### Chapter 521

After Rick quickly finished writing, he ran over to show Papa...Why didn't Aunt Selena come to pick me up?

Daniel glanced at the writing board, "She's busy."

Little bun: Auntie Xiaoxi doesn't want me anymore?

Daniel: "You think too much."

Little bun: Then why didn't she come to pick me up?

Daniel: "Because I'm not done yet."

Little bun: When will Aunt Xiaoxi finish her work?

Daniel: "I don't know, you can send her a text message to ask her."

Little bun: No! It will disturb Aunt Selena! Does Aunt Selena really like me?

The corners of Daniel's mouth twitched slightly, and he looked up helplessly from the pile of work. If you're worried about disturbing Aunt Selena, you don't worry about disturbing your own father, right?

The restless little bun is naturally not worried about disturbing his father at all, and is still going on with a hundred thousand why...

Little bun: Will Aunt Selena suddenly dislike me?

Little bun: Aunt Selena hasn't come to pick me up yet, could it be that she fell in love with another child?

Little bun: Will Aunt Selena like me forever?

Little bun: Am I Aunt Selena's favorite baby?

...

Daniel: "..."

Wife, why don't you come back?

For the first time in Daniel's life, he felt that raising a child was so difficult...

At this moment, outside the president's office.

Suddenly, an extremely excited voice came from the quiet staff area – "Yo hoo..... My dear babies, the young master is back....."

At the elevator door, it was almost winter, but Saul was wearing a short-sleeved floral shirt, a grass skirt around his waist, flip-flops on his feet, and his messy hair blown by the sea breeze was extremely eye-catching.

However, even if this guy is dressed like this sh1t, he is still so handsome that all the female employees scream excitedly.

"Second...Second Young Master!!!"

"Ahhh! Second Young Master is back!"

"Second Young Master, you're back! Didn't you say you're going to take a three-month vacation?"

...

Saul stroked the stray hairs on his head smartly, "Hahahahaha... Of course it's because I miss you..."

"Ahh! Second Young Master, we miss you too!!!"

"Second Young Master, you look so handsome dressed like this!"

"So handsome, so handsome, so handsome! Er Shao, can we take a photo?"

...

What day is today? I am so lucky. Not only did I see the little prince, but even the second young master who had been on vacation for many days came back...

"Haha, just shoot whatever you want... By the way, babes, I brought you a gift! Everyone has a share..." Saul clapped his hands triumphantly as he said.

Behind him, several subordinates came in carrying several large boxes.

Everyone took a closer look and found that the box was full of big coconuts one after another...

Saul shook his legs and said proudly, "Hahaha, these were all shaken from the tree by my own hands, my head almost got smashed!"

"Ah, Second Young Master, you are so considerate!"

"What a special gift! I like it so much! Thank you, Second Young Master!"

"Second Young Master, can you sign the coconut for me?"

"I want it too! Can you sign it directly on me?"

...

Looking at the excited female employees swarming up, the expressions of the male employees are all horrible. Hey, they are handsome, even if they are dressed like a pair, they can get the hearts of a large number of beauties... ..

Just as he was thinking about it, he saw a few male compatriots go up to ask for an autograph while holding a coconut with blushing faces...

## Chapter 522

After communicating with the staff, Saul pushed open the door of his brother's office...

"Brother! I'm back!!! Not seeing each other every day is like three autumns, not to mention that so many autumns have passed, do you miss me...uh..."

The next second, after seeing clearly his brother sitting at the desk, Saul froze for a second, then covered his eyes and let out an unbelievable wail...

"Ow! fcuk, fcuk, fcuk! What did I see!"

What is his brother wearing? What is it?

He thought the sapphire blue last time was already a miracle...

I actually saw my brother in red today! Red oh red! He dares to swear that his brother has never worn this color in his life!

You don't need to ask to know who this aesthetic comes from!

Just after he was shocked, he saw Rick lying on the window sill in the same color parent-child outfit...

