

Cruel Heart Lover Novel

Chapter 531

Here, when Saul thought that Selena would come later, and if she saw something she shouldn't see, he was so worried that he didn't even have the mood to pick up girls. He cautiously moved to his brother's side and tried He said, "Brother, sister-in-law, why don't I just find an excuse to tell her not to come?"

Daniel tapped the handrail regularly with his slender knuckles, and finally said, "She should be on the way now, I'll send her a message later and ask her to go to my place."

He can't take any risks in this kind of thing.

After speaking, he had already stood up, and it seemed that he was about to leave directly.

Travis only saw that Daniel and Saul whispered something in a low voice, and they were about to leave as soon as they finished speaking. No matter how calm their expressions were, they could not help showing a trace of disappointment and embarrassment at this moment, "Mr. Go soon? Don't play for a while? Is there something urgent?"

Hearing this, everyone around pricked up their ears!

What? Daniel is leaving?

So fast? This...hasn't been here for five minutes, has it?

Saul really didn't feel ashamed as his brother had only been here for five minutes and had to leave, but he really didn't manage this matter well today!

"I hate it! Why is Karenao leaving so soon? He must have been annoyed by that Travis!"

"It's probably true! Mr. Lu likes quietness the most. None of us admire Mr. Lu, but we dare not go up and disturb her, but she just ran up to attract people's suspicion!"

"We don't even have a chance to watch from a distance!"

"It's so annoying! Can you do whatever you want just because you have a good family background?"

...

Hearing the voices of discussion beside her ear, Travis's expression became a little uneasy, what nonsense these Dmned women are talking about, Daniel didn't leave because he annoyed her!

The last time I saw him, I was shocked. She had already identified the man in front of her. Now that she finally saw him once, how could she give up so easily!

She is the eldest lady of the Zhuang family, even if she is put together with the Lu family, no matter who she is, she has to say that she is a good match. In the entire imperial capital, she dares to say that no one is more suitable for Daniel than her.

Besides Daniel, she didn't like other men either!

Ever since she was a child, as long as she wanted something, she never got it, and this time, it is naturally the same!

Moreover, there must be a fate between them. She had just returned from abroad tonight, and she learned from a friend that Saul had also returned to China and was going to have a party. It was said that Daniel would also come.

After arriving, he really saw Daniel. Not only that, Daniel, who had always only worn cool colors, was wearing a maroon red suit for the first time today, which was exactly the same color as her skirt today, which was incomparable.

The moment she saw him, her heart melted with excitement, even more amazing than when she saw him for the first time...

this man! She absolutely absolutely wants it!

Thinking of this, Travis immediately regained her confidence, stepped on 12cm high heels, and swayed towards Daniel's direction.

"Mr. Lu, please wait a moment...I...ah..."

Because Travis's high heels are too high today, and the edge of the swimming pool is a little wet, she slipped under her quick steps, and in the next second, she lost her balance, and she was about to fall into a state of embarrassment. Fell into the pool next to it...

At that moment, Travis's face was full of panic and despair, she seemed to have seen pairs of ridiculing and mocking eyes around her who were looking forward to making a fool of herself...

no, do not want...

Just when Travis trembled and closed her eyes, her face was ashen, the next second, suddenly a black figure rushed over like lightning, and a slightly slender but steady and powerful arm supported her firmly. He grabbed her waist, pulled her arms back and forth, hugged her into his arms, turned her over half a circle, and successfully rescued her back before she fell into the water...

Not far away, Saul stared blankly at the young "man" who appeared like a god in a romance novel and rescued Travis in such a handsome way. The wine

glass in his hand rolled down on the bar with a clang, "Sister-in-law... ..sister in law?"

NEXT CHAPTER

Chapter 532

I saw the man who hugged Travis and rescued her from the shore was wearing a black jacket, short hair was messy, and a face so delicate and charming that he couldn't distinguish between men and women. The most attractive thing was his glass-like eyes. It seems lazy and frivolous, revealing a chic and uninhibited playfulness in the world, but in fact he is careless, as if nothing can enter his heart...

