## Chapter 546

Hearing this, Saul calmed down instead, raised his eyebrows and said, "It might be... Anyway, I didn't come up with this idea, I don't know anything about it.

My brother's previous sexual orientation is not sure and you don't know it. I dug a hole five years ago, and then almost broke up with all of us.

This time I finally met Selena, and I was so lucky that Selena was a woman, but you obstructed me in every possible way, forcing my brother to marry someone he didn't like.

The road to love is so bumpy, if my brother falls into some psychological shadow in the end, and runs away to fall in love with a man in despair, that is entirely possible, okay? "

Saul's words really frightened Lu Chongshan and Yan Ruyi.

You know, this is what they are most worried about, so even though they guessed that this matter might be a trick of their son, they still rushed over nervously to ask for clarification.

Lu Chongshan's expression was extremely ugly. Finally, he looked at Saul and said, "Please help me tell your brother that he wants to marry that woman, it's fine."

Saul's eyes lit up when he heard this, but he soon regained his composure. His father must have more to say.

Sure enough, Lu Chongshan continued, "As long as he promises me a few conditions."

"What conditions?"

"The first and most important point is to get that woman out of the entertainment circle; second, keep her anonymity, we will help her change to a suitable identity; third, before passing through the door, hand her over to me and your mother to teach her etiquette ..."

Hearing this, Saul plucked his ears, and interrupted him directly, "Dad, don't bother me to ask my brother, I'll answer you for my brother directly!"

"What do you want to say?" Lu Chongshan asked in a deep voice.

"I want to say, Dad, you are too dishonest, you might as well beat the mandarin ducks directly!"

Lu Chongshan's face suddenly changed, "What do you mean?"

He thought about it all night before he came up with such a solution. It was absolutely impossible for him to accept that woman, but in the end he compromised for him and tried his best to make her eligible to enter the Lu family. Isn't that sincere enough?

Saul sighed, and said, "Dad, let me tell you this, my brother likes a wolf, but you want to bring this wolf from the prairie to the zoo, lock it up in a cage, and put it in a cage. Put on a coat of white paint, pull out the claws and teeth, put on the iron collar... and then give it to my brother and say to my brother, here, your favorite little wolf cub, take it! What do you think my brother will think? You are not doing this for my brother's benefit, you are destroying the love in his heart with your own hands!"

Yan Ruyi frowned, "Saul, your metaphor is inappropriate, we just want that girl to be more suitable as Daniel's wife and Rick's mother!"

“Okay, let me change the analogy. Do you remember that when I was a child, I liked a rabbit very much? Then it got sick and died. I was so sad that I didn’t eat for days and nights, so you brought a rabbit that was exactly the same from outside to make me Happy, remember my reaction at that time?”

Yan Ruyi frowned slightly, nodded, “You didn’t want it, let me send it away.”

“Yes, even if it is exactly the same, I know it is no longer my favorite one, not to mention, you have turned a wolf into a dog, even the species of others has changed! Suitable My brother has so many people, what’s the use if he and Rick don’t like it?”

## Chapter 547

After arriving at the company in the afternoon, Saul reported to his brother what happened when he was surrounded by his parents in the morning. Of course, he focused on describing how he was able to turn the world around with his eloquence.

“Although we still broke up after talking to them for a long time, this is already a very good sign. My parents didn’t let go at all before, but this time at least they let go! Brother, I think your plan can actually have a follow-up, Come a few more times, maybe they will really agree to anything...” Saul said, with an expression that the young master is really too smart.

Daniel glanced at his proud younger brother, and really couldn’t bear to remind him that if his parents were to despair of him, he would not be the only son in the Lu family, and the one who would be forced to marry at that time would definitely be Saul, the second child.

The brothers were talking when there was a knock on the office door.

It was Rick who came in, followed by Gong Shangze instead of Selena.

Seeing the person coming, Daniel frowned slightly, “Where’s Selena?”

