Chapter 551

Selena and Ning Tianxin looked at each other with helpless eyes. Ning Tianxin was not good at words, so Selena could only say, "Grandpa! Stop! I won't take you like this! I haven't seen you for so many years, and you will urge the marriage as soon as I come back." ! Do you know what the cutest grandpa is like? It's the grandpa who urges you to get married!"

Grandpa Ning glanced at her, "Then do you know what the cutest granddaughter is like? It's just like you! You don't rush home all day long, and don't let me hold your grandson! Grandpa is seventy years old today. , how many years are left to live?"

Selena: "Uh..." I dug my own grave!

Ning Zhiyuan glanced in the direction of the banquet hall, didn't know what he thought of, looked at the two granddaughters earnestly and said, "You two, it's not that grandpa forced you, and grandpa can't do anything about it.

Our Ning family has reached your generation, and we don't have a single son or grandson. Who will we hand over this huge family business in the future? Are you asking me to hand over to Susie who is not related by blood and the two illegitimate daughters of your second uncle? "

Hearing what Grandpa said, Selena and Ning Tianxin's expressions were a little solemn.

Selena is an absolute non-marriageist. It is impossible for her to get married in her life, let alone give birth to a grandson for her grandfather to inherit the Ning family's business.

Ning Tianxin had long wanted to belong, but the two of them missed it. She couldn't let it go for so many years, she couldn't accept other people, and she couldn't satisfy her grandfather's wish.

Ning Tianxin's father, Selena's second uncle Ning Yaobang originally wanted to force Ning Tianxin to marry and give birth to an heir sooner, but Ning Tianxin, who was weak in appearance, was so stubborn that he refused to do so, and even forced him to die. , Therefore, in the past two years, Ning Yaobang has not only kept spreading his branches and leaves, but also encouraged his two illegitimate daughters to give birth to an heir as soon as possible...

As for Susie, although she is not her own, it is said that they have discussed with the Su family that Susie's first son will be named Ning.

Brothers Ning Yaohua and Ning Yaobang have been fighting secretly for these years...

Ning Yaohua's greatest strength is Susie's influence and the marriage of the Su family. Ning Yaobang's greatest strength is that although he has no sons, at least the three daughters are all his own. Son, those are all heirs with the blood of the Ning family!

When it came to this question, there was a moment of stalemate. Selena and Ning Tianxin didn't know how to answer Grandpa, it was impossible to agree, and they couldn't bear to directly hurt the old man's heart.

At this time, a familiar voice came from behind...

"Dad, a group of people are waiting for you inside. Why did you come in the backyard? Uh... you... Selena..." Zhuang Lingyu was talking when she saw Ning Zhiyuan and Ning Tianxin still standing beside her. with a person.

After seeing that the person was actually Selena, Zhuang Lingyu's expression changed on the spot, and she snapped, "What are you doing here? There are so many guests at home today, what should I do if I bump into a distinguished guest, why don't you get out!"

Before Selena could speak, the old man was the first to get angry, "Presumptuous, Selena is my own granddaughter, you are not allowed to drive her away!"

Zhuang Lingyu became anxious when she heard that, and cast a scruples glance behind her, "Dad...Dad, please keep your voice down!"

"What are you doing quietly? Did I say something wrong? Selena is not your daughter?" Seeing her evasive look, Ning Zhiyuan became even more angry.

Chapter 552

Zhuang Lingyu, who was reprimanded angrily, gave Selena a sneaky look, and then softly explained to Ning Zhiyuan, “Dad, that’s not what I meant...you know, no one else knows that Selena is mine...”

“I told you early in the morning to announce Selena’s identity as soon as possible. Before that, Selena was studying abroad. Now that Selena is back, it happens that everyone is here today. Tell everyone right away that Selena is our People from the Ning family!”

Zhuang Lingyu was terrified, “What? Dad, this is absolutely not allowed! I don’t agree!”

That expression, as if Selena was some extremely terrifying and disgusting poisonous snake...

In the past, even when she just returned to China, Selena would have been heartbroken seeing her biological mother’s expression like this, but fortunately, her last bit of expectation for them had long since disappeared.

