

Cruel Heart Lover Novel

Chapter 511

After the big bun was settled, Selena started to put the little bun to sleep.

Rick expressed that he wanted to listen to Selena sing.

As a result, Selena sang several songs that the little bun usually liked, but the little guy was still staring at her with piercing eyes, showing no sign of going to sleep.

"Aren't you sleepy, baby? Then Auntie will tell you a story?" Selena asked tentatively.

As a result, Rick shook his head vigorously.

Selena rubbed her chin, "Still want Auntie to sing?"

Rick nodded.

"Don't you like what you sang just now?" Selena asked again.

Rick nodded.

Selena seemed to understand a bit, "Then... Auntie will change one for you?"

Rick continued to nod, looking expectant and afraid of disappointment.

Selena thought for a while, and then sang, "Sleep, sleep, my dear baby, mother's hands, gently rocking you..."

After changing this song, Rick's face immediately lit up, he rubbed against Selena, clinging to her embrace, and obediently closed his eyes.

Selena touched Rick's head with a broken smile, so she wanted to listen to this song...

When he sang to Rick in the old house before, the little guy was so delirious, but he probably heard it subconsciously, so now he has always wanted to listen to this song, but because he didn't know Selena at the time It wasn't until Selena sang it again that she was finally satisfied with which song she could sing.

Amidst the gentle singing, Rick soon fell asleep soundly.

Selena was worried, so she touched Rick's forehead to make sure the temperature was normal, and finally she felt relieved.

k!ssed the little bun on the forehead, then gently moved off the bed, ready to go to see the big bun.

Knocked on the door, but there was no response from inside, did he go to bed so early? This doesn't fit Daniel's routine, does it?

Selena pushed open the door suspiciously, only to find that the bedside lamp was on and the laptop was still turned on. Daniel was half leaning on the bed, falling asleep just like that.

Selena frowned as she looked at the heavy shadows under the man's eyes.

Before Daniel said that the company was not busy recently, he was actually lying. That guy Saul has been wandering outside for so long, so Daniel's work must be doubled. That's it...he went to the airport to pick her up in the middle of the night last night Afterwards, Rick had a fever, so she slept with Rick for a while, and he must have been up all day and all night...

Selena stepped lightly, walked over carefully, helped Daniel up, adjusted the pillow, took off his coat, and let him lie down and sleep well.

After covering Daniel with the quilt, closing the laptop, and turning off the lights, Selena was about to leave.

However, the moment she got up, she didn't move, and by the moonlight outside the window, she quietly looked at the man's perfect face that was loved by God, and at the man's cold and distant expression when he fell asleep...

It is obviously a perfect face, but it is cold and ruthless and rejects people thousands of miles away. For some reason, when I look at it, it seems to be attracted by an extremely huge whirlpool. I can't look away at all, and I can't help it. want to get closer...

While thinking this way, Selena had uncontrollably returned to the edge of the bed, leaned over, and when she realized it, her black hair was hanging on the man's shoulders, and the distance from the man's thin lips was only breathing and smelling...

The moment she almost kissed her, Selena suddenly came back to her senses, and ran away in a hurry like a beast chasing after her.

What Selena didn't know was that behind her, the moment she left, the man on the bed suddenly opened his eyes, and his deep eyes were full of clarity...

Chapter 512

The man on the bed suddenly opened his eyes, his deep eyes were clear, without the slightest drowsiness...

Just now, he leaned on the bed and just closed his eyes and rested for a while.

When Selena knocked on the door, he was in a light sleep and did not hear it, but when Selena opened the door and came in, he was already awake, but, for some reason, he didn't open it right away. open your eyes.

Later, it was Selena who carefully undressed him, helped him lie down, and covered him with a quilt.

Even though he knew that she only cared and respected him as a boss and superior, feeling the girl's silent concern for him, Daniel still felt as if the cold blood had been injected with warmth, and even his fatigue was swept away.