However, even if it is ruthless, it is also touching...

This... this man... is simply a goblin who charms all living beings!

Travis thought that she was doomed this time. With her proud personality, it was hard to imagine what would happen if she really fell into the water today. Unexpectedly, she would survive from desperation.

Those strong arms supported her waist, and a refreshing and reassuring atmosphere surrounded her. She raised her head subconsciously, and met a pair of soul-stirringly beautiful eyes...

"Are you okay?"

This "man" is different from those men who deliberately create accidents to take advantage of her even if there is no accident. After she stabilized her body, she let go of her body without delay, keeping a certain distance, and, very Carefully keep her away from the shore, but stand in the direction of the pool by yourself.

Looking at the person in front of her, Travis's heart beat wildly, "Thank you...thank you..."

The corner of the "man"'s mouth was slightly hooked, and there were waves of bewitching ripples, "My honor."

Travis's shoes were twisted just now, and the buckles came loose. After the "man" finished speaking, he bent down very naturally, helped her buckle the shoes, and then stretched out a hand towards the girl.

Travis's fingers trembled slightly, hesitated for a moment, and slowly passed her palm over. As soon as she touched the "man"'s fingers, her cheeks blushed uncontrollably.

Apart from supporting her with his palm, the "man" did not have any other physical contact with her, and slowly helped her to sit down on the chair beside her...

Everyone on the sidelines was expecting Travis, the mighty No. 1 lady in the capital, to chase a man and fall into the water in public. What he never expected was that at this time, he rushed out out of thin air A person, and this person is extremely fast, no one has discovered when he appeared...

Those girls who were complaining that it was that stinky man who did something bad, now their cheeks are flushed and dizzy with excitement, and they can't even speak...

"Okay... so handsome! Who is that man? Is he from the industry? Why have I never seen him before?" A certain socialite blushed and asked around.

"I don't know, I don't know either! The skill is good! The movement just now was too fast! It's just like the lightness kung fu on TV!"

"I've seen people like Second Young Master and Mr. Lu who are so beautiful in the world. I thought I was immune to handsome guys! But, what's going on! Why is my heart beating so fast! It's terrible!"

"Me too! I seem to fall in love at first sight, what should I do!"

"What is the identity of that person? When did Er Shao make such a friend?"

...

Selena's disguise skills are top-notch, it is absolutely impossible for acquaintances to recognize her.

Of course, there were exceptions. When the girl appeared, Daniel recognized her with just one glance.

As for Saul, of course he didn't have that ability, he only thought of Selena because he saw the little baby following Selena...

Now, looking at the totally uncontrollable development in front of me, seeing Travis's eyes getting more and more strange when staring at Selena, seeing a group of little girls committing nympho to Selena, even pestering her When he asked about Selena's identity, Saul's brain froze and he was completely bewildered...

That's awesome... my brother... ahh! It's sister-in-law!

Chapter 533

After helping Travis to a chair and sitting down, Selena did not leave immediately but asked the waiter to bring a pair of flat shoes and medicated oil for sprains.

After carefully teaching Travis how to use it, he got up and left.

Selena will always be as ruthless towards sgumbags as the autumn wind sweeps fallen leaves, but she is absolutely gentle to cute and weak girls. To her, girls are born to be loved.

In a sense, Louis's statement is completely correct, one of Selena's greatest hidden attributes is that she loves fragrance and cherishes jade.

Travis was in a trance listening to what the person in front of her was saying to her, but she didn't actually listen to a word. She realized that the man was about to leave, and subconsciously grabbed the hem of his clothes, "Wait a minute !"

Selena stopped in her tracks, and cast a suspicious look, the arc of her eyebrows was like a small hook that hooked into people's hearts.

Travis's voice trembled slightly, "I...I still don't quite understand, can you...can you help me?"

Selena's eyebrows continued to rise slightly, her eyes seemed to see through people's hearts.

As soon as Travis finished speaking, she showed a look of remorse, Dmn it, what was she doing, how could she make such a request!

However, she couldn't control herself, she just subconsciously didn't want the person in front of her to leave...