Ning Tianxin didn’t know Selena’s mentality had changed over the years, so she held her hand in distress.

Feeling the delicate and soft touch of her palm, Selena’s heart warmed slightly, she lowered her eyes and smiled at Ning Tianxin.

That smile, as gentle and bright as the sun, is astonishingly beautiful...

This completely unexpected reaction made Ning Tianxin stunned for a moment.

Ning Zhiyuan and Zhuang Lingyu didn’t say a few words, a few people came behind them, they were Ning Yaohua, Susie, Ning Yaobang, and his two illegitimate daughters.

Except for Ning Yaobang’s wife who had a tense relationship with him and didn’t come, everyone in the Ning family was present.

“What’s the matter? Why did you start arguing so well?” Ning Yaohua frowned and asked, and when he saw Selena across the way, his expression darkened immediately, “Why are you here?”

He said how such a good wife would quarrel with her father. Sure enough, every time this girl appeared, nothing good would happen!

As soon as Zhuang Lingyu saw her husband, she went up to her husband nervously, and hurriedly said, “Yaohua, hurry up and persuade her, Dad is going to announce Selena’s identity today!”

Ning Yaohua was shocked when he heard it, “How can this work?! Dad, are you confused? Dmn it, did this girl tell you something?”

Ning Yaohua’s gaze shot towards Selena like a sharp arrow.

Ning Zhiyuan hit the crutch hard, “Don’t pour dirty water on Selena’s body, this is my own idea, why don’t you tell me, why not?”

“That’s right, what can’t be done, isn’t Selena your seed?” Behind him, Ning Yaobang said leisurely, fearing that the world would not be chaotic.

Ning Yaohua was furious with the strange tone, “Shut up! It’s none of your business here!”

Ning Yaohua’s arrogant attitude irritated Ning Yaobang, and immediately said with a gloomy face, “Brother, I don’t want to listen to what you said. I am also a member of the Ning family, so why is it nothing to do with me?”

Oh sh1t! It’s just managing a company, what’s the big deal, it’s not getting shares! To actually yell at him in front of so many people!

But, who let him have a good daughter! Not only did he attract so many resources, he also found a good son-in-law! Could it be that Susie is Ning Yaohua’s lucky star as that Master Long said?

Dmn it, what kind of luck is this Ning Yaohua, to hug the wrong daughter and bring back a golden bump.

Fortunately, his biological daughter is useless, he wished that Selena would come back and make Ning Yaohua into a mess! Five years ago, he really watched a lot of good shows, and he was really excited just thinking about it!

Chapter 553

Ning Yaohua no longer talks to Ning Yaobang, the most urgent thing is to appease the old man, “Dad, it’s not that I didn’t announce it, it’s because this matter was too hasty. At the beginning, the adopted daughter was talked about to the outside world, and now suddenly the adopted daughter has become his own. Reasonable reason! If one fails, wouldn’t it be a joke of our Ning family? If something happens on such a big day as your birthday banquet today, it will be too embarrassing!”

“Rush... hasty... It’s been five years! You haven’t taken this matter to heart at all!”

“Why didn’t I worry about it? As soon as Selena came back, I went to her and arranged a job for her. I was going to let her integrate into the Ning family step by step, and then let her go with the flow to announce her identity. It was her own will. Going to the entertainment industry, not to mention getting a whole lot of gossip now, and getting involved with Susie several times...”

In fact, he never thought of disclosing Selena’s identity at all.

Back then, Selena had sex with two cowherds and gave birth to a dead baby. Such a terrible scandal was like a ticking time bomb, hanging over his head all the time.

If one day this matter comes to light...

He absolutely must not let others know that Selena is his biological daughter!

Ning Zhiyuan didn’t believe his son so easily this time, “Looking for a job, tell me, what kind of job did you arrange for Selena?”

“New...Singapore Branch...”

“You ba5tard, Selena just came back and you want to send her so far away! What do you want Selena to do in a small broken company with more than 20 people?”

“Didn’t I let her practice and practice? I can’t just put her in the head office as soon as she comes!”

“Selena is my own granddaughter, why not? Selena, you will join the head office tomorrow, go to the finance department!”

