

# Cruel Heart Lover Novel

## Chapter 566

Saul is here?

"Uh..." Selena was completely speechless, why did one, two, and three all come here!

While Selena was on the phone with Daniel, Ning Yaohua, Zhuang Lingyu, and Ning Yaobang had already gone to the gate to pick him up.

Because the commotion was a bit loud, it was inevitable that some guests noticed, and while looking outside, they said suspiciously, "Who the hell is here? Such a big battle? Ning Yaohua even went out to pick it up in person! Ning Yaobang also hurriedly ran away. go!"

"Just now I heard some people say that they are from the Lu family..."

"The Lu family? Heh, are you kidding me!" This is almost like saying that the emperor suddenly came to eat at a local official's house. Isn't this a fantasy?

"Of course I also think it's impossible, but that's what I heard from the servants of the Ning family just now, saying that there is a car with a Lu family license plate parked outside."

"Is it wrong?"

"I think it might be possible, even though it's the Lu family's car, and they didn't say that the heads of the family came in person, even if they have a big face, it's impossible! Maybe it's the Ning family who really connected with the Lu family. The people at the top of the family will tell the servants to come to

the old man's birthday banquet to give a gift and walk around, isn't it impossible?"

"From what you said... it's indeed possible! If you get involved with the Lu family, this Ning family will be really amazing! Dmn, what kind of luck has the Ning family had these past few years? Is Miss Ning's divination true?"

...

Ning's gate.

"Where's the person?" Ning Yaohua asked the welcome with a nervous expression.

"It's in the car!" The welcome guest answered with a trembling voice after wiping off his sweat.

"Why haven't you got out of the car yet?"

"I... I don't know either! After stopping there, there was no movement at all!"

Ning Yaohua pondered for a moment, and then said, "Forget it, it's inevitable that the people sent by the Lu family will be airy, so I'll invite them in person! Second child, please pay attention to me later, don't talk nonsense!"

Ning Yaobang immediately dissatisfied, "What nonsense, I can't even speak?"

"What time is it now? I'm not in the mood to quarrel with you, be more honest, otherwise I will offend the distinguished guests, and we will have nothing to eat!" Ning Yaohua scolded coldly.

Ning Yaobang also knew that this matter was of great importance, so he said awkwardly, "Understood, I don't want to talk to the head office, right?"

So, Ning Yaohua walked straight up to the black Maybach with Zhuang Lingyu, Ning Yaobang and a few servants behind him.

The back window of that car was open a crack, so people outside could definitely be heard talking.

Ning Yaohua enthusiastically said, "A distinguished guest comes to the door, Ning is not far away to welcome you, and I hope Haihan!"

One second passed, two seconds passed, three seconds passed...

Ning Yaohua's face was almost frozen with laughter, but there was no movement inside.

Didn't you hear it?

Ning Yaohua coughed lightly, and continued to speak, "It's been a long journey, why don't you come in and have a glass of wine?"

Still no sound at all.

Ning Yaohua's face darkened, and he lowered his voice and asked a servant behind him, "Are you sure there is someone in the car?"

"There must be. No one got out of this car after it drove over. The man must be inside!" The servant replied firmly.

Hearing this, Ning Yaohua's expression was extremely serious.

What the hell is going on?

Why do people come but not come down? He has come to greet him personally, is there anything he has not done thoughtfully?

## Chapter 567

At this time, Zhuang Lingyu didn't know what to think, and hurriedly pulled Ning Yaohua over, "Yaohua, come here!"

"What's wrong?"

"Tell me, this person from the Lu family... didn't come after us, Susie?" Zhuang Lingyu asked tentatively.

"Susie?"

"That's right! Didn't many of the guests come here today for Susie? There are also a few who say they are fans of our Susie! Susie's studio has developed so well recently! So..."

Ning Yaohua's face lit up when he heard it, "You are right, but why has Susie never told me?"

"I'll find out if I ask her later, I'll go and call Susie over!"

"Okay, okay, go!" Ning Yaohua urged.

Several people temporarily retreated to the door.

Soon, Susie came out.

"Dad, Mom, what's the matter? Are you calling me out in such a hurry?"