Knowing hit!

"Dmn it! Can it work, can it work! I just came back and you abused me like this! Who, prepare a plane for me, I want to go back to my small island in the lonely northern hemisphere..."

After finally calming down, Saul decisively began to gossip.

Leaning over, he touched his brother's clothes cheaply, "My sister-in-law gave it? It seems that you two have developed well during my absence? By the way, I heard that the little baby is talking Yes, so I flew back immediately! Is Rick really able to talk?"

After finishing speaking, without waiting for my brother to answer, I flew directly in front of Rick with a flattering face, "Baby, call me second uncle! Hurry up... For your second uncle, I even left all the hot girls behind." ..."

Rick glanced at Saul with an idiot-looking expression, lowered his head, and wrote a few words.

Saul leaned over to take a look, and saw the words written on the writing board: Am I Aunt Selena's favorite baby?

"Uh...?" Saul was confused by this sentence, and because of his sweet tongue, he subconsciously replied, "Is there even a need to ask? Of course you are!"

The little baby's eyes lit up, and he continued to write: Then why hasn't Aunt Selena come to pick me up?

Daniel at the desk glanced at his brother and son, and explained the situation to Saul kindly, "Little Treasure will live with Selena for the time being, but Selena has something to do today, so I will take him with him for the time being." He for a while."

As soon as Saul understood, he replied, "Rick, don't worry, your Auntie Xiaoxi must have been working non-stop in order to pick you up earlier!"

Little bun: Work is more important or me?

Saul: "Uh, of course you are important!"

Little bun: Then why hasn't Aunt Selena come to pick me up?

Saul: There seems to be something wrong, why did they go back again?

...

Seeing Little Treasure clinging to Saul, Daniel showed a relieved expression imperceptibly, and could finally work with peace of mind.

After a long while, Saul, who was being chased by Rick holding the writing board, ran away with his head in his arms, and let out a mournful wail, "Oh! Rick, please spare me! Don't ask me anymore!!!"

Even if he could coax people like Saul, he couldn't stand Rick's mental attack.

Saul glanced at his brother who was calmly working, with an expression of sudden understanding, no wonder he was so kind to explain the situation to him, so he was waiting here for him.

Depend on! Why did you cheat him as soon as you come back?

In the end, Saul, who was originally wearing a flowery shirt and grass skirt and sandals, lay on the sofa with a dazed gaze, and stretched out his hand as he was dying, "Sister-in-law... come back soon..."

## Chapter 523

At the same time, Selena, who was shopping with Gong Shangze, suddenly sneezed several times.

Well, who's thinking about her?

Although everything went very smoothly today, it was already evening when the work was finally finished.

Gong Shangze took a few bags from Selena, "Boss, go back and rest, I'll do the rest myself!"

Selena glanced at the time on the phone, and was afraid that the little bun would be in a hurry, so she nodded, "If you have something to do, please remember to call me, don't force yourself..."

"Well, I see!"

"Then I'm leaving, be careful on the road!" Selena waved her hands and told her worriedly, "Oh, by the way, remember to lock the door when you sleep at night, and check the windows..."

Gong Shangze couldn't laugh or cry when he heard this, he always felt that Selena was taking care of him like a girl...

After bidding farewell to Gong Shangze, Selena rushed directly to the Lu Corporation to pick up Rick.

The thought of seeing Little bun soon put Selena in a great mood, and even the fatigue of the day disappeared.

Compared to Selena's good mood, at this moment, in the CEO's office, both Daniel and Saul have been devastated to the point of nervous breakdown...

Saul was lying on the sofa like a dead fish, and the little bun next to him was holding up a sign resolutely to force him to answer the question, "Oh my God! I suddenly felt... It's good that Rick can't speak..."

If they don't talk, they have already made them miserable, so what if they can talk?

Daniel pinched the center of his brows, his face was also full of exhaustion, but he couldn't hit or scold him, and he couldn't even say harsh words, otherwise his wife would be the first to lose his temper.

