rick, I must take it away today."

All of a sudden, the atmosphere between the father and son was tense, and everyone was silent, not daring to make a sound.

Yan Ruyi was completely on her husband's side at the moment, "Daniel, even if you blame us for not taking good care of Rick, this time it was indeed an accident. We are Rick's grandparents, and there are people in this world who are younger than us. Is Bao more dedicated? You would rather trust a woman you have known for a few days than your biological parents?"

"This matter has nothing to do with her."

Lu Chongshan couldn't bear his son's defense of that woman the most, he was so angry that his eyes were tearing apart, and he didn't care about the presence of many other people at the scene, he yelled out of control, "Have you forgotten what happened two years ago, have you? Forgot how Rick became what he is now? Isn't it enough to teach such a painful lesson once? How dare you trust this kind of woman! You are simply... almost..."

Yan Ru noticed that Lu Chongshan was getting more and more agitated, so she hurried to support him, "Daniel, please understand how my father and I feel, we are really scared!"

Daniel narrowed his eyes slightly, "I understand your feelings. I swear on my life that such a thing will never happen again. She is different. Since we met, she has only loved and cherished Rick. You are also very clear about the changes she started."

However, the old people's thoughts were still too stubborn after all, especially when they mentioned the incident back then, so after hearing Daniel's words, they only wavered for a few seconds before returning to their original state. No matter what Daniel said at the moment, they were all He couldn't listen to a word, because he didn't allow Daniel to take him away.

Daniel's face became more and more gloomy. Although he couldn't bear it, he knew that short-term pain is worse than long-term pain, so he said the words that might hurt them, "The most terrible thing is not that Rick is hurt by outsiders, but that Rick is hurt by others. Injury comes from the closest relatives, and it is destroyed in the name of love!"

"You..." Lu Chongshan's expression stiffened immediately upon hearing this, and his whole body trembled.

His son's words were like a boulder weighing on his heart. Although he had always done it for Rick's good, Rick had only been hurt since he was forcibly imprisoned in the old house. almost...

Accompanied by Daniel's words, needles could be heard in the living room, and the scene fell into a stalemate...

The most embarrassing position at the moment was Selena. She knew that with her here, they had a lot of hard things to say, so even though she really didn't want to leave Rick, she still had to think about whether she should leave first or not. Let the family of three have a good talk.

Probably because everyone was arguing too loudly, the little bun lying on Daniel's shoulder frowned, his eyelashes trembled, and he slowly opened his eyes...

Selena was standing right behind Daniel, so when Rick opened his eyes, he saw her immediately.

The little guy looked so cute because he just woke up with sleepy eyes. He blinked slightly, and after seeing Selena, he never looked away.

Maybe because he thought he was wrong, the little guy rubbed his eyes with his soft little hands, and then opened his short hands in Selena's direction without hesitation.

In the next second, in the quiet air, a soft and somewhat hoarse voice sounded, "Hug..."

Chapter 504

In this living room, which was filled with gunpowder and the atmosphere was on the verge of breaking out, a child's voice, bewildered and glaring, sounded out of nowhere. It was like a thunderclap that exploded in everyone's ears.

Lu Chongshan's cloudy face was blank for an instant, and Yan Ruyi, who was about to speak out, widened her eyes...

Even Daniel, who has always been calm and composed, was stunned. Holding his son in his arms, he froze on the spot, not daring to move. Just now, the voice rang in his ears. When the guy spoke, he even thought he was hallucinating just now.

The voice that he couldn't remember how long he hadn't heard was almost the same as the one in his memory...

I thought I would never be able to hear this voice again in this life...

Because the people present were so shocked, for a while, no one opened their mouths to speak, but a pair of eyes fell on Rick's body with incomparable enthusiasm, and their eyes were full of hesitation.

The one who was more shocked than Rick's grandparents and biological father was probably Selena. She stood opposite Rick, not only hearing it with her own ears, but also seeing the moment Rick opened his mouth.

The little bun was unaware of what he had done and how much it had affected him, he just concentrated on maintaining a hug-begging posture, seeing that Selena ignored him, he pursed his mouth, showing a sad expression that was about to cry.

The sluggish Selena suddenly woke up, hurried forward, and took the little bun from Daniel's arms.