However, at this moment, he thought that the girl had finished all these preparations and went out, but what surprised him was that the girl's footsteps moved a bit, but suddenly there was no sound.

She didn't move, she didn't move, even, he seemed to feel the girl's eyes on him...

what is she doing? looking at what?

It's a pity that he couldn't open his eyes at this moment, so he could only continue to pretend that he didn't know anything, lying motionless on the bed, paying attention to every subtle sound in his ears.

The girl stood on the edge of his bed, silent for a long time, so quiet that just being watched by such eyes, he had already reacted slightly, and finally, he heard an extremely subtle sound of clothes rubbing against each other.

Selena seemed...as if she was approaching him?

Just when he was suspicious, he actually felt something light tickle on his shoulders, and then, he was very familiar with the girl's sweet breath.

A flash of light flashed in his mind, and he finally realized that the itchy hair was the girl's hair, and she was very close to him at this moment...

At this moment, Daniel's heart almost stopped, and the blood in his whole body almost flowed backwards. A burst of electricity rushed from his back, exploded in the central nervous system, and a burst of heat rose from his lower abdomen.

what is she doing?

Daniel lay there stiffly, not daring to make a sound.

The girl is getting closer...

closer...

In the next second, he almost thought that the long-awaited softness and sweetness was about to land, but the girl's breath suddenly moved away, and then there was the sound of hurriedly leaving footsteps.

Daniel opened his eyes, almost thinking it was just a dream.

But, no, that was not a dream, it was all real.

Selena did do some strange and incomprehensible actions just now...

After all, he had his eyes closed just now, so he couldn't be sure what she was doing. He just judged by intuition. She wanted to k!ss him, but at the last second, she changed her mind?

Or is it all just his self-indulgence?

Maybe it's just that there is something dirty in his hair, and she leaned over to look for it for a while, and helped him remove it?

"Heh..." Daniel supported his forehead, looked at the fierce reaction of his lower body, and smiled wryly, feeling like he was going crazy.

how can that be possible...

How could she want to k!ss him?

This kind of thing is obviously only possible for him to do.

And because of a figment of his own imagination, because of an illusory k!ss that didn't exist at all, his body reacted...

Daniel got up hastily and went into the bathroom in the room.

The cold water didn't lower the temperature of the body at all, and the fire in the body was burning hotter...

"Selena..." Finally, the man couldn't bear it any longer, he put his palm under his body and moved slowly.

I imagined that if the girl really k!ssed me just now, I imagined a lingering relationship, but unexpectedly, I just released it like this...

NEXT CHAPTER

Chapter 513

After coming out of the guest room, Selena fled all the way to the balcony.

After being blown by the cold wind for a while, he finally regained consciousness.

Awow, Yaoshou! Beauty misleads people!

She almost took advantage of the Great Demon King while he was asleep just now!

It's crazy!

Fortunately, he woke up at the last moment and stopped his sinful behavior.

Sure enough, it is too dangerous and self-abuse to keep such a juicy and attractive Chinese cabbage by your side...

Selena was lying on the balcony confessing to herself when the phone in her pocket rang.

There is a new message from... Annie.

Selena's eyes lit up, and she immediately woke up completely, and clicked on the message.

Annie: Karen, are you there?

Selena immediately replied: Yes, is there a problem?

Annie: Yes, brother's mood these days is very, very, very bad!

Selena frowned: What's going on? How bad was it that Anne used three "very"?

Annie: I think, Big Brother must have quarreled with you again, Karen!

Selena thought she could get some important information, but when she saw this information, the corners of her mouth twitched: You think too much, I haven't contacted him before, how could I quarrel with him?

After sending this message, Selena suddenly felt something was wrong...

Ah, no, she seemed to have had a fight with that guy some time ago?

Because of the incident in Philadelphia, she was so angry that she sent a text message calling him a ba5tard tortoise?