"Of course." Selena couldn't possibly embarrass the girl in public, so she squatted down on one knee and gently held the girl's fair ankle, "It might hurt a little."

"what..."

"Be patient, if you don't use force, the blood stasis won't dissolve. When you go back to wipe yourself, pay attention to press and hold these two

acupuncture points. According to my method, one set of five times, do three sets, until you feel hot... Remember? ?"

"Yes, I remember." Travis, who was always proud, nodded obediently, and even her voice became softer.

Whether it's Saul, who is as dazzling as the sun, or Daniel, who is as arrogant and lonely as a medieval king, they are all at the pinnacle of infighting power, just like nobles and grandchildren in ancient times, and the "man" in front of him, His temperament is completely different, he is like a lone wolf on the boundless sky and vast grassland, free from the shackles of the world, free from any constraints, and not tamed by anyone, even though he is in this bustling metropolis, But he is still rebellious, free like a gust of wind, no one can catch him, he can be infinitely gentle to you, but he will never stay for you...

This is something that a boudoir like Travis has never seen or experienced. It is almost inevitable to fall into it all at once...

Not far away, Saul was completely stunned, "It's...so amazing! Sister-in-law is really good at hooking up girls! Once the big move is released, the sun and the moon are completely eclipsed. Even I feel ashamed ...Is it because women understand women better? This... This is simply invincible! If I were a woman, I couldn't stand it!"

As soon as the words fell, a gust of cold air that almost soaked into the bone marrow suddenly invaded from the side.

Saul shivered, glanced cautiously like his own brother, and immediately fell silent.

Daniel, who was about to leave, quietly watched the scene in front of him. The cold air slowly overflowed from the bottom of his eyes, his marble-like face froze a little bit, and there seemed to be a bar representing anger on top of his head. The value was slowly rising at this moment. with...

Be cautious at all times, for fear that your wife might misunderstand, but he never expected that all the jealousy would be drunk by himself, and the blind date turned into a love rival for no reason...

Chapter 534

On the other side, Selena's heroic rescue of the beauty and aftermath finally came to an end, she took the little bun beside her and walked towards Daniel and Saul.

The power of beauty is too strong, until now, everyone didn't realize that there was a little glutinous rice dumpling by Selena's side.

Because they were all acquaintances, many people recognized Rick's identity at this moment.

"Ah! Then...that little boy...isn't Mr. Lu's son?"

"It's Mr. Lu's son, that's right. I saw him once at Mr. Lu's birthday banquet before!"

"Why is the young master of the Lu family so close to this man? Is this man a relative of the Lu family?"

"It doesn't have to be relatives, anyway, they must have a good relationship with Daniel and Saul!"

"Since the relationship is so good, why have I never seen this person before? It's so strange!"

...

Such an unruly and handsome guy, holding a soft and cute little dumpling in his hand, such a contrast of cuteness, it is like an arrow piercing the heart, successfully causing another round of screams...

After Selena changed into men's clothes, even her behavior naturally switched to a man's state. After walking over, the two brothers hooked Daniel's shoulders and hugged him as a greeting, and then stuffed the little bun into his arms. "Come so early?"

Daniel's complexion was dark, his thin lips parted slightly, as if he wanted to say something, but in the end, he didn't say anything, with a helpless expression.

In the end, it was Saul who couldn't bear it anymore and began to complain, "Selena, what are you doing here like this?"

The first thing Selena did was order juice and dessert for the little bun, and take good care of the little bun. Hearing what Saul said, the corners of her mouth slightly lifted, and there were a few traces of careless teasing in her glazed eyes. He said in a natural tone, "Of course I hooked up with a girl!"

Saul's head was full of black lines, "Please! Are you trying to mess things up? Give us single dogs a way to survive, okay? Girl resources are already scarce! What are you doing to grab girls from us!"

Saul cheated people instead of being cheated, he almost wanted to die.

Selena took advantage of Little bun's concentration on eating and didn't pay attention, so she lowered her voice and said, "Hehe, Second Young Master, let me remind you, you and your sister have won a lot of men!"