Selena's action was like a switch, and everyone else recovered from their astonishment.

"Daniel, Rick... Rick, just now... just now..."

"Was Rick talking just now? Was it Rick? Huh?"

Yan Ruyi and Lu Chongshan asked questions one after another, their voices trembling with excitement.

The surrounding doctors and servants also started whispering...

"Did you hear that just now? The young master has spoken!"

"I heard it, I heard it, the young master said hug!"

"I thought I heard it wrong, the young master hasn't spoken for two years!"

"It's amazing! What the hell happened just now?"

"I don't know! I started talking all of a sudden! I'm so confused!"

...

After the little bun returned to Aunt Selena's arms, he was finally satisfied. Even the noisy sounds around him didn't affect him. He yawned gracefully, and then lay on Aunt Selena Xiangxiang's shoulder, feeling extremely at ease. fell asleep again.

He left behind everyone in the room who were stunned by his unintentional word...

"Then...that Miss Ning, you saw it just now, is it Rick talking? Tell Rick, let Rick talk more?" Yan Ruyi cautiously asked.

Lu Chongshan also seemed to have completely forgotten who the person who was blowing his beard and staring at his eyes just now, echoed again and again, "That's right!"

Looking at Yan Ruyi and Lu Chongshan, who were looking at each other more earnestly, Selena patted the little bun's vest, and coughed slightly in embarrassment, "But, Rick fell asleep..."

Yan Ruyi: "..."

Lu Chongshan: "..."

Sleep again? Isn't this trying to kill them sincerely! But it's impossible to wake up my precious grandson at this time, what can I do!

So, for a moment, everyone's eyes fell on Daniel.

Daniel looked at his son with complicated eyes, gently stroked his son's head with his warm palm, and said softly, "Rick did speak just now, don't worry, wait until he wakes up to see."

Chapter 505

Don't be in a hurry... After waiting for two years, I thought it was impossible in this life, but it turned out that the day when Rick spoke, how could they not be in a hurry?

But at this moment, there is no other way but to wait.

Xing Wu, who had been interrupted from the mission because of Rick's bang, finally found a chance to ask, "Master, then...do you still need to prepare a car..."

As soon as the words fell, Lu Chongshan immediately glanced over with extreme displeasure, "What kind of car are you preparing! Don't let the kitchen prepare dinner!"

After finishing speaking, he coughed lightly, and turned to Selena with an unnatural expression, "Miss Ning, stay for dinner."

How could he be willing to keep this woman, but who made the precious grandson speak for the first time, not to his grandparents, nor to his father and doctor, but to this woman in front of him.

"Yeah, stay for dinner, no, no, stay for a few more days before leaving? You see, Rick can't live without you right now!" Yan Ruyi also said.

Faced with the sudden change in attitude of the elders, Selena subconsciously looked at Daniel.

Daniel frowned slightly, but did not let go. This time, he will definitely take Rick away.

After all, he was his own son. Lu Chongshan didn't know what Daniel was thinking, and said in a deep voice, "Even if you want to pick up Rick, at least wait for him to recover, so we can rest assured that you can take him away. You can take him away now. Are you sincerely trying to kill us by taking Rick away?"

Listening to the voice... as stubborn as Lu Chongshan... actually compromised...

A trace of surprise flashed in Daniel's eyes, then he looked at Selena and said, "Let's go back to the room first, we'll talk about it when Rick wakes up."

Rick had just spoken, and if he wanted to take Rick away at this time, Lu Chongshan might really want to sever the father-son relationship with him.

Under such circumstances, Selena naturally understood, nodded, and went back to the room with the little bun in her arms.

As soon as Selena took the bun inside, Yan Ruyi and Lu Chongshan outside couldn't control their emotions anymore.

"Chongshan! Chongshan! Did you hear that? Did you hear that! Our Little Treasure has spoken! Little Treasure really spoke! I thought I would never be able to wait until the day I die!" Yan Ruyi burst into tears.

"What nonsense, didn't Rick open his mouth? I said that our Lu family ancestors blessed him, and Rick will definitely get better!"

Seeing his parents' excitement, Daniel hesitated to speak, but in the end he didn't pour cold water on them.

Rick just said one word, and he said it completely unconsciously, but even so, this is already a huge breakthrough.