It's not because of this, is it?

The more Selena thought about it, the more likely it was...

Annie: Karen, don't lie to me, I already know, are you angry because of the incident in Philadelphia? Big brother didn't mean to hurt you, and big brother was very angry when he found out. That incident was not ordered by the eldest brother at all, it was the people below who acted without permission! The eldest brother was furious for this, and he had already made them pay the price.

Selena was stunned when she saw this message, it turned out that...

No wonder she always felt that the matter was a bit strange, it didn't look like that guy's behavior, but at the time she was impatient and didn't think much about it, besides, that guy's personality is unpredictable, even more fickle than a woman, who knows when he will Modified? In fact, everything is possible, and it cannot be speculated with common sense.

However, this matter is not the point. The point is that after that event, she vaguely noticed a possibility that she had never thought of.

The relationship between that person and Daniel was probably not only because of her, but also because of other connections. Every time that person mentioned Daniel, his attitude was too subtle...

Just like some blood feud?

This intuition became stronger and stronger, so she couldn't help but ventured back to St. Bernardine, and asked Third Senior Sister Feng Xiaoxiao to help investigate this matter.

Okay, I see. Is there anything else? Selena sent a message to ask.

Annie: Another thing is, Karen, didn't you let me... let me be an undercover agent? I have helped you to pay attention. Recently, there have been people outside looking for troubles for my eldest brother, so my eldest brother has been at sea for a while, and there is nothing unusual. It's just that I just learned a piece of news and I'm a little worried.

Selena immediately tensed up: What news?

Annie: I just saw that Big Brother issued a task to Brother Ye.

Selena: What level?

Annie: S grade.

Selena looked at the word "S-Class" on the phone, and her face turned pale.

Sure enough, if it wasn't an S-level mission, Annie wouldn't be nervous, so nervous that she would take the risk to inform her.

Dmn it! That guy, what exactly is the task assigned? Not only the s-level, but also let Kevin do it himself!

Could it be related to Daniel?

Chapter 514

Meanwhile, the biggest casino in Las Vegas.

In a certain luxury box, there are hill-like ledgers piled up on the coffee table, and on the leather sofa sits a man wearing gold-rimmed glasses who looks refined and refined.

There was a pool of blood under the man's feet, a bald man was clutching his severed right hand and twitching non-stop, all the others stood there tremblingly, sweating profusely...

At this time, the computer on the coffee table that was turned off suddenly started automatically, and then a blood-red letter "s" appeared on the screen, and a sharp alarm sounded.

When seeing this sign, everyone in the box showed a terrified expression.

S-level mission!

Did something big happen up there?

Even Kevin's expression became serious, and he raised his hand to signal everyone to leave.

Immediately, everyone retreated as quickly as possible, and only Kevin was left in the box.

Kevin pressed a certain key on the keyboard, and in the next second, a picture flashed on the computer screen.

The sound of ocean waves came from the speaker, and the video showed a night full of stars. Under the moonlight, a vague figure could be seen on the wooden deck.

Kevin's expression was extremely solemn, and he immediately looked at the person in the computer video and asked, "Satan, what happened?"

The tasks in the organization are divided into four levels of abcd according to their importance, and there are more important and difficult tasks above level a, which are s level tasks.

The last time he took on an S-level mission was more than three years ago. That time, they were almost wiped out.

Therefore, Kevin cannot be blamed for being so nervous.

In the video, the dark figure lay on his back on the deck looking at the stars in the sky, with one knee bent and one arm casually placed above his head. After a long while, under Kevin's extremely nervous eyes, he faintly He said, "Ye, am I really good at chasing women?"

Kevin: "..."

After waiting for a long time and making mental preparations for a long time, I thought it was some terrible news, but in the end, after waiting for such an irrelevant sentence, a crack like a spider web appeared on Kevin's face, "You came to me to ask this?"

