## Chapter 571

"Uh..."

Hearing this, Selena glanced at the little bun sleeping in his arms, and then at the big devil who was working next to him.

The big devil looked down at the document in his hand, with an extremely calm expression, as if he just came to accompany the little bun. The little bun would be anxious and understandable, but the big devil thought that such a trivial matter was so uneasy... ..it's unimaginable...

Isn't Saul exaggerating too much?

Daniel noticed that the girl's eyes were on him, and raised his head from a pile of documents, "Are you okay?"

Selena came back to her senses and hurriedly said, "It's nothing, I'm just going home!"

Looking at Selena's relaxed expression, Daniel obviously didn't believe it, but he didn't say anything.

"Oh, by the way, Daniel, I have something to ask you!" Selena suddenly remembered something.

"Ok?"

Selena frowned and said, "It's like this. I bought a jade Buddha bead bracelet as a gift for my grandfather at Wanbaoxuan before. I got a 20% discount when I bought it and it only cost 120,000 yuan. Why is it today? When giving gifts,

someone said that this string of beads is worth more than two million yuan, and it was consecrated by an eminent monk?"

After Selena said such a long list, Daniel only gave her two words calmly, "Really?"

Selena narrowed her eyes and puffed her cheeks when she heard the words, did she admit that he did it? He even pretended to be with her!

"Didn't you ask the clerk to do this?" Selena asked directly.

Daniel replied blankly, "I was abroad at the time, on a business trip."

Selena was taken aback when she heard the words, blinked her eyes, and then blinked again, dumbfounded, "Yes... yes, you were on a business trip in Philadelphia!"

Since she was abroad, how could she know what happened at that time and ask someone to help her out?

"That's really weird, what's going on? That old man seems to be very powerful, it doesn't seem like he misunderstood it! Hey, Daniel, your shop assistant seems to have sold the wrong thing. As the boss, don't you care? ?" Selena muttered softly.

Daniel nodded, "Yes, I will reward him later."

Selena vomited blood: "..."

Saul: "Suddenly I'm not hungry anymore..." I was fed with dog food, hehe.

Selena had completely given up arguing with Daniel. She had one more worrying thing right now, and she said with a headache, "Speaking of which, because of this string of jade, I was somehow arranged for a blind date!"

"What? What what?" Saul's nerves tensed up immediately. If there was a tail behind him, it would be wagging excitedly and gossippingly, "Selena, what kind of blind date?"

"Blind date..." Daniel's calm face began to waver decisively.

Selena dragged her chin, and sighed with great melancholy, "At that time, a very powerful grandfather recognized the origin of my string of jade, because he himself had a string of consecrated ones, which were given by his grandson. What did you say that I have a good relationship with his grandson, blah blah..."

After chatting with my grandpa for a long time, I somehow wanted to introduce his grandson to me, and then my grandpa saw his grandson's photo and thought he looked pretty good, so he agreed, the two of them even made an appointment to meet...my grandpa was still telling me about it before I left!"

Saul who was on the side was stunned when he heard that, "I'll do it! Is this okay? Selena, are you really going?"

How do you say this, my sister-in-law is only going out for a while, why did he let his brother have a rival in love as soon as he came back?

It's so cruel!

## Chapter 572

Saul looked terrified, and looked at Selena nervously through the rearview mirror, "Selena, you are more unrestrained than me... Surely you wouldn't do blind dates that go against your nature, right?"

The corners of Selena's mouth twitched, "You're a promiscuous man! I don't want to be so promiscuous...but that's what my grandfather arranged for me,

okay? When I went back this time, I found that his body was much worse than before, and his hair was all white. ...”

Saul’s heart skipped a beat. It’s over. Hearing these words, his brother is in danger!

“Selena, there are many ways to express your filial piety. Don’t be overwhelmed. You’re not really going, are you?” Saul asked eagerly.

After Saul finished asking, he subconsciously glanced at his brother in the rearview mirror. At first he thought that he was bound to be covered in ice and snow for thousands of miles, but he didn’t expect him to be so quiet and didn’t react at all.