Behind him, a silent Susie finally changed his expression when he heard these words.

From the very beginning, what she most wanted to join was Ning's head office, but her status was too special. If she entered the head office, it would be too easy to cause suspicion, so she did the opposite. Even if Ning Yaohua and the others offered to mention it, she always declined, saying that she didn't covet the things of the Ning family at all, and in the end, Ning Yaohua and Zhuang Lingyu loved her even more, and even the old man had nothing to say to her.

Ning Yaobang's two illegitimate daughters are very annoying, and there is nothing to be afraid of. Although Ning Tianxin is born out of wedlock, she is fascinated by a man and doesn't have to worry if she is not at home, so she is not in a hurry. Well, when she marries into the Su family and has enough capital, everything in the Ning family will be hers sooner or later.

But now... everything she had worked so hard on for so many years was crumbling because of Selena's sudden appearance!

How can she tolerate it!

As soon as the old man said this, not only Ning Yaohua, Zhuang Lingyu, and Susie changed their faces, but even Ning Yaobang quit.

"Dad, are you kidding me? She graduated from a pheasant university and has no work experience. How can she be allowed to enter the finance department! If she wants to enter, she should be Tianxinjin! Otherwise, Xiaoru and Xiaoai will do too!"

"Second brother, you are not afraid of the wind flashing your tongue when you say this. It is true that Tianxin graduated from Imperial University, but she majored in art, and she has nothing to do with the finance department. Apart from dressing up, what else is there to show off? Putting it in the finance department is to make the company uneasy? Dad said last time that when Susie gets married, let Susie join the finance department!"

Chapter 554

Ning Yaohua naturally hoped that his daughter would join the head office, but he hoped that Susie would join the company, not Selena.

To him, Selena's entry into the company was simply a disaster for him. It's okay to lose face at home, but when the time comes to embarrass the whole company, how can he see others. Besides, he swore to the Su family last time that Susie would definitely inherit the family business in the future!

While the father and son were arguing, Zhuang Lingyu walked up to Selena, tugged her hard, and said through gritted teeth, "What are you still doing here? Why don't you leave now! The house is fine, but the moment you come, you start arguing." Do you want to make such a fuss about your grandfather's birthday today?"

Although Selena's expression was calm, Ning Tianxin couldn't listen anymore. Even if she was not good at words, she couldn't help but said, "Auntie, what you said is biased. Selena just came to see Grandpa, so as not to alarm you. He even asked me to bring grandpa to the backyard for a meeting, but he didn't say a word or do anything from the beginning to the end! How could it be her fault?"

"She didn't do anything, just showing up here is enough! Also, we don't need you, an outsider, to take care of our family's affairs!"

...

At the same time, the office of the president of the Lu Corporation.

Two hours had passed, but Selena hadn't returned yet.

As always, Little Treasure was lying on the window waiting for his eyes to see through, and even Daniel began to check his phone frequently.

Looking at the father and son, Saul had an unbearable expression, "Hey, hey, you two, can you calm down? It's only been two hours since we last met, okay?"

After another five minutes, no one came.

Daniel picked up his phone and called Selena directly, but no one answered.

Ningjia Bieyuan.

The phone in Selena's bag suddenly rang. When he looked at the caller ID, it was Daniel calling. Then he looked at the time and found that more than two hours had passed.

Probably asked when she would go back.

At this moment, a group of people in the Ning family were arguing, and it was inconvenient for Selena to answer the phone, so she walked up to the furious grandfather and said softly, "Grandpa, let's talk about other things another day. I just came to see you today. There is something urgent, I have to go back, I wish you a happy birthday!"

"What's the rush, leaving so soon?" The old man became anxious when he heard this, "Don't care about these bastards! With Grandpa here, no one can drive you away!"

Selena gently followed the old man's back that was heaving due to being too excited, "Grandpa, look at what you said, I'm really busy recently, otherwise I wouldn't have come to see you in such a hurry!"

"Selena, it's Grandpa who's sorry for you and wronged you..." Ning Zhiyuan only thought that she was comforting himself, because Ning Yaohua and Zhuang Lingyu's attitudes were too sad to leave in a hurry, and he felt guilty all of a sudden. .