Gong Shangze didn't know what was going on, but every time he faced this man, he always felt panicked, and replied a little nervously, "President Lu, Miss Xi suddenly remembered something urgent, so she didn't come up. I will come to pick up Rick in an hour, and let me tell you."

"Urgent matter?" Daniel casually glanced at the time on the calendar, and immediately understood that today was Grandpa Selena's birthday, so he probably rushed to Ning's house.

Thinking of this, Daniel's face became condensed, and he felt a little worried that she would go to the Ning's house alone. However, since it was two hours so short, he probably didn't plan to attend the birthday banquet. He would at most say hello to the old man and come back after his birthday. There should be no problem...

At this time, Saul who was at the side suddenly regained his energy, and looked Gong Shangze up and down, "Hey, hey, I haven't seen you for a few days, what happened that I don't know, who are you? Why do you know Selena so well?" look?"

Gong Shangze guessed that the person in front of him should be the boss of Shengshi Entertainment, Selena's immediate boss Saul, answered his question very politely and carefully, "Hello, I am..."

After Saul finished listening, he went straight to his brother's side, and said in a low voice, "I'll go, brother, you are too big-hearted, you won't be wary of keeping such a small piece of fresh meat by your sister-in-law's side, and you're not afraid that she will eat it when she's hungry. Take it in your mouth!"

Daniel glanced lightly at the fiery Saul, and then replied with three words, "There is Rick."

Saul: "..."

Hehehe... his brother is really... perfect...

No wonder he was able to take Rick back to the villa and let Selena go to the villa whenever he wanted to see Rick. This would also create a lot of opportunities to get along with each other. In the end, he actually sent his son to live with Selena directly. Selena buried a top-notch spy and high-level rival jammer!

For using his own son so thoroughly, Rick and Selena are probably very grateful to him...

Ningjia Bieyuan.

Today is the 70th birthday of Ning Zhiyuan, the old man of the Ning family, and there is an endless stream of guests in front of the gate of the old man's Bie Yuan.

Because it is seventy years old, and Ning's International has developed very well in the hands of the eldest son Ning Yaohua in the past two years, and will soon marry with the most powerful Su family in the imperial capital to become his son and daughter's family, this time the guests are unusual much.

The servants and waiters were all so busy that they didn't even touch the ground, but they were all beaming. The host was powerful and powerful, and they also followed suit. No matter where they went, as long as they said they were working in the Ning family, no one would be envious .

## Chapter 548

In the banquet hall, all the guests and relatives were enthusiastically congratulating the old man on his birthday and saying auspicious words.

And the ones who attracted the most attention tonight were undoubtedly Ning Yaohua's family who were currently in power.

The guests outside were one after the other, and one was bigger than the other. Apart from Ning Yaohua's business partners, they were Susie's close

friends and powerful friends in the circle. Extremely jealous, for the sake of future benefits, they all went up to curry favor.

"Lingyu, you are so lucky, your husband is so capable, and your daughter is up to it!"

"What I envy the most is that you have a good daughter. Not to mention the more beautiful she is, the more capable she is! Not only can she act well, but she can also start her own company!"

"Isn't that right? That brand of clothing has become popular abroad. Recently, many wives in the circle have asked me if I can reserve one for them in-house!"

...

Susie was a little ashamed by the compliment, "Uncle and aunt, you are too polite, it's just that you have nothing to do and are just making trouble."

"Not only has real talent and practical learning, but also has a good temper. Look at how humble she is. She doesn't look like the one in my family. She knows how to make trouble for me all day long! Mrs. Ning, how did you raise such an excellent daughter? Teach us too." !" A group of people asked Zhuang Lingyu about parenting scriptures.

Zhuang Lingyu looked at the daughter beside her whom she was proud of all her life, her face was full of brilliance, and she said with a chuckle, "I really don't have much experience in this area. Susie never had to worry about me since I was a child."

"Oh, I really envy the dead!"

Amidst the compliments, someone whispered, "Speaking of... I don't know what your old man thinks, you have such a good granddaughter as Susie, and you insisted on adopting one from the countryside back then. The little girl

came back and was fostered under your name, and so many ridiculous things happened later... Isn't this sincerely making yourself uncomfortable?"