Seeing his reaction, Saul became even more frightened...

At this moment, Daniel was indeed unbelievably quiet, but this was not calmness in the true sense, but rather the dead silence after being suppressed to the extreme.

I want to appear in front of her openly, I want to protect her personally, I want to kiss her in front of everyone, even when she is dressed as a woman, I want to tell everyone that this person is his, and I want to forbid anyone from touching her...

However, now he doesn’t even have the right to pursue her openly, let alone swear an oath of sovereignty.

He has a special status, and now Selena is in a critical period of career advancement. If she gets involved with him, all her hard work will be for naught. No matter how hard she tries, all her success will be regarded as because of He only got it with his backing.

He likes the way she is full of energy and working hard for her dream, and he doesn’t want to ruin everything about her because of her selfishness.

Selena was struggling with how to handle this matter with the best of both worlds when she inadvertently met Daniel's eyes.

What kind of eyes are those...

Mingming was cold and alienated as if nothing in the world could enter his world, but she saw the hot temperature of volcanic magma that was hidden in the depths at a glance, almost burning her out...

There was a sudden silence in the carriage.

Saul looked at his brother, then at Selena, his handsome face darkened immediately, "Hey, you two... When you stare affectionately, pay attention to the other people in the car, please?"

After a while.

Saul: "Okay, I was wrong, I'm not human... just keep ignoring me woof woof..."

...

Pearl River Royal View.

After sending Selena and Rick downstairs to the apartment, Saul did not leave, but looked at Selena pitifully, "Sister-in-law, I'm so hungry, I want to eat your hot pot..."

Selena hugged the little bun, narrowed her eyes slightly, revealing a cold light, and said gloomily, "What do you call me?"

"Karen!!!" Saul changed his words instantly.

Only then was Selena satisfied, "You didn't eat tonight?"

"I went straight to your place after work, and just ate some snacks in the car! My brother didn't even eat any snacks!" Saul continued to sulk miserably, and he hadn't figured out how Selena planned to deal with that blind date yet. You can't leave, or you won't be able to sleep tonight.

Selena looked helpless, fortunately she took Rick to eat before sending him there, otherwise, she would not have starved together, knowing that it is unreliable to rely on a man to take care of children...

The look just now was probably too shocking, Selena didn't dare to meet Daniel's eyes right now, and said directly, "Okay, okay, let's go up together, I just happen to be a little hungry too!"

## Chapter 573

When passing by the front desk, Selena muttered indignantly with bitter hatred on her face, "It's really annoying..."

"What's wrong?" Saul asked casually.

Selena had a heartbroken expression, "The front desk of our apartment was originally a super cute girl. I even gave her a box of lipstick on the first day I came here. Afterwards, I got along very well. He often gossips with me, and then I don't know which crazy leader actually replaced the front desk with a rough uncle! Oh, I'm so mad, return my cute girl!"

"Uh..." Saul's first reaction was to turn his head away, and looked at him calmly, as if he didn't do anything bad at all, his own brother.

Hehe, who did it, do you even need to ask...

His brother's rivals in love... are really everywhere...

Just dealing with rivals in love is enough every day...

Going up the stairs and out of the elevator, Selena was walking towards the door of her house. When she reached the corner, she suddenly stopped, braked suddenly, and took a step back with Rick in her arms.

"Selena, what's wrong with you? You have a hellish expression..." Saul behind him was puzzled.

From the corner of his eye, Daniel had already seen someone at Selena's door, so he couldn't help frowning slightly.

Selena sighed with a headache, "Roman."

"What? Roman? Your first love? What happened to him?"

"It's right at my door!"

When Saul heard this, his eyes widened immediately, "I'll go! What is he trying to do by running outside your house in the middle of the night? Selena, I'll beat him up for you!"

Selena gave Saul a blank look, then turned to Daniel and said, "Help me hold Rick, I'll take care of it, it will be fine soon."