Ning Yaohua looked at her seriously, "Susie, tell me the truth, do you know people from the Lu Group?"

Susie lowered her eyes and thought, "The Lu Group?"

"Yes!" Ning Yaohua looked a little nervous.

"There is no intersection..." Susie replied without thinking. She really wanted to know each other, but no matter how capable she was, it was impossible for her to have any relationship with the Lu Group!

Ning Yaohua glanced in the direction of the car rather apprehensively, and then said in a deep voice, "Susie, think about it carefully, all the Lu family's cars are parked outside our house now!"

"What?" Susie was startled when she heard the words, and also looked at the car, and then she recalled it carefully.

"Have you thought about it, Susie? Have you met and contacted anyone from the Lu family recently?" Zhuang Lingyu reminded anxiously.

After a long while, Susie's eyes finally lit up, and she hurriedly said, "Mom, I seem to remember it when you said that. At a reception a few days ago, I met Cheng Feng, Daniel's special assistant. He asked me about some history..."

Zhuang Lingyu was overjoyed when she heard the words, "Oh! You kid! Why didn't you tell us about such a big thing earlier?"

Susie shyly said, "At that time, he just asked a few casual questions, and didn't say anything else. This...how should I say this?"

Ning Yaohua was surprised and delighted at the same time, "Susie, you are still too naive, the special assistants have come over to check on you in person, obviously the higher ups are interested in your studio, most likely because they want to talk to you You are cooperating! No wonder the old man sent someone over for his birthday banquet! Come on, come with me to meet the distinguished guests!"

Being told this, the more Susie listened, the more she felt that it was possible. Immediately, her heart surged and she suppressed her fast beating heartbeat, "Good father!"

So, the family of three walked to the car again.

Because the gap in the car window is not big, I can't see the situation inside clearly, I can only vaguely see that there are indeed people sitting inside.

Susie took a deep breath and said generously, "Is it Mr. Cheng? I didn't know you were here before, so I'm really sorry for the poor reception! Thank you for making this special trip..."

Susie continued to talk nicely and eloquently.

However, the car was really quiet as if no one was in it.

The three of them looked at each other, what does this mean?

Use his door as a parking lot? He ran here purposely just to park a car?

Or is the scenery here good?

These people's minds are too weird, right?

## Chapter 568

On the other side, because of the arrival of Daniel and Rick, Selena went to say goodbye to the old man after eating the cake.

"Grandpa, it's getting late, I'll go back first!"

This time, the old man really had no excuses to keep her, and held her hand with a face full of reluctance, "Remember to come back to see grandpa often!"

"Definitely!" Selena nodded repeatedly.

"You, you know how to coax me. I don't know when it will be when I come back next time! Go, go, it's getting so late, I'll find a driver to take you off!"

"Grandpa, no need, I have a friend who stopped by to pick me up."

"Okay, then be careful on the road!"

"Yeah, goodbye, grandpa!"

...

After saying goodbye to her grandfather and Ning Tianxin, Selena rushed out the door!

Oh, let's knead the buns... Of course, it's the little buns...

As a result, as soon as they reached the door, they bumped into Ning Yaohua, Zhuang Lingyu and Susie.

Seeing her, Susie immediately greeted her with a concerned face, "Sister, are you leaving?"

"Yeah." Selena replied, her face a little impatient, the little bun was right in front of her eyes, and she was blocked by someone, how could she be happy.

"Sister, you can't get a taxi here at night, or you can wait a little longer, and when the banquet is over, I'll let Roman see you off!" Susie would say this, naturally because she knew that even if she said so, someone would. It is also absolutely not allowed.

Sure enough, Zhuang Lingyu immediately gave Susie a hand, and said in a low voice, "Susie, you silly child, why are you so careless?"

"Mom, it's too late now, and I can't get a taxi here. It's too dangerous for my sister to be alone!"

Zhuang Lingyu signaled Susie not to speak anymore, then walked up to Selena, stared at her unkindly, and asked without saying a word, "Selena, what exactly are you trying to do?"