When Selena was mentioned, Zhuang Lingyu's face immediately changed, and she said uncomfortably, "The old man thinks she is pitiful, so she is doing good deeds... We are juniors, so we naturally follow the old man's wishes."

These words clearly completely disregarded the relationship between Selena and him.

No one in the circle knew about Selena and Susie's identity swap. Everyone thought that Selena was just an adopted daughter adopted by the Ning family from the countryside.

After Mr. Ning brought Selena back, he must have planned to announce her identity. After all, this is his own flesh and blood. Ning Yaohua and Zhuang Lingyu also agreed at that time.

It was only later... Under Susie's secret instigation, from Selena drinking the lemonade for washing hands in public to all kinds of disrespect in front of people, Ning Yaohua and Zhuang Lingyu became more and more dissatisfied with Selena.

Until the day when they were going to announce Selena's identity, Selena actually wore a fake fake dress, and when someone found out, they were humiliated.

So, the two of them changed their minds decisively and did not announce Selena's identity, and they have been delaying this matter since then, until five years ago, when Selena did something that ruined her family's style... They completely dispelled their idea of revealing her identity. , directly sent her quietly abroad to fend for herself...

"You guys are indeed kind-hearted, and you put so much effort into sending her to study abroad. However, it's been five years, and she should have

graduated and returned, right? I don't know what you are doing now? Do you work in Ning's International?" Distant relatives asked tentatively.

## Chapter 549

Ning Yaohua has two daughters, a real daughter and a false young lady.

Susie's status was noble, and she had promised to the Su family a long time ago. They would definitely not be able to climb up to her, and they didn't dare to make that idea. This marriage, can you get some money, right?

After being reminded by that relative, many people also started to get excited and inquired about Selena's recent situation.

"It doesn't seem to be right, I heard that you are playing tricks on the set?"

"What? Playing tricks? She can't go to work properly, how can she run to do that kind of thing?"

"It's probably because Susie has become a big star, so I want to try it too!"

"This... is this too overreaching? Does she think anyone can be a celebrity? Lingyu, don't you care?"

Listening to these discussions, Zhuang Lingyu's originally radiant complexion immediately sank.

Seeing this, Susie held Zhuang Lingyu's hand in a timely manner, and said in a considerate manner, "Mom and Dad have long wanted my sister to work in the company at home, and the position has been arranged early, but... it's just that my sister doesn't want to, Uncles and aunts, you also know that this is not your own after all, and parents can't say too much about many things, so they can only respect her own wishes!"

When the people next to them heard this, they immediately nodded their heads to express their understanding, "Hey, how can you blame Lingyu, Lingyu gave her food and clothes, and sent her to go abroad to give her the best education, no matter what, that's enough, okay? ?"

"I can only say that dragons beget dragons and phoenixes beget phoenixes. People from this country have shallow eyelids, no matter how hard you teach them! How can it be possible to compare her with Susie!"

"That's right! Lingyu and Yaohua have done their best!"

Hearing these words, Zhuang Lingyu secretly heaved a sigh of relief, anyway, no one knew that that embarrassing and shameful existence was her own daughter.

Her daughter, her pride, is only Susie!

With the reason of "it's embarrassing for a adoptive mother", no matter how embarrassing Selena may be in the future, it has nothing to do with her!

...

Outside the gate of the Ning family.

When Selena arrived, she took a look from a distance. If she entered through the gate, she had to ask for an invitation card, and she didn't have anyone to inform her, let alone an invitation card.

So, she thought about it, and finally called her cousin Ning Tianxin.

"Sister Xin..."

The voice on the other end of the phone was a little excited, "Selena, where are you? I just wanted to call you. Today is grandpa's birthday. Are you coming back?"

"Well, I've already arrived at the door, can I trouble you to come out and help me bring the gift to Grandpa?" Selena begged.