Daniel nodded, "Yes."

Saul looked at the gentle and virtuous expression on his brother's face, and the corners of his mouth twitched. He could really pretend to be a white rabbit in front of your wife, but in fact his heart would already be full of blood...

With a cigarette between his fingers, Roman was leaning against Selena's doorway, his expression seemed to be in a trance, and he didn't know what he was thinking.

It wasn't until Selena had already walked in front of him that he realized that he raised his head all of a sudden, "Selena, you're back!"

Selena nodded slightly, "Is the banquet over there?"

"Well, I sent Susie over here to see you. I thought you had already arrived home. Did something go wrong on the way?" Roman asked with concern. He didn't know that Selena was picked up by Saul. go.

"No, there's a traffic jam on the road, what do you need from me?" Selena casually said.

Wasn't it because Saul only cared about gossiping with her along the way, driving at a snail's pace...

"I was too busy in Bieyuan just now, so I didn't have time to talk to you properly." Roman looked at her, hesitating to speak.

"It's too late, and it's inconvenient to invite you in, so just speak up if you have anything to say!" Selena said.

Roman hesitated for a while, and finally said, "There is one thing, I still want to remind you after much deliberation, Selena, if you want to go back to Ning's house now, your identity may be a bit embarrassing..."

"Oh? Where's the embarrassment?" Selena raised her brows slightly when she heard this, with an expression of humbly asking for advice.

As the girl's gaze shifted, those eyes that were shining like glazed glass in the dim light were really unbelievably beautiful. Roman's breathing was stagnant, and his mind was almost taken away. For a moment, he forgot what to say, and he was in a trance. It took me a long time to come back to my senses...

## Chapter 574

Aware of his gaffe, Roman looked a little embarrassed, coughed lightly, and continued, "In the past five years, the structure and power division of Ning's

International have been fixed. In this case, if there is another heir competitors, the consequences are hard to predict..."

Selena glanced at the man in front of her playfully, with a nonchalant expression on her face, she said quietly, "What if... I just want Ning's International?"

Hearing this, Roman's Wen Run's face sank slightly, and he said in a serious tone, "Selena, don't mess around, this involves too much, if you insist on wading through this muddy water, you will only hurt yourself! You have affected the lives of those people. Benefits, how can they make it easier for you?"

Selena snorted lightly, "Heh...the interests of those people...whose interests?"

Always pretends to be sorry for her and want to take care of her, but as soon as her own interests are involved, her face changes instantly.

Roman looked at Selena's mocking eyes, felt a stab in his heart, and hurriedly said, "Selena, you have misunderstood me. I am not doing it for myself, nor do I care about the Ning family's property. Between Susie and Susie, it will be very difficult for me!"

Selena stretched her waist and glanced at him lightly, "What's so difficult to do? Between me and Susie, have you ever had a second choice besides Susie?"

Seeing the girl's slightly raised mouth corners and the disdain in her eyes, Roman suddenly clenched his fists on both sides, and his gaze gradually deepened...

After a long while, the undercurrent brewing in his eyes finally calmed down, he sighed softly, a little afraid to look into the girl's eyes.

There really wasn't one before, even under the circumstances five years ago, he would choose Susie without hesitation because he loved Susie, and love is selfish, even if he knew that Susie had done something wrong, he would still choose Susie. Choose to protect her.

but now...

He didn't know what was going on with him either, ever since Selena returned to China, his eyes had been following her involuntarily, and recently this impulse became more and more difficult to control...

He had always clearly known what he wanted, and a woman like Susie was his ideal perfect partner.

But why, his deep-rooted cognition is disintegrating little by little...

Even tonight, even to avoid suspicion, he shouldn't have come so late, but he still came.

Because I want to see her, even if I listen to her cynicism!

Roman calmed down his emotions, and said in a soft tone, "Selena, what I said is for your own good, I hope you can think about it. If you need any help, please feel free to contact me."

He wanted to say something more, but found that there seemed to be nothing to say between the two of them, and said with a gloomy face, "It's too late, so I won't bother you, good night."