At this moment, Selena was not in a hurry to leave. She put her arms around her chest, twitched her lips, and asked unhurriedly, "Madam Ning thinks, what do I want to do?"

Zhuang Lingyu snorted coldly, with an expression that had seen her clearly a long time ago, "Don't you just want property and money? I really think you have a lot of backbone, so it's not that you don't want to enter, it's because you are too ambitious. Xiao wants to join the head office!"

Selena raised her eyebrows, "I want to join the head office?"

"Don't tell me that you didn't think about it. You didn't think about what you did to please your grandpa in every possible way today? Okay, don't learn some messy heresy things! Now that you know it's not easy to mess around outside, do you want to come back? Let me tell you, late!"

At this moment, the door of the quiet Maybach not far away suddenly opened slowly.

Zhuang Lingyu, who was still scolding Selena, noticed the open car door for the first time, and immediately forgot about Selena, and pushed her to the back all of a sudden, as if she was afraid that Selena would lose face and get in the way, and then pulled Susie stepped forward and said, "It seems that Assistant Cheng got out of the car, Susie, hurry up!"

Ning Yaohua's face was also full of excitement, and what made him even more excited was that the person who got out of the car...wasn't Cheng Feng...it was actually...it was Saul, the second young master of the Lu family!

Different from Daniel, who was a dragon but never saw his end, Saul usually had a high profile. This face was so famous, so he would definitely not admit it!

Second Young Master Lu actually came to the door in person, what an honor this is!

Thinking of how envious the guests inside would be when they saw Saul, thinking of his father's shock, and thinking of Ning Yaobang's grievance, he was so excited that his heart was trembling...

## Chapter 569

Susie was completely dumbfounded at the moment, she thought that even if someone from the Lu Corporation came, it would be an assistant at best.

If it wasn't because this car was Daniel's car, she wouldn't even dare to think about Daniel's assistant.

After all, Cheng Feng was one of Daniel's most trusted confidantes, and his status in the Lu Group was very high, so he would not come forward in person for ordinary matters, just send someone under his command to run errands.

So, she never expected that it was Daniel's younger brother Saul who came to the door in person!

Seeing the admiration in the eyes of Ning Yaohua and Zhuang Lingyu when they looked at her, Susie's chest was swollen, her vanity was satisfied like never before, and she walked towards Saul excitedly, "Second Young Master..."

Ning Yaohua finally managed to calm down, put on the air of the chairman of the company, and walked towards Saul with steady steps, "Second Master Lu has come from a long way away, so we are welcome..."

Ning Yaohua was halfway through his words, but his hands were still hanging in the air.

Saul, who was wearing a flamboyant pink-blue suit, acted as if he hadn't seen these three people at all. He passed them and ran towards the direction behind them. His handsome face was full of tears, "sister-in-law

As soon as she uttered a word, Selena's expression froze, her gaze swished like a flying knife and she shot it three times. Saul was so frightened that Saul choked back the "sister-in-law" that he almost blurted out.

Saul shrank his neck, his little expression became even more aggrieved, and he said weakly, "Selena, you're coming out, I'm so hungry after waiting for you... hurry up and get in the car... the boss has been waiting for so long, Don't you want to do it!"

Saul urgently switched to the status of the boss, although the switch was really without dignity at all.

Selena heaved a sigh of relief in shock. This bastard, who was so outspoken, almost had a heart attack. Why did he keep yelling regardless of the occasion?

However, this bastard is still in the name of her boss, can't beat her, can't beat her, can't scold her, she can't hold back her anger.

But Saul didn't care at all, and went up to greet him with a smile, "Oh, is it flattering that the boss came to pick you up in person? It's all right, it's all right, anyway, it's on the way, get in the car! Hurry up..."

Just as he was talking, Saul seemed to have felt the two sharp eyes behind him beating his soul and urging him, so he finished speaking quickly, then pulled Selena directly like a robber, and stuffed her into the car, with a bang Close the door, all in one go.

very good! Done! Mission accomplished!

Finally, the treasure of suppressing demons, big and small, was stuffed in!

No matter how dumbfounded the three people behind him were, Saul straightened his neckline, opened the driver's door, stepped on the accelerator, and the black car sped away...