"Of course not." The man said in a tone of "How could this deity be so stupid?" Then he reminded, "Ye, you haven't answered my question yet."

Although he had long been used to the personality of the man in front of him who never played cards according to common sense, Kevin was still a little overwhelmed. He took a deep breath to suppress the surging emotions in his chest, and replied patiently: "Yes."

"Well... Sure enough... Only you dare to tell me the truth..." The man sighed, and then asked, "Tell me, should I propose to her?"

"What?" Kevin's face under the glasses almost collapsed. Proposal? This guy...does he want to jump like this?

"Well, I'm such a genius!" Before Kevin could speak, the man had already started talking to himself.

On the other end of the video, Kevin pinched the center of his brows, and said unbearably, "Satan, I must remind you that the wind outside is very tight. You must not leave this sea area for at least a month."

"Of course I know. So, help me!" The man said in a natural tone, and he didn't want to be beaten.

Kevin: "..."

The calmness on Kevin's face finally broke completely, he gritted his teeth, and said word by word: "So, your so-called S-level task is to ask me to help you propose to your junior sister?"

Chapter 515

"That's right..." The man gave an affirmative reply.

Kevin squeezed the space between his brows, took a deep breath, and seemed to be suppressing his emotions. After a while, he turned coldly and said mercilessly to the person in the video: "I'm sorry, I refuse this task."

After the person in the video was flatly rejected, he didn't get angry at all, and said in a good-tempered tone, "Well... then I have to go by myself!"

"Absolutely not!" Kevin resisted the urge to kill the master, and finally, after killing someone a hundred times in his heart, he finally compromised, "Okay, I'll go!"

On the deck, the man stood up and held the messy hair on his forehead with his slender fingers. In the darkness, he showed an extremely nasty smile, "Success is only allowed, failure is not allowed..."

Kevin: "You'd better go die!!!" He would rather take the real S-level mission!

"Hahahaha..." Finally, Kevin was so angry that he exploded. Someone seemed to have a sense of accomplishment, and laughed happily. After laughing enough, he finally narrowed his eyes and said sinisterly, "If you succeed, bring her back, if you fail, bring me a word."

Kevin: "..."

Hehe, where did he get the confidence to think that there is a possibility of success?

It's not that he doesn't know how to chase girls. When it comes to matters between men and women, his emotional intelligence is simply a disaster!

However, Kevin knows that as long as it is something he decides, it will never change. If his wish is not fulfilled, he will definitely dare to run out and make troubles. The consequences will be unimaginable...

...

On the balcony, Selena thought wildly for a while, but soon calmed down.

Why do you think about everything about Daniel? It's an S-level mission, it must be something within the organization...

He finally lay down on the bed, and just as he closed his eyes and was about to go to sleep, his right eye kept twitching.

Jumping in the right eye...disaster?

Just thinking about it, the right eye twitched, and the left eye started to twitch again!

The left eye jumps for money...

Uh, why is her left eye and right eye twitching together? Is it wealth or disaster?

the next morning.

Selena got up early on purpose and cooked breakfast herself. The simple seafood porridge, heart-shaped poached eggs, and some appetizers that she usually pickled by herself looked very appetizing.

Just as he was setting the plate, a soft momentum suddenly came from his calf. When he looked down, it was indeed Rick who woke up.

"Baby is awake, go wash your face and brush your teeth!" The housekeeper had already delivered all the toiletries and clothes last night, so she didn't have to worry about it at all.

The little bun shook his head, raised his head and opened his short hands, signaling for a hug first.

Selena naturally wouldn't refuse, and smiled to satisfy the little guy's request.

Just as he was getting bored with the little bun, there was a sound of footsteps behind him, and when he turned his head, it was Daniel who had woken up.

It's not the first time I saw Daniel just woke up, but today... I always feel that there is something different...

It seems that the eyes are different...