At the same time, in the corner, Saul's eyes were shining brightly, and he couldn't help lowering his voice, "Ah, my sixth sense has captured an unusual aura! This Roman... looked at Selena's Doesn't your eyes look right?"

As soon as he finished speaking, the low pressure that Daniel had suppressed all night suddenly exploded.

Saul was so frightened that his hairs exploded. He wiped off his sweat and said to himself, "Hey, what's going on? This is... Brother, have you been in retrograde water recently? Why are you so unlucky... Rivals one after another... ..And...and I don't know what's going on recently, I'm always uneasy, I always feel that something big is about to happen! I'm so scared..."

## Chapter 575

After entering the house, Selena first carried Rick to the bedroom to sleep, then opened the refrigerator to find ingredients and ingredients.

Thanks to Rick, after Rick came, she specially bought a lot of food. The refrigerator was full of all kinds of ingredients and seasonings, so it was no problem to make a hot pot.

Daniel naturally took the vegetables from Selena's hands to help wash them. Selena glanced at him and rolled up his sleeves for him.

Saul... Saul felt that it was too bright, so he obediently stayed in the living room watching TV.

Soon the dishes were ready, and the hot pot base gurgled and exuded a tempting aroma, which made people feel excited.

Saul couldn't bear it any longer, he leapt over, stared at the bottom of the pot with half clear soup and half red soup on the table, "Hey, Selena, did you make a mandarin duck pot?"

"Your brother can't eat spicy food." Selena replied casually while arranging the dishes.

"Oh....." Saul bit his chopsticks, his eyes rolled around, "I said Selena! Do you like my brother?"

"Cough, cough, cough..." Selena choked on a mouthful of saliva and almost bit her own tongue. She glanced at Daniel in a panic, "What nonsense are you talking!!!"

"Who made you treat my brother so well!" Saul muttered.

"Are there any subordinates who don't please the boss? Take your brains away, okay? Next time you slander me and covet Mr. Boss, be careful I'll beat you!" Selena immediately declared her innocence, and then obsequiously handed Daniel a pair of chopsticks, "Master Boss, don't listen to his nonsense! My sincerity to you can be learned from the sun and the moon, and there is absolutely no bad intention."

Daniel took the chopsticks and glanced at her: "Yes."

Saul: "Pfft..."

Selena: "..."

After devoting himself to eating for a while, Saul patted his half-full stomach contentedly, and finally regained the strength to gossip, "Selena, can I ask you a question?"

"What do you want to ask?"

"Well...how do you feel about Roman...?"

Daniel paused slightly when he was serving Selena's cloth.

"What does it feel like?"

"Short oil, is it that you still have feelings for him! Why do you have to make it so clear!"

Selena rolled his eyes at him, "Do you think it's possible?"

Saul bit his chopsticks, "Why is it impossible? First love...isn't it always the most memorable and unforgettable?"

After speaking, he gave his brother a meaningful look. Isn't Selena his brother's first love!

Why do one or two of them feel that she has no more love for Roman? Ning Tianxin is like this, and so is Saul!

Selena took a bite of the potato and said dissatisfiedly, "The world is so big, there are so many hot guys out there, and I'm not a little girl who never saw the world back then. As for hanging on that tree all the time? I've liked it for a long time. I'm a good person!"

As soon as he finished speaking, not only Saul, but even Daniel's back stiffened.

Naturally, Saul would not let go of this good opportunity to inquire about the situation, and immediately followed the topic and asked, "I seem to have heard you say it before, who is that person you are talking about? What does that guy look like, is he handsome?" ? Is he more handsome than my young master? What kind of man is he that makes you fall in love with Karen? Tell me, tell me, tell me!"

Looking at Saul's excited little face, Selena's head was full of black lines, "Let me think about it..."

"Think fast!"

Daniel sat there silently, suddenly he didn't want to continue listening, but he couldn't leave, even though he knew the answer was a sharp knife.
