## Chapter 541

The chin was pinched by slightly rough fingers, and there was a slight painful numbness on the lips, Selena was so scared that she peed.

If I had known it earlier, I wouldn't have made waves. The big devil who broke out after being suppressed is really terrible, and he just ignored it!

But, she really didn't expect that the Great Demon King would even eat girls' jealousy, and eat it so earth-shatteringly!

This time, Daniel savored the kiss for a long time, but still held his hand, and released her just in time before Selena exploded.

Selena's heart was beating violently, she gritted her teeth, and slowly raised a hand... She wanted to take off her wig...

Things have turned out like this, she can't let Daniel be misunderstood as gay, can she?

However, at this moment, Daniel could see what she was about to do, so he grabbed her fingers and clenched them tightly, stopping her movement.

The flaming eyes stared intently at the person in front of her, as if she was the only one in the whole world, lowered her voice, and said calmly, "No need. Isn't this bad? From now on, there will be no more people around me. There are other women."

Selena was taken aback when she heard the words, her heart throbbed uncontrollably...

Dmn it! The Great Demon King is too much! Let this big move go! What the hell, she couldn't help but want to rush over and kiss her on the spot!

"I...I'm going to the bathroom!" Finally, Selena broke away from Daniel's hand and urinated like a rocket.

Daniel looked at the back of the girl fleeing in embarrassment, the dazzling light in his eyes flickered, and then he glanced at everyone present, his gentle pampering turned into ice and snow...

Xiao Qiao hugged Da Qiao, trembling with fright, "Ah! Sister! What have I done! What have I done! Karenao will kill me! I was robbing Karenao just now!"

Da Qiao was also obviously frightened, and comforted himself calmly, "Calm down, nothing will happen, and those who don't know are innocent. After all, none of them said anything, and we don't know at all!"

"No wonder he knows Karenao and Brother Saul so well, even Rick is so close to him! How could I be so stupid, I didn't think of their relationship earlier!"

The twins huddled in a corner to minimize their sense of presence, and the rotten girls hiding in the crowd were silently bleeding their noses, and everyone else was talking about it...

"The story about Mr. Lu's liking for men has been spread for so many years, but it has never been put on the table. In fact, this result is not surprising, right?"

"It's just...it's the shock I saw with my own eyes or..." It's really hard to say!

Others nodded in agreement, it was really shocking!

Someone shrugged his shoulders with an indifferent attitude, "What kind of society is this? Now this kind of thing is too normal, okay? I don't discriminate

anyway, and these two people, don't tell me, they seem to be a good match. The kid surnamed Tang is more beautiful than a woman, and it doesn't violate the harmony between the two of them standing together!"

Hearing this, quite a few people agreed, "That kid is so arrogant, which woman can hold him down? Only Master Xiao can hold him down, right?"

"Hehe, I don't think so. You were there without seeing Karenao. Does that kid dare to play tricks everywhere? He is the number one lady in the capital, and he is also a twin sister! In the end, Karenao was forced to directly It's public! It's completely eating Karenao to death!"

"Tsk tsk tsk, no wonder Karenao doesn't like beauties and prefers him!"

...

## Chapter 542

Standing at the door of the bathroom, Selena almost went straight into the women's bathroom because of her restlessness, but she was stunned for a moment before she realized it and rushed in the opposite direction.

After washing his face, he finally calmed down a bit, but as soon as he came out, he saw... Travis in the corridor outside.

When they were playing with Da Qiao and Xiao Qiao just now, the two sisters had already gossiped about a lot of things with her, Travis was the one who talked the most, and of course, they also talked about Travis and Daniel.

So, at this moment, she really didn't know what attitude she should take to face Travis, so she decided to respond to all changes with the same.

Sure enough, seeing her silence, Travis couldn't help but speak first, "I know I don't have the position to ask more questions...but...is it true...you and Daniel...really have that kind of relationship?"

Selena raised her brows slightly when she heard the words. Seeing this, it really was Xing Shi who asked her to take away her sweetheart?

Although the dealer in the imperial capital is definitely not as good as the Lu family in the shopping malls, the background of the dealer... is something that even a top family like the Lu family will not underestimate, and it is what is most needed.

The reason why Lu Chongshan's most promising daughter-in-law candidate is Travis is obviously because he wants to use Travis's backing dealer to protect the Lu family and make the Lu family more stable.

Speaking of the dealer...they have some very...delicate relationship with Selena...

The old man of the Zhuang family, Zhuang Zongren, has one son and three daughters, and Selena's biological mother, Zhuang Lingyu, is Zhuang Zongren's youngest daughter. She severed her father-daughter relationship with Zhuang Zongren because she insisted on marrying Ning Yaohua. There was no further contact, so except for some older generations who knew the inside story, most people in the outside world thought that Zhuang Zongren only had two daughters, and even the juniors of the Zhuang family didn't know about it.

Selena would know because she accidentally overheard the conversation between Zhuang Lingyu and Ning Yaohua...