In the past, Daniel looked at her with gentle eyes like water and spring breeze, or that kind of healing herbivorous eyes, but now, those eyes gave her a feeling that everything before was just an appearance, the seal of the Great Demon King. The feeling is slowly being lifted.

After all, Selena almost did something wrong last night. She was a little guilty and didn't dare to look any further. She coughed lightly and said, "Master Boss, you're awake. Wash up and eat now!"

Daniel calmed down, withdrew his probing eyes, and returned to his usual cool expression, "Yes."

Chapter 516

Before eating, Selena took the little bun's body temperature as usual, and was relieved to see that the temperature was normal.

As for the little bun who didn't speak again after saying a word, she was not in a hurry.

For her, Rick's health is the most important thing. Although she also hopes that Rick can speak soon, she will never force him to do something he doesn't like. When he is really willing to speak, he will naturally speak.

After breakfast, Selena suddenly remembered something, "Ah! That's right! I almost forgot, I brought you a present!"

Gift!

The little bun's eyes lit up.

Selena went back to the house and took out two sky-blue gift bags, one big and one small, and handed them to the little bun and the big bun respectively.

Daniel took the bag, slightly surprised, "I have it too?"

"of course!"

And the gift from the Great Demon King is the most expensive!

Daniel opened the bag, and inside was a suit. Looking at his son's, it was indeed a set of children's clothes of the same style as his own.

Selena's greatest hobby is probably watching father and son in parent-child outfits.

However, apart from the clothes, there were also differences. Selena also bought Rick a plush bear that could be hung on his schoolbag, and Daniel a tie clip.

"How is it? Is it okay? Do you like it?" Selena asked nervously.

The little bun's answer was to run into the house and take out the little schoolbag, then handed it to Selena, asking her to help hang up the little bear.

Daniel said, "Wear it for you?"

When Selena heard it, her heart was filled with joy and she nodded her head, "Yes, yes, I want to see it!"

Little bun puffed out his cheeks unwillingly, and carried his clothes into the house to change.

Selena held her chin and waited with great anticipation.

In addition to expectations, she was more nervous, because the color she chose this time... challenged the limit of the Great Demon King...

Last time it was navy blue, this time she chose... red!

She even dared to bet that the Great Demon King might never wear red clothes in his life...

Of course, she couldn't have chosen an exaggerated bright red, but a very temperamental maroon.

Just now when the Great Demon King saw the clothes, he said without hesitation that he wanted to try it. She was shocked for a long time, for fear that the Great Demon King would not want to wear it!

After waiting anxiously, the father and son changed their clothes and opened the door almost at the same time.

Looking at the big and small buns standing side by side, Selena's expression froze for a moment.

So... so handsome!

How can he be so handsome!

I didn't expect that even the big devil in this color could look so handsome in the sky, without any sense of disobedience. Sure enough, there is no color that the big devil can't control!

Moreover, because I have never seen the big devil wear such a color, I was even more excited after seeing it at first.

"How is it?" Daniel raised his brows slightly, in fact, one could tell what the girl was thinking from the expression on her face.

He really had never worn this color in his life, but because it was a gift from her, he put it on almost without any hesitation, and even liked it.

Well, as long as the wife chooses it, even if it is green, he will probably wear it...

"Mrs. Mrs... so handsome!" After seeing the father and son trying on the clothes, Selena admired them contentedly for a long time.

Daniel wore a shirt, vest and coat, and Rick wore overalls and a bow tie of the same color. Standing together, no matter how many times you look at them, they are still pleasing to the eye!

Chapter 517

It wasn't until it was getting late that Selena finally came to her senses, "Ah, Daniel, are you going to be late for work?"

"No, it's still early. Are you going to take Gong Shangze to see the house today? These are some suitable locations I picked for you, for your reference." Daniel said, and handed her a document folder.

"It was done so quickly?" Selena was amazed at the efficiency of the big devil.

"It won't take much time." Because her work must be the first, naturally it will be soon.