Behind them, the excitement on Ning Yaohua's, Zhuang Lingyu's and Susie's faces hadn't even faded away, they stared blankly at the direction the car was leaving with disbelief on their faces.

They took turns inviting people who hadn't been invited for a long time...

Saul, the second son of the Lu Group, came to the door in person...

Actually...he came to pick Selena up?

This...how is this possible!

Moreover, although Saul's words just now seemed to be blaming, the tone was clearly very familiar. The tone of joking among friends showed that the relationship between the two was very good.

The one with the ugliest face on the scene was Zhuang Lingyu. She was scolding Selena just now, saying that she was playing tricks on the company because she didn't do well, but when she turned around, she actually climbed up to such a character...

## Chapter 570

Ning Yaohua's shock was no less than that of his wife's, and it was more of remorse and covetousness. He tried all his hard work and couldn't get along with the Lu family. Who knew that this worthless daughter was actually friends with Saul?

Dmn, what a mistake! How did he forget?

Now Selena has signed a contract with Shengshi Entertainment, and it is said that Saul dug it in person, and he attaches great importance to her.

It's just that he always thought it was just a business game, and Selena was just a pawn, so he didn't know they had such a personal relationship.

"Susie, Selena has a good relationship with this Second Young Master Lu?" Ning Yaohua asked in a deep voice.

Susie's fingernails had already been dug into the flesh of her palm, and she kept staring at the direction Selena was leaving. Ning Yaohua asked a question before she realized, "I don't know, Dad, what about Second Young Master Lu? You also know human nature, unlike Daniel who is so difficult to get close to, he has always gotten along well with the employees of their company. He personally dug Selena over there, and he helped him beat Empire back then, which is considered a meritorious service. They have a little personal friendship, it is understandable!"

Ning Yaohua nodded, "So that's it! Hey, if you can get Saul's lead, it will be much more useful than Cheng Feng's little assistant..."

Susie's face froze, she wondered, "It's best if you can get her, but Dad, you also know that my sister has misunderstood her family too much now, otherwise...or I'll go beg my sister?"

Zhuang Lingyu on the side couldn't listen anymore, "What are you asking for! Saul has friends all over the world, one today and one tomorrow, how many days can I remember her? There are so many new people signed by the company, maybe one day I will forget her It's in the back of my head! Didn't I just drop by to pick her up?"

At this time, Ning Yaohua's eyes suddenly flashed a gleam, "Susie, do you think Saul will treat Selena..."

Susie naturally knew what Ning Yaohua was thinking. In fact, she thought about it too, but she immediately denied it, "Dad, this seems unlikely. Everyone in the circle knows that Saul never provokes people from his own company." Actress."

Ning Yaohua sighed, and knew that the aura between the two of them just now didn't look like that kind of relationship, but they were still somewhat unwilling to give up.

As long as there is a little connection with the Lu family, it is a huge resource, let alone Saul, the second in command of the Lu Group...

This daughter who has been regarded as a burden all the time, maybe there is still some use value?

After the three of them returned to the banquet hall, many people immediately asked them if they were from the Lu family, which made them all look bad.

I had to say that I made a mistake, and for the sake of face, I made up an excuse that it was a relative surnamed Lu who came to visit, not the Lu family of the Lu Group.

in the car.

Selena hugged the little bun who was so sleepy that her eyes could barely open and she was holding on, not to mention how distressed she was, while coaxing him to sleep, she said, "I told you it would be very late, why don't you wait at home? And me?"

Saul looked bitter and bitter, glanced at his brother, then poked his head and whispered to Selena, "Hehe, I thought, do you think they can wait? Two hours and five minutes passed The devil is already restless!

My brother called you, but you didn't call back, your expression was terrible! Later, when you sent a text message saying that you would come back later, my brother couldn't sit still anymore. I was afraid that you would be bullied there, and Rick would also start to torture me inhumanely!

No way, I can only drive them all out and wait here!

Okay, I finally got closer to you, and the two of you got a little better, but seeing you all come out, you were actually blocked, so I had no choice but to go down and snatch them myself! "