It was fortunate that Saul came back today, otherwise he would really not be able to handle it by himself...

Saul did not know where to take out a mirror, and said to Rick solemnly, "Baby, don't ask me again, I'll give you a mirror, yes, it's this one, let me tell you, this It's a magic mirror, you go ask it if Aunt Selena really likes you, don't ask me again, please!!!"

The little bun glanced at the mirror in Saul's hand, threw it away mercilessly, and then continued to hold the sign: Why didn't Aunt Selena come to pick me up?

Saul was almost crying, covering her ears, no, she covered her eyes: "Ahhh can

The little bun blinked, hesitated for a moment, put down the writing board, and ran to the window sill to look around.

Saul secretly glanced at the little guy's back, ready to take the opportunity to sneak away.

However, at this moment, he saw Rick suddenly throw away the binoculars and writing board in his hand, and ran towards the door like a little rocket...

Saul raised his eyebrows, walked towards the window sill, and glanced downstairs. Sure enough, he vaguely saw a woman's figure, "Hey...my sister-in-law, you are finally here !"

Outside the door of the president's office, the busy employees saw the door of the president's office being pushed open suddenly, and immediately saw their cute little prince galloping out with short legs, running straight towards the elevator go...

Ahh! The little prince is out!

Many employees who came too late in the morning to see the little prince with their own eyes widened their eyes, seemingly still working hard, but in fact they were all focused on the little glutinous rice dumpling.

## Chapter 524

Seeing Rick standing anxiously at the entrance of the elevator, a beautiful female employee immediately walked over courteously, and said in an extremely gentle tone, "Master, do you want to go up or down? I'll press the elevator for you!"

Rick frowned and thought for a while, Aunt Selena was already downstairs, maybe she was waiting for the elevator, what if he took the elevator at this time and went astray with Aunt Selena?

Well, although it is urgent, he should wait here!

So, without saying a word, the little guy stood quietly at the elevator entrance and waited.

As for the female employee next to him, he was so focused on Aunt Selena right now that he didn't notice her existence at all, let alone hear her speak.

Seeing the little prince ignoring her, the beautiful female employee looked embarrassed. Although she was unwilling, she didn't dare to offend the little prince, so she could only cough lightly and retreated to the side, not daring to disturb her anymore.

A few female employees on the opposite side laughed softly when they saw this, "It's so funny, they flattered the little prince!"

"I think it's great to have a bit of beauty. Mr. Lu never takes a second look at her, but he actually picks up the idea of the little prince! You know, the little prince is even more difficult to please than Mr. Lu, okay?"

"Isn't that right? I've heard about how many famous ladies tried to attack the young prince for the title of the first lady of the imperial capital, but they came back in despair! Not only that, but they were also directly warned by the Lu family!"

"Well, having said that, I don't know how the future proprietress in our legend is related to the little prince?"

"I think Xuan will please men, but it doesn't mean he will be liked by children!"

"That's right, children are generally very repulsed by stepmothers. I wonder if this is the future proprietress!"

...

The little bun didn't move, and stood expressionlessly at the door of the elevator, neither going up nor going down.

Just now ary had a cold face, so everyone didn't dare to go up and ask, they could only watch secretly, the more they looked, the more curious they became.

"What the hell is the little prince doing? I've been standing at the elevator for a long time!"

"I don't know, I can't figure it out at all!"

"Tsk tsk tsk, I only knew that Mr. Lu's heart is as deep as the sea, but I didn't expect that the little prince even inherited this from his own father. It's completely elusive!"

...

At this time, there was a "ding".

The elevator door opens.

A person came out of the elevator.

Rick's expressionless face suddenly lit up, but in the next second, after seeing the person walking out, it immediately became extremely dark.

"Uh...young master? Do...do you need anything?" A male employee who came out of the elevator was terrified because of the little prince's sharp eyes. How did he offend this little god?