In the room, Selena kissed Rick's soft cheek, she was so happy that she was almost in heaven.

Ow! My steamed stuffed bun talked and talked and talked! My bun let me hug let me hug.....

The voice of my bun is so cute, so cute, it melts my heart! How can you even have such a cute voice!

At this moment, everyone is waiting anxiously and nervously.

Fortunately, the little bun was full after sleeping for a day and a night. After waking up just now, he just slept for a while and returned to the cage, and woke up soon.

Seeing the little bun opened his eyes, Selena was immediately surprised, but at the same time she was a little apprehensive, as if she was afraid of surprising him, and said softly, "Honey, are you awake?"

The little bun blinked, looked at Selena, looked at Selena for a while, and then blinked again. Finally, he was sure that the person in front of him was Aunt Selena, and his big black grape-like eyes suddenly sparkled like stars. ...

Chapter 506

The little bun rubbed against Selena's arms with great attachment, and looked at her without daring to blink, as if he was afraid that she would disappear if he blinked.

Selena felt distressed when she saw it, and kissed Rick on both cheeks, "Aunt Selena is real, not a dream... Baba brought Aunt Selena over to see you... because you are sick..."

After being kissed twice, Rick's cheeks were flushed, all the insecurity in his heart was dispelled, he pursed his lips shyly, and returned a kiss to Selena.

Selena covered her face, feeling so happy that even if she won an Oscar, that's probably all she felt...

Looking at Rick's eyes that seemed to be able to talk, Selena wanted to spend a little more time with Rick, but knowing that there were still many people outside waiting anxiously, she said, "Baby, are you hungry? Auntie will take you How about going to eat something?"

The little bun nodded obediently.

"Wait a minute, Auntie will help you get dressed!" Selena carried the little bun, walked to the closet, and began to pick out clothes for the little bun.

"Want to wear that?"

Rick glanced into the closet, pointed with his little finger, and chose a set of cartoon sweaters that Selena had bought for him before.

"Well, that's what I thought..."

After helping Rick get dressed, Selena walked out with Rick in her arms.

As soon as he went out, he received everyone's attention.

The little guy who was still dying in bed last night had changed into brightly colored clothes and was hugged by Selena, his eyeballs seemed to be a lot more lively, as if he had changed into a different person.

The servants waiting on the side couldn't help but think of a sentence at the same time: It really is, a child with a mother is like a treasure...

Seeing his precious grandson wake up, handsome and cute, Yan Ruyi's eyes flushed, "Xiao...Rick is awake! Quick, come over to eat! I haven't eaten for so long, I must be hungry! "

Lu Chongshan also greeted, "Don't be dazed, let's all sit down and eat!"

At the dinner table, Lu Chongshan was sitting at the head, Daniel was on Lu Chongshan's left. Lu Chongshan wanted to let Rick sit on his other side, but the little guy turned his head and immediately hugged Selena's neck.

In the end, it was Daniel who moved the seat beside him and let Selena sit next to him, while Yan Ruyi and Qin Mufeng sat opposite.

At the dinner table, except for Selena who was concentrating on feeding Rick, everyone else was thinking of their own.

Of course, what everyone is most concerned about is whether Rick is really willing to talk.

Finally, Lu Chongshan and Yan Ruyi couldn't bear it any longer.

"Little Treasure, is your body still uncomfortable?" Yan Ruyi asked lovingly.

Rick was concentrating on being fed porridge by Selena, and didn't answer.

Naturally, Yan Ruyi didn't care, and continued to be concerned and tentatively asked, "Rick, is the porridge not good? You are sick, so you can't eat too greasy food. Grandma will make you some delicious food later, okay?"

"You are not in good health. Grandpa asked for leave for you. You don't have to go to school these days!"

...

Yan Ruyi and Lu Chongshan continued to talk to Rick for a long time, but Rick seemed a little slow to respond to the outside world's questions, and only gave a very indifferent response, even as if he didn't hear some of them at all.

This state seems to have returned to the past overnight...

Yan Ruyi was so anxious, she managed to say a word, but she was not sure if she was really willing to speak, why did she become the same as before?

Chapter 507

"Daniel, what's wrong with Little Treasure? Why does he look so dazed?" Yan Ruyi asked anxiously.