"Thank you so much!!!" Looking at the detailed analysis and comparison of each location in the information Daniel gave her, Selena immediately felt much more at ease.

Then, her peripheral vision fell on Rick, and she suddenly had a problem, "Uh... I'm going to see the house today, what about Rick? If there are other things, forget it, I will definitely run around today, too. It's not easy to take him with you!"

When Rick heard this, his face was filled with the expression that he was about to be abandoned.

"I'll call and ask Uncle Yuan to come over," Daniel said.

The little bun stared at Papa, and grabbed Selena's clothes even tighter, don't!

Selena looked hesitant, and left Rick here alone. Even if someone took care of him, she still felt a little bit reluctant.

Daniel saw her concern, so he put down his phone and said, "Or, I'll take him to the office, and you come pick him up when you're done."

"Well..." She would be more at ease if she let Rick follow his father!

After pondering for a while, Selena bent down and said softly to Rick, "Rick, I'm really sorry, Auntie really has something to do today, look, do you want to wait here for Auntie to come back, or you go with Dad first company?"

He didn't want to choose any of them, he just wanted to be with Aunt Selena! He is not afraid of being tired! But... he was afraid of dragging Aunt Selena... afraid that Aunt Selena would be tired...

Rick struggled for a while, and finally, reluctantly glanced at Papa next to him, which meant that he chose to go to the company with Daniel.

Because, this can create more opportunities for Papa and Aunt Selena to get along.

Although he actually didn't want to do this at all, but, forget it, whoever made him an alliance with Papa, if he wants to be able to stay with Aunt Selena all the time, he still has to rely on Papa.

Daniel looked at his son's choice with a satisfied expression, he was indeed his own son!

Of course, Selena didn't notice the eye contact between the father and son, and hugged the little bun in distress, "Baby is so good, Auntie will come pick you up as soon as she finishes her work!"

After comforting Rick, Selena and Daniel started to act separately.

Lu Group company building.

When Daniel got out of the car holding Rick's hand, there was a commotion everywhere he went.

Almost all eyes fell on the little boy who was being held by Daniel's hand.

There is no need to think too much, just looking at the little face carved out of this mold, it must be the shining little prince in their legends!

Especially today, Daniel and Rick were still dressed in the parent-child outfits that Selena bought for them. Standing together like this, one big and one small, almost murdered all eyes. Even the morning sun seemed to be favored by the father and son. Otherwise, how could the two of them bring their own special flashing effects?

The little secretary at the front desk couldn't bear the excitement, and excitedly posted a sentence in the company group, giving a high-energy warning in advance...

Every day, my God... big news! Mr. Lu brought the little prince to the company! The little prince is so handsome, so cute, so cute!

Chapter 518

As soon as this sentence came out, the company group exploded like a frying pan splashed with cold water. New information followed one after another, jumping at high speed...

Little prince!? I don't read much, don't lie to me! How could Mr. Lu bring the little prince to the company?

You can't read it wrong, right? How do you know it's the little prince?

I've been in the company for five years, and I haven't seen a hair on the little prince, okay?

Is there really a little prince? I thought it was just a rumor!

Even if there is, it is impossible for him to be the little prince. How could such a low-key person like Mr. Lu bring his son to the company?

...

The little secretary was naturally unconvinced, and retorted with strength: It's the little prince! She looks the same as our President Lu, how could I admit my mistake! And they are also dressed in parent-child attire, parent-child attire! I have never seen Mr. Lu wear such bright colors! Do you know what color Mr. Lu is wearing today? Red oh red! In order to match my son, he even wore this color! The point is that he is still handsome! I feel more handsome than usual!

Hearing what the little secretary said with a nose and eyes, people gradually began to believe: Please ask for a photo, please ask for a photo! It's not kind to enjoy it alone!