The little bun pursed his lips and remained silent, his small face was extremely ugly, and his cold aura was no less than that of his own father.

The male employee looked anxious. Seeing that the little prince didn't speak, he didn't want to leave, and he didn't want to leave, cold sweat came down his forehead...

Time passed by, and seeing the little prince's complexion getting worse and worse, everyone looked at each other in blank dismay, panicking in their hearts, fearing that the little prince would be in a bad mood and they would be unlucky.

Just as the atmosphere became tenser and tenser, the elevator door opened again with a "ding".

There was no one else in the elevator, only a long-haired woman in a bright yellow sweater and a white mask came out...

## Chapter 525

The moment the woman wearing the mask walked out of the elevator, their indifferent little face, whose face was as sinking as water just a second ago, was like a little Hades, suddenly filled with pink flower buds like spring returning to the earth. , Blooming blossoms, opening short arms, looking up softly, with a gesture of begging for a hug...

Seeing the little prince who suddenly changed from the scary little Hades to a cute little creature, almost all the employees were dumbfounded: "..."

Selena stepped out of the elevator and was about to go forward. Unexpectedly, when she lowered her head, she saw the cute little bun waiting at the elevator entrance. Naturally, she had no resistance at all, so she immediately bent down and hugged the little bun in her arms. In his arms, through a mask, he kissed Rick on the cheek, "Honey, are you waiting for me?"

The little bun wrapped his arms around Aunt Selena's neck, smelling the fragrant and reassuring breath of Aunt Selena's body, her pink cheeks were flushed, her lips were pursed, and she nodded cutely and cutely.

All the employees whose minds went blank continued to be confused: "..."

The plot turns so fast that it can't keep up with the rhythm at all...

Selena picked up the little bun, "Is your papa finished? Let's go and see him, okay?"

She's already here, it's impossible to just run away with the little bun in her arms, she still has to say hello to his own father.

Although Little bun wished that Aunt Selena would take him to wander around the world and never come back again, but naturally he would not refuse Aunt Selena's words, and continued to nod obediently.

Auntie Xiaoxi is right in everything she says!

Selena smiled and patted Rick's head, then walked towards the CEO's office.

Along the way, she naturally sensed countless hot breaths around her, and she was glad that she had worn a mask beforehand...

As soon as the two of them entered, everyone behind them exploded...

"Ahh! Oh my god! Little... the little prince is so cute and cute!"

"I thought the little prince was as cold as Mr. Lu! I never thought he could be so cute! Just now when he laughed and opened his little hands to hug him, my heart almost melted!"

"I want to have such a cute son, even if he wants the stars in the sky, I will pick them off for him!"

"Come on, you have a good idea! Look in the mirror and look at your rough face, do you have such good genes for your baby!"

"What the hell, I'm so curious. Who is that woman wearing a mask? It should be the same as the one who came to the company last time, right?"

"Looking at the body and hairstyle, they are indeed the same. I don't know who it is!"

"Oh, I'm so sad, it seems that the proprietress is really a sure thing, even the little prince has been taken care of! It's just incredible!"

At this time, a young girl in the corner suddenly raised her hand weakly,

"Well... I suddenly had a bold idea, this woman must be the little prince's real mother, right? Otherwise, It's not very scientific for the little prince to be so clingy to her?"

The girl's speculation undoubtedly opened the door to a new world for everyone, and everyone suddenly had a burst of brainstorming and discussion...

On the other side, Selena was dumbfounded after entering the office with the little bun in her arms.

Looking at Saul who was wearing a floral shirt and short grass skirt on the sofa, her surprise was exactly the same as when Saul saw her brother wearing red just now...

"fcuk, fcuk, fcuk! Second Young Master! You're back! When did you come back? I'll go! Your body...my eyes are going to go blind! Even if I rely on my good looks, I can't challenge you like this Aesthetic limit, right? And...why do you look like your body has been hollowed out? There are too many hot girls on the island?"