Originally full of expectations, she wanted to tease Rick to talk, but in the end, she didn't say a word, and didn't even respond. Could she not be in a hurry!

Lu Chongshan who was on the side heard the words and said displeased, "What are you in a daze for? Rick is just recovering from a serious illness, so it's normal for him to be a little slow!"

In fact, Lu Chongshan couldn't hide the worry on his brows. He was worried that Little Treasure had been burned for so long, in case something went wrong with his brain...

Qin Mufeng on the opposite side frowned slightly, and was also a little worried. There was indeed something wrong with Rick's state.

Selena was tired of being with Rick for a while in the room just now, and she clearly knew that Rick had nothing wrong with her, but in front of Lu Chongshan and Yan Ruyi, her status was embarrassing, and if she said a wrong word, she would cause trouble for herself, so could she not speak? It's better not to speak, so, from the beginning to the end, he remained a transparent person and only concentrated on feeding the little buns.

Although Daniel didn't know anything, his expression was very calm. He didn't appear to be in a hurry. He glanced at his son who was obediently drinking porridge in Selena's arms, and then said casually, "Rick, your little one Aunt Xi has something dirty in her hair."

Rick, who was immersed in eating porridge, immediately raised his head in a jerk, staring at Aunt Selena's hair, rummaging through it with his soft little hands.

After searching for a long time, I still couldn't find it, so I looked at Papa anxiously, my big eyes were full of anxiety, where is it?

Daniel picked up fish with chopsticks for Selena, and said leisurely, "I was wrong."

Rick: "...!!!"

Selena: The Great Demon King is so treacherous...

Lu Chongshan & Yan Ruyi: Are you the one who lied to children like this?

Qin Mufeng: "Cough..."

However, after being reminded by Daniel, they finally understood that even if Rick was sick and weak, his brain and reactions were completely fine, and he was very clever!

It's just that I only respond to things that I care about...

Lu Chongshan and Yan Ruyi glanced at each other, both looking a little unhappy.

Sure enough, they forced Rick to stay with him and restricted him from seeing Selena, so Rick must have repelled them!

Seeing the tense atmosphere at the dinner table, Qin Mufeng felt that he, a psychiatrist, should play some role.

So, Qin Mufeng coughed lightly, took out a pen and paper, wrote a word on the paper, then put it in front of Rick, and coaxed softly, "Rick, do you know how to pronounce this word?"

Qin Mufeng wrote the word "Xi" on the paper.

Selena's eye.

To actually tempt Rick to talk like this...

Lu Chongshan and Yan Ruyi showed admiration, they were indeed professional psychologists.

Daniel glanced at the word lightly, tilted his head, and said nothing.

Rick stared at that word, and everyone stared at Rick.

Under the nervous eyes of the table, Rick first glanced at Qin Mufeng with a very subtle look, then picked up a pen and wrote: "xi" on the paper.

Then, he threw away the pen, looked up at Selena with his little head up, and motioned to continue feeding.

"Pfft..." Selena, who had been silent all night, couldn't help it anymore, and burst out laughing.

Little baby is so bad! But what if it's even cuter!

Qin Mufeng wished he could hit his head on the ground, the wisdom of his life was ruined by this kid...

Chapter 508

Although Qin Mufeng was severely slapped by the little bun, the faces of Lu Chongshan and Yan Ruyi were much better, and all the worries about Rick burning his brain disappeared.

They knew that Rick was smart!

The little guy's eyes when he looked at Qin Mufeng just now were clearly intentional.

The more he looked at this child, the more he looked like Daniel when he was a child. Although he didn't like to talk, he was very boring!

The eyes of the second elder looking at Rick were full of love and pride, Qin Mufeng could only vomit blood silently, forget it, his sacrifice has finally made a contribution, and it set off the intelligence of the little ancestor, didn't it?

In the end, the meal was finished in a fairly harmonious atmosphere, but there was no doubt that everyone was somewhat regretful, because from the beginning to the end, no matter how everyone tried, Rick didn't say a word.

After dinner, Selena knew that they must have something to discuss, so she took Rick back to the room first.

"What should we do now? Our Little Treasure still doesn't want to talk!" Yan Ruyi sighed, and Lu Chongshan's face was also very serious.