Susie at the side saw the old man's expression, and knew something was going to go wrong.

Although Ning Yaohua is in charge of the current Ning family, the old man still holds the shares firmly in the palm of his hand. If he favors Selena, it will be difficult to handle.

What she was most afraid of was the old man's guilt towards Selena. After all, Selena was his own flesh and blood. No matter how unbearable and dirty Selena was, a soft word might destroy the things she had managed for many years.

Just because of that Dmned bloodline?

Just because she doesn't have the blood of the Ning family, what Selena can get easily, but she has to work a thousand times harder to get it?

Chapter 555

If Selena gets the inheritance right, what will happen to her...

Just imagining going back to that poor country and living a poor life every day, she couldn't accept it! Even if the Ning family doesn't drive her away when the time comes, she won't be able to bear to make a fool of Selena in the future!

Obviously she is the eldest lady of the Ning family, she was born with it, so why should she be snatched away by this bltch?

That's right, she is the eldest lady of the Ning family, the only eldest lady! Even the bloodline cannot be changed!

Susie took a deep breath, regained her composure, walked over to hold Selena's arm, her voice trembling, her face full of anxiety, "Sister, please don't leave, please? Please don't be angry with your parents! Parents have been arranging to disclose your identity early in the morning, but you have been unwilling to come back, and you have been unwilling to come to the company..."

If you want to blame, blame me, it's all my fault, you can beat me and scold me, if you really don't want to see me, I'll leave now! But, sister, please don't go!

Even if you don't want to see us, think about grandpa! Grandpa really misses you! You should at least eat a piece of Grandpa's birthday cake before you go, right? No matter how urgent things are, can they be as important as grandpa's birthday? "

Susie's words were too skillful, no matter whether she didn't disclose her identity or didn't join the head office, she blamed Selena herself for the reasons. At the same time, she also showed how wronged and difficult she was in the Ning family because of her embarrassing status. The most important thing is to show her filial piety to grandpa...

Zhuang Lingyu's heart ached when she heard it, "Susie, what nonsense are you talking about, where are you going! It's not you who should go!"

Seeing that Susie was trying to keep Selena, even old man Ning's expression softened a lot. Naturally, he couldn't really let Susie go, but just followed Susie's words to keep Selena again, "Selena, it's rare to come back. Once, stay a little longer! Huh?"

Looking at the old man's eyes full of enthusiasm, Selena was silent for a while, and finally nodded, "Okay."

She definitely can't satisfy the old man in the matter of giving birth to a baby, and she is doomed to live up to all the expectations and good intentions of grandpa just now.

It is impossible for her to be the eldest lady of the Ning family, to enter the company, and to return to the Ning family, so at this moment, she cannot bear to refuse his simple request on his birthday.

“Great, great! Come inside quickly! It’s winter, it’s cold outside!” The old man immediately showed his face, and happily entered the house with the support of Ning Tianxin and Selena.

Susie stood behind alone, looking at Ning Zhiyuan who was being supported by Ning Tianxin and Selena, a cold light flashed in her eyes.

Seeing that the old man was finally coaxed, Zhuang Lingyu finally breathed a sigh of relief, walked up to Susie with a loving face, and held her hand, “Susie, you have been wronged!”

No matter what happens at home, she is always so sensible and can always consider the overall situation.

Ning Yaohua also had a distressed face, and sighed, “Susie, don’t take what happened just now to your heart, the old man just got a little excited after not seeing Selena for a long time, those words were just casual, and now the company is still Dad has the final say, just relax!”

“Thank you, Mom and Dad... I understand!”

...

After coaxing her grandpa well, Selena took the time to send back a text message to Daniel who called her just now: I want to stay with my grandpa for a while, it may be late, you take Rick home first, I will go to Platinum later The imperial palace picks up Rick.

In the office, when Daniel saw this message, his expression darkened.

Daniel knew very well in his heart that no matter how tough Selena looked on the outside, there was still a bloody place that couldn’t be touched, and that was the Ning family.

He also has a little understanding of what she suffered when she was in the Ning family...

Although Selena said it lightly in the text message, how could he rest assured that she was alone in that kind of place?