At that time, I was so dumbfounded, how could I remember to take a picture! Boss Lu has already taken the little prince to take the elevator upstairs, you will find out later!

...

Because the little secretary told them in advance, almost everyone put down their work for a while, and their eyes were firmly glued to the elevator.

After waiting anxiously, finally...

There was a "ding".

The elevator doors opened.

Daniel walked straight out of the elevator, holding a small dumpling carved with jade in his hand.

They used to only wear black Mr. Boss, but today they are really red!

Moreover, Mr. Boss was really holding a little boy about five years old in his hand. The little boy was wearing clothes of the same color, and his pink and

jade-carved face was like a miniature version of Daniel. Even his face was cool. His cold expression was exactly the same as Daniel's.

After seeing the big and small ones, all the employees were stunned, until finally someone in the corner came to their senses and hurriedly greeted, "Good morning, Mr. Lu! Good morning, young master!"

Then there are "Mr. Lu Zao" and "Master Lu Zao" one after another.

Although the scene of Qi Shushua standing up to pay their respects was quite spectacular, the five-year-old Rick was very calm, and the expression on his face did not change at all.

In fact, it was because the little guy was still immersed in the loss of parting from Aunt Selena, so he didn't notice what was going on around him.

As soon as the two of them entered the CEO's office, the discussions outside could no longer be suppressed...

"My God! It's really the young master!"

"The young master's genes are too good! I'm getting more and more curious about who the young master's real mother is!"

"Mr. Lu is actually wearing red! I used to think that Mr. Lu's most suitable color is black! Now it proves that I still have too little experience!"

"Actually... What I'm most curious about is, who bought the clothes for Mr. Lu and the young master? And who made them wear them?"

"That's right! With Mr. Lu's own personality, he would never buy it, let alone wear clothes of this color and style! It would be the same if the second young master!"

"Is there even a need to ask? Naturally, she is the future proprietress!"

...

Chapter 519

Selena pressed the doorbell of the hotel room.

Almost as soon as the button was pressed, the door was pulled open.

The young man stood at the door nervously and nervously, his face could not hide his excitement, "Boss! You are here!"

After seeing Selena, apart from excitement, Gong Shangze seemed to have a somewhat relieved expression on his face.

After all, when he was in Los Angeles, Selena's appearance was too sudden for him. He didn't sleep well last night. He was afraid that it was just a dream. He woke up early in the morning and waited for Selena to come to him. , I'm always afraid that she won't come, I'm afraid that if I don't do well, she will regret and change her mind, I'm afraid that I will fall into another despair...

Fortunately, she is here.

Selena looked at the neatly dressed Gong Shangze, "Is everything all right, let's go right away?"

"Well, let's go!"

"Have you had breakfast yet?"

"I have eaten, the hotel provides it in the morning."

"Okay! Then let's go! Let's go to see the house first? When the house is finished, you can go directly to buy the things you need!"

"it is good."

...

It was only when Selena took a closer look that Daniel helped her prepare the materials, including the order of seeing the properties and the best transportation route. .

In the morning, she took Gong Shangze to look at several places one after another. As expected, they were recommended by the Great Demon King. Every location was very suitable, and even the landlord was very polite.

In the end, the two took a fancy to a high-end office building in the south of the city.

The size of the studio is small, but it is enough for use. The decoration is simple, and the office supplies are ready-made, which can be directly moved in, which meets her needs very well. The best point is that most of the companies around here are related to art. There are also many fashion design companies, and the atmosphere is very good.

Selena discussed it with Gong Shangze and decided on it directly.

After signing the contract with the landlord, the two were ready to go shopping.

“In the past two days, we are mainly purchasing, and then go to the talent market to recruit a few people...”

Selena was talking to Gong Shangze when a large group of young men and women walked towards her.

Those people were dressed in avant-garde fashion, and the man walking in the middle was surrounded by the crowd, with a proud expression on his face.