In order to save face, Qin Mufeng explained with his own expertise, "It's actually very understandable, Rick is unwilling to speak because there is always a shadow in his heart, and his subconscious mind keeps him in a state of self-protection and vigilance.

However, when he is in a completely relaxed state, and in front of a person he can fully trust, after all conditions are met, he will speak naturally, even without any guidance. This point is actually consistent with my previous judgment direction. "

"You mean, to get Rick to speak, you still have to rely on...then..." Lu Chongshan coughed lightly, and finally stopped using the title "that woman", "It still depends on Selena?"

Qin Mufeng nodded, "It can be understood that Selena is a very crucial factor, and it can even be said that it is a decisive factor."

In fact, Qin Mufeng has said this kind of words countless times, but it's a pity that Lu Chongshan is too stubborn and never listens to it.

From full of hope to the present result, both Lu Chongshan and Yan Ruyi were inevitably a little disappointed.

Yan Ruyi sighed, and comforted herself, "So many doctors saw the situation before, and they all said that the situation is not optimistic, saying that there is a great possibility that a situation like ours Rick will not be able to speak again in this life. Now at least it proves that Now, it is entirely possible for Rick to speak!"

Lu Chongshan nodded, "Yes, this is a good thing!"

After finishing speaking, Lu Chongshan glanced at the eldest son beside him, "Come with me."

In the study.

Lu Chongshan was silent for a while, as if he was making an important decision.

After a while, he finally said, "Rick, take it away."

Daniel was not surprised by Lu Chongshan's decision, but in the end, his father was able to change his mind, which was much better than what he had expected. Little Treasure would suddenly open his mouth, which he did not expect at all.

"Little Treasure was with me during this time, and I did not take good care of him. This is my responsibility. But now that I hand him over to you, it does not mean that I am completely at ease with you. If Little Treasure is here If something goes wrong with you, I will still bring Rick back immediately, and you are not allowed to have any objections at that time. Do you agree with this?" Lu Chongshan said with a serious face.

Daniel nodded, "Yes."

Lu Chongshan looked away, and waved his hands impatiently, as if he was afraid that he would regret it, "Go."

Chapter 509

In Rick's bedroom.

Selena held the little bun in her arms, and uncontrollably began to contemplate a "plan to steal the bun" in her mind.

Although it has been delayed for a while, sooner or later she will be separated from Rick, what the hell, just take Rick and wander the world!

Just as I was thinking wildly, a deep voice came from my ear...

"What are you thinking?"

"Steal the buns!" Selena blurted out.

"Heh..." the man chuckled.

Only then did Selena realize that the person who came to speak was the Great Demon King, she raised her head in horror, "...!!!"

It's over! He actually directly uttered such a rebellious idea of stealing the prince!

"Together?" Daniel suddenly asked a seemingly unrelated question.

Selena was stunned for a moment, and after realizing what he meant, her cheeks felt hot.

The big devil actually asked her if she wanted to steal the big and small buns together! Too foul!

Cough, actually, I really think about it...

Daniel finally stopped teasing her and said, "Let's go."

"Let's go...?" Selena's face suddenly darkened.

Finally it's time to leave...

The little bun also noticed something, he hugged Selena tightly, and stared at Papa vigilantly.

Under the sad gazes of one big and one small, Daniel's eyes were as gentle as water: "Let's go together."

...

Until she was already sitting in the car, Selena still couldn't believe that she actually left the old house together with the little bun in her arms...

It was like a dream! Happiness comes too suddenly!

It seems that Daniel and his parents finally negotiated successfully...

Selena heaved a sigh of relief. It would be much more convenient for her to visit Rick after he returned to the Platinum Emperor Palace in the future.

However, what she didn't expect was that the final result surprised her even more than she had imagined.

Daniel directly asked Cheng Feng to drive the car downstairs to her apartment, and then opened the door to let her and Rick get out of the car.

"This is..." Selena was confused.

Daniel looked at the bewildered girl in front of him, then at the son who was still guarded and clinging to Selena, and said calmly, "Don't steal it, I can give it to you."

Selena: "...Huh!?" Selena was really confused this time.

What does the big devil mean?

He he he... He wants to give the little bun to her directly?