Ning Yaohua seemed to have encountered some difficulties at the time, and hoped that Zhuang Lingyu could go back and beg her father-in-law. Later, Zhuang Lingyu refused, saying something like she would never go back for the rest of her life...

Travis is Zhuang Zongren's granddaughter, and Selena is Zhuang Zongren's granddaughter, so in terms of blood relationship, they are still cousins.

This is really... messy enough...

However, Selena just thought about it casually, and she didn't care at all. She didn't even recognize Zhuang Lingyu, so would she care about that grandpa and cousin who were far away from home?

"What about the real thing, so what about the fake one?" Selena didn't answer, but asked a rhetorical question.

"Fake..." Travis's voice trembled. She wished it was fake... But, it's impossible... They were all there... She was just deceiving herself...

Finally, Travis took a deep breath, recovered her calm expression, and said, "If it's true, then I give up."

"Huh?" Selena couldn't help being stunned because she didn't expect Travis to answer like this, and it didn't fit her competitive personality at all.

Travis clenched her fists, stared at her with burning eyes, and said in a word, "Originally, Daniel, I was bound to win. Because it was you, I gave up...I...I won't follow you grab..."

After Travis finished speaking, as if she was afraid of losing control of her emotions, she stepped on her high heels and left quickly.

Selena looked at the back of Travis leaving in arrogance and humility, and was dumbfounded again: "..."

It seems that something is wrong... Could it be that she has misunderstood it?

Why did she have the illusion that Travis's true love was her, not Daniel?

## Chapter 543

Outside, the party is still going on, but it's clear that everyone's thoughts are not on eating, drinking and having fun.

Saul glanced at the few women who left quietly one after another. They were all famous ladies who had come here to get close to Daniel, but now they all retreated.

"Brother, this trick of yours is really amazing! Not only did you get rid of all your rivals, but you also got rid of all the women who coveted you! You won't have any worries in the future!" Saul said to his brother with a full face of admiration.

At this moment, Saul hadn't realized that his brother had nothing to worry about, but he was going to be in bad luck soon...

After Selena came out of the bathroom, besides the fiery stares, the first thing that rushed over was Rick.

There were five big characters clearly written on Rick's face: Baby is angry!

to hug!

Do you want to be super big!

Can heal a wounded heart!

Aunt Selena actually k!ssed Papa twice! twice!

Selena saw what the little guy was thinking at a glance, and generously gave him two memes, and then walked towards Daniel with the little guy in his arms.

As soon as Selena took her seat, a waiter came over carrying a tray with two glasses of milk on it.

Daniel gave one of the cups to his son and the other to Selena, and then he leaned casually on the sofa, but his arm was on the back of the sofa behind Selena, in a possessive posture.

The aura of the whole body is sending out such a message...

Private property, no hooking up.

It doesn't work either.

Sure enough, this trick was very effective. Everyone looked at each other instantly, drinking, chatting and spanking, and never dared to look around again.

The Big Demon King's move of kissing in public just now can be said to be a drastic move. It really solved all the troubles. Now Selena is really much cleaner.

It's just worrying, but it's inevitable, "Hey, Daniel, you've misunderstood them like this... Are you really okay?"

Daniel nodded, "Well, there's no rush, the rumors will naturally dissipate when you become my wife."

Selena: "Cough cough cough cough..." I'll go! If not for that day, wouldn't he be misunderstood for liking men for the rest of his life?

Saul: "Hehehehe... Can you spread the dog food slowly? I'm almost being strangled to death by you!"

After staying for a while, Rick felt a little sleepy. He usually went to bed at nine or ten o'clock in the evening, and he felt more sleepy after drinking the milk.

Seeing his son's sleepy eyes, Daniel reached out and hugged him on his body, trying to make him sleep more comfortably.

In the end, the little guy didn't buy it at all, and crawled down in disgust, then clinged to Selena's side, and put his little hands around Selena's neck, staring at his father defensively, A small expression of "You don't want to leave me and Aunt Xiaoxi, I have already seen your plan"...

Ever since Daniel kissed Selena, the little guy had always been in this extremely defensive state, and it seemed that even the father-son alliance was beginning to crumble.

Saul on the side gloated and almost laughed out loud.

It's really a wise man who is bound to make a mistake. Even if his brother can handle everyone, he forgets about his own son.

Selena felt sorry for Little Treasure, so she immediately picked up the little guy and said goodbye to Saul, "Second Young Master, you can play, Little Treasure is sleepy, so I'll take him back to sleep first! It's time for Little Treasure to grow up, you can't stay up late!"

Saul looked at Selena's appearance as a good wife and loving mother, with black lines all over her head, and it was completely impossible to connect her with the person who was out of the sky just now...

## Chapter 544

The son was sleepy, and the wife was going to take the son home, so Daniel naturally couldn't stay any longer.

Selena was holding Rick in her arms, while Daniel took off his maroon suit jacket, put it on Selena's shoulders, then put his arms around her shoulders, and walked out together...