"You're already here? Even if you don't want to see other people, you've already come. Grandpa, old man, you always want to see him? Grandpa talked to me about you last night, asking when you'll be back, and I comforted him by saying you It will definitely come today, but as a result..." Ning Tianxin couldn't bear to continue.

Hearing what Ning Tianxin said, Selena was also a little embarrassed.

In the end, Ning Tianxin sighed and said, "Otherwise, you come to the back door, and I will find a chance to take grandpa there later, so you can say goodbye to grandpa, and give him the gift yourself!"

"This is the best, thank you, Sister Xin!" Selena was very grateful.

It was successfully done, Selena heaved a sigh of relief, and walked towards the back door with the Jade Buddha bracelet she bought for her grandfather last time.

When she saw the white-haired old man being supported by Ning Tianxin through a courtyard gate, her eyes turned red.

## Chapter 550

Five years may not be a big deal for a young man like her, but it is too long for an old man like grandpa. Grandpa's hair is completely white, and his once straight back is bent and trembling. Weiwei took out his glasses from his pocket, trying to see her clearly...

The moment she saw Grandpa, Selena's dusty memories suddenly flooded up.

That winter, she was still a young girl who didn't know much about the world. She came to a strange place alone, watching the intimate laughter of her

biological parents and Susie, and secretly hiding in a corner by herself, feeling homesick and crying. Later, her grandfather found out that He hugged her, took her hand, went to the kitchen and cooked a bowl of hot noodles for her, and said don't cry, this is her home...

At that time, she was scolded by Zhuang Lingyu more and more, and she became more and more flustered. No matter what she asked for, the old man took time out from his busy schedule. teach...

She never came back after she left Ning's house back then. Grandpa didn't know what happened at that time. He was not in good health. Selena was afraid that he would be stimulated, so she never told him about it. Grandpa once visited in person. The country approached her and wanted to take her back, but she refused. She still remembers the disappointed eyes of the old man at that time...

Selena felt timid due to being close to her hometown. At this moment, Selena didn't know how to face the old man.

Ning Zhiyuan was probably still concerned about her refusal to go home, and his expression was not very good, he kept a straight face.

In the end, Ning Tianxin had no choice but to take the initiative to break the deadlock, ran over to hold Selena's hand, and pulled her to Grandpa.

"Selena, what are you doing in a daze? Talk quickly!" Ning Tianxin reminded helplessly.

After all, Selena was no longer the shy and timid little girl she used to be. After a brief absence, she soon came back to her senses. She rushed over and gave the old man a big hug, "Grandpa! I miss you so much!"

Ning Zhiyuan was taken aback by his granddaughter's warm embrace, and then snorted, "I don't see where you miss me! Think I won't come back once in so many years?"

Although the tone is still very bad, the expression has obviously softened.

Selena smiled and said haha, "Grandpa, I'm studying hard! Didn't you teach me knowledge to change my destiny? I have been following the teachings all these years and studying hard!"

"You..." Ning Zhiyuan looked helpless when he heard the words, his cloudy eyes carefully looked at the girl in front of him who was almost unrecognizable, and murmured, "It has changed... It has changed..."

Not only the appearance, but also the character, temperament... It was only a short-lived side, but he found that the changes in this granddaughter over the years surprised and surprised him.

Selena tilted her head and asked intentionally, "What has changed? Has it become more beautiful?"

The old man was amused by her, "You have become more beautiful and cheerful, which is very good! It seems that the foreign environment is still helpful to you!"

This is the only place of comfort for Ning Zhiyuan, the one he feels most guilty these years is this granddaughter.

After chatting for a few words, Ning Zhiyuan immediately turned to the topic, "Selena, grandpa taught you to study hard, but didn't grandpa also teach you to do the right thing at the right time? And you, Tianxin, listen carefully to what Grandpa says!

You two calculate how old you are. The most important thing you should do at this age is to quickly find a good man to marry, and then give birth to a big fat boy. I understand that you young people are busy. I can bring it for you, so I won't let you worry about it! "