This is your son, hey, why don't you just give it away! Is it my own son? This is it!

Although... this is what she dreamed of...

Now there is no need to steal it, the master gave it to her directly? ? ?

Hearing that the little bun who was about to be given away by his father was stunned for a moment, there was no sadness on his face of being abandoned by his own father, but his big eyes sparkled for a moment, and his small expression was full of joy!

Very good! Papa is going to give me away!

Seeing his son's expression of undisguised joy, showing no reluctance to leave him as his own father, Daniel was a little bit dumbfounded.

"Ahem...Master Boss, you...you...are you joking just now?" Selena asked with a dry smile.

Daniel picked up his son and walked directly to the apartment, proving with his actions that he was serious.

At the door, Daniel reminded Selena who was still in a daze, "Open the door."

"Oh..." Selena hurriedly took out the key and opened the door.

After entering the house, Daniel put his son down and said, "You probably don't have any work arrangements recently, so let Rick stay with you for a while, if you have something to do, call me, and I'll let Uncle Yuan come and take care of him Little Treasure."

Chapter 510

Daniel's words dispelled all Selena's worries.

Ow! Great Demon King! The wife is considerate! The wife is so gentle! I really want to make a promise with my body!

Little bun naively thought that Papa was really going to give him to Aunt Selena, but when he heard that he was only staying for a while, he immediately became a little unhappy, with a cheated expression on his face.

What about sending me away? Papa is a big lie!

Daniel raised his eyebrows slightly, and gave his son a suggestive look, meaning, I've already given you the opportunity, whether you can stay with Aunt Selena for the rest of your life depends on your own performance.

The little bun pursed his lips, with a solemn expression on his face, he will definitely be able to do it! Relying on papa is useless, fate must be in your own hands!

Seeing his son's expression full of fighting spirit, Daniel nodded in satisfaction, without any sense of guilt that he was taking advantage of his own son.

Very good, this trump card was finally delivered to my wife...

How did Selena know that she had fallen into the trap of the Great Demon King, and at this moment, she was filled with the joy of being able to live with Little bun in the future.

"It's getting late, I'm leaving first, you guys go to bed early." Daniel glanced at the time on his watch, although he was reluctant, he still had to say goodbye.

When Selena heard this, her face changed slightly.

As Daniel said, he bent down and told his son, "Rick, I'm leaving, I have to listen to Auntie Xiaoxi!"

Seeing that Daniel was about to leave after explaining a few words to Little bun, Selena hurriedly stopped him, "Wait!"

"Is there anything else?" Daniel asked immediately.

"Uh... yes, yes! That..." Selena scratched her head and said in a bit of embarrassment, "Daniel, you... can you stay tonight?"

Daniel's calm face suddenly turned into astonishment, his cold eyes lit up with fire, and his gaze on the girl instantly became hot.

If it wasn't for Rick's presence, Selena's words could already be regarded as some kind of ambiguous invitation...

Even though she knew she didn't mean that, she still easily set him on fire...

Selena also realized that her words were inappropriate, and hurriedly explained, "Little bun's illness is just right, although the doctor has checked and said he's fine, but he also said that there is a possibility of it happening again, I'm worried if..."

After all, it was about Rick's body, she didn't dare to be sloppy at all, and it was the first time to take care of the child by herself, she was really flustered.

Daniel understood Selena's worry. Looking at the girl's dependent eyes, the fire in her eyes turned into a warm warmth in his heart, "Okay."

Selena breathed a sigh of relief, and the uneasiness in her heart disappeared immediately, "Then I'll go and make your bed! No one has ever lived in the guest room, everything is new, you can live right away! It's just a change of clothes..."

Daniel: "I'll have someone bring it over."

"Oh, that's fine!"

Baba stayed just like that, the long-awaited world of the two of them was shattered just like that, Rick's young heart received another knowing blow.

Daniel rubbed his son's head with his big palm, the corners of his mouth slightly curled up, and then seriously reminded, "Don't forget, we are an alliance. The so-called alliance means not only cooperation, but also the sharing of benefits."

Therefore, it cannot be monopolized!

The little bun was angry when he heard the words, but he couldn't refute, so he turned around and ran to the guest room, looking for Aunt Xiaoxi for comfort...

Papa bullied me again!