At this time, Saul happened to pass by Xiao Qiao, and he staggered and almost fell when he heard this.

Nima! Grandpa flower? Well, the young master is a flower! But do you have your brother Tang flower?

Your brother Tang won't let go of any men or even women after spending all his time...you stupid girls!

Saul sent the three of them to the door. They were all tortured to the point of bruising, and he still didn't forget to give them an assist, "It's so late, it's such a hassle to run around, otherwise you'll just stay at my brother's place for the night!"

Hey, he was so selfless! If there is an award for the best younger brother in the world, he definitely deserves it!

Selena thought about it, and felt that Rick's father was next door, but she had to take Rick all the way back to the apartment, which seemed a little troublesome...

"It's fine, I'm fine," Selena said.

After finishing speaking, he and Daniel had already walked towards the villa. When they were about to reach the gate, the sleepy little bun in his arms looked at the familiar building in front of him. His expression changed, and he suddenly lost his temper!

The little guy grabbed Selena's clothes and shook his head, desperately unwilling to go in!

no no no! Don't leave Aunt Selena!

Apparently, Little bun thought that Selena was going to send him home.

Selena had no choice but to comfort her softly, "Honey, I didn't leave you behind. Aunt Selena also lives with you. Let's go together tomorrow morning and go back to Aunt Selena's place, okay?"

The little bun fell into a drowsy sleep, and he didn't know if he had listened. Anyway, he kept shaking his head, almost crying out of anxiety. He just didn't want to go in, as if he was about to enter some kind of devil's lair .

Selena looked at Daniel helplessly, "What should I do?"

Daniel sighed, "It's okay, I'll take you back home."

Son...you can't betray...

Big deal, why not kiss in front of you in the future?

## Chapter 545

the next morning.

Saul was dreaming of a beautiful woman in his arms under the blanket, when suddenly, with a "bang", the door of his room was pushed open.

fcuk! who?

What the hell, he slept naked! Is this the rhythm of stealing sex?

Saul's first reaction was to quickly cover the quilt, and then, he saw a scene that was more terrifying than a nightmare. His parents and mother were both standing in front of his bed, playing with him when he was a child, and after stabbing a hornet's nest, they wanted to beat him violently. The expression of a meal is exactly the same.

Saul was terrified and woke up instantly, "Uh...Dad...Mom...it's so early in the morning...why did you two come here?"

"Stinky boy! I'll beat you to death!" Yan Ruyi attacked without saying a word, and Lu Chongshan also drew up his crutch.

Saul hugged the quilt and rolled in a circle, avoiding the mixed doubles of his parents, "Dmn! Dad, Mom! If you don't take someone like you, why do you do it without saying a word! Oh, oh, oh, don't slap your face! What am I? It's not your own son! Ah, don't pull my quilt, I don't have any clothes on... If you have anything to say, at least wait until I put on some clothes..."

"I'll give you two minutes, come out quickly!" Yan Ruyi closed the door, followed Lu Chongshan out aggressively, and waited in the living room.

Saul quickly put on his clothes, rolled his eyes, and immediately ran to the windowsill and opened the window...

Only fools go out obediently!

These two people came to trouble him together early in the morning, this time it must be a bad luck!

In the end, Jiang was still old and spicy, Lu Chongshan knew that he would have this move, "Stinky boy, I knew you were going to run away! Come here!"

In the end, Saul still fell into the clutches of the devil.

Saul sat on the sofa, clutching the chicken nest, and said with a bitter face, "Dad, Mom, what's the matter?"

"You actually dare to ask, what happened last night, you tell yourself! Don't tell me you don't know!" Lu Chongshan had a stormy expression on his face.

Saul looked innocent, "Last night... what happened last night? Didn't I just have a party last night?"

"You still pretend to be a fool with me! Someone told me... told me... that your brother kissed a man in public last night! This is... really unreasonable! Unreasonable!" Lu Chongshan was so angry that he patted the table.

"I'm going...that's it...I still think what's going on!"

"What is your attitude! This matter is not big enough!!!"

Saul became even more innocent when he was yelled at, "Please, parents, it's my brother who kisses men in public, not me. My brother lives next door. If you don't bother him, why are you beating me! I'm too You have been wronged!"

Lu Chongshan's face darkened in an instant, "Do you dare to say that you didn't give your brother this bad idea? If I don't hit you, who will I hit! I'll hit you!"

Saul was not happy when he heard it, "Dmn! Why! Why is it my idea! This time, my brother is self-taught! I was scared to pee too, okay? I am also a victim!"

Seeing that Saul's expression didn't seem to be fake, Lu Chongshan and Yan Ruyi hesitated.

Seeing this, Saul hurriedly took the opportunity to continue, "Also, why do you think it's fake? Maybe my brother really likes men?"

When Lu Chongshan heard this, he immediately went into a rage, "You fart! If you dare to talk nonsense, I will beat you to death! Your brother and his children already have children, so could it be that he likes men? Besides, not long ago he was obsessed with that woman to death. It's clearly his trick!"