"Mr. Dai, you are really amazing! This time at Los Angeles Fashion Week, you suppressed the limelight of all domestic designers! Even Mr. Smith, the chief designer of CL, praised you very much! "

"What is this? After coming back this time, half of the big-name movie queens in the entertainment industry are wearing clothes designed by Teacher Dai!"

"I heard that Mr. Dai is going to sign up for the Golden Summit Award. The winner of this year's Golden Summit Award must be Mr. Dai!"

...

Selena glanced casually at first and didn't pay attention, but found that Gong Shangze's expression changed instantly after seeing the group of people beside him.

To be precise, it was after he saw the man among the group of people.

Well, just now I heard those people call the man in the middle "Mr. Dai", could it be...

"Shang Ze, do you know this person?" Selena asked casually.

Gong Shangze clenched his fists, nodded coldly, "I know."

Selena understood, "Is he the sgumbag teammate Dai Wei who stole your design draft?"

"Yes." Gong Shangze stared at the men opposite until he passed them...

Chapter 520

Selena suddenly thought of something and felt a little strange, "Hey, Shang Ze, the two of you were so close just now, even that Dai Wei glanced at us, why didn't he recognize you?"

At this moment, the gloom on Gong Shangze's face had gradually receded, and when he heard Selena's question, he said shyly, "Actually, although I am a fashion designer myself, because I spend most of my time drawing pictures and communicating with others, I wear Wei is dealing with it, so I don't care much about my attire, so...so...even if I didn't fall into a beggar, my image would not be much better..."

"Pfft... no wonder! You really are a mudslide in the design circle!" Selena laughed.

As a designer, who doesn't care about his own image? This guy can turn himself into a beggar...

Selena coughed lightly, and regained her thoughts of letting go. She carefully looked at Xiao Xianrou beside her, and said, "However, you must not do this again in the future. A good mental outlook is more conducive to your creation, you know? The most important thing is that such a good foundation is like a living sign, you are too reckless! Look at that Dai Wei, he is so well dressed, his makeup is thicker than that of a woman, he also wears colored contact lenses, and his hair is His pomade is so shiny, he's not half as handsome as you, okay?"

Gong Shangze was a little embarrassed by her words, "Boss, you are exaggerating!"

Selena raised her eyebrows and said, "I didn't, I said you still don't believe it, but when you have a lot of crazy female fans, you will believe it!"

Hehehe, this is an appearance that can make even the big devil jealous, is she not exaggerating at all?

If it wasn't for his design talent, she would have wanted to pull him into the entertainment circle.

"By the way, what is the Golden Top Award? Is it great?" Selena asked curiously.

"Well, it should be regarded as the most authoritative fashion design award in China. There is still half a month before registration, and the time is tight, but, boss, I want to try!" Gong Shangze asked with firm eyes.

"Do you want to participate? Of course! If you need my help, I will fully support you!" Selena patted Gong Shangze's shoulder and said.

"Thank you boss! This sentence from you is enough!"

In the past, he was just a pure hobby of design, and he was not interested in anything other than design, but this time, he regarded it as a career, a belief and a goal.

Most importantly, he wanted to prove to the person in front of him that she was right!

Lu Corporation, President's Office.

Since Rick came in, he has never left the window sill with a telescope in his arms. He even ate lunch on the window sill, a small red "Wangxi Stone".

Daniel raised his head from a pile of documents, and found that his son still hadn't left the window sill, and said with displeasure, "Rick, go to the lounge to sleep for a while."

The little bun lay there motionless, don't go!

Daniel glanced at his son, "Your aunt Selena rested here a few days ago."

When Rick heard this, he got down on the window sill and ran to the lounge.

After finally coaxing his son to sleep for a while, Daniel heaved a sigh of relief and continued to work.

However, after a while, the little guy woke up and changed his way of tossing.

Apparently just lying on the window sill and watching was not enough for him, Rick took out his writing board and started to brush and write.