Saul choked, then murmured softly, "Of course, young master kills all beautiful men and women! But! It used to be quite a lot, but now, no matter if it's a girl or a man, you've snatched them away, hey!"

The people who came to ask him about Selena just now, besides the beautiful girls, even a little boy who likes men shyly came to ask him about Selena's name, who and where, so he almost promised him with his body. Judging from the implied meaning, it is impossible, even a one-night dewy marriage...

As for Daniel, except for Travis who was full of confidence, no other girls dared to come and flirt with her, but Selena was different.

Not long after Selena sat down and chatted with Saul, a girl came over to strike up a conversation.

Moreover, this time they are heavyweight beauties, a pair of twins who most attract the attention of single dogs at the scene...

Two beautiful girls who looked exactly the same as pasted and copied, wore tight skirts of the same style, one was white and the other was black.

Chapter 535

Holding a glass of red wine in her hand, the girl in the black dress gave Selena a winking look, and then coquettishly approached Saul, "Brother Saul, you have a new friend, why don't you introduce us?"

Looking at the two twins' staring eyes at Selena, the corners of Saul's mouth twitched happily. He introduced what, how did he introduce him? Is this person his sister-in-law?

I'm so tired...

Saul stroked his forehead, concealing his pained expression, "You two...ask yourself!"

The two girls looked at each other and walked up to Selena.

The girl in the white skirt smiled sweetly, "Hi... I'm Qiao Yan..."

The girl in the black skirt raised her glass, "I'm Qiao Ran... Do you know me?"

Saul gritted his teeth, lowered his voice and whispered in Selena's ear, "Selena, you are so lucky! Big Qiao and Little Qiao have high vision, and this is the first time they have taken the initiative to strike up a conversation with a man!"

Selena glanced at Saul, then looked at the two girls, with a faint smile on her lips, "Hello."

The younger sister, Qiao Ran, sat down on the sofa next to Selena and got so close that she almost posted it, "Handsome, what's your last name?"

Selena helped Rick cut the cake into small pieces, and replied, "My surname is Tang."

Looking at Selena's inattentive manner, but caring for the child carefully, Qiao Ran, who was just here to hunt for beauty, lost her heart inexplicably, and only after a while did she slow down and return to her sweet smile, "So it's Brother Tang... "

"Brother Tang is so skilled, Lian Jiazi?" Elder sister Qiao Yan asked with interest.

Selena smiled, rubbed Rick's soft hair with one hand, and propped her forehead with the other hand, "It's not really a show, it's just a show."

While chatting, Xiao Qiao put her body on Selena's arm calmly, "Brother Tang is so humble, we sisters have been interested in these things since we were young, but it's a pity that our family didn't teach us, brother Tang can teach us?"

Selena glanced at the girl's body attached to her from the corner of her eye, and said calmly, "These are not suitable for you girls."

Saul at the side: "Hehe..."

Not for you girls? ? ? Are you not a girl! It's too deep into the drama!

After being rejected, Xiao Qiao immediately had an aggrieved expression, "Brother Tang hates us so he said that?"

"I'm afraid of hurting you. However, I can teach you a few simple self-defense techniques."

"Okay, okay! Brother Tang, you are so kind!"

At this time, a few other girls also rushed over, "That... can you take us with you? We want to learn too!"

...

Saul was squeezed by a group of girls who rushed over so that he had no place to sit, so he could only walk to the only piece of pure land that girls dare not touch, next to his own brother, and said with a bitter face, "Brother, that... Do you still need to tell sister-in-law to let her go?"

As soon as Saul finished asking, he regretted it.

Come on, Selena is like a fish in water here, they are worrying for nothing!

Now he should be worried about his own brother!

It's obvious that Daniel's anger value... is continuously accumulating...

There is a saying that goes well, if you don't erupt in silence, you will perish in silence!

Saul had an inexplicably ominous premonition, his eyelids kept twitching, and he always felt that something shocking and terrifying might happen tonight...

It is impossible to continue like this, we must find a way!
